What do Canvas text (SMS) message notifications look like on my iPhone?

In the browser version of Canvas, you can set up your mobile phone as a contact method to receive notifications as text (SMS) messages.

Note: Canvas also supports [push notifications](#) within the Canvas app.

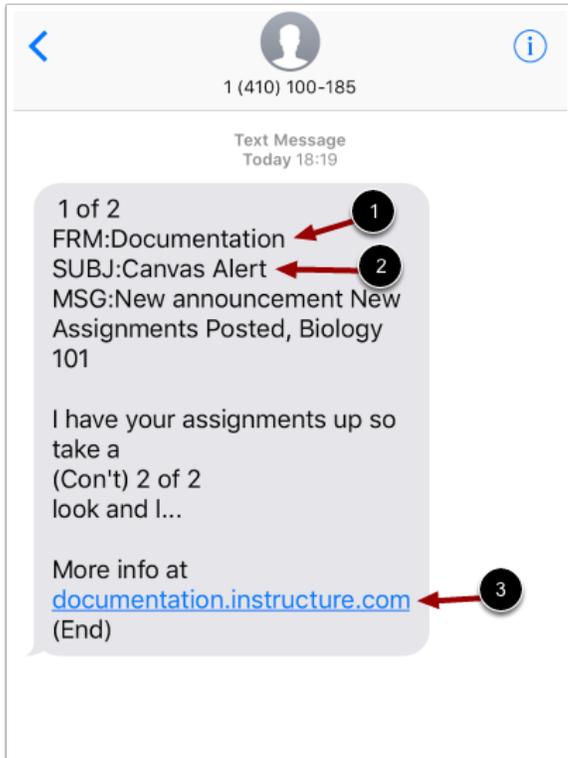

Open Notification

Text notifications appear as area code ending in 10 (such as 210 or 410) and contain at least one text per notification.

To open the notification, click the text message.

View Notification

Notification headings identify the sender [1], which can be either from Instructure Canvas, your institution's account, or one of your courses. You can also view the type of message notification [2], and the URL of your institution where you can view more details about the message [3].

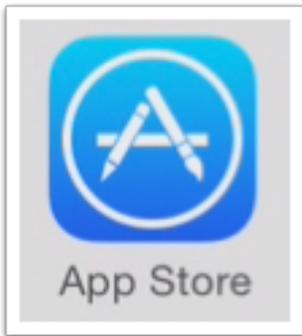

You cannot reply to text message notifications.

How do I download the Canvas Student app on my iOS device?

Download the Canvas Student app on your iOS device for easier accessibility to course content.

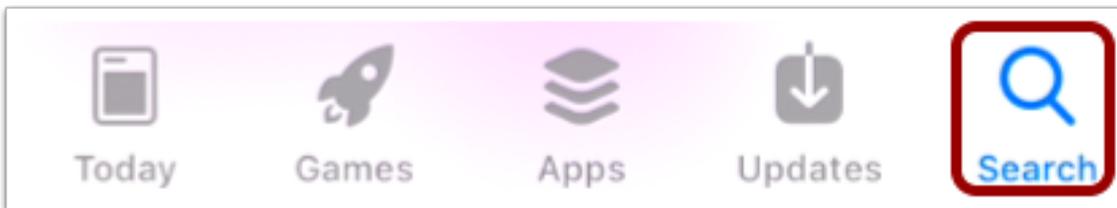

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open App Store

Open your iOS device and tap the App Store icon.

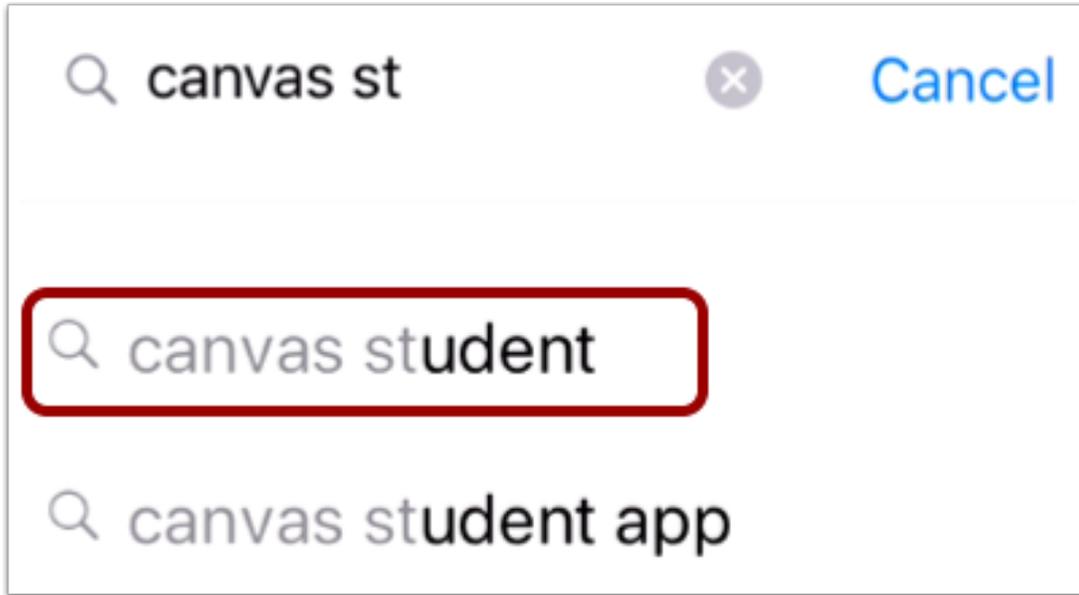

Open Search

In phone devices, tap the **Search** icon at the bottom of the screen.

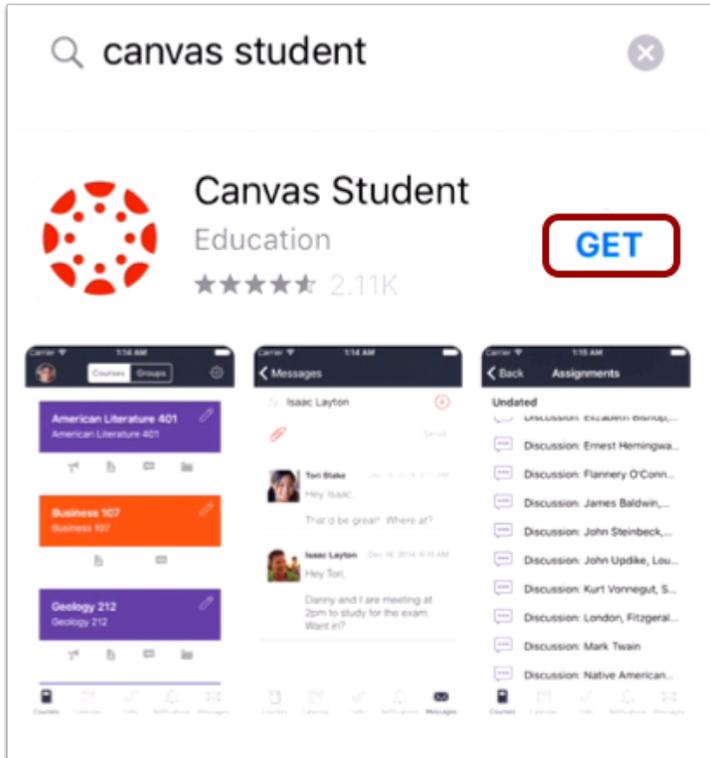

In tablet devices, tap the Search field at the top of the App Store.

Search for App

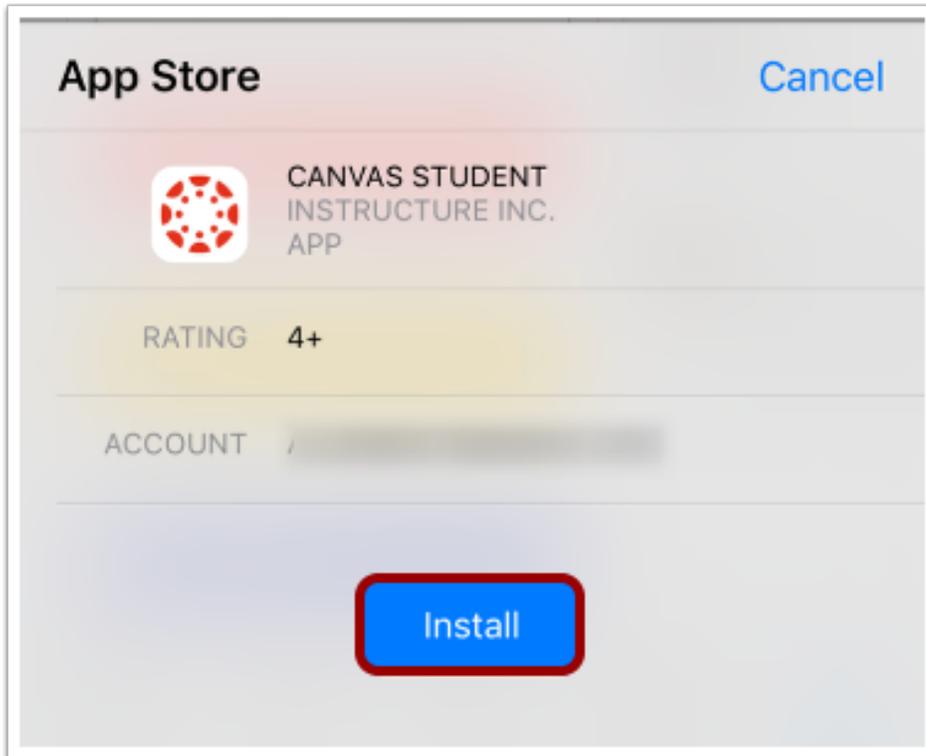

In the search field, type Canvas Student in the search field. Tap the full name when it appears.

Select App

Tap the Get button.

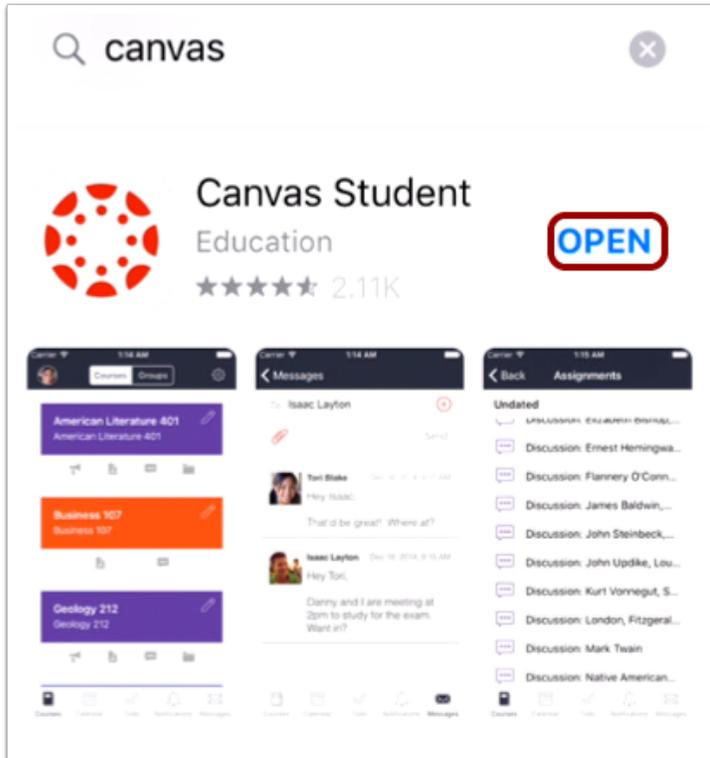

Install App

Tap the **Install** button.

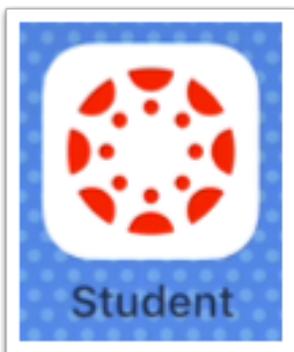

Note: iTunes may ask for your iTunes password to download the app.

Open App

When the app has downloaded and installed onto your iOS device, you can access the app immediately by tapping the **Open** button.

View App on iOS Home Screen

You can also open the app on your iOS home screen by tapping the **Student** icon.

How do I add a Canvas widget to my iOS device?

The Canvas Student app comes with a widget for quick access to Grades.

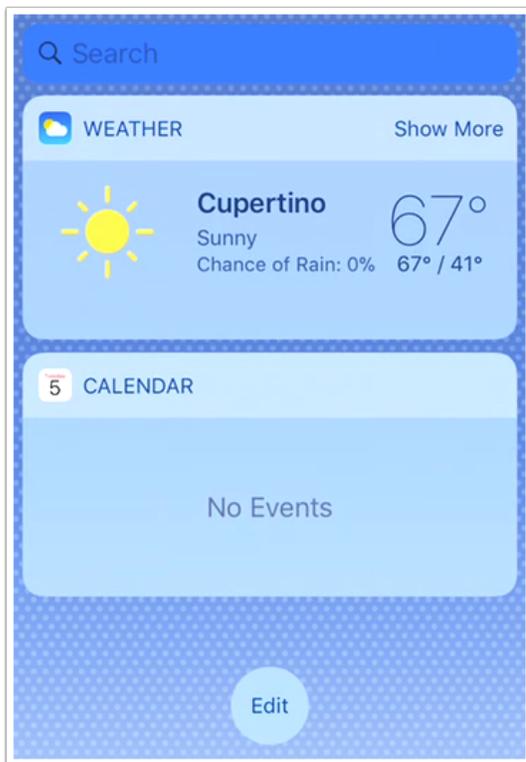

The Canvas Student Grades widget displays the current grade for up to eight of your courses.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

- Depending on your iOS device, the steps to install a widget may vary from what is pictured below. If you have questions, please refer to your device instructions about how to install a widget.
- The Student Grades widget will not display grades if multiple users are logged into the Student app.

Open Today View

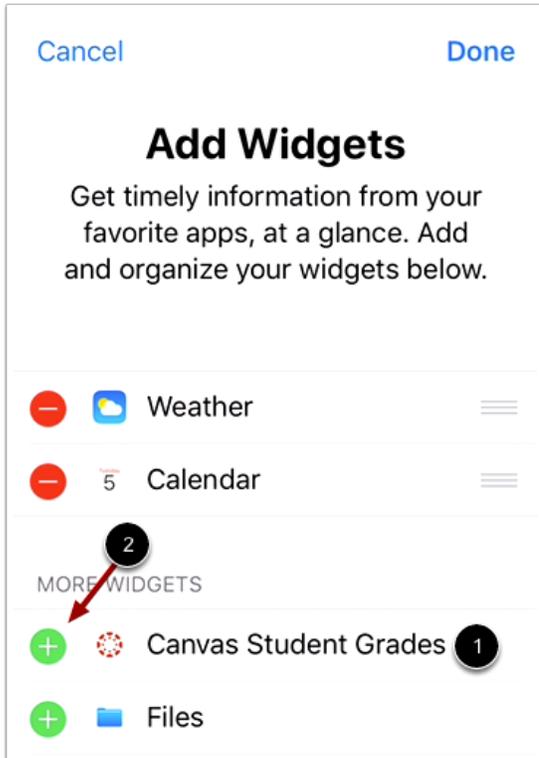

Swipe right from the Home screen or Lock screen to open the Today View.

Edit Widgets

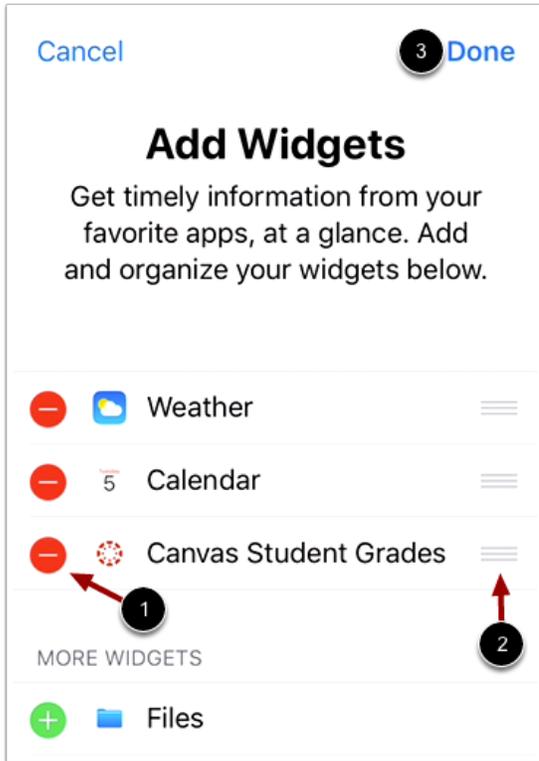

Tap the Edit button.

Add Grades Widget

Find the Canvas Student Grades widget [1]. To add the widget, tap the Add icon [2].

Edit Widget

Once you have added your widget, it will appear with the other widgets that have been added to your iOS device. To remove the widget, tap the **Remove** icon [1]. To move the widget, tap the **Move** icon [2] and drag and drop the widget to a new location.

To view your widgets, tap the **Done** link [3].

