## I. GETTING INTO COLLEGE

### STEPS TO BECOME A STUDENT/ADMISSION CHECKLIST

1. The FIRST STEP to become a GCSC student is to apply to the college. Simply access the Admissions Tab or click the APPLY button on the college's website at [www.gulfcoast.edu](http://www.gulfcoast.edu). Follow the instructions on the electronic form to begin your GCSC journey!
2. The SECOND STEP is to follow the instructions in the Welcome to Gulf Coast letter that you will receive via email and via the physical address you noted in your application. This letter has information that is critical to your enrollment. PLEASE RETAIN A COPY OF THE LETTER!
3. The THIRD STEP is to complete the onboarding process, complete orientation, and schedule your appointment with a Pathway Navigator.

### GENERAL CATALOG TERMS

**Student Navigation Center:** Academic advising is required for all first-time students prior to registration. A first-time student will meet with a Pathway Navigator who will introduce the student to the college, discuss the college's expectations of the student, and approve the student's first semester courses. After the initial session the student will be assigned a Faculty Advisor who will be the student's contact for the remainder of his or her academic career at Gulf Coast.

**Bachelor of Applied Science (B.A.S.):** The B.A.S. degree is a baccalaureate degree designed to prepare students to enhance and/or advance their career. B.A.S. programs provide baccalaureate degree completion opportunities for students from a variety of educational backgrounds but primarily those with A.S. degree or their equivalent.

**Associate of Arts (A.A.):** The A.A. degree is the transfer degree necessary for easy admission to a Florida university. The degree requires a total of 60 credit hours: 36 hours of general education credit and 24 hours of elective credit. Although a student may follow a Transfer Track for a specific university major, the A.A. diploma does not designate a major at the associate level.

**Associate of Science (A.S.):** These Workforce Degrees provide the basis for credentials that are necessary for immediate employment. These degrees reflect specific majors and vary in total number of credit hours required for the degree. All A.S. degrees require general education courses as well as courses designed for skill achievement. Most A.S. degrees do not transfer to a university; however, the general education courses that are part of the degree will transfer as well as some other courses in the degree. For assistance, please seek the advice of an academic adviser.

**Credit Hour:** A measurement for determining the amount of college credit for a course based on the number of hours, per week, for the 16 weeks you attend the course.

**Elective:** A class not specified in your major, but one you may take for interest or fun. Courses may not apply to your hours required for an A.A. degree. Always check with your Pathway Navigator or Faculty Advisor before registering for an elective.

**Full-time Student:** 12 or more hours/semester.

**General Education Requirements:** Specific courses from the areas of fine arts/humanities, natural science/mathematics, social/behavioral science. The A.A. degree requires 36 hours of general education; A.S. degrees require 15 to 18 hours of general education.

**Major:** A specific course of study leading to an A.S. degree. A.A. degrees do not identify a Major but a Transfer Track that reflects the Florida common prerequisites for a specific major for the baccalaureate degree.

**Non-Degree Seeking Student:** Students who may be enrolled in credit courses, but do not plan to seek a degree. Non-degree seeking students are not eligible to use financial aid or VA benefits.

**College Placement Test (CPT):** Degree seeking students must take a placement test in English, math, and reading to determine their skill-level in each area for appropriate placement (P.E.R.T.).

**Registration:** Each semester students choose which classes they would like to take and complete the course selection after consulting with their academic adviser and/or their Transfer Track or academic major.

**Semester:** The length of a course equal to 16 weeks offered twice a year, fall and spring. Summer B and C are six- week terms.

**Special Student:** Students enrolled in credit courses but are not seeking a college degree are special students and are not eligible for financial aid.

**Transcript:** A cumulative record of all your college credits. To request official transcripts, go to [www.studentclearinghouse.org](http://www.studentclearinghouse.org).

**Transfer Track:** The prescribed courses that lead to the A.A. degree and include the Florida common course prerequisites for a specific major at the university.

**Tuition:** Total cost of your courses can be determined by multiplying the number of course credits x current fee per hour rate plus any lab or e-learning fees. Without prompt payment of fees, you will automatically be dropped from class rolls. If you register and decide not to attend, complete the appropriate drop/add forms.

### CLASSIFICATION & COURSE LOAD

Freshmen are classified as completing fewer than 30 credit hours, regardless of the number of semesters attended. Sophomores are classified as completing 30 or more credit hours. Juniors are classified as completing 60 or more credit hours and are enrolled in a Bachelor's level program. Seniors are classified as completing 90 or more credit hours and are enrolled in a Bachelor's level program. A full-time enrollment minimum is 12 hours each semester. A part-time student is enrolled less than 12 hours. Summer full-time course load is 6 hours per term (not the case for financial aid or VA benefits.) It is encouraged that students plan their school schedule and work schedule prior to the semester. The diagram to the right is a good rule of thumb for planning school and work schedules.

Academic Load	Work Hours
12 hours	20 hours/week
9 hours	30 hours/week
6 hours	40 hours/week

## RECORDS & TRANSCRIPTS

Family Educational Rights and Privacy Act (FERPA): The Family Educational Rights and Privacy Act affords students certain rights with respect to their educational records. These rights include:

1. The right to inspect and review the student's education records within 45 days of the day Gulf Coast State College receives a request for access. Students would submit to the Registrar's Office written requests that identify the record(s) they wish to inspect. The Registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Registrar's Office, the student shall be advised of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes is inaccurate. Students may ask Gulf Coast State College to amend a record that they believe is inaccurate. They should write the Registrar, clearly identify the part of the records they want changed, and specify why it is inaccurate. If Gulf Coast State College decides not to amend the record as requested by the student, the student shall be notified of the decision and advised as to his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing. All degree & certificate seeking students must submit high school transcripts or GED, and all previous college transcripts.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by Gulf Coast State College in an administrative, supervisory, academic, research, or support staff position (including law enforcement personnel and health staff); a person or company with whom Gulf Coast State College has contracted (such as an attorney, auditor, collection agent, degree conferral & transcript processing agent, document managing agent, and placement sites for internship or similar student work/study opportunities); a person serving on the Board of Trustees; a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks; consultants, volunteers or other outside parties to whom Gulf Coast State College has outsourced institutional services or functions that it would otherwise use employees to perform. A school official has a legitimate educational interest if the official needs to review an education records in order fulfill his or her professional responsibility. As allowed with FERPA guidelines, Gulf Coast State College may disclose education records without consent to officials of another school, upon request, in which a student seeks or intends to enroll.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Gulf Coast State College to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW Washington, DC 20202-4605.

