

Some Comments from Students who Completed a Co-op Class

I am really glad that I got to do this Co-op class. I think everyone should do this, it not only gives you a chance to work but also gives you experience. A lot of people do not want to hire someone unless they have experience. I have learned so much. K.Q.

This co op course was the best idea ever. I learned how much I love to work with kids. If it was not for this course I would not be considering a different major. I always knew I loved kids but this summer I really got to interact with them and it made me think and consider making it my career. J.F.

The entire co-op experience has been valuable and entertaining. Not only has it caused some lively conversations amongst my peers, but the weekly discussion threads gave me the opportunity to put in writing some of the enjoyable aspects, as well as, the more difficult ones. Thank you for the opportunity and forum to voice my opinions. S.B.

I have really enjoyed sharing my work experience with the rest of the co-op class. I hope everyone has enjoyed their jobs as much as I have. It can difficult at times to find a job that you truly enjoy but I truly enjoy working here and I am gaining new knowledge everyday that will help me as I pursue my career! T.W.

I enjoyed my time in the co-op sessions. Although this is my first on-line class I have greatly enjoyed it. I enjoyed reading all the other responses and views on their work and volunteer experiences. J.C.

I am grateful for the experience and learned to put more value on my work and I think this will help me with future salary negotiations. I think the best experiences are the ones you learn the most from, so all in all, I am grateful for the knowledge I've gained through this experience. H.N.