View Widget

View the Student Grades widget [1]. To display more courses in the widget, tap the **Show More** link [2].

To view course grades in the Student app, tap the name of the course [3].

How do I log in to the Canvas Student app on my iOS device?

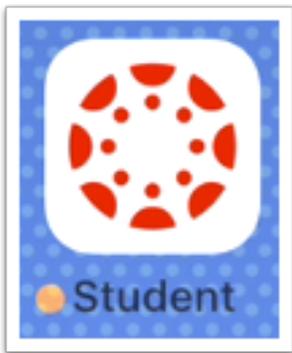

Once you [download the Canvas Student app](#) from the iTunes store, you can use the app to log in to your Canvas account.

The Canvas Student app will ask you for the name of your institution to find your Canvas account. If the app cannot find your institution, you can use your institution's Canvas URL to log in.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

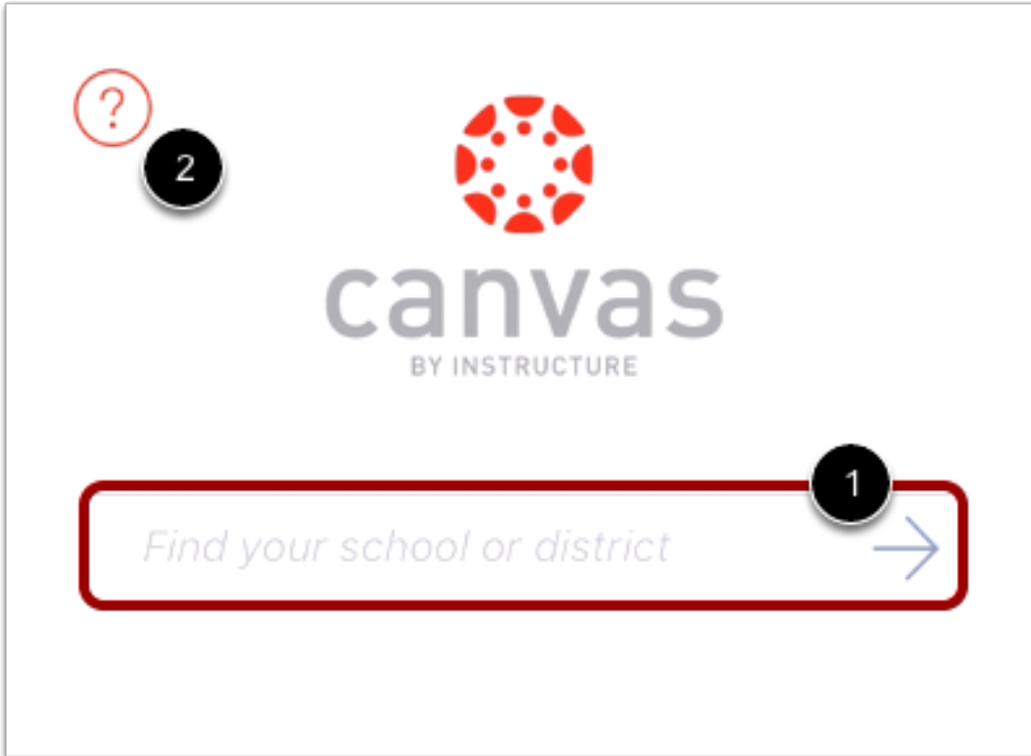

Note: If you do not want to locate your Canvas URL every time you log in to Canvas, learn how to [switch to another user account](#).

Open Canvas Student App

Open your device and tap the **Student** icon.

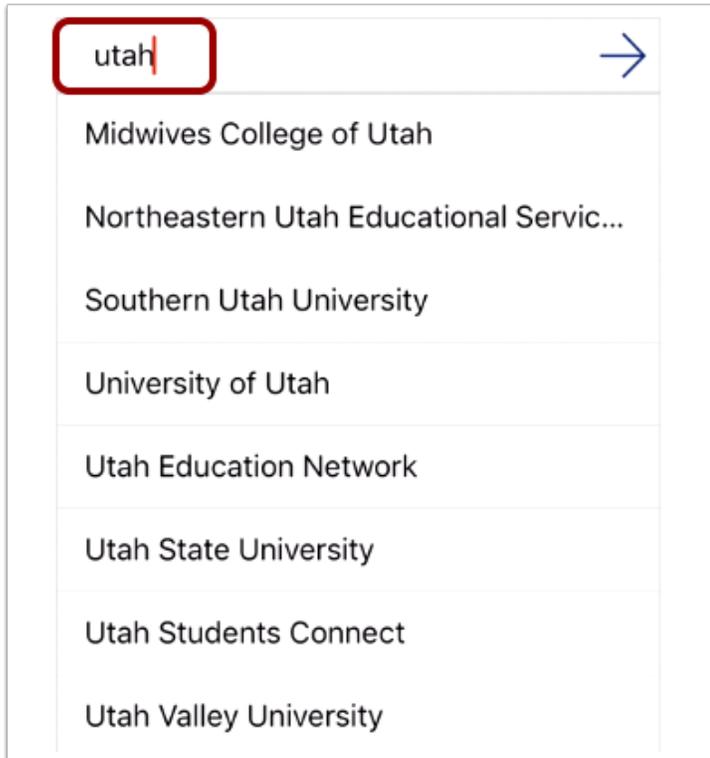

Open Search Field

Tap the search field [1].

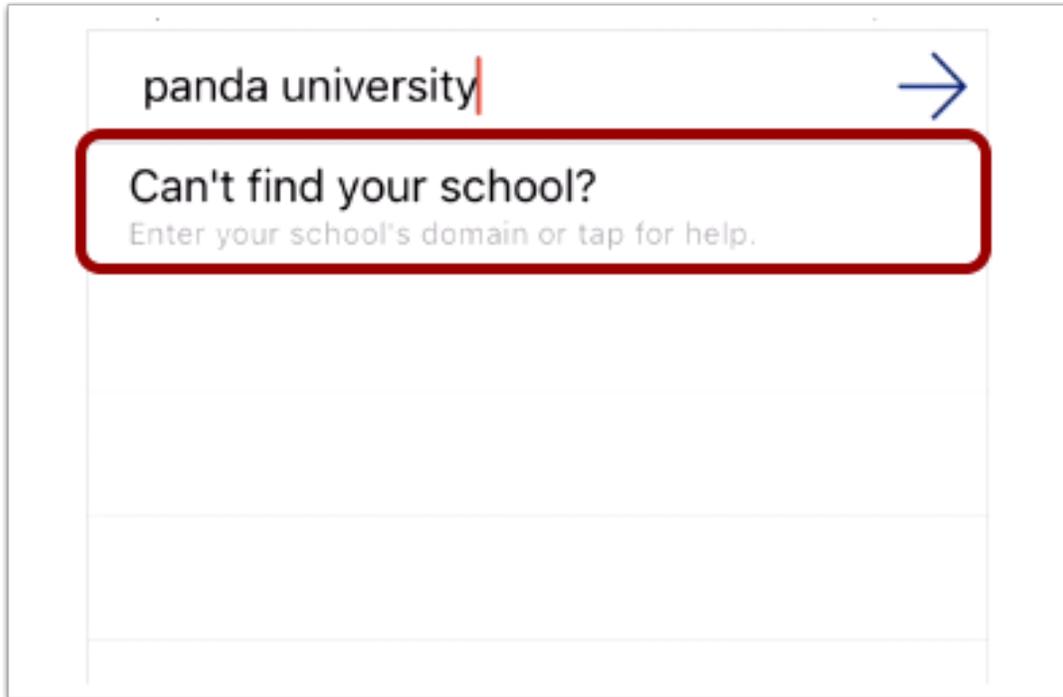

Note: If you ever need help logging in to Canvas, tap the **Help** icon [2].

Find Institution

A screenshot of the Canvas Student search interface. At the top, there is a search input field containing the text "utah" with a red border around it. To the right of the input field is a blue arrow icon. Below the input field is a list of search results, each on a separate line with a thin horizontal separator below it. The results are: "Midwives College of Utah", "Northeastern Utah Educational Servic...", "Southern Utah University", "University of Utah", "Utah Education Network", "Utah State University", "Utah Students Connect", and "Utah Valley University".

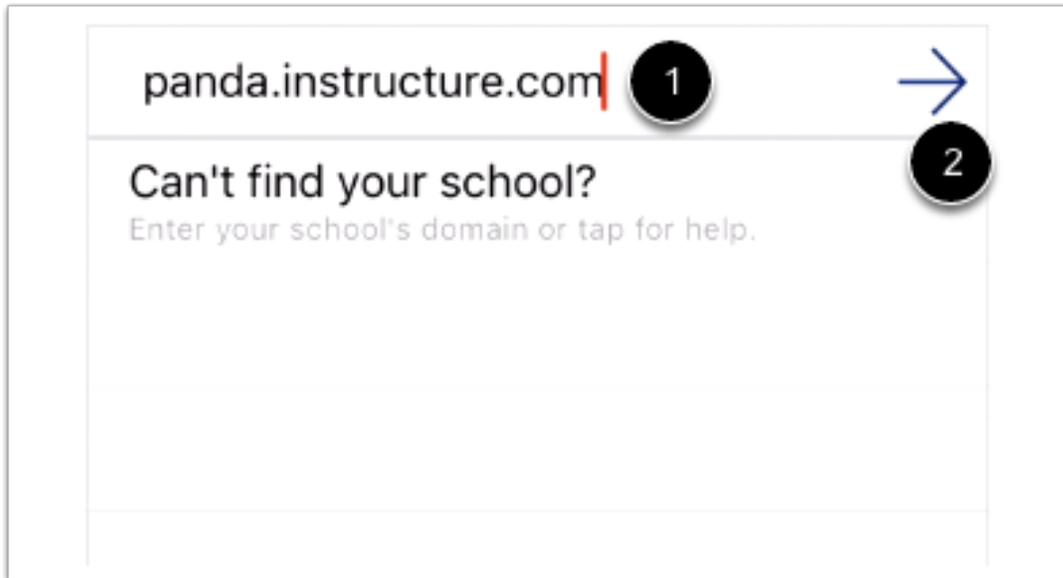

Enter the name of your institution. You can also enter the name of a school district. When the full name appears in the search list, tap the name.

Locate Canvas URL

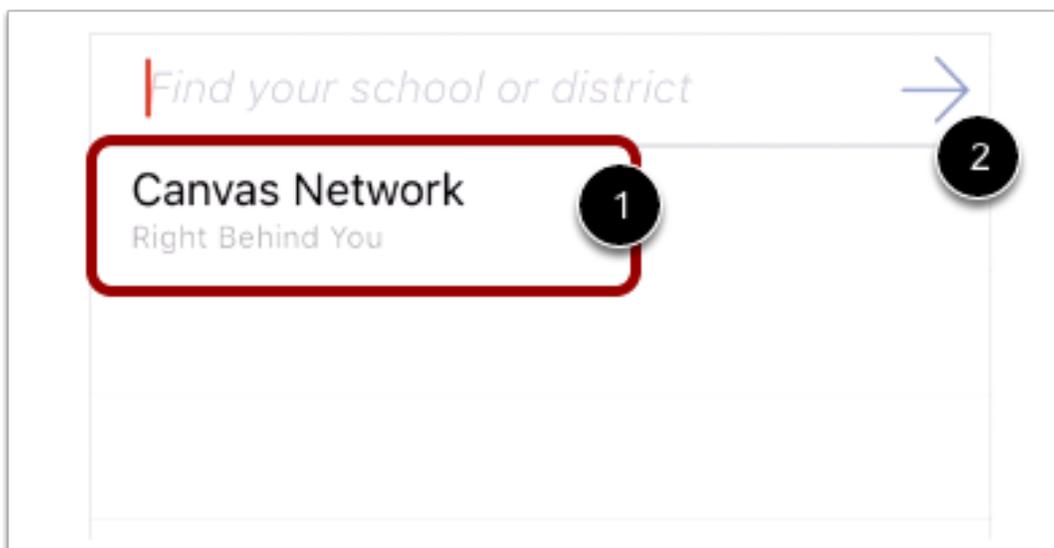

If the name of your institution does not appear in the search list, you may need to locate your Canvas account by entering a Canvas URL. If you don't know your Canvas URL, tap the **Can't find your school** link in the search results.

Enter Canvas URL

Enter your institution's Canvas URL in the search field [1]. Tap the arrow button [2].

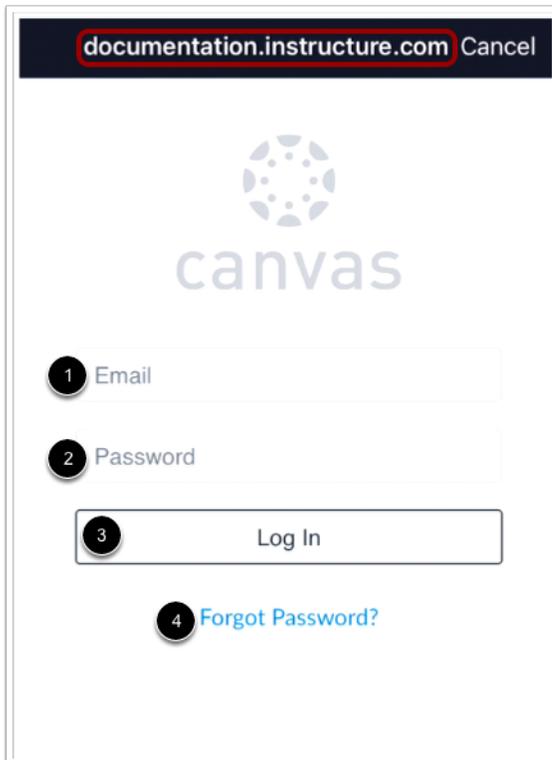

Locate Canvas Network or Free-for-Teacher Accounts

If you are trying to access a Canvas Network course, Canvas Network appears as a default option at the top of the search list [1]. Or, in the search field [2], you can also enter the Canvas Network URL: learn.instructure.com.

If you are trying to access a Free-for-Teacher account, use the search field to enter the Free-for-Teacher URL:
canvas.instructure.com.

Enter Login Credentials

A screenshot of the Canvas login interface on an iOS device. At the top, a dark navigation bar contains the URL "documentation.instructure.com" in white text, with a "Cancel" button to its right. Below the navigation bar is the Canvas logo, consisting of a circular icon of dots and the word "canvas" in a light gray font. Underneath the logo are two text input fields: the first is labeled "1 Email" and the second is labeled "2 Password". Below these fields is a "Log In" button, which is labeled "3". At the bottom of the screen is a link labeled "4 Forgot Password?".

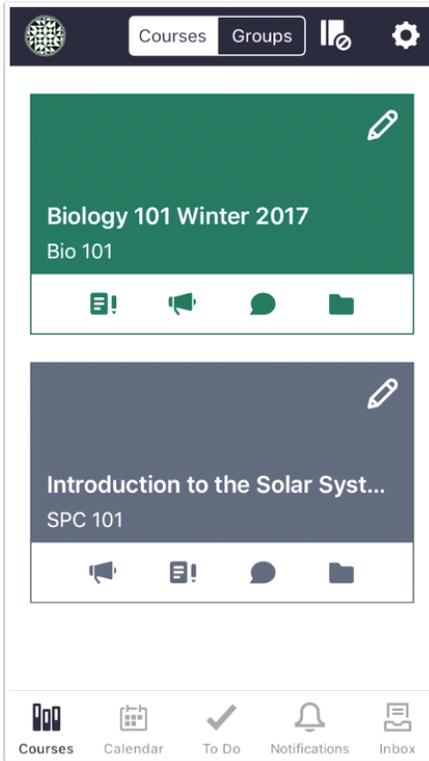

After you've located an account, you can view the Canvas URL at the top of the screen. Enter your email [1] and password [2]. Tap the **Log In** button [3].

If you don't know your password, tap the **Forgot password?** link [4].

Notes:

- The Canvas email field credential varies according to institution. Some institutions may require a username or account number.
- If your Canvas mobile login page does not show the reset password option, contact your institution if you need to reset your password.
- If your institution requires you to log in to Canvas using their authentication system, you will be redirected to your institution's login page.

View Dashboard

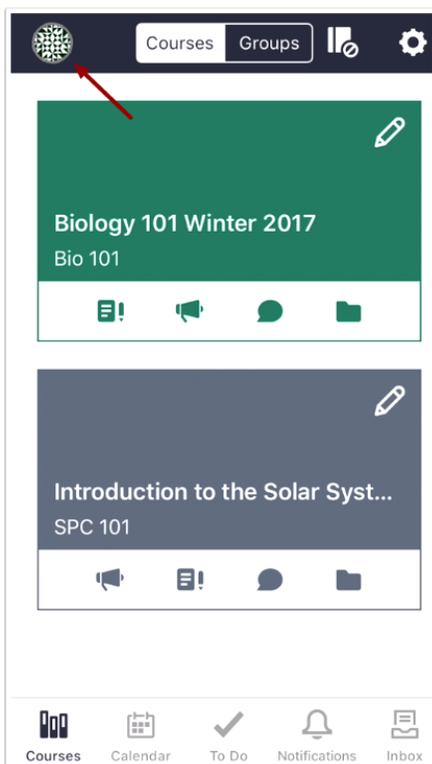

View the Dashboard for your account.