At its discretion, Gulf Coast State College may provide Directory Information in accordance with the provisions of the Family Education Rights and Privacy Act. Directory Information is defined as that information which would not generally be considered harmful or an invasion of privacy if disclosed. Designated Directory Information at Gulf Coast State College includes the following:

- Student's name
- Major field of study
- Enrollment status
- Degrees, awards, and previous schools attended
- Participation in recognized activities and sports
- Weight, height, and photograph of athletic team members
- Dates of attendance

Students may withhold Directory Information by notifying the Registrar in writing; please note that such withholding requests are binding for all information to all parties other than for those exceptions allowed under the Act. Students should consider all aspects of a Directory Hold prior to filing such a request. In an emergency, FERPA permits school officials to disclose without student consent education records, including personally identifiable information from those records, to protect the health or safety of students or other individuals. At such times, records and information may be released to appropriate parties such as law enforcement officials, public health officials, and trained medical personnel. See 34 CFR S 99.31(a) (10) and S 99.36. This exception to FERPA's general consent rule is limited to the period of the emergency and generally does not allow for a blanket release of personally identifiable information from a student's education records.

In addition, the Department interprets FERPA to permit institutions to disclose information from education records to parents if a health or safety emergency involves their son or daughter.

### **STUDENT ID NUMBER**

All GCSC students are issued a unique Student Identification (ID) number once the application for admissions is processed. The Student Identification (ID) number is found on the Welcome Letter that is sent via e-mail and a hard copy is mailed to your home address. All college transactions will require the student to provide their ID number.

### **WITHDRAWALS**

Two withdrawals are permitted per credit course. After that, a grade will be assigned. Please be concerned about withdrawals. When admitting students into certain programs, universities may calculate withdrawals as grades. It is your responsibility to verify the effects of enrollment and/or withdrawal upon your financial assistance (financial aid, scholarships, grants, VA, etc.). There are two kinds of withdrawals---student and administrative.

**Student Withdrawal** - Students wishing to withdraw must complete a withdrawal form and submit the form to the Office of Enrollment Services before the scheduled withdrawal deadline as published in the college catalog. Student withdrawals initiated prior to the scheduled withdrawal deadline will be recorded as a grade of "W." The withdrawal deadline for an off-term or condensed term is one week after midterm.

**Administrative Withdrawal** - A faculty member may withdraw a student up to the published withdrawal deadline for violation of the class attendance policy, in which case the student will receive a grade of "W". The withdrawal deadline for an off-term or condensed semester is one week after midterm [MOP 7.080].

### **STUDENT "RIGHT TO KNOW" ACT**

The federal law states that an institution shall annually make available campus crime statistics, completion or graduation rate of full-time, first-time, degree seeking students to prospective or entering students, and graduation completion rate of student athletes on athletic aid to prospective student athletes.

## **II. ACADEMIC ADVISING-PATHWAY NAVIGATION**

The mission of Gulf Coast State College's academic advising program/pathway navigation is to engage all students in dynamic academic and career planning. The Pathway Navigation Program has been developed that enables students to partner with Pathway Navigators who assist in initial academic planning and college guidance, and Faculty Advisors who are experts in the academic fields related to student's field of study or career choice. All students must consult with a Pathway Navigator prior to registering for first semester classes. Pathway Navigators are assigned to students and reach out to students shortly after the college application is processed.

Every first-time student at Gulf Coast State College will meet with a Pathway Navigator who will assist the student in the transition to college and aid in scheduling the student's first semester courses.

Students will be assigned a Faculty Advisor during their first semester of enrollment. This assignment is based upon the student's chosen field of study.

During the student's first semester of classes, the student will schedule a meeting with the Faculty Advisor to map out the student's educational plan. The student's assigned Faculty Advisor will continue to work with the student throughout the student's academic career at Gulf Coast.

The Student Navigation Center is located on the 2nd floor of the Student Union East.

### **STAY ON TRACK**

Section 1009.286, Florida Statutes, establishes an "excess hour" surcharge for a student seeking a baccalaureate degree at a state university. It is critical that transfer to a state university should identify a major or "transfer program" early and be advised of admission requirements for that program, including the approved common pre-requisites. Course withdrawals and/or repeats, as well as enrollment in courses non-essential to the intended major, may contribute to a potential excess hours surcharge. Students, including those entering Florida colleges, are aware of the potential for additional course fees. "Excess hours" are defined as hours that go beyond 120% of the hours required for a baccalaureate degree program. For example, if the length of the program is 120 credit hours, the student may be subject to an excess hour surcharge for any credits attempted beyond 144 credit hours (120 x 120%). All students whose educational plan may include earning a bachelor's degree should make every effort to enroll in and successfully complete those courses that are required for their intended major on their first attempt. Florida college students intending to transfer to a state university should identify a major or "transfer program" early and be advised of admission requirements for that program, including the approved common prerequisites. Course withdrawals and/or repeats, as well as enrollment on courses non-essential to the intended major, may contribute to a potential excess hours charge.

All degree-seeking students should understand that taking courses that are not part of their stated major may have an adverse effect on their education. Gulf Coast State College is dedicated to assisting students to progress through their chosen educational paths in an effective and efficient manner.

We at Gulf Coast State College believe that it is in each student's best interest to "Stay on Track" and complete the courses that are prescribed for the intended degree. There are specific programs where taking courses outside of the intended major is penalized, two of the most popular ones are listed below; however, it is important that students know the regulations of any scholarship or financial assistance program they are using to ensure that they do not run afoul of the funding requirements.

1. Financial Aid – Pell Grants are intended to only pay for courses in a student’s major or are in remedial coursework.
2. Veteran’s Affairs (VA) – VA requirements are similar to those of Pell Grants. Courses that are not in the student’s major or are not prerequisites are not covered by VA. (College preparatory courses may not be considered prerequisite courses.)

## **STUDENT ACCESSIBILITY RESOURCES (SAR)**

As a department of Student Affairs, Student Accessibility Resources (SAR) helps to create a fair and inclusive learning environment through specific educational accommodations and support services guided by the Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act of 1973. We are here to assist you in your education, career, and personal achievement/goals with equal access to all programs using both on-campus and off-campus resources. In addition, we advocate for you in order to lift educational barriers while empowering and embracing differences by exploring new awareness campaigns and trainings for the GCSC population. If you believe you have a disability or to find out if you qualify for services, please contact SAR, located in room 27 of the Student Union East.