How do I switch to another account in the Canvas Student app on my iOS device?

If you use Canvas in more than one account (Canvas URL), you can change between accounts on your device without having to log out of the app.

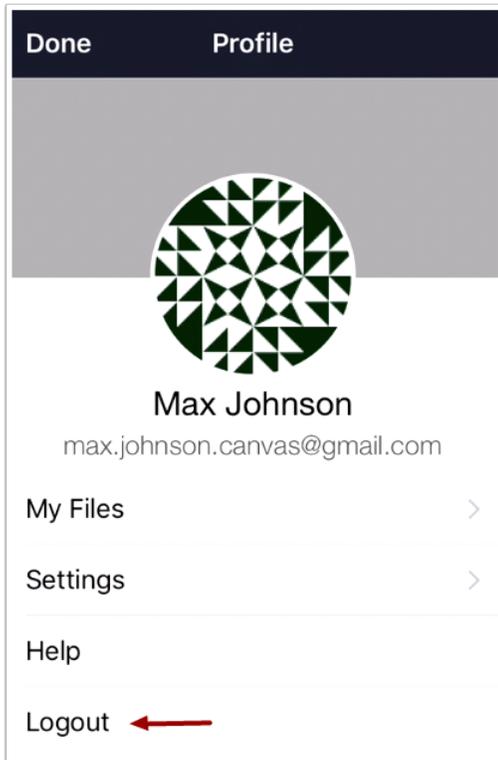

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Profile

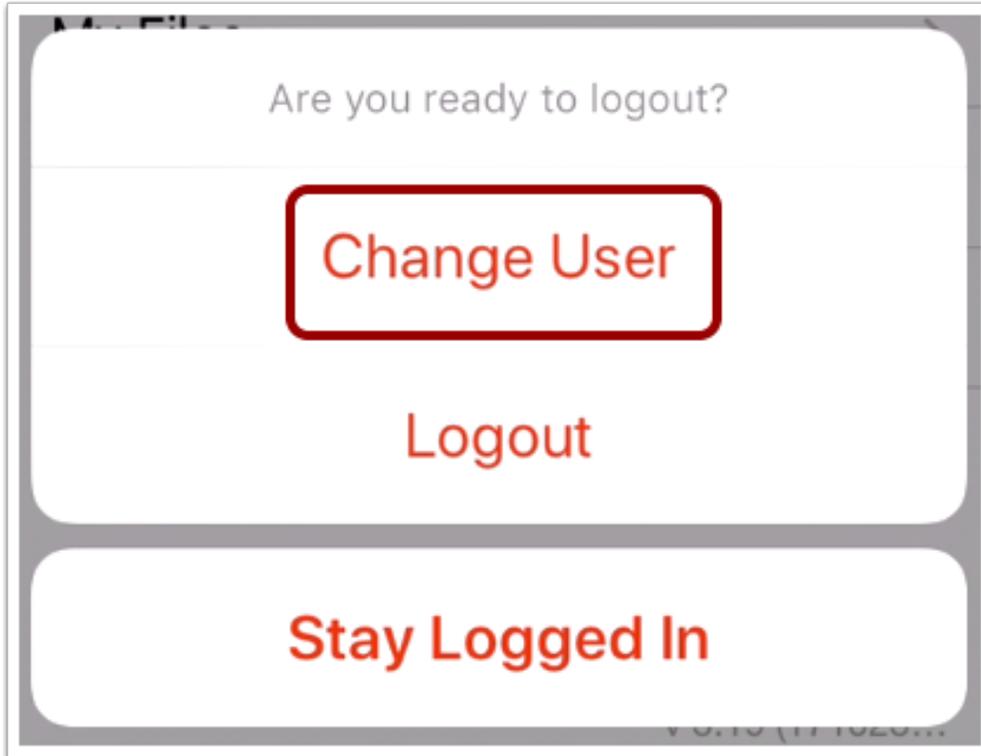

In the Dashboard, tap the **Profile** icon.

Log Out

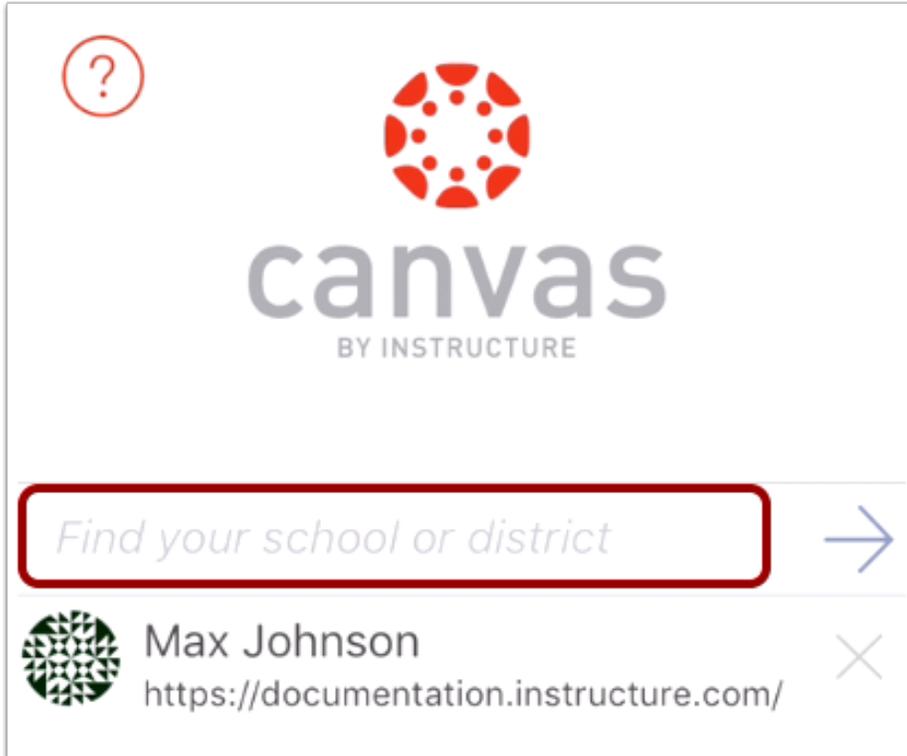

Tap the **Logout** option.

Change User

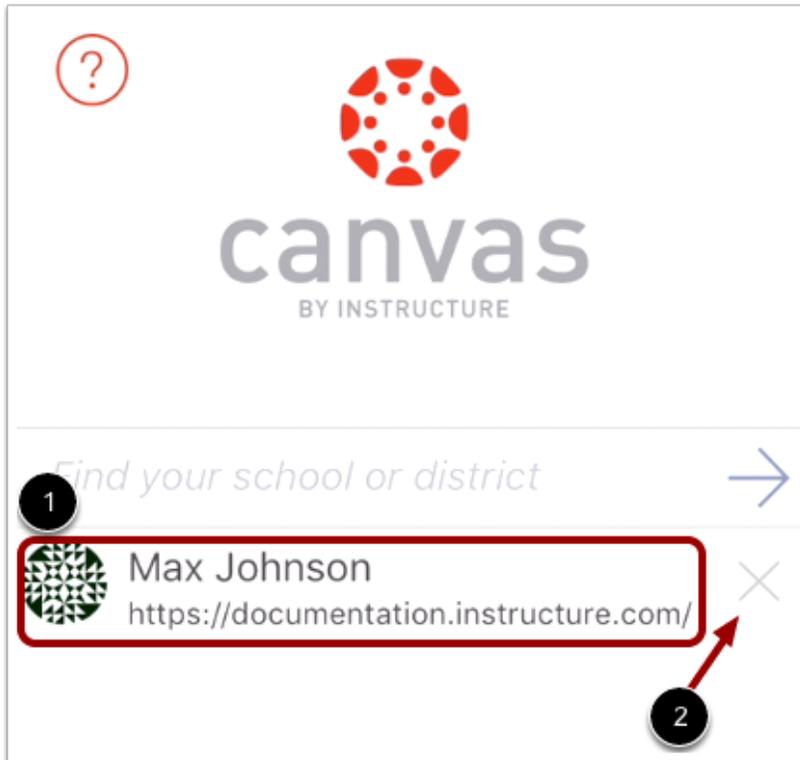

Tap the Change User button.

Sign In as a New User

Log in to Canvas with your additional account URL.

Previous logins appear at the bottom of the login window. To change users, tap the user profile you want to open [1].

To remove a profile, tap the remove icon [2].

How do I use the Canvas Student app on my iOS device?

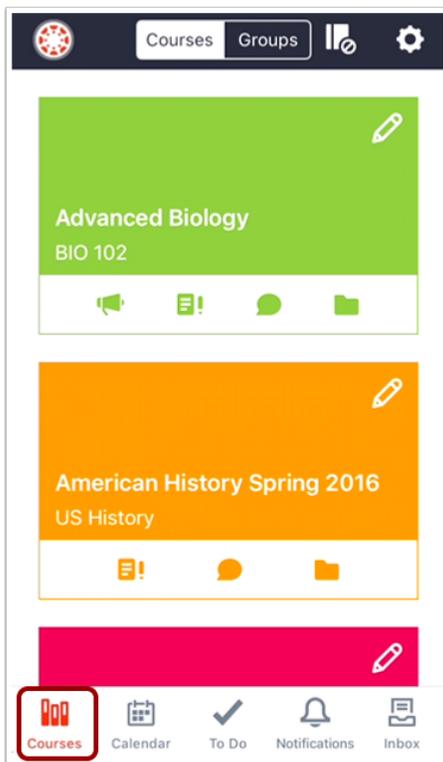

The Canvas Student app helps students access their courses while they are away from a computer browser. The app displays your profile, Calendar, To-Do items, Notifications, and Messages, as well as functionality to access and complete a course. You can also subscribe to your course calendar feed and view it as part of the calendar on your device.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Note:

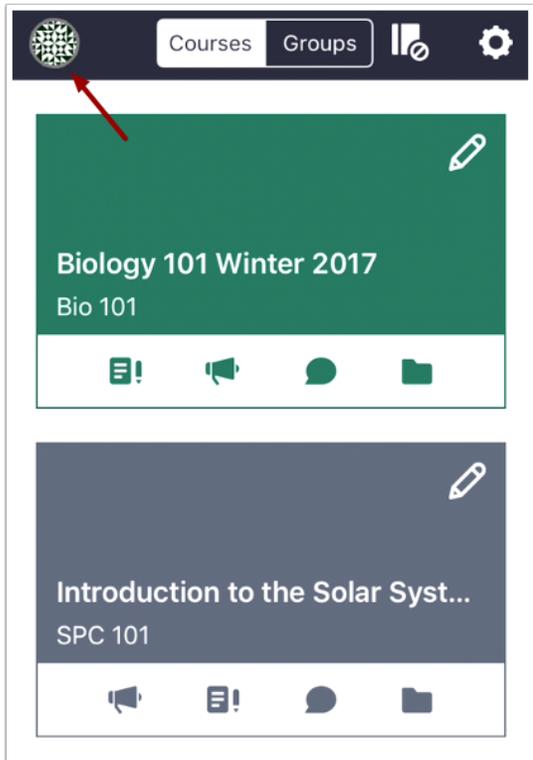

- Not all Canvas features are supported on the app at this time.
- The Canvas Student app uses your device's settings to set the time zone used within the app.

View Landing Page

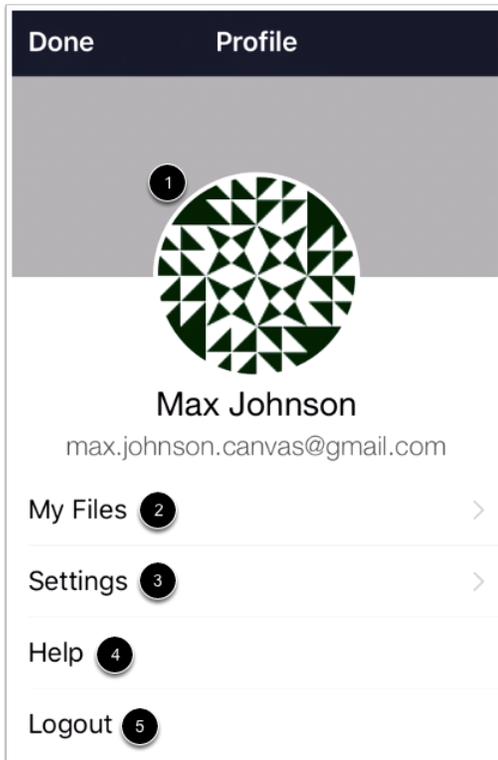

When you log in to the Canvas Student app, the default landing page is the Courses page, or Dashboard. Learn how to [change your landing page](#).

View Profile

To view your profile, tap the **Profile** icon.

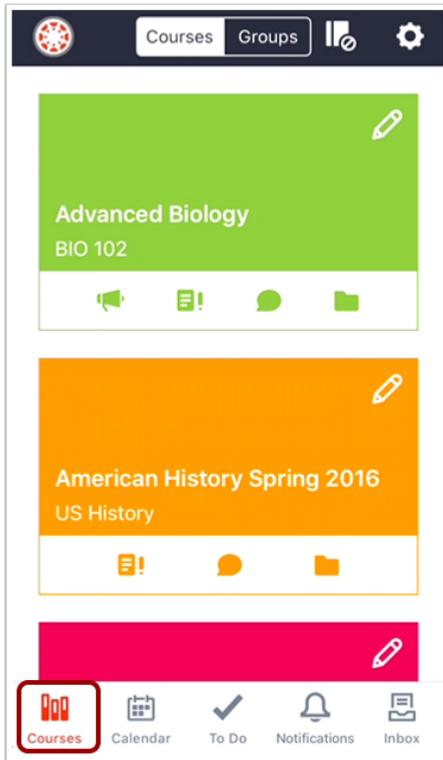

Your Profile page shows you all the information associated with your Canvas account.

From this page you can:

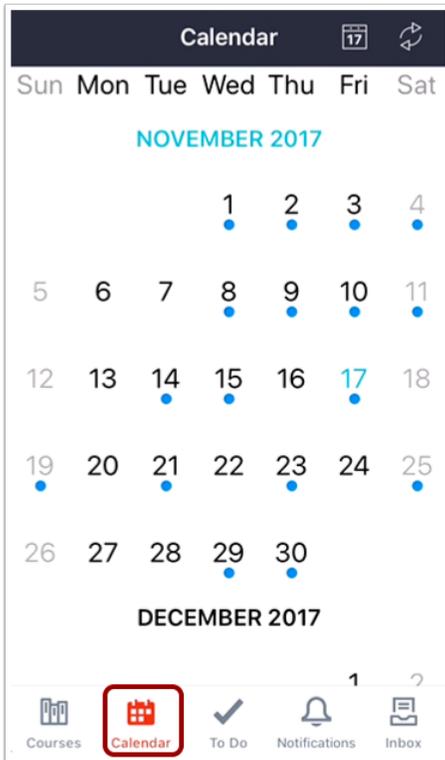

1. Choose a [profile picture](#) (this feature requires permission from your institution)
2. [View your files](#)
3. [View Canvas app settings](#)
4. Get [Help](#) with the Canvas app
5. [Log out](#) of the Canvas app

View Courses and Groups

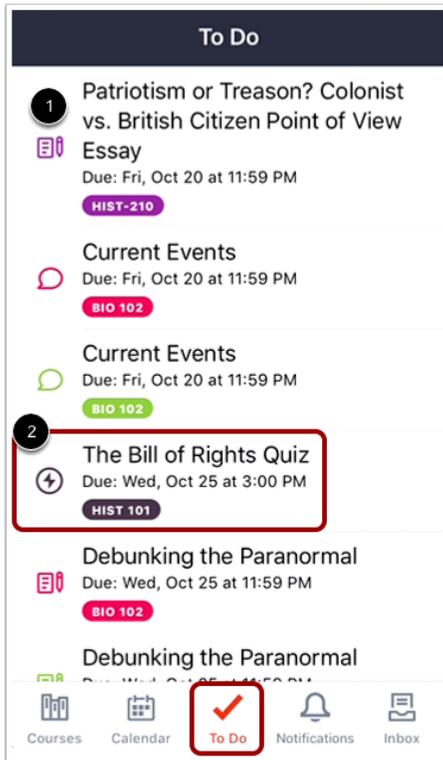

The **Courses** icon displays all your current courses and groups, including your favorite courses. Courses also displays overall grades in each course. Learn how to [view courses and groups](#).

View Calendar

The Calendar icon displays events and assignments for your courses and groups. Learn how to [view the Calendar](#).