SAR Phone Number: 850-747-3243

SAR Email: [sar@gulfcoast.edu](mailto:sar@gulfcoast.edu)

Location: Student Union East, Room 27

## **REASONABLE ACCOMMODATIONS:**

Reasonable accommodations are appropriate adjustments to programs, policies and practices that make aspects of the College experience accessible and provide equal opportunities to Gulf Coast State College students with disabilities. An equal opportunity means a chance to attain the same level of performance or to enjoy equal benefits and privileges as are available to a similarly situated student without disabilities. There is no cost involved in providing reasonable accommodations, including auxiliary aids and services (for example, sign language interpreters, note-taking support, text conversion to alternative accessible formats, etc.). To determine reasonable accommodations, SAR may seek information from appropriate College personnel regarding essential standards for courses, programs, services, activities and facilities. The Coordinator makes the final determinations of reasonable accommodations in collaboration with the student and faculty as warranted. Reasonable accommodations are determined by examining:

- Environmental barriers limiting curricular, facility, or program access
- Whether or not the access to the course, program, service, activity, or facility is available without an accommodation
- The range of possible accommodations that might remove the barriers
- Whether or not essential elements of the course, program, service, activity, or facility are altered by the accommodations.

## **OTHER SERVICES:**

In addition to assisting students with access on the GCSC campus, we also provide one-on-one tutoring in core curriculum courses, workshops on how to manage college life, peer mentors, and referral services.

### **COURSE SUBSTITUTIONS:**

GCSC has developed and implemented policies and procedures for providing reasonable course substitutions for eligible students with disabilities. Students eligible for substitutions are those who have documented disabilities. Documentation must substantiate that the disability can be reasonably expected to prevent the student from meeting requirements for admission to an institution, to a program of study, entry to upper-division, or graduation.

### **ANIMALS ON CAMPUS – USE OF SERVICE ANIMALS**

The College acknowledges the right of students, staff, and visitors to a safe and healthy environment while on college property or participating in college sponsored functions. In the interest of maintaining such an environment, animals are not permitted on college property or at college sponsored functions, unless approved by the appropriate vice president. When approval has been granted, animals must be controlled at all times, either leashed, kenneled, or other appropriate manner, and all sanitation issues must be addressed by the owner. Animals are not to be left in vehicles or tethered to any college property as a means of complying with this policy. The college acknowledges the right of persons with disabilities to utilize service animals as appropriate. Animals trained and in-training (service animals) to assist persons with disabilities are exempt from the college's animal prohibition. The college maintains a list of service animal owner responsibilities related to grooming, sanitation, health, and control of their animal. This list may be picked up from the college's Equity Coordinator or Coordinator of Student Accessibility Resources. When the use of a trained or in-training service animal poses a documented danger or health hazard to others, the service animal will not be permitted on campus. The trained or in-training service animal's owner may petition the decision and the college's Equity Coordinator and/or Coordinator of Student Accessibility Resources will mediate. Provisions will be made, as necessary, to ensure the needs previously met by the use of a trained or in-training service animal are provided. All persons are prohibited from feeding and handling any stray/wild animals that appear on college property unless specifically authorized.

### **ONLINE LEARNING**

Gulf Coast State College offers distance learning, or web-based courses, through Online Learning. Online courses are appealing to students who are unable to attend campus-based classes due to work, family, or geographical distance, or who simply prefer the online mode of delivery. The online format allows students to achieve knowledge and gain mastery of skills by engaging with their instructors, fellow students, and course content using a wide variety of technologies.

Fully online courses are those in which most or all of the content is delivered online and typically does not have campus-based meetings but may sometimes require proctored testing on campus or at approved testing sites. GCSC also offers hybrid courses, where students meet face-to-face periodically and do portions of the course work online.

Become more familiar with the college's online learning system through **Canvas 101**, a mini-orientation course that is available anytime, so you learn how to use the tools and features at your own pace. Assess your online learning readiness and develop skills to help you succeed online in our free, self-paced **Online Learning Readiness & Success** course!

Detailed information about Online Learning and links to enroll in these free courses can be found on the Online Learning web page <https://www.gulfcoast.edu/online/>. Contact your Navigator or advisor for more information about specific online programs and courses. Exciting opportunities await you through GCSC's Online Learning!

### **DUAL ENROLLMENT**

The State of Florida permits students to receive both high school and college credit for approved courses that meet college level competencies. Dual enrolled students must meet college placement test requirements, fulfill college prerequisites, meet eligibility criteria defined by local school board as agreed upon the college, and submit written permission from the high school principal and/or counselor. Students may select dual enrollment in approved courses during school hours, after school hours, and during the summer term. Grades are recorded on the college and high school transcripts. Dual enrollment credit cannot be received for college preparatory, orientation, or physical education courses. Dual enrollment students are exempt from the payment of registration, tuition and laboratory fees. For information, call 850-747-3207.

### **PLACEMENT TESTING**

If you are a first-time-in-college degree-seeking student entering a college credit program, you are required to take some form of basic placement testing in English, reading and mathematics. You may meet this requirement in several ways:

ACT or SAT scores may be used for placement provided that the scores are less than two years old and they meet state-mandated minimum score levels, [Test Score Worksheet](#).

If ACT or SAT scores are lower than the state-mandated minimum scores, you may take the College Placement Test (CPT), which is also called the Postsecondary Readiness Test (PERT).

### **TRADITIONAL PLACEMENT**

If you entered the 9th grade in a Florida public school prior to 2003–2004, graduated from a non- public Florida high school or earned the GED, you qualify for Traditional Placement in English, reading and mathematics. Traditional Placement requires that you submit active scores on a college placement test (CPT/PERT, SAT or ACT) to Gulf Coast State College in order to assist academic advisors in determining your readiness for college-level English, reading and mathematics.

### **FLEXIBLE PLACEMENT**

If you entered the 9th grade in a Florida public school in 2003–2004 or later and earned a standard Florida high school diploma from a Florida public high school or are serving as active-duty members of the United States Armed Services, you qualify for Flexible Placement. Flexible Placement indicates that you are not required to be tested or to enroll in developmental education. You may opt into developmental education if you deem it appropriate after consulting with your academic advisor.

### **TRIO PROGRAMS**

GCSC's TRiO Programs consist of Upward Bound, Educational Opportunity Center, and Student Support Services (SSS). Full-time degree seeking college freshmen may be particularly interested in the SSS program, which provides academic support for students who are first-generation (i.e., whether your parents have a four-year bachelor's degree), low-income, or disabled. Once admitted into SSS, students remain eligible for services throughout their tenure at GCSC. Support includes one-on-one and group tutoring in English and Math by qualified tutors. Additional support is provided through individual and group activities that focus on transfer to a 4-year university, cultural trips, study-skills development, financial literacy, career exploration, and other strategies for achieving success in college.

Visit [gulfcoast.edu/trio](http://gulfcoast.edu/trio) to learn more about TRiO or stop by the first floor of Student Union West to see us in-person. You can also contact TRiO by calling (850) 913-3344 or emailing [TRiO@GulfCoast.edu](mailto:TRiO@GulfCoast.edu).

#### **TUITION REFUND POLICY**

Students are responsible for all fees for courses not dropped by the student during the published drop/add period. Refunds result from 1) classes dropped by the student by the end of the published scheduled drop/add period for each term; 2) classes dropped prior to the first day of class for courses that do not begin during the scheduled drop/add period; and 3) for classes that

are canceled by the college. A refund of fees paid will be given if the proper procedures are followed. Refund checks are mailed within two weeks after the end of the published drop/add period each term.

A drop is different from a withdrawal. A drop will result in the elimination of the class (es) from the transcript record. A dropped class does not affect the standards of academic progress; however, it may affect the amount of financial aid awarded. A withdrawal will result in a letter grade of “W” in each class from which the student withdraws; withdrawals are included in the calculation of academic progress.

### **PROCEDURES FOR REQUESTING A REFUND AFTER THE DROP/ADD PERIOD:**

A student who discontinues enrollment after the published drop/add period may be granted a refund if proper procedures are followed.

Procedures for requesting a refund are:

1. Secure a 100% drop with refund from the Office of Student Affairs, Dean of Student Engagement.
2. Complete all required documentation.
3. Submit request by the deadline date (within six weeks of the end of the term requiring the drop.)

One of the following conditions must be met and documented in order to receive a full refund:

1. Written documentation of call to, or enlistment in, active military duty or change of military station.
2. Death of the student or member of the student’s immediate family (parent, spouse, child, sibling.)
3. Illness of student or of a dependent person of such severity or duration, as confirmed in writing by a physician.

## **IV. IMPORTANT COLLEGE POLICIES**

### **ACADEMIC INFORMATION**

#### **CLASS ATTENDANCE POLICY**

Regular class attendance and participation are significant factors that help to promote success in college. Students are expected to attend all class meetings of all courses for which they are registered.

You are expected to know the instructor's specific attendance policy, as stated in the syllabus for each course. In the event of absence, you should contact your instructor as soon as possible to indicate the reason and to inquire whether make-up work is possible. (Make-up work is offered solely at the discretion of your professor.)

If your absences in a class become excessive, as stated in the course syllabus, your professor may contact you, indicating that further absence may result in your withdrawal from the course. (See entry on Withdrawal in this catalog section.) Your professor can withdraw you from a course for excessive absences without your permission.

Instructors will monitor attendance at the beginning of each semester. If you are not in attendance during this period, you may be withdrawn from the course. You will be financially responsible for the course and a "W" will appear on your transcript. Withdrawal from a course may also have implications for financial aid.

#### **SOCIAL SECURITY NUMBERS**

In compliance with Florida Statute 119.071 (5), Gulf Coast State College (GCSC) issues this notification regarding the purpose of the collection and use of your Social Security Number (SSN). GCSC collects your Social Security Number for use in performance of the College's duties and responsibilities. To protect your identity, GCSC will secure your Social Security Number from unauthorized access. GCSC will never release your Social Security Number to unauthorized parties, and each student/employee at GCSC will be issued a unique student/employee identification number. Your unique ID number is used for all associated employment and educational purposes at GCSC including registration, access of your online records, etc. You are not required to disclose your Social Security Number in accordance with Public Law 930-579. However, the Social Security Number is required of all students seeking federal financial aid and must be provided in order to obtain the IRS deduction for college attendance. In addition, the Social Security Number is required for class or lab injuries when filing a Hartford Life & Accident Insurance Company Notice of Claim. The GCSC Student Identification Number is to be used for all transactions at the College. For more information, see the GCSC general catalog.

#### **CHANGE OF MAJOR POLICY**

Students may change their major for a current term through the initial drop/add deadline for the term. Any change of major initiated after the drop/add deadline will be processed and applied to the subsequent term.

#### **COURSE REPEAT POLICY**

College credit courses and preparatory courses may only be attempted three times. On the third attempt, a 100% of the full cost of instruction (out of state tuition rate) will be charged. Students with major extenuating circumstances or financial hardships to pay the additional fees, may submit an appeal stating the circumstances to the Dean of Student Engagement or the Counseling Center. For information about this policy, contact your navigator or faculty advisor. Third attempts may affect financial aid eligibility, for more information contact the financial aid office.

## **GRADING POLICY**

Posting of mid-term grades is not mandatory but each instructor shall notify students of their current standing at midterm. Final grades are available the week after each term. Letter grades are assigned for all credit courses based on a ten-point scale. A grade of “F” will be assigned to any student who discontinues class attendance or withdraws after the week following midterms if the student is failing class work. A grade of “I” is assigned to a student who fails to complete class work on schedule, and will be assigned at the discretion of the instructor. An incomplete grade will be changed to an “F” if the incomplete work is not completed within 30 calendar days from the end of the term. A change from credit to audit (no credit) is only permitted up to the drop/add deadline. The cost is the same for an audit as for a credit course.

## **HONORS PROGRAM**

The Gulf Coast Honors Program provides exceptional students a 16-hour core of general education courses designed to fit every A.A. program the college offers. Honors courses differ from traditional courses in instructional methods, class size, research opportunities, and student-professor interactions. Each course carries an “honors” designation on college transcripts. To graduate from the program, students must complete their A.A. and the Honors Program curriculum with an overall 3.5 GPA or higher. Program graduates will receive special recognition at graduation, the Honors Graduate seal on their diploma, and a permanent notation on their transcript. High school graduates having a 3.5 GPA and college students who have completed 12 hours of academic courses with a cumulative 3.5 GPA are eligible to apply to the program. Students who do not abide by the Honors Program code of conduct may be removed from the program regardless of GPA.