View To Do List

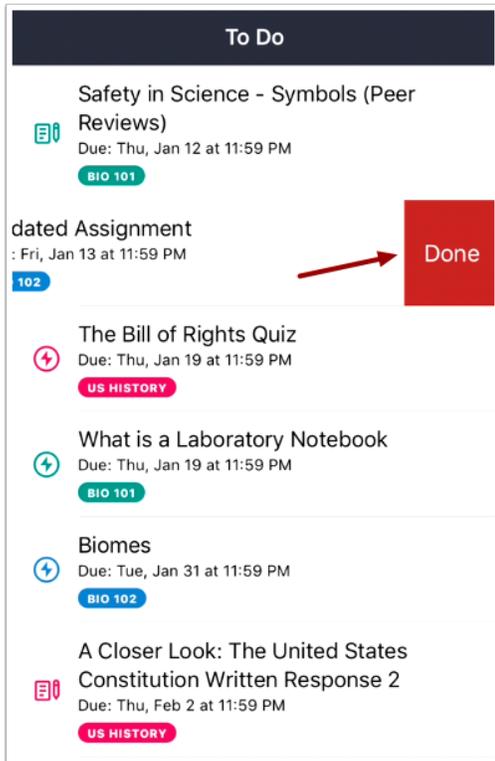

The To-Do icon gives a quick view of upcoming course activities that have not yet been completed.

The To Do List gives you a quick view of upcoming course activities that you have not yet completed. Each item is color-coordinated according to course and displays an icon for its activity type: assignment, discussion, or quiz [1].

Tapping an activity item [2] takes you to its corresponding page, so you could complete an assignment directly.

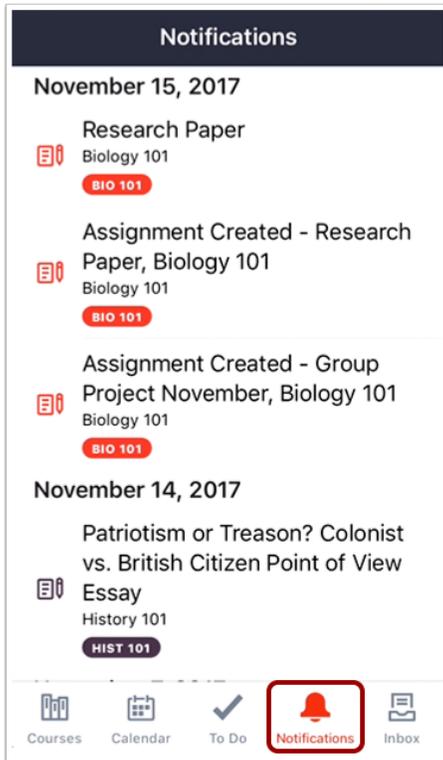

Note: Users with instructor roles will see To-Do notifications about grading assignments.

Hide To Do Item

To hide a To Do item, swipe the item to the left. Tap the Done.

View Notifications

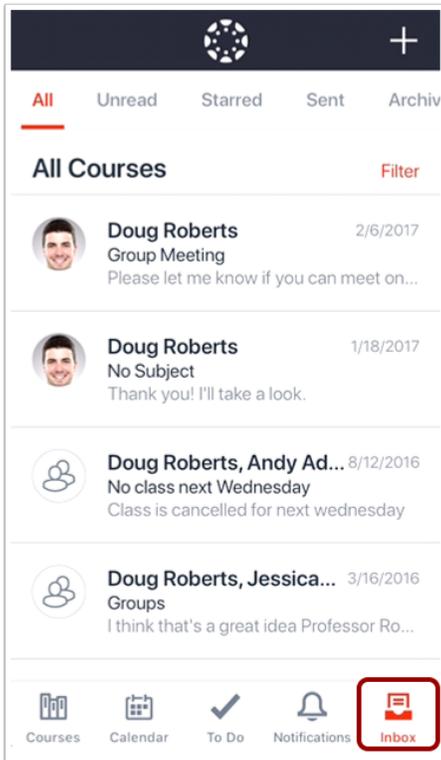

To view Notifications, tap the **Notifications** tab.

Notifications gives you an overview of all course notifications such as changes to an assignment due date, newly created assignment, course announcement, or a reply to a subscribed discussion.

Like the To Do List, items in Notifications are color-coordinated by course and display activity type icons, including an icon for announcements. Tapping a notification item displays its corresponding page.

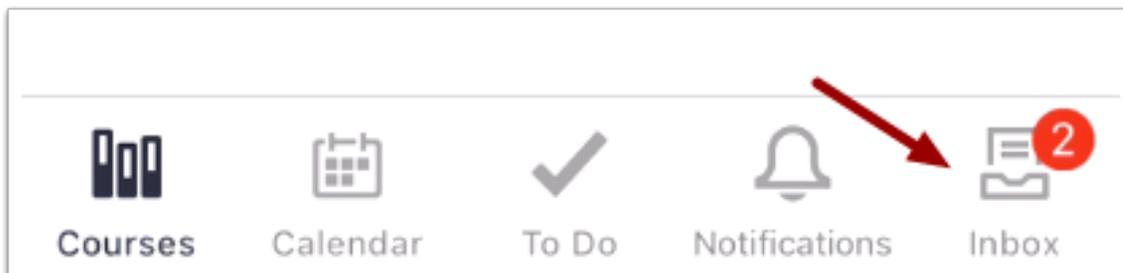

You can also view specific [course Notifications](#) within each of your courses.

View Messages

The Inbox icon displays all Conversations messages in the Canvas app. Learn how to view [Messages](#).

View New Items Indicator

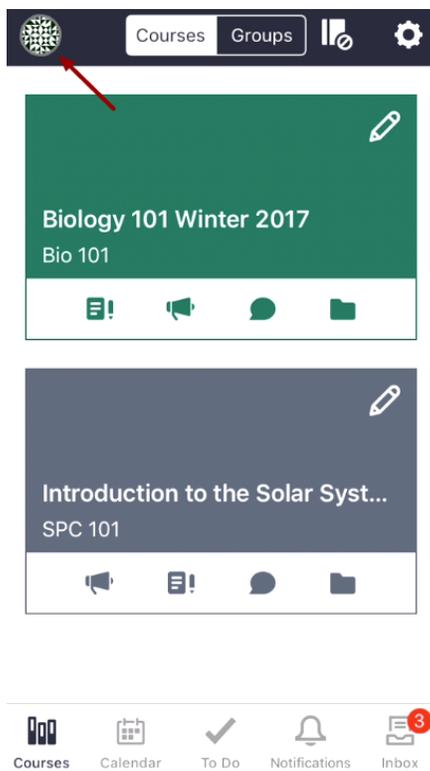

If there are new items in the To Do list or Messages, a red indicator will appear next to the relevant tab. This indicator lets you know about updates in these areas when you are in another part of the app.

How do I set a landing page in the Canvas Student app on my iOS device?

When you log in to the Canvas Student app, you can choose which page you want to view as your app landing page. By default, the landing page displays the Courses page.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Profile

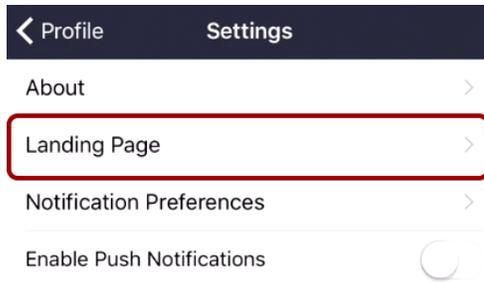

In the Courses page, tap the **Profile** icon.

Open Settings

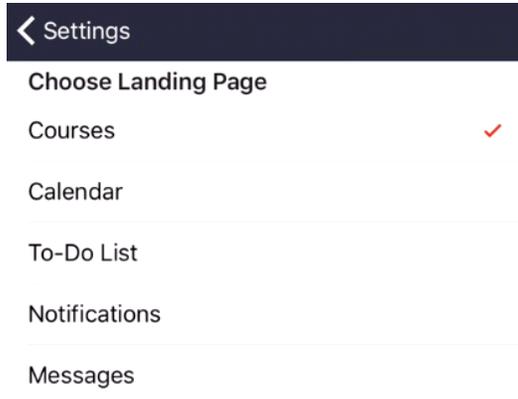

Tap the **Settings** link.

Open Landing Page

Tap the Landing Page link.

Set Landing Page

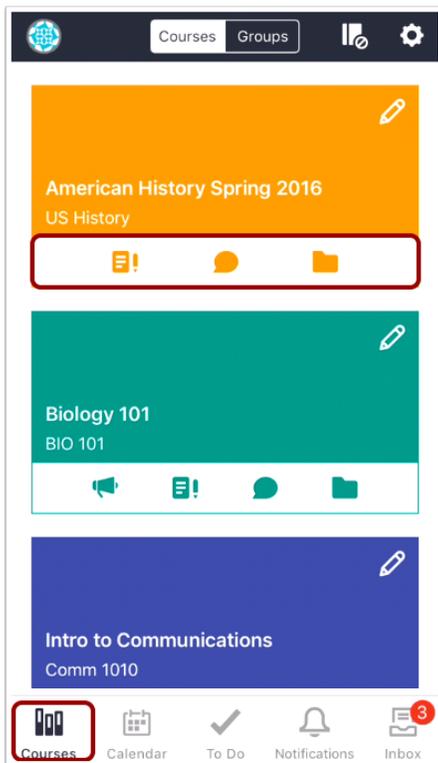

Tap the name of the new page that you want to view when you log in to the app. This change will take effect the next time you log in.

How do I view Courses and Groups in the Canvas Student app on my iOS device?

You can view all your active courses and groups in the Canvas Student app.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

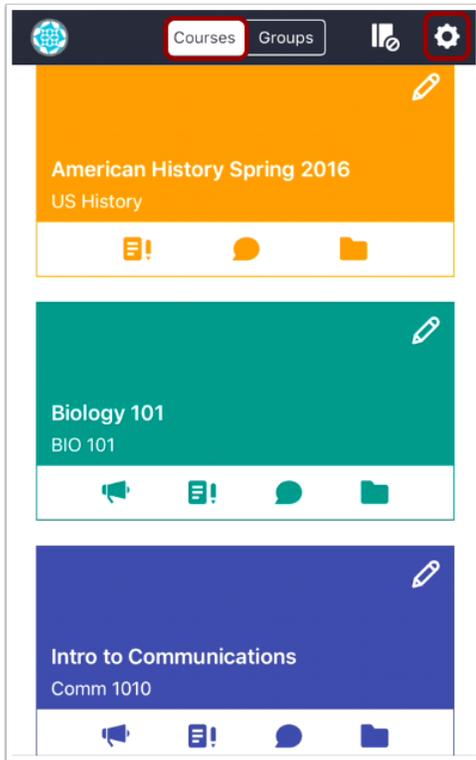

View Courses and Groups

Unless otherwise changed as the [landing page](#), the app defaults to the Courses tab and displays all your Favorite courses and groups. Favorite courses mirror the courses and groups customized drop-down menu in the web version of Canvas.

Each course includes four icons, which are shortcuts to the main Canvas features for student course activity: Announcements, Assignments, Discussions, and Files. These icons mimic visibility and order in Course Navigation, so if the link is hidden in the browser version of Canvas, the icon will not display for the course.

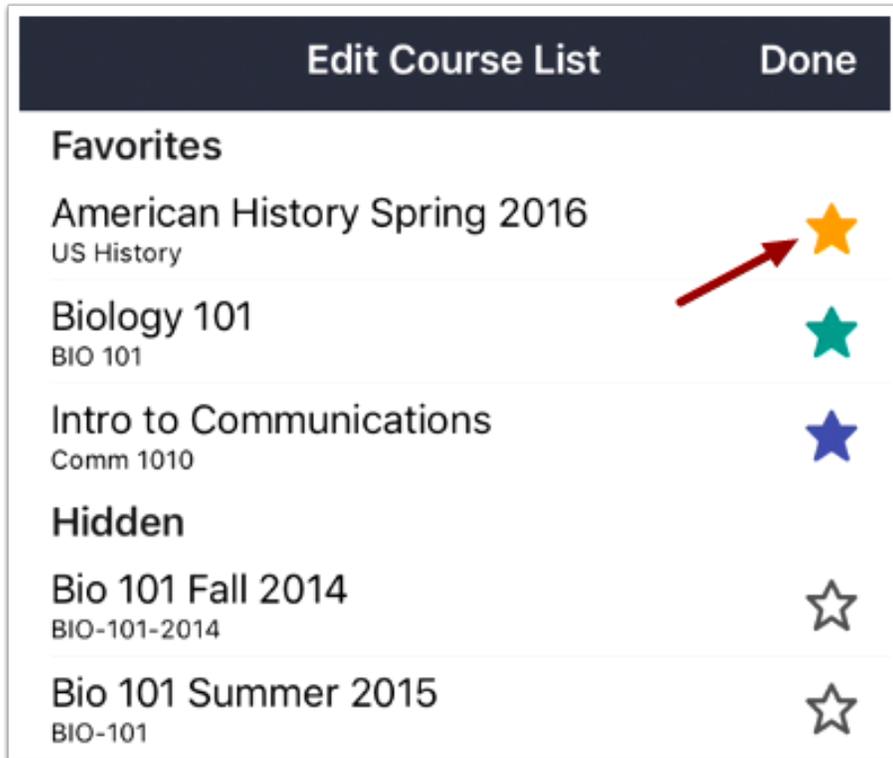

Set Favorites

Favorites can be managed from the Courses tab. Changes to your favorite courses or groups will also apply to the browser version of Canvas.

To favorite a course or group, tap the Courses or Groups button, then tap the **Settings** icon.

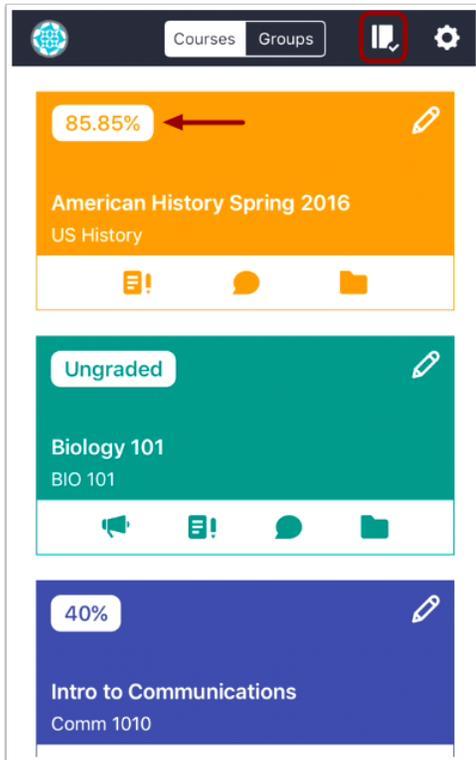

Select Courses or Groups

Tap the star next to the course or group name you want to favorite.

Note: Changes to your favorite courses or groups will also apply to the browser version of Canvas.

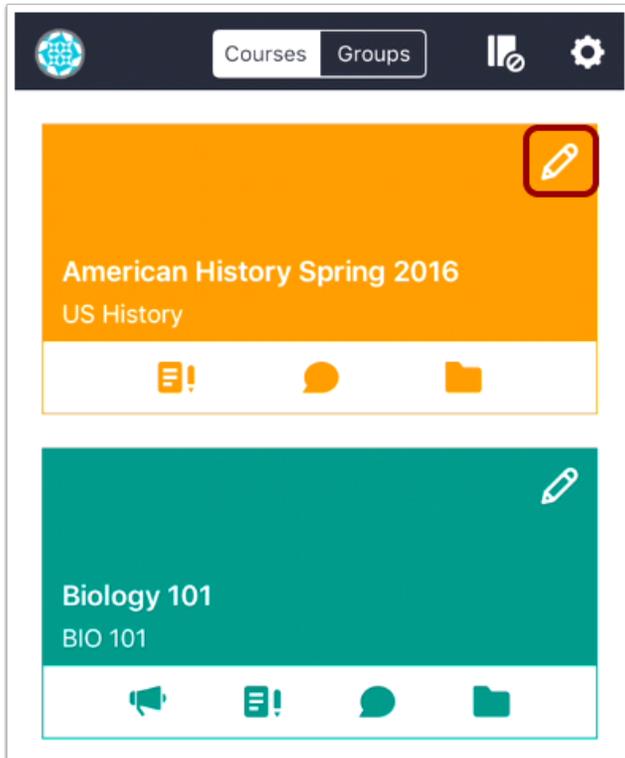

View Grades

You can view your course grade in the Courses tab.

Learn how to [view Grades](#).

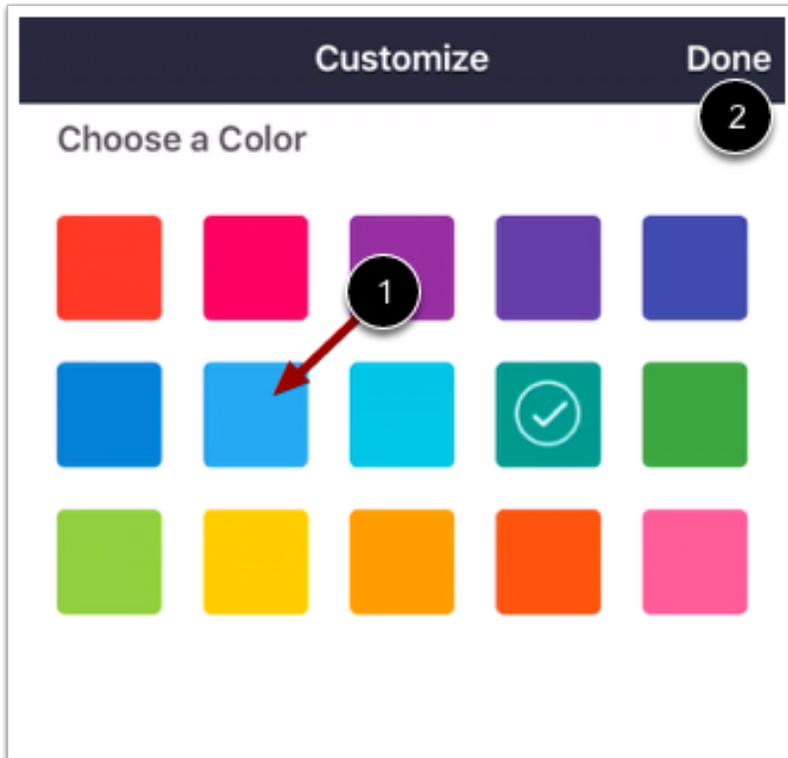

Assign Course Color

You can change the color associated with your courses and groups. Colors help associate course items in other areas of the Canvas Student app, such as in the To Do List and Notifications.

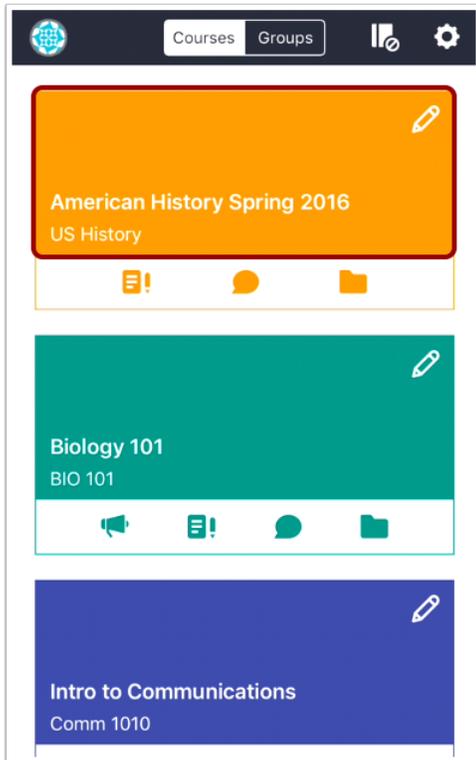

To change the color for a course, tap the **Edit** icon.

Choose Course Color

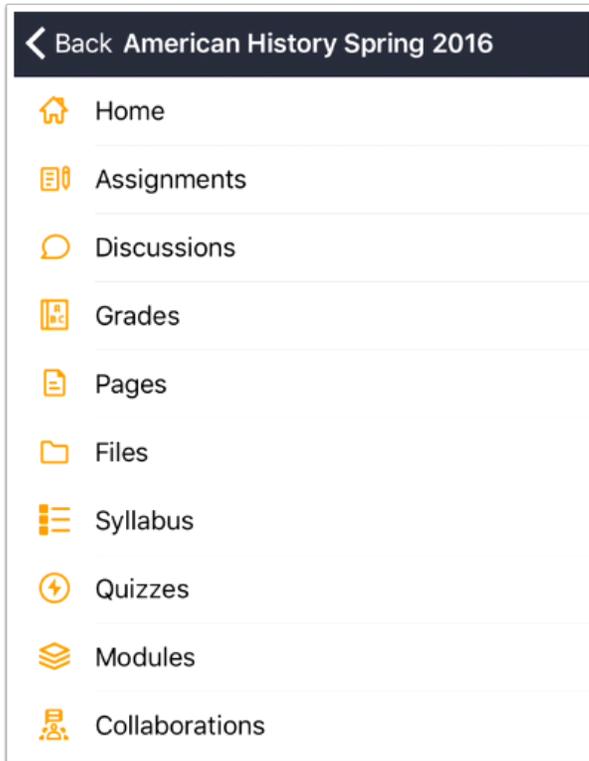

Tap the new color for your course [1]. Tap the Done link [2].

Open Course or Group

To open a course or group, tap the course or group name.

View Course Navigation

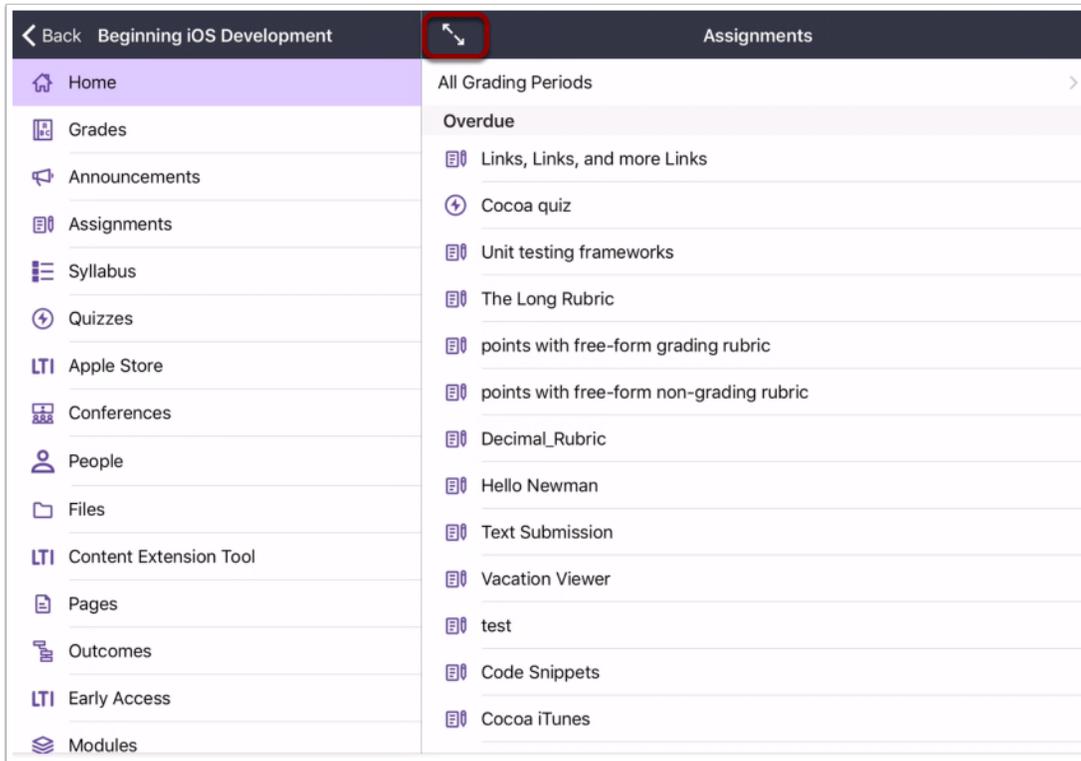

Within each course, you will be able to view the course navigation links that are available in the browser version of Canvas. Therefore, if a course navigation link is hidden in the browser version, you will not be able to access it in the app.

Courses and groups are associated by color, which help associate course items in other areas of the Canvas Student app, such as in the To Do List and Notifications.

Note: Not all course navigation links are supported in the Canvas Student app. However, all navigation links are supported in a mobile browser.

View Course Navigation on iPad

iPad functionality mimics the web version of Canvas, allowing Course Navigation to be expanded or collapsed for full-screen course viewing. To expand or collapse the Course Navigation menu, tap the expand icon.

How do I set Notification Preferences in the Canvas Student app on my iOS device?

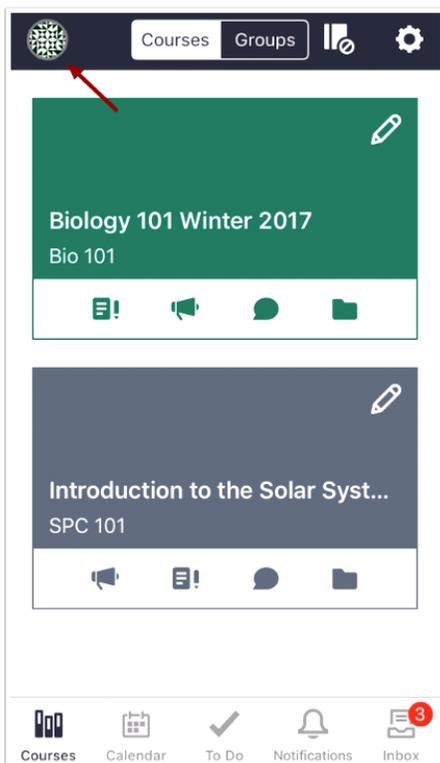

You can set notification preferences in the Canvas Student app to receive updates about your Canvas courses. Selected updates are push notifications, meaning notifications are sent to you even if you have not opened the Canvas Student app. You can choose to set notifications for specific contact methods, or you can set notifications for all devices.

Contact methods in the Canvas Student app are the same methods added to your Profile and User Settings in the browser version of Canvas.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

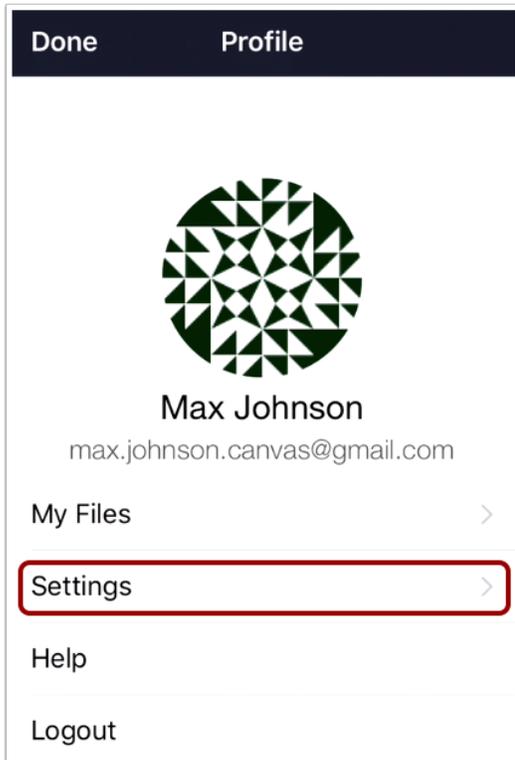

Note: Because mobile notifications are currently limited, mobile preferences override preferences in the browser version of Canvas. Additionally, daily and weekly notifications are not currently available in the app.

Open Profile

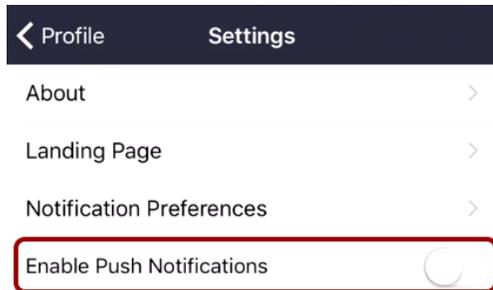

In the Courses page, tap the **Profile** icon.

Open Settings

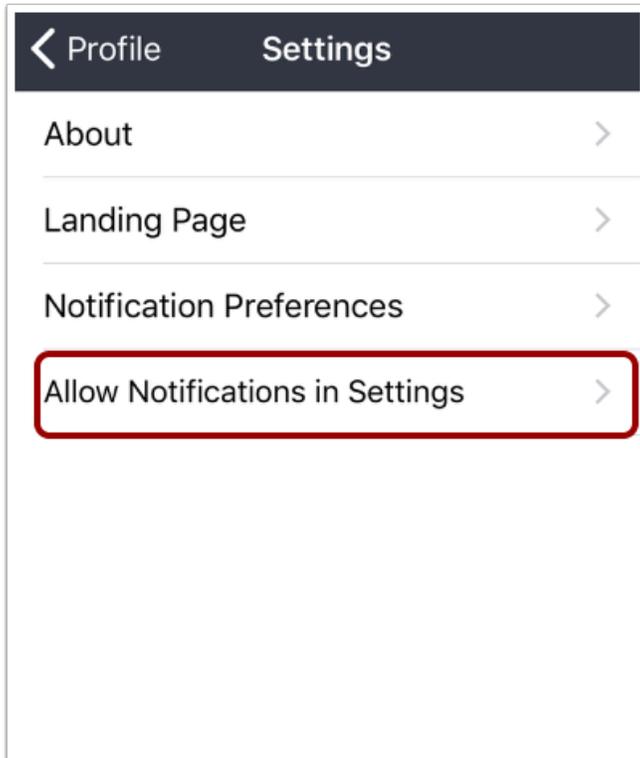

Tap the **Settings** button.

Enable Push Notifications

Toggle the Enable Push Notifications button.

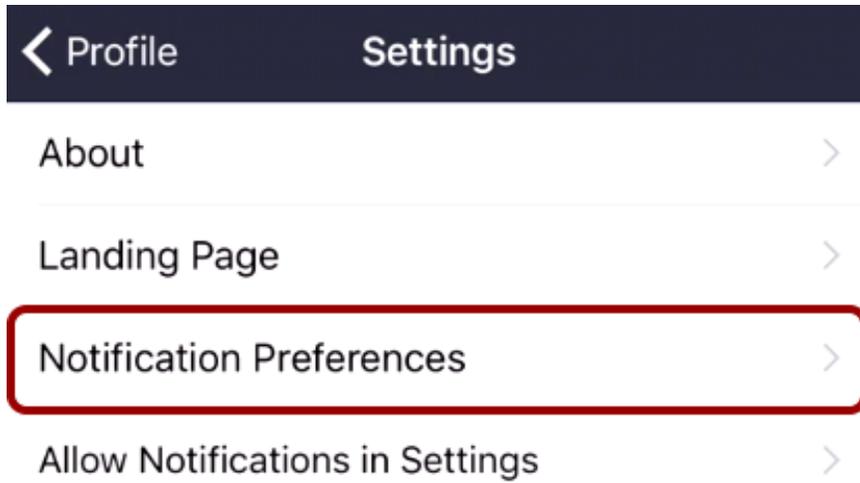

Allow Notifications in Settings

After push notifications are enabled, the Enable Push Notifications button is replaced by the Allow Notifications in Settings link.

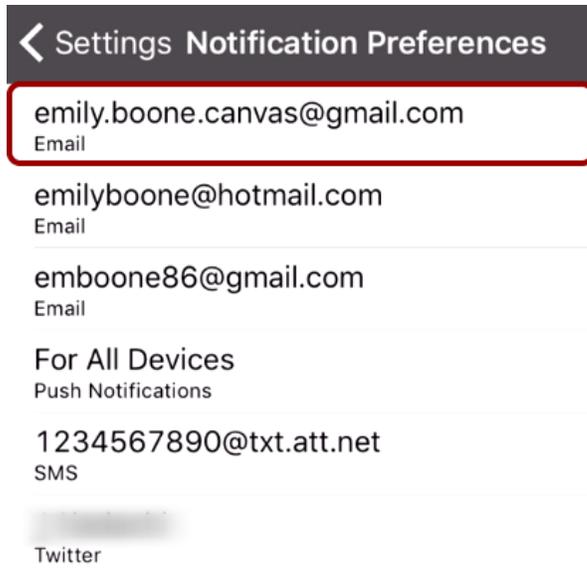

To open notification settings in your iOS device, tap the **Allow Notifications in Settings** link.

Open Notification Preferences

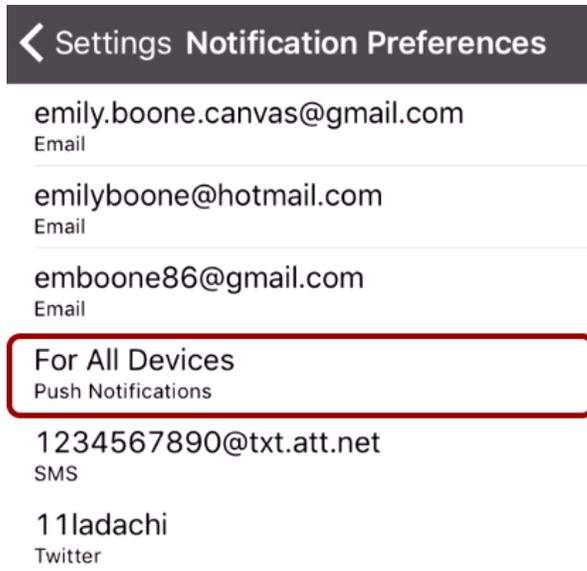

Tap the Notification Preferences link.

Select Communication Channel

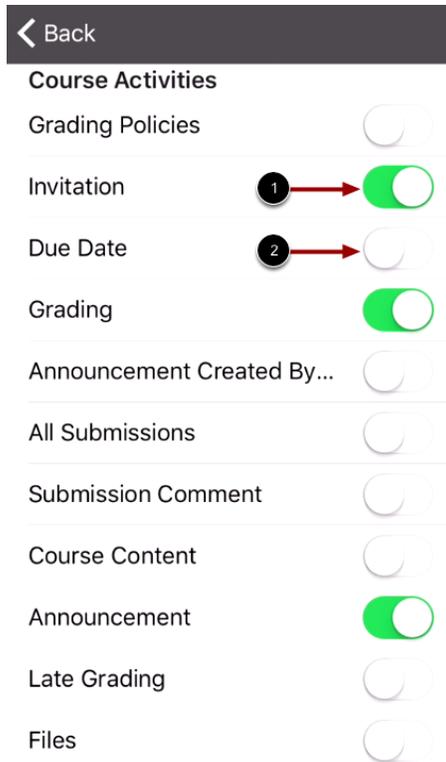

Tap the communication channel where you want to set notifications.