## **ACADEMIC STANDING**

To maintain satisfactory academic progress at Gulf Coast, a student must achieve a minimum cumulative grade point average (GPA) of 2.0. This is considered Good Academic Standing.

**Academic Warning:** Students whose TERM GPA is below 2.0 will be placed on Academic Warning. To be removed from Academic Warning at the end of the following term, the student must achieve a minimum cumulative GPA of 2.0. Academic Warning is the college’s notification that the student should seek assistance from the Navigation Center or Counseling Center to assist in developing an education plan.

## **ACADEMIC PROBATION**

Students whose CUMULATIVE GPA is calculated as described below will be placed on Academic Probation.

- 1-14 attempted credit hours and an earned GPA of 1.49 or lower
- 15-29 attempted credit hours and an earned GPA of 1.74 or lower
- 30 or more attempted credit hours and an earned GPA of 1.99 or lower

Students placed on Academic Probation at the end of the term will be allowed to register for the proceeding semester. However, students on this designation will be allowed to register for a maximum of nine (9) credit hours.

Students placed on academic probation are strongly encouraged to contact a Counselor at 850-769- 1551 x4861, located on the first floor of Student Union East.

To be removed from Academic Probation, a student must achieve a minimum cumulative GPA of 2.0.

## **ACADEMIC SUSPENSION**

Students who have been placed on Academic Probation and have not earned a minimum cumulative GPA of 2.0 during their probation term, will be placed on Academic Suspension for the following term (Fall, Spring, Summer).

Fall Term: Students placed on Academic Suspension at the end of the fall term will be allowed to register for the proceeding semester. However, students on this designation will be allowed to register for a maximum of six credit hours.

Spring Term: Students placed on Academic Suspension at the end of the spring term will not be allowed to register for the upcoming terms until they have made an appointment with the Counseling Center. Students have the right to appeal an academic suspension by participating in an Academic Suspension Appeals Hearing.

Summer Term: Students placed on Academic Suspension at the end of the summer term will be allowed to register for the proceeding semester. However, students on this designation will be allowed to register for a maximum of six credit hours.

Students have the right to appeal an academic suspension decision. In order to appeal the academic suspension decision, the student must complete and submit the Academic Suspension Appeal Request for Hearing form and participate in the Academic Suspension Appeal Hearing.

In order for a student to return to Good Academic Standing, the student must achieve a cumulative GPA of 2.0.

## **APPEALS COMMITTEE (NON-ACADEMIC)**

The Appeals Committee reviews non-academic issues. This includes, but is not limited, to requests to appeal a denial of substitutions of graduation requirements for students with disabilities, residency status for tuition purposes (in-state vs out-of-state), and admission to Gulf Coast State College.

## **RECORDING STUDENT WRITTEN COMPLAINTS**

**Purpose:** Written complaints from the constituents we serve, particularly when considered in the aggregate, help the college identify systemic problems and opportunities for improvement. This procedure outlines the steps Gulf Coast State College will follow to analyze written complaints submitted by students or members of the community.

**Procedure:** Student written complaints will be recorded on the appropriate forms. However, any written complaint, whether submitted as an email or in some other written form, will be accepted and acted upon as long as it contains the student's name, contact information and a general description of the problem. College administrators after a thorough review will forward all written complaints, along with resolutions/responses, to the Dean of Student Life via the Internet/web-based form and will maintain a copy of all complaints received within their respective departments, divisions, or units.

Annually (June 30), the Dean of Student Life will conduct a thorough review to determine whether:

- Complaints are being fairly and properly addressed;
- Specific problems are occurring repeatedly and/or at multiple campuses and locations;
- Changes or adjustments can be made to eliminate specific problems;
- Repeated complaints indicate the need for review of a program or area.

The Dean of Student Life will provide a report to the Vice President of Academic Affairs annually that summarizes student complaints and recommends corrective action where needed. If the vice 22

presidents concur with the recommended corrective action, the recommendation(s) will be forwarded to the appropriate administrator(s) for implementation.

## **ACADEMIC INTEGRITY**

1. Honest participation in academic endeavors fosters an environment in which optimal learning can take place and is consistent with the college's mission. Academic misconduct is destructive to the spirit of an educational environment and therefore will not be tolerated.

The following definitions will apply:

- A. "Cheating" includes but is not limited to use of any unauthorized assistance in taking quizzes, tests or examinations; dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments; the acquisition without permission of tests or other academic materials belonging to a member of the College's faculty.
  - B. "Plagiarism" includes, but is not limited to, the use by paraphrase or direct quotation of the published or unpublished work of another person without full and clear acknowledgment. It can also include overuse of an editing program like Grammarly or submitting work written by an Artificial Intelligence (AI) generator like ChatGPT. Make certain to consult your course syllabi for your instructors' guidelines on AI material.
  - C. The term "academic misconduct" includes any or all forms of cheating and plagiarism. In addition, academic misconduct may include the following:
    - I. Destroying, damaging, or stealing another person's work or work materials including, but not limited to, lab experiments, computer programs/files, term papers, projects, or copy of an examination.
    - II. Theft, damage, or misuse of library resources; removing uncharged material from the library; defacing or damaging library materials; intentionally displacing or hoarding library materials within the library for one's unauthorized private use, or any other abuse of reserved materials.
    - III. Theft, damage, or misuse of computer resources including, but not limited to, computer accounts codes, passwords, or facilities; damaging computer equipment or interfering with the operation of any computer system in the college.
2. Individual instructors or programs may provide students with additional academic integrity policy statements at the start of a semester.
  3. Sanctions for incidences of academic misconduct, depending on the severity of the incidence and/or its repetition, may range from receiving an F grade (or zero) for the test, assignment, or activity to failure of the course, to suspension, or dismissal from the program or the college.
  4. An instructor who believes that an incidence of academic misconduct has occurred will discuss it immediately with the student. If, in the judgment of the instructor, the student has committed an act of academic misconduct, or if the student admits that there has been misconduct, the instructor will assess the appropriate penalty.
  5. Instances of admitted or proven academic misconduct should be reported in writing to the Dean of Student Life. The purpose of this reporting is to track individuals who have repeated incidences. The Vice President of Academic Affairs and/or the Dean of Student Life reserves the right to pursue disciplinary action against a student if deemed necessary.
  6. Students who think they have been treated unfairly may invoke the Student Academic Grievance Procedure.