Set Notifications for All Devices

If you want to set notifications for all your devices, tap the **For All Devices** option.

Set Notification Preference

Notifications are organized into notification groups.

By default, all notifications are turned on (toggle is on the right) [1]. Enabled notifications are sent ASAP.

To disable a notification, tap the slider (toggle will be on the left) [2]. Disabled notifications are never sent.

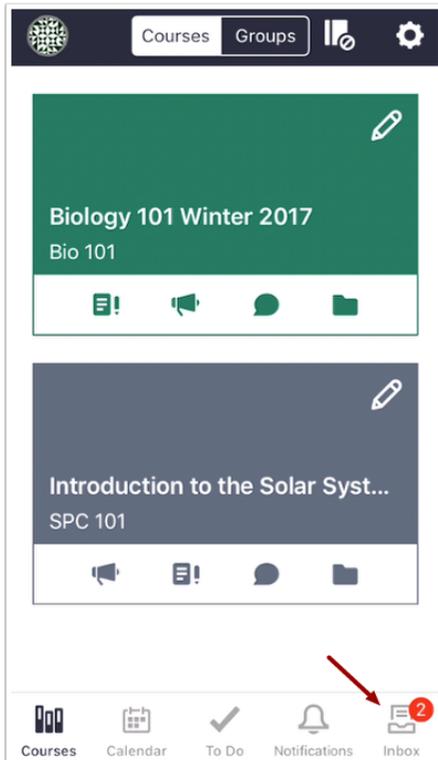

How do I view Conversations messages in the Canvas Student app on my iOS device?

Canvas lets you access your conversations on your mobile device so you can keep in touch with people in your course at any time.

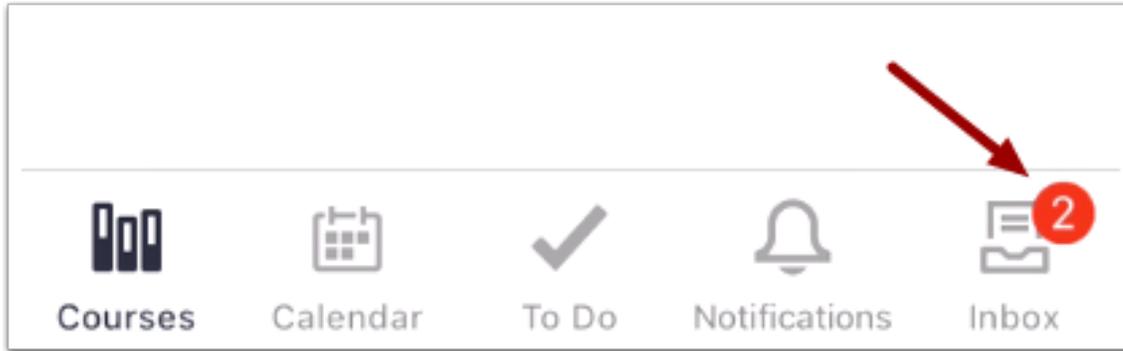

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Note: Unlike the web version of Canvas, you cannot view assignment comments from your instructor in Conversations. However, you can [view comments in the assignment](#).

Open Messages

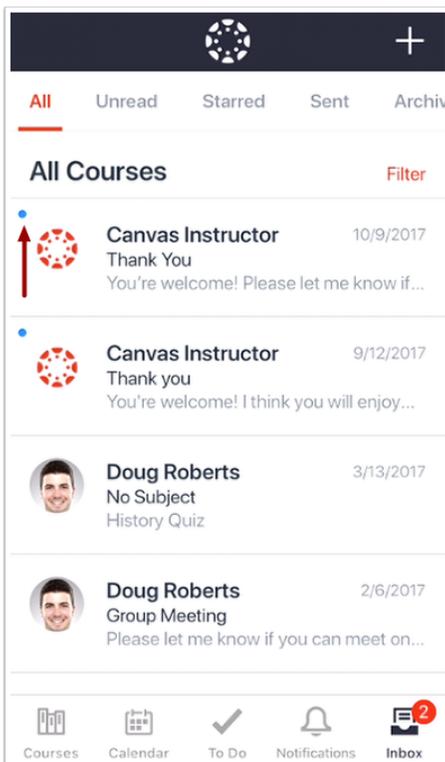

In the Dashboard, tap the **Inbox** icon.

If there are new messages, the icon will indicate the number of new messages received. This indicator helps you know when you have new messages when you are in another part of the app.

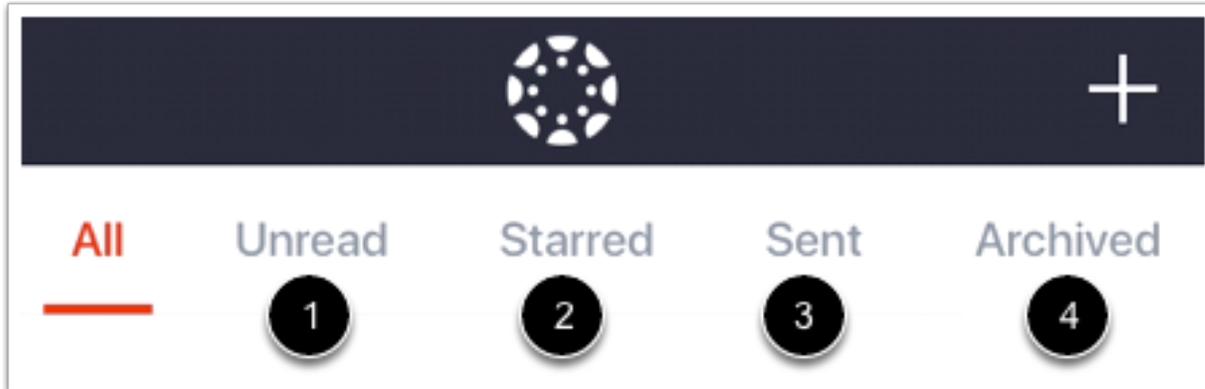

View Conversations Messages

The Conversations folder displays all messages you have received and is organized the same way as the browser version of Conversations. Messages are arranged in chronological order—newer messages appear at the top, and older messages appear near the bottom. New messages are indicated with a blue dot.

Swipe the app from top to bottom to quickly refresh your messages.

View Mailbox Filters

You can view different types of messages in the Inbox:

Unread [1]: Messages that are unread in the Inbox

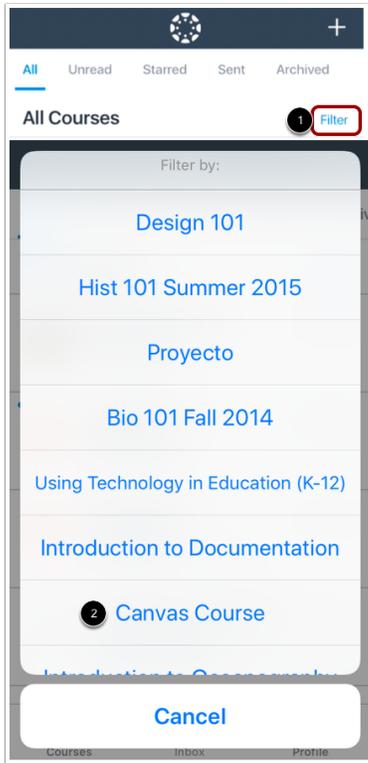

Starred [2]: Messages that you've starred in the Inbox

Sent [3]: Messages that you've sent (you cannot view messages sent to others in any other tab until you receive a reply)

Archived [4]: Messages that have been archived

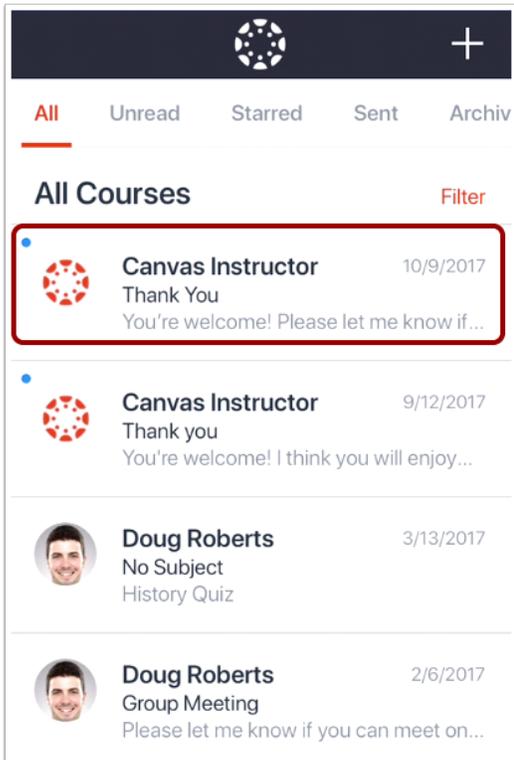

Note: Messages cannot be archived in the Canvas by Instructure app.

View Inbox Filter

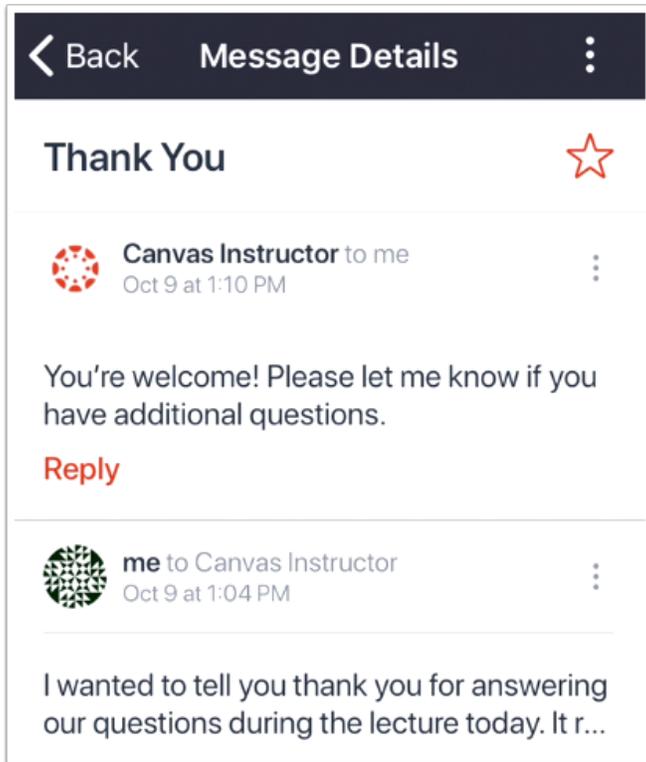

You can also filter your Inbox by course. Tap the Filter link [1], then select the course name whose messages you want to view [2].

View Messages

To view a message, tap the message you want to open.

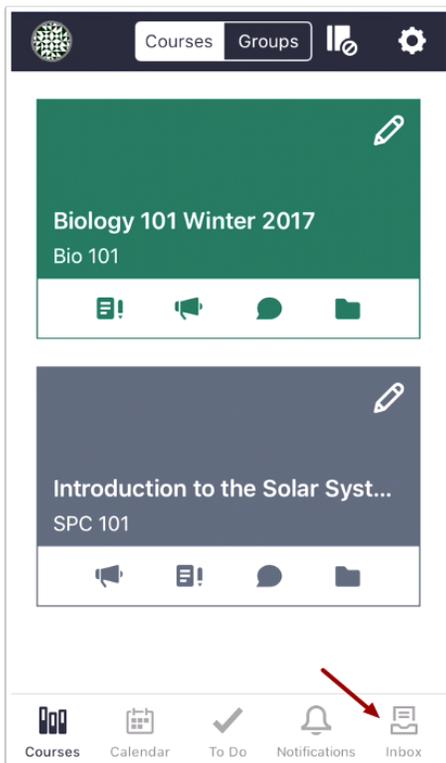

View the selected message thread.

How do I send a message in the Canvas Student app on my iOS device?

You can send conversation messages to multiple people in your courses in the app.

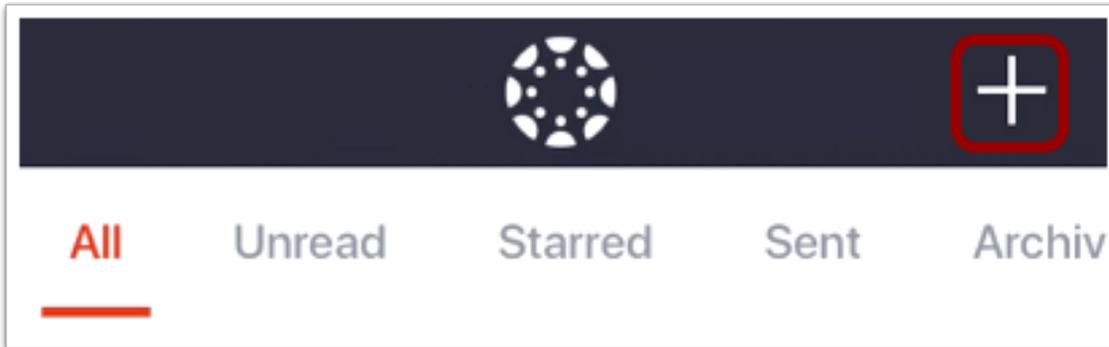

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Messages

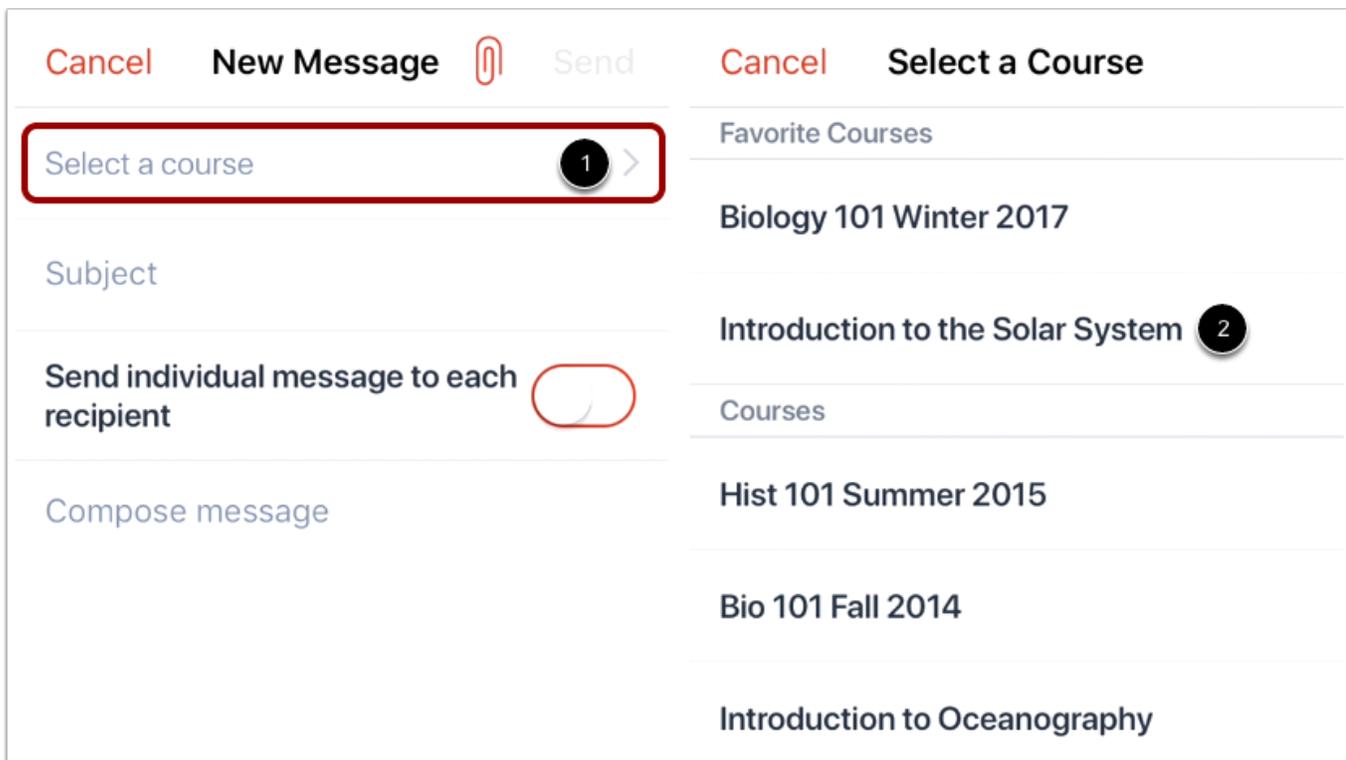

In the Dashboard, tap the **Messages** icon.