## **STUDENT ACADEMIC GRIEVANCE PROCEDURE**

**Introduction:** As a public higher education institution, Gulf Coast State College subscribes to the principles articulated in the Joint Statement on Rights and Freedoms of Students:

*Academic institutions exist for the transmission of knowledge, the pursuit of truth, the development of students, and the general well-being of society. Free inquiry and free expression are indispensable to the attainment of these goals. As members of the academic community, students should be encouraged to develop the capacity for critical judgment and engage in a sustained and independent search for the truth. Institutional procedures for achieving these purposes may vary from campus to campus, but the minimal standards of academic freedoms of students outlined below are essential to any community of scholars.*

*Freedom to teach and freedom to learn are inseparable facets of academic freedom. The freedom to learn depends upon the appropriate opportunities and conditions in the classroom, on the campus and in the larger community. Students should exercise their freedom with responsibility.*

*The professor in the classroom and in conference should encourage free discussion, inquiry, and expression.*

*Student performance should be evaluated solely on an academic basis, not on opinions or conduct in matters unrelated to academic standards.*

*Students should be free to take reasoned exception to the data or views offered in any course of study and to reserve judgment about matters of opinion, but they are responsible for learning the content of any course of study for which they are enrolled.*

*Students should have protection through orderly procedures against prejudiced or capricious academic evaluation. At the same time, they are responsible for maintaining standards of academic performance established for each course in which they are enrolled.*

*To protect the rights and freedoms of students and faculty members consistent with these principles, and to signal the College's commitment to the mutual obligation of respect and civility fundamental to an academic community, the College establishes the following procedures to provide for the orderly, fair, and prompt resolution of perceived student academic grievances. These procedures are established to ensure due process and the equitable treatment and protection of all parties involved. No adverse action shall be taken in response to an individual who registers an academic grievance.*

**Overview:** The term "academic grievance" as used here shall mean a complaint by a student of Gulf Coast State College against a faculty member or other representative of the College. An academic grievance may be filed on the grounds that the student is alleged to have suffered adverse academic consequences due to the fact that (1) the rights and freedoms of the student as described in the Joint Statement have been violated, or (2) that the academic policies of the College have been violated, misinterpreted, or inequitably applied.

Academic grievances may not be used to challenge college policies or procedures of general applicability. The procedures set forth below may be used only by a grievant who is enrolled as a GCSC student at the time of the grieved incident. The person initiating the grievance must be the alleged victim of unfair treatment; a grievance cannot be filed on behalf of another person. When the student believes there are grounds for an academic grievance, these procedures shall

be followed by all parties involved. The failure of any college personnel at any level to communicate a decision to a student grievant within the stated time limits shall permit the student to proceed to the next step in the process. Conversely, the failure of the student to appeal the grievance to the next step within the established time limits shall constitute a withdrawal of the grievance and shall bar further action.

In keeping with the intent and spirit of these statements, it is incumbent upon all parties involved to show respect, restraint, and responsibility in their efforts to resolve grievances and to participate in good faith during all meetings and conferences. In consideration for all parties involved, efforts should be made to resolve grievances and communicate decisions as expeditiously as possible.

This procedure is in no way intended to supplant or duplicate other grievance procedures available either to the student or the College representative(s) named in the grievance, or to prevent such individuals from pursuing other remedies as are provided by law. In instances where a student's legal protections or other avenues for seeking remedies supersede those of the college, these initial informal procedures may be bypassed.

### **Initial Informal Procedures**

The student shall initiate the informal procedures within ten college working days after the student first perceives the alleged violation on which the grievance is based. For the purposes of this policy, "college working days" are defined as weekdays during which regular credit classes are scheduled, as per the college calendar. For reasonable cause, the Vice President for Academic Affairs (VPAA) may extend this time requirement.

At any point during the informal procedures, either of the principals may request the assistance of the Dean of Student Life.

The informal procedures outlined as follows must be initiated prior to a formal grievance being filed:

1. Whenever possible, the student shall meet with the faculty member whose actions are the object of the complaint to discuss the issue and attempt to resolve it satisfactorily.
2. If the complaint has not been resolved in conference with the faculty member, or if the student cannot meet with the faculty member, the student will discuss the complaint with the faculty member's immediate supervisor/division chair, who will attempt to help resolve the complaint.
3. If the student does not feel the problem has been resolved within a reasonable time after the conference with the division chair, the student may then initiate the formal academic grievance procedure.

## **FORMAL GRIEVANCE PROCEDURES**

### **A. Statement of Grievance:**

Within twenty college working days after the student first perceives the alleged violation on which the grievance is based, the student will file a written statement of grievance in the Office of Academic Affairs. For reasonable cause, the VPAA may extend this time requirement.

The written grievance statement submitted by the student should include the following:

- A description of the action(s) which led to the grievance including the name of the instructor(s) or individuals involved, the course title and number if involving a classroom, and the time and place of the alleged grievance.
- A statement of how the decision or action is unfair and/or harmful to the grievant and a list of any policies or laws that have been violated, if known.

- A description of any written documents related to the grievance.
- A statement establishing that a good faith attempt at resolution through informal procedures has been made.
- A statement of action or remedy requested by the student to resolve the grievance.
- The grievance should be dated and signed by the student, and include current contact information including local telephone number, mailing address, and email address.

The academic status of the student, pending the outcome of the grievance, shall be determined by the VPAA or his/her designee.

#### B. Notifications:

Within five college working days of receipt of the statement of grievance by the Office of Academic Affairs, the VPAA will send written notification to the student who has initiated the process acknowledging receipt of the formal grievance. At the same time, the VPAA will also send written notification to the faculty member(s) named in the grievance indicating that a formal grievance process has been initiated, and provide a copy of the formal grievance statement. (To protect the rights and privacy of other individuals who may be identified by the student complainant, the VPAA will retain the right to expunge the names of those individuals from the complaint.) Also, within five college working days of receipt of the written grievance, the VPAA will inform the Academic Grievance Committee about the grievance and provide a copy of the statement to the committee chair.

#### C. Grievance Committee composition:

The Academic Grievance Committee shall ordinarily be composed as follows:

- One full-time teaching faculty member to serve as committee chairperson, who has the responsibility of reporting the recommendation of the committee in writing to the VPAA.
- One full-time teaching faculty member from the academic division of the faculty member named in the grievance; if one is not available, a full-time teaching faculty member from a related discipline may be used.
- One full-time faculty member from a different academic division.
- One full-time staff member from Student Affairs.
- Two student members.
- A division chair may serve in the place of a full-time teaching faculty member if the timing of the grievance or schedule does not allow a full-time faculty member to participate

The VPAA (or designee) shall arrange for the selection of a meeting date. The student and the named faculty member (the principals) have the right to review the membership of the Committee before the hearing begins and to request the replacement of any one member of the **Committee**. Any additional request for the replacement of any other member of the Committee requires that either principal submit the reasons in writing to the VPAA. In the event that a member of the Committee perceives a conflict of interest in connection with a particular grievance, that individual may recuse himself or herself, and a substitute will be found by the VPAA.

The Committee will have twenty college working days from the date of receipt of the original written grievance to complete its investigation and deliberations. The final recommendation of the Committee is to be presented in writing to the VPAA within two college working days after the completion of its deliberations.

#### Grievance Hearing:

The Academic Grievance Committee shall ordinarily conduct a hearing for the purpose of rendering a decision about the grievance. To this end, written and oral statements may be initiated and/or solicited from the principals in the grievance, and/or from other observers who can provide pertinent information about the matter. Both principals must be present for these proceedings.

Both principals have the right to the presence of an advocate of their choice at the hearing. The Dean of Student Life will assist any student who wishes to secure an advocate for this purpose. The advocates will not be attorneys or act in the capacity of attorneys. The principals may consult freely with their advocates, but their advocates will not be permitted to speak during these proceedings or to participate directly in any other way unless invited to do so by the Chair of the Committee. Both principals and their advocates have the right to review all written documents pertaining to the grievance. Principals will be accorded equal time for statements and rebuttals.

The hearing will be recorded and subsequently transcribed. The transcript will be available to the student and faculty member upon written request to the VPAA within 6 months of the hearing date.

Both principals may request that the testimony of witnesses be heard. Requests for such witnesses must be made in writing in advance of any hearing scheduled by the Academic Grievance Committee and must be submitted to the Office of Academic Affairs no later than five college working days following the date of written notification to the student and faculty member acknowledging the initiation of a formal grievance procedure. Requests for witnesses must include the complete name of all witnesses, a description of the relationship of the witness to the individual making the request, and a summary of the expected testimony each witness will provide. The Academic Grievance Committee will retain the right to limit the number of witnesses.

In the event that either a witness or the faculty member / college representative who is the subject of the grievance does not appear at the meeting(s) called by the Academic Grievance Committee, or will not provide information or documents as requested, the recommendation of the Committee will be made on the basis of the information available to them.

When voting on an Academic Grievance, only committee members may be present. All members of the Academic Grievance Committee will participate in the vote. A simple majority is all that is required for the committee's recommendation to be forwarded to the VPAA.

The Academic Grievance Committee may decide to accept the arguments of the grievance, in which case they will recommend in writing to the VPAA appropriate action to be taken concerning the grievance.

The Committee may also decide to not accept the arguments of the grievance, which they will so recommend in writing to the VPAA.

As noted above, the Academic Grievance Committee will have completed its work within twenty college working days of the receipt of the original written grievance. (For reasonable cause, the VPAA may extend this time requirement for as many as ten additional college working days.) The Chairperson of the Academic Grievance Committee will submit to the VPAA a written recommendation concerning the appropriate disposition of the grievance, as well as all supporting materials.

#### E. Recommendations and Decision:

The VPAA will review the recommendation of the Committee. If the VPAA finds the recommendation and the proceedings complete, reasonable, and just, the VPAA will declare the Committee's recommendation binding upon both principals. ### **AIDS POLICY**

The college will be flexible in its response to incidents of the disease on campus, evaluating each occurrence in light of its general policy and with the latest information available. A college committee consisting of appropriate representatives will be responsible for acting upon and administering the college policy on AIDS in specific cases. The committee meets on "as needed" basis to consider individual occurrences of the disease recommending appropriate action.

#### **PREFATORY LANGUAGE AND DEFINITIONS**

A state university student may, without prior notice, audio or video record a class lecture in which the student is enrolled for the following purposes:

- (A) personal educational use of the student;
- (B) in connection with a complaint to the university where the recording is made; or
- (C) as evidence in, or in preparation for, a criminal or civil proceeding.

A class lecture recording may not be published without the written consent of the faculty member, except it may be shared with university officials or state and federal government officials in connection with a complaint to or against the university, or used as evidence in a criminal or civil proceeding. Violation of this provision may subject the student to disciplinary action by the university and/or to a legal action by a person injured by the publication.

A class lecture is defined as a formal or methodical oral presentation as part of a university course intended to present information or teach enrolled students about a particular subject. A class lecture will occur most often in a course identified by the university as a lecture type course, whether online or in-person, as opposed to a lab course or a course section identified as a discussion section. Class lecture does not include lab sessions, student presentations (whether individually or as part of a group), class discussion (except when incidental to and incorporated within a class lecture), clinical presentations such as patient history, academic exercises involving student participation, test or examination administrations, field trips, private conversations between students in the class or between a student and the faculty member, and invited guest speakers during a class session. A recording that personally identifies a student who has not consented to being recorded will not be recognized as a class lecture for these purposes and may be subject to other institutional policies.

To publish means to share, transmit, circulate, distribute or otherwise provide access to the recording, regardless of format or medium, to another person, or persons, including but not limited to another student in the class. Additionally, a recording, or transcript of the recording, is published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited social media, book, magazine, newspaper, leaflet, picket signs, or any mode of print.

## FAQ FOR STUDENTS

*Q: Do I need my professor's consent to record class lectures?*

A: No, so long as you are enrolled in the class and are recording the lecture for one of the permitted purposes listed in the statute. You have the right to record class lectures for one of three purposes: (1) your own personal educational use; (2) in connection with a complaint to the university; or (3) as evidence in, or preparation for, a civil or criminal proceeding. As long as you are making the recording for one of these purposes, you do not need the faculty member's consent to record the class lecture. But keep in mind that recordings may not be used to engage in academic dishonesty, or as a substitution for participation in class.

*Q: What is a "class lecture"?*

A: A class lecture is defined as a formal or methodical oral presentation as part of a university course intended to present information or teach enrolled students about a particular subject. A class lecture will occur most often in a course identified by the university as a lecture type course, whether online or in-person, as opposed to a lab course or a course section identified as a discussion section.