Compose New Message

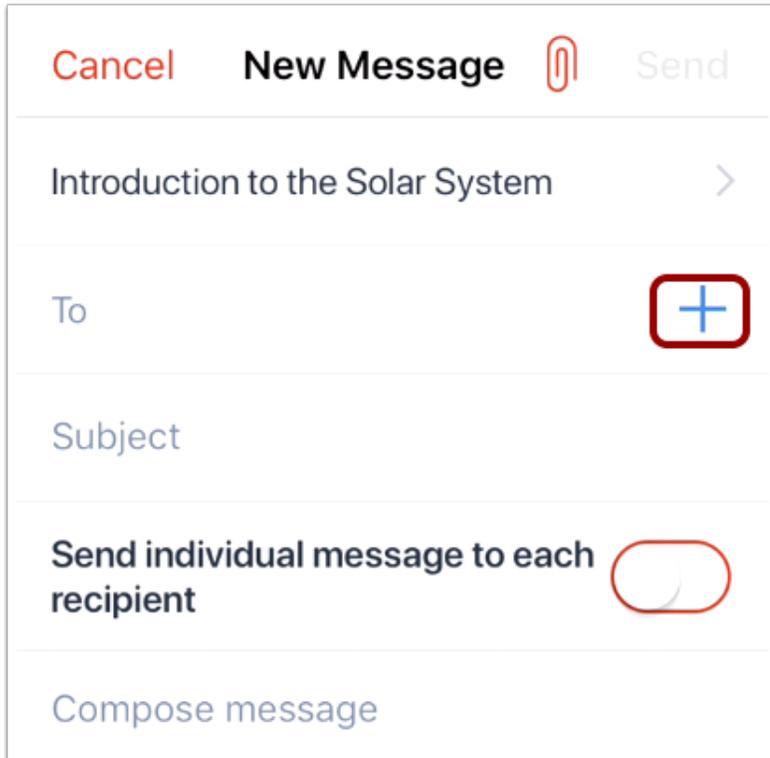

Tap the Add icon.

Select Course

Tap the **Select a course** link [1] and select the course where you want to send the message [2].

Add Recipient

Cancel **New Message**  Send

Introduction to the Solar System >

To 

Subject

Send individual message to each recipient

Compose message

In the **To** field, tap the **Add** icon.

Note: You can only add one user or group of users at a time.

Search by Name

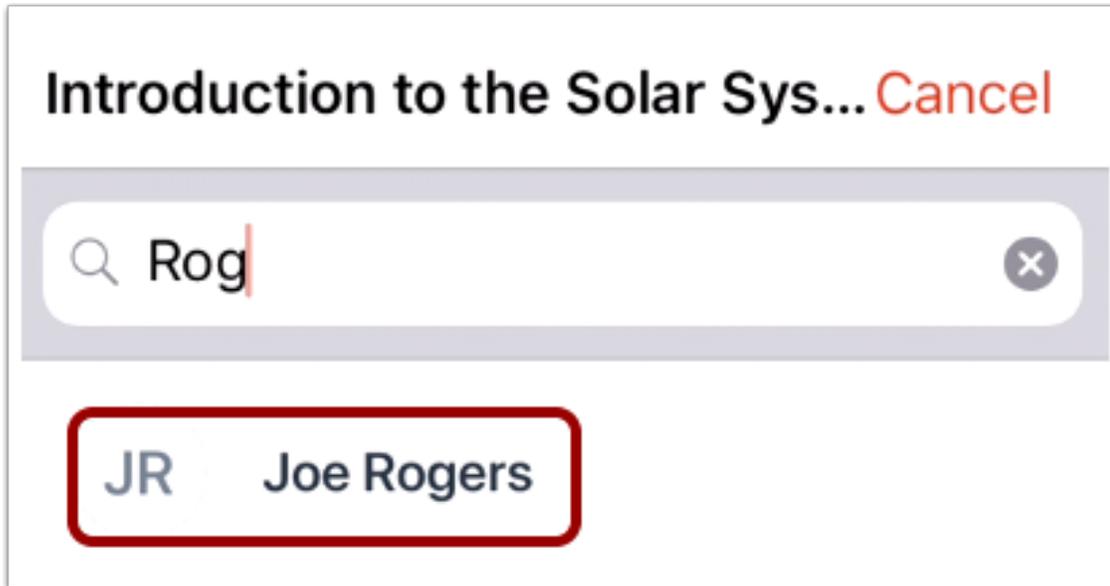

Introduction to the Solar Sys... Cancel

- A All in Introduction to the Solar System
- Teachers >
- Students >
- CS Course Sections >

To search by name, type the name of your recipient in the text field.

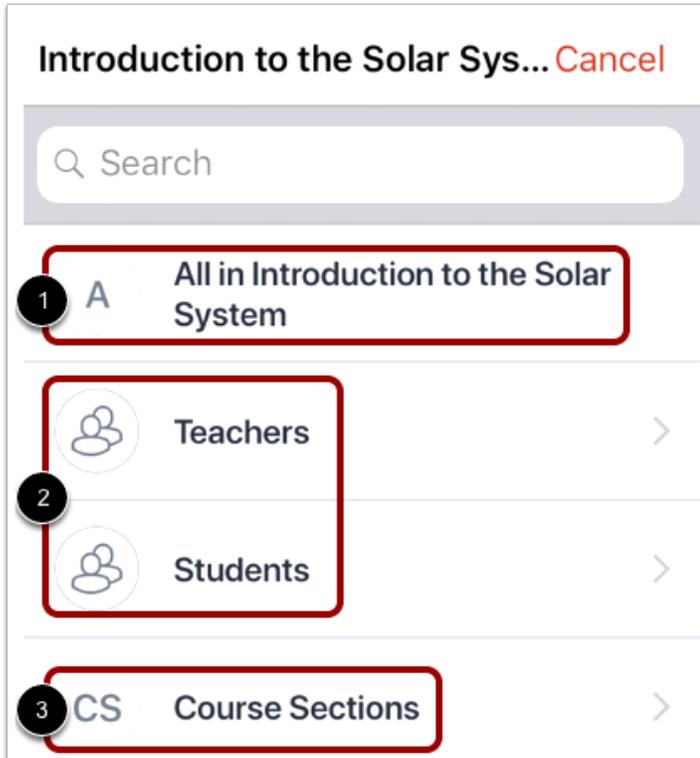

Note: If you cannot remember a recipient's name, you can search by course filter to select your recipient.

Select Recipient

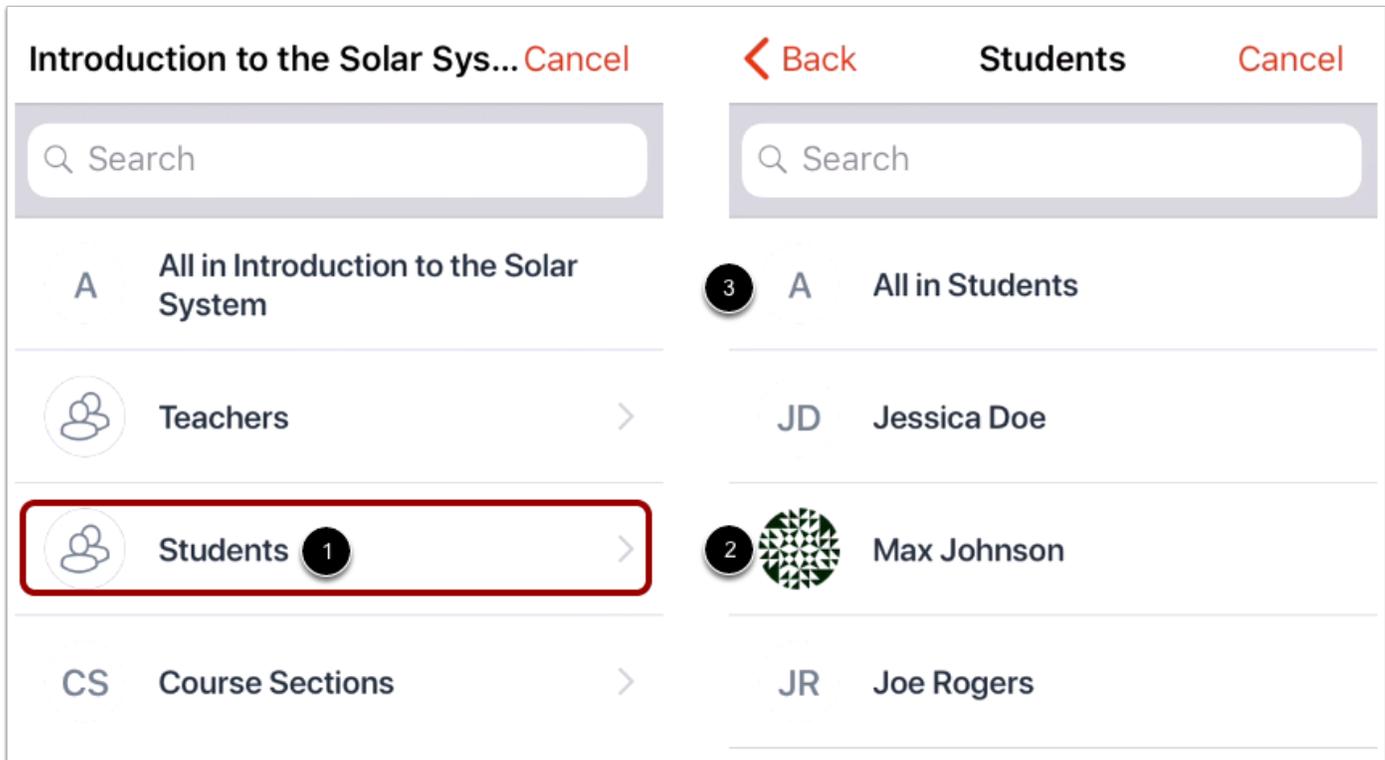

When the full name of the recipient appears, tap the name.

Search by Course Filter

To search by course filter, select to message all users [1], select users by group [2], or message users by section [3].

Select User Group

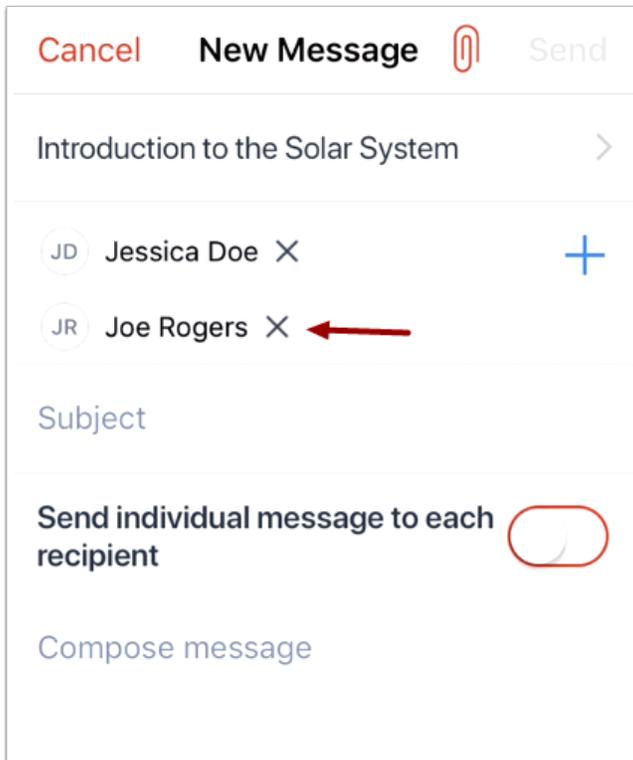

The image displays two screenshots from the Canvas Student iOS app. The left screenshot shows the 'Introduction to the Solar System' course page with a search bar and a list of user groups: 'All in Introduction to the Solar System', 'Teachers', 'Students' (highlighted with a red box and a '1' in a black circle), and 'Course Sections'. The right screenshot shows the 'Students' list page with a search bar and a list of users: 'All in Students' (with a '3' in a black circle), 'Jessica Doe', 'Max Johnson' (with a '2' in a black circle), and 'Joe Rogers'.

Tap the recipient's user group [1].

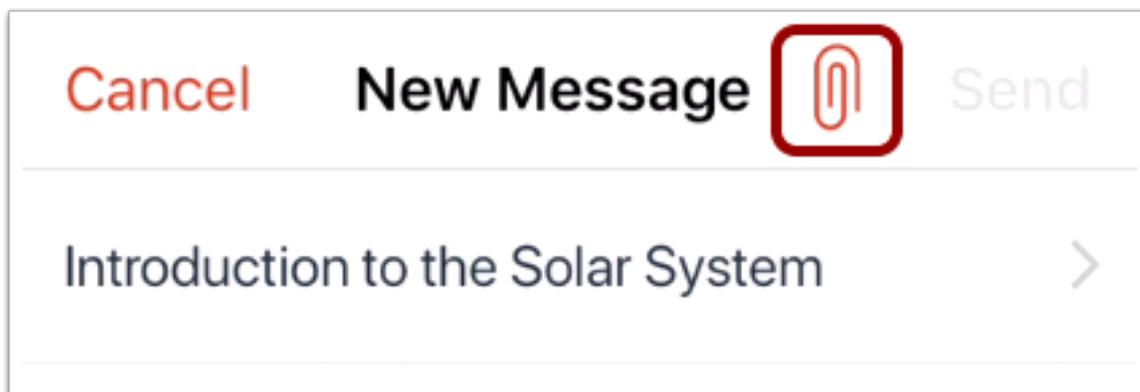

Tap the name of the recipient [2]. You can select all members in a specific user group by tapping the **All Members** option [3].

Modify Recipients

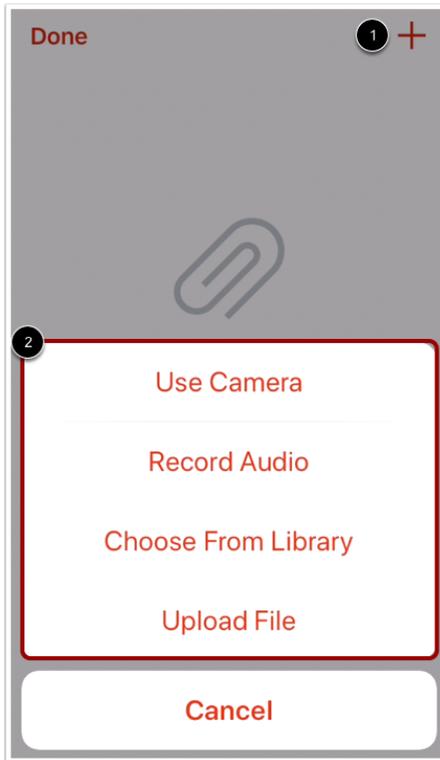

If you need to remove a recipient, tap the remove icon.

Attach File

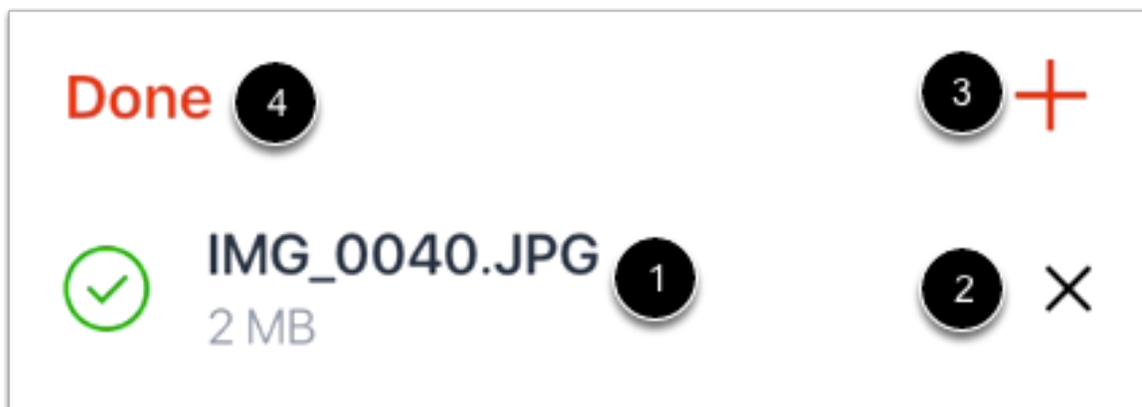

To attach a file to the message, tap the **Attach** icon.

Select Attachment

To select your attachment file, tap the Add icon [1]. Then select how you would like to attach a file [2].