*Q: My professor usually combines class lecture with a group discussion. Can I record this group discussion?*

A: No. The definition of class lecture does not include other class activities such as class discussions, unless those discussions are incidental to, and incorporated within, a class lecture. That means that questions asked by enrolled students and answers given by faculty member during the lecture portion of a class may be recorded, while a discussion portion of a class following the class lecture may not. A class lecture also does not include student presentations (whether individually or part of a group), lab sessions, clinical presentations such as patient history, academic exercises involving student participation, test or examination administrations, field trips, private conversations between students in the class or between a student and the faculty member, or invited guest speakers during a class session. These activities may not be recorded without the express consent of all participants. Your faculty member may or may not announce when the lecture portion of a class has ended, but it is up to you to ensure that you do not record at an impermissible time.

*Q: My friend was sick and missed class. Can I share my recording of the class lecture with them?*

A: No, not without the faculty member's written consent. While you may record the class lecture, you may not publish the recording without permission. In this context, the word "publish" means to share, transmit, circulate, distribute or otherwise provide access to the recording, regardless of format or medium, to another person (or other persons), including but not limited to another student in the class. Additionally, a recording, or transcript of the recording, is published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, picket signs, or any mode of print.

*Q: Are there any places I can share the recording without my faculty member's permission?*

A: Yes, you may publish the recording to university officials or state and federal government officials in connection with a complaint made to or against the university, or you may publish the recording as evidence during civil or criminal legal proceeding. If you wish to make a complaint to the university, please utilize [insert mechanism for filing complaints.]

*Q: What happens if I share my recording of a class lecture without getting permission first?*

A: If you do publish your recording of a class lecture without the faculty member's written permission, and it is not in connection with a university complaint or as evidence in a criminal or civil legal proceeding, you could face severe legal and/or disciplinary consequences. Per HB 233, your unauthorized use of the recording allows the faculty member to take you to court for damages, including attorneys' fees, totaling as much as \$200,000.00. Additionally, you may be referred to student conduct office for a potential violation of the student code of conduct.

*Q: How does HB 233 affect my accommodations granted through [student accommodations office]?*

A: If you have an accommodation through student accommodations office to record class activities, that will not change. However, you should be sure not to share the recordings without the faculty member's written consent. Please contact student accommodations office with any questions about your accommodation.

If a written complaint is filed, a formal investigation will be conducted.

All events provided by student activity fees are free or at a discount depending on the event or activity. A range of activities both on-campus and off-campus are based on the needs and interests of the student body. There are many opportunities for students to get involved and engaged on campus that include: attend concerts, guest lectures, as well as exciting Visual and Performing Arts, and Commodore Athletic events. Student clubs serve GCSC student's cultural, personal, and career interests.

Special events sponsored by the Student Government Association (SGA) throughout the year entertain students and relieve the stress of “life’s balancing act” between academics, family, and careers. SGA also sponsors events that are co-curricular in focus offering students opportunities to develop leadership and other life skills necessary in the workforce. Participation in Student Government provides excellent opportunities to practice what has been learned in class, develop special skills, serve in challenging leadership roles, or just try something new. All students are required to obtain a college I.D. card which will be required for free admission, discounts, or to participate in student-related activities.

### **ATHLETIC EVENTS**

Intercollegiate Athletics at GCSC is considered a student activity and is subject to the same policies and procedures as other student programs. ## **CLUBS & STUDENT ORGANIZATIONS**

GCSC Student Government fees assist student clubs and organizations in maintaining a "self-sufficient" funding status for student participation on campus. It has been proven that student organizations develop "well rounded" students while exploring personal and career interests. Approved clubs with charter status can remain as a permanent organization as long as the organization remains active, serves the student needs, and meets college Student Government Association criteria each year. Any student organization that becomes inactive for over two fiscal years will lose its charter status and club funding.

## **HOW TO ORGANIZE A NEW CLUB**

To be officially recognized as a club or organization at GCSC, a group must meet the standards below:

- A. A group must have sufficient student membership that may vary according to the club purpose/mission.
- B. A group must have one or more full time employee sponsor/advisor whose names are filed with the Office of Student Government.
- C. The group must file with Office of Student Government a statement of purpose, stating specific ways in which the organization can benefit the college and the community.
- D. A GCSC student is one who is currently enrolled in a credit course.

When the first four requirements are satisfactorily met and after their approval by the Student Affairs Council, the group may operate on a probationary basis for a maximum of one semester. During that semester, preferably at least one month before the end of the semester, the group must meet two additional requirements:

- I. Submit a written plan, organizational outline, or constitution stating its purpose, organizational structures, officers, and standard procedures to the Student Affairs Council.
- II. That policies, purposes, and principles of the club are consistent with and not harmful to GCSC philosophies and principles.
- III. That membership and leadership positions in the organization shall be open to students enrolled at the college without respect to race, sex, religion, age, nationality, or handicap.
- IV. That membership, policies, and actions of the organization are determined by the vote of only those persons who hold bona fide membership in college community.
- V. File with the Office of Student Government a list of the officers and members of the club or organization.

When all five of the above requirements have been satisfactorily met and/or the probationary period has successfully passed, a club may apply for a charter as college-recognized organization. Upon approval from the Office of Student Government and the Student Affairs Council, a club attains the Chartered Organization status. Having achieved that status, the group is expected to maintain continuity and self-sufficiency. Any violations of college regulations and standards of good taste as well as non-cooperation with the Student Government Association (non-attendance by organizational representatives at

SGA meetings, etc.) will result in the organization's charter being revoked or returned to probationary status. Any act of misconduct is subject to individual Student Code of Conduct disciplinary action and equally applies to student organizations. A club or its individual members in violation may be brought to the Discipline Committee. Questions about a new club, call 850-873-3598.

### **CLUB FINANCES**

The club advisor is responsible for maintaining a club budget according to college accounting policies. Each fiscal year, the club must submit a projected budget one month from the beginning of the fall term to the Office of Student Government. The club advisor should always return receipts from purchases and a signed (CRD) central receiving document to Business Office as soon as expenditures are completed. This purchase order process allows the necessary money from the organization's account to be taken to pay a bill. Any purchases less than \$ 100.00 may be done through the petty cash reimbursement process through the student organization's advisor and the Business Office. A check requisition form, with approved signatures must be attached with the original receipt to receive reimbursement. GCSC's Student Government Association (SGA) affiliates with the Florida College System Student Government Association (FCSSGA) which provides state-level leadership opportunities. The SGA Constitution and By-laws dictate the guidelines for the decision-making process as well as organizational structure. SGA committees are open to all students. Administrative committee student representatives are nominated. Descriptions of student organizations and committees are listed below.