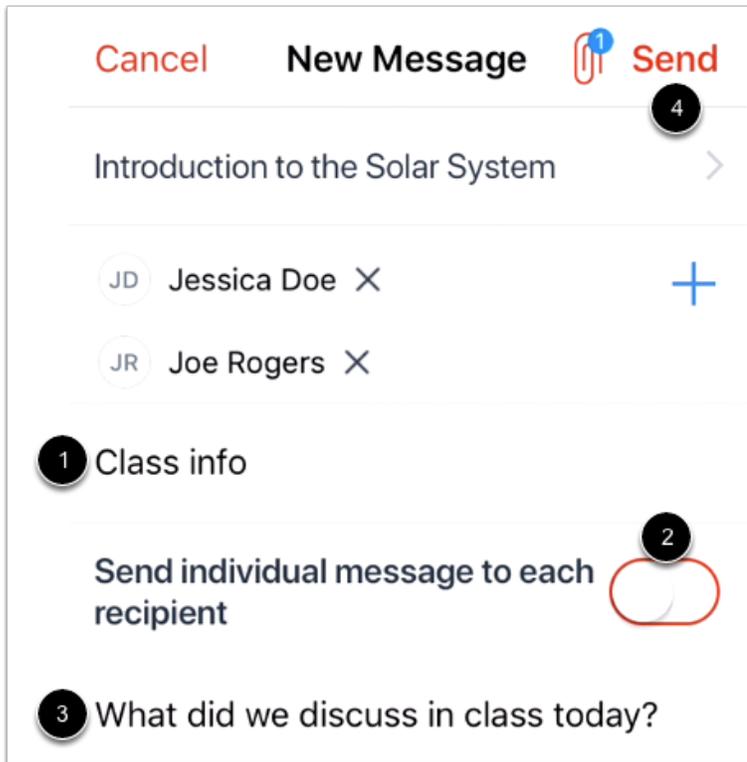

View Attachment

Once you have added your attachment, it can be viewed on the Attachments page [1]. To delete your attachment, tap the Delete icon [2].

To add another attachment, tap the **Add** icon [3]. To return to your message, tap the **Done** link [4].

Send Message

In the Subject field [1], enter a subject for your message.

If you want to send individual messages to each recipient, tap the message toggle [2].

In the compose field [3], type your message.

When you are ready to send your message, tap the **Send** link [4].

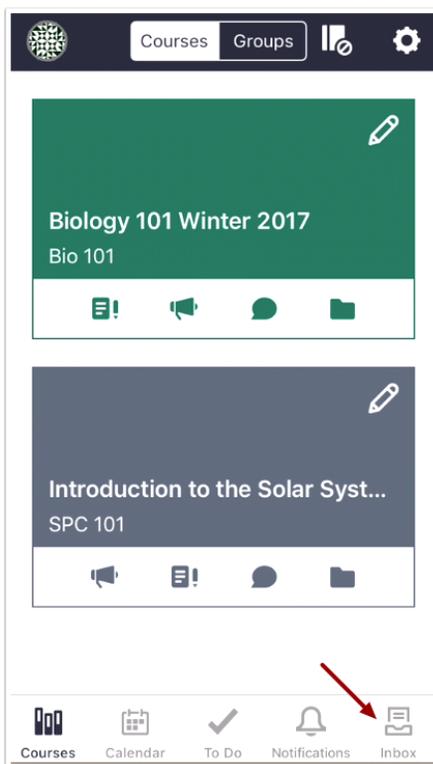

Note: New messages will not appear in the Inbox until there is a reply to the message. However, if you have an existing Inbox message with a recipient, the message will appear as part of that message thread.

How do I reply to a message in the Canvas Student app on my iOS device?

You can reply to Conversations messages in your Inbox on your device so you can keep in touch with your course at any time.

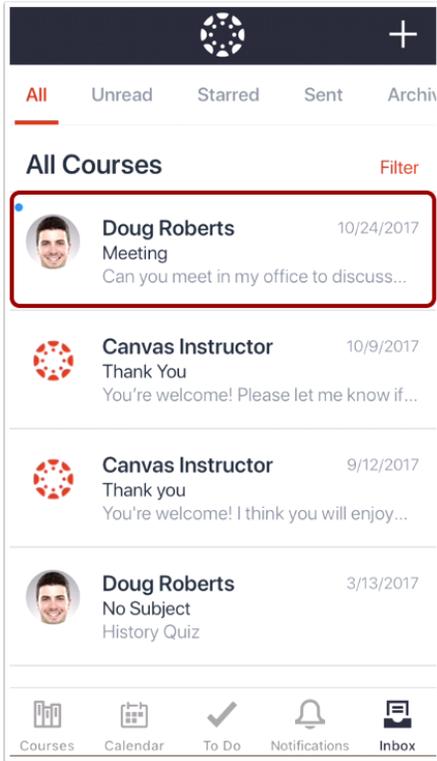

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Messages

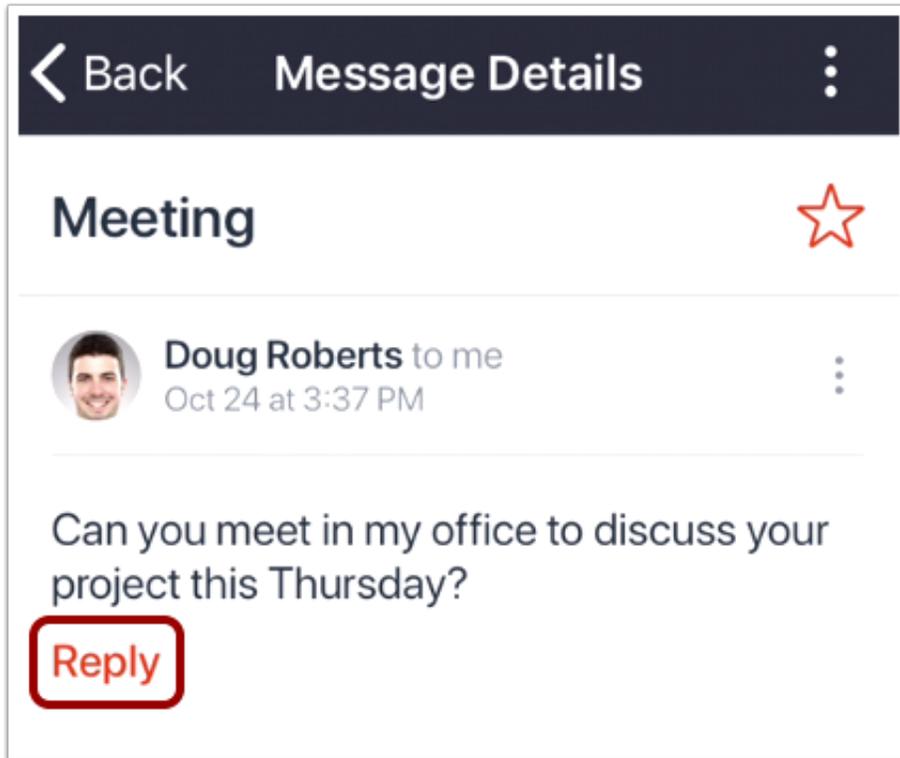

In the Dashboard, tap the **Inbox** icon.

Open Message

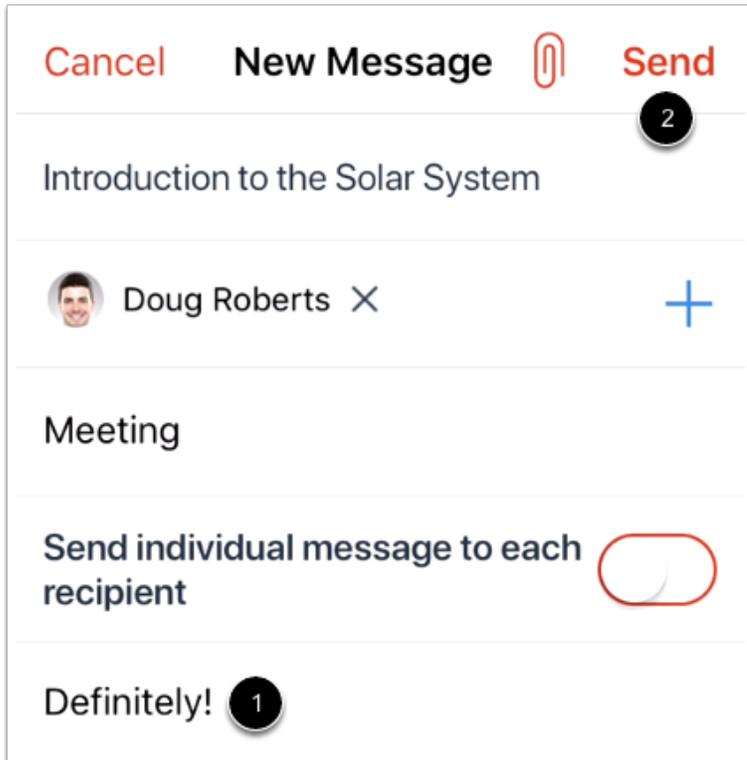

Tap the message where you want to reply.

Reply to Message

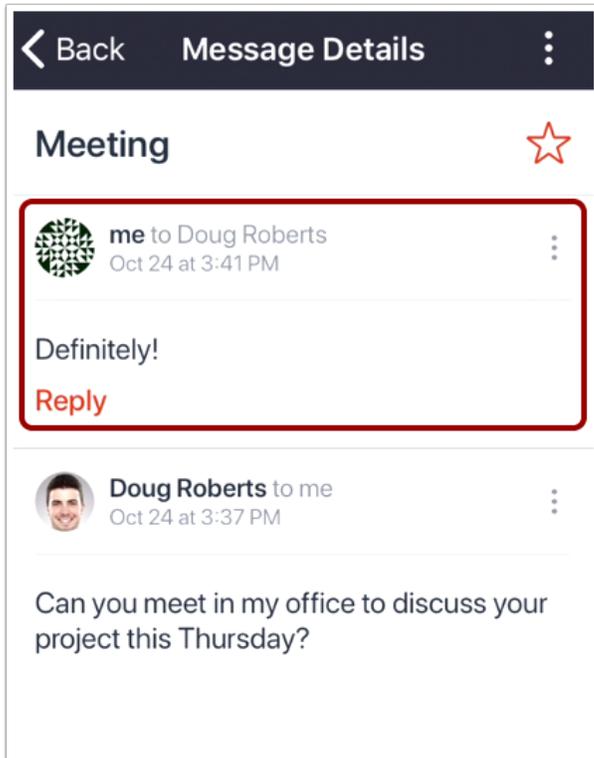

Tap the Reply link.

In the text field [1], type your message reply.

When you are ready to send your message, tap the **Send** link [2].

View Reply

View your message reply in the message thread.

To reply to the message again, click the **Reply** link.

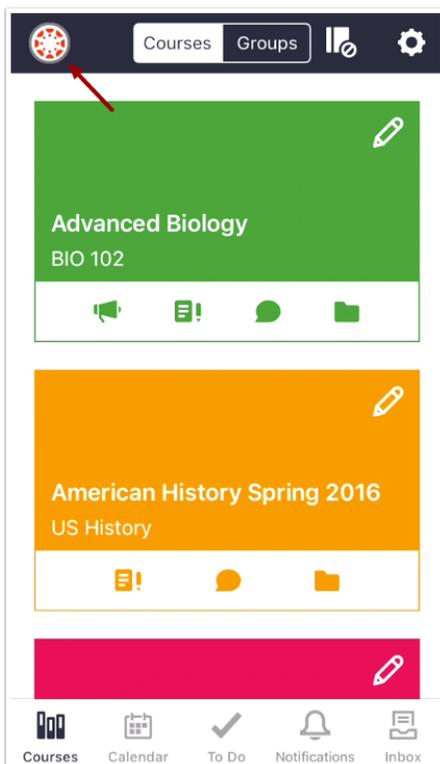

How do I view My Files in the Canvas Student app on my iOS device?

You can view personal files that you've added to your account on the Canvas Student app.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

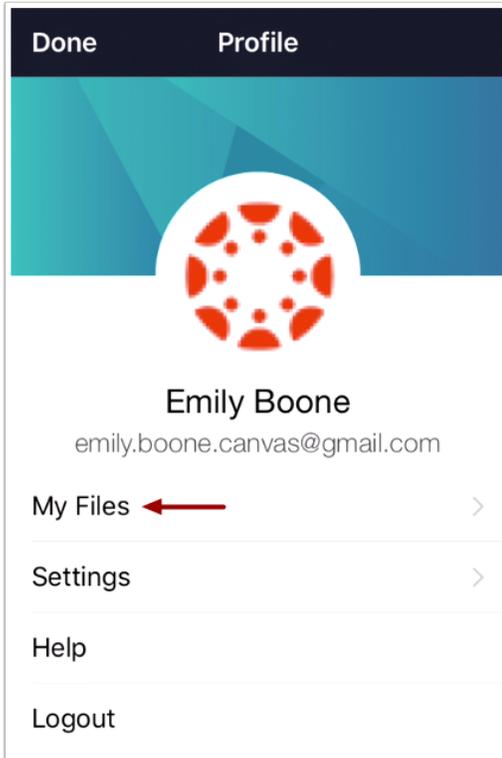

Learn how to [manage your personal files](#).

View Profile

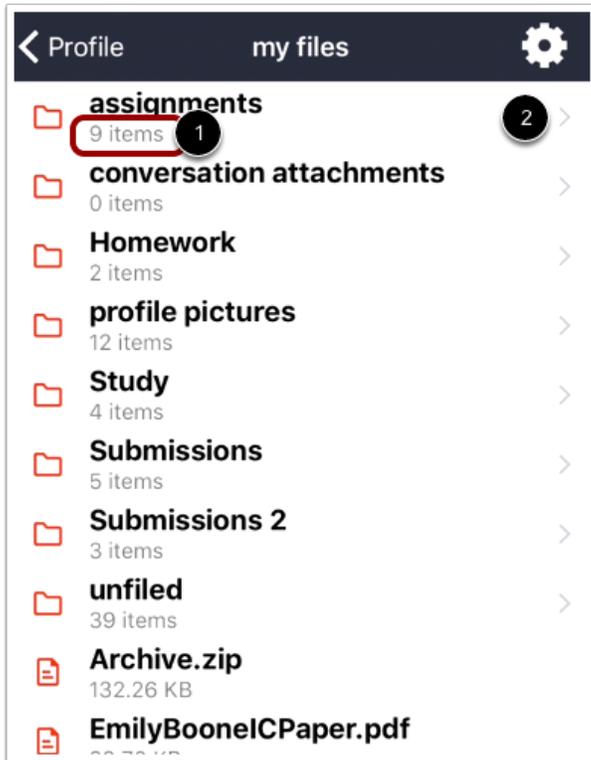

In the Dashboard, tap the **Profile** tab.

Open My Files

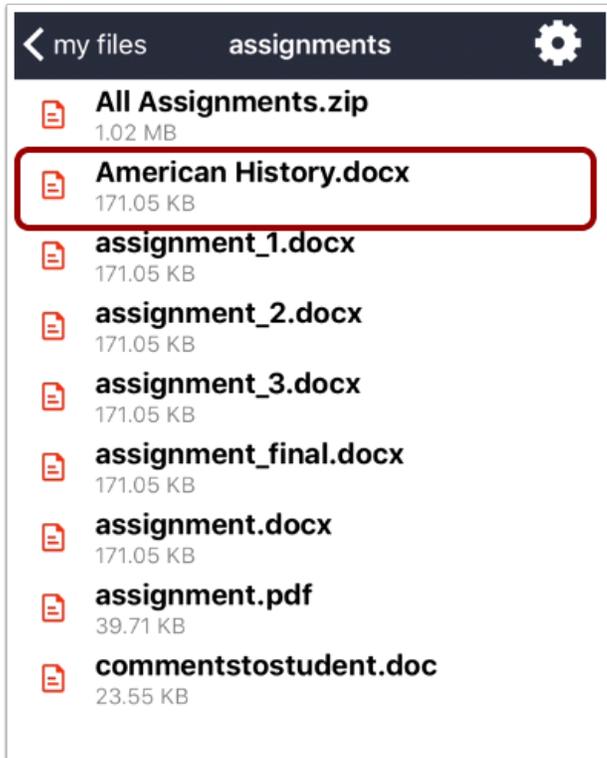

Tap the My Files link.

View My Files

Your files displays how many items are within each file folder [1]. To view items within a file folder, tap the arrow next to the folder [2].

View File Items

To view a specific file, tap the name of the file.

View File

View your file [1]. You can also share your file by tapping the Share icon [2]. Note: Not all file types support sharing.

To return to the file folder, tap the Back link [3].

How do I manage My Files in the Canvas Student app on my iOS device?

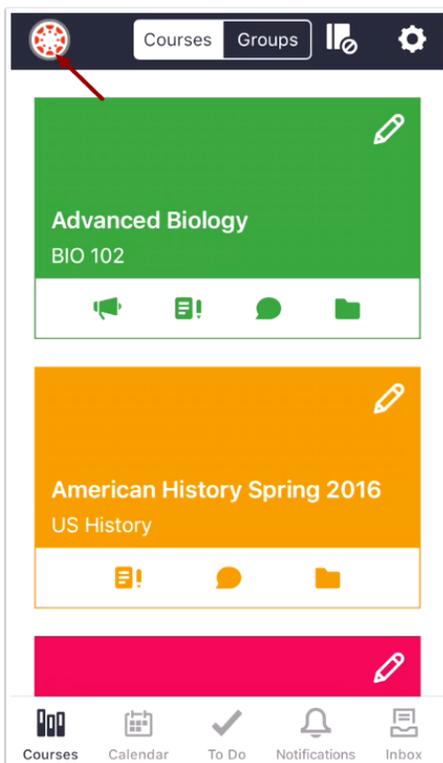

You can manage all the personal files in your Canvas account in the Canvas Student app. If necessary, you can manage My Files to clear up space within your course account.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

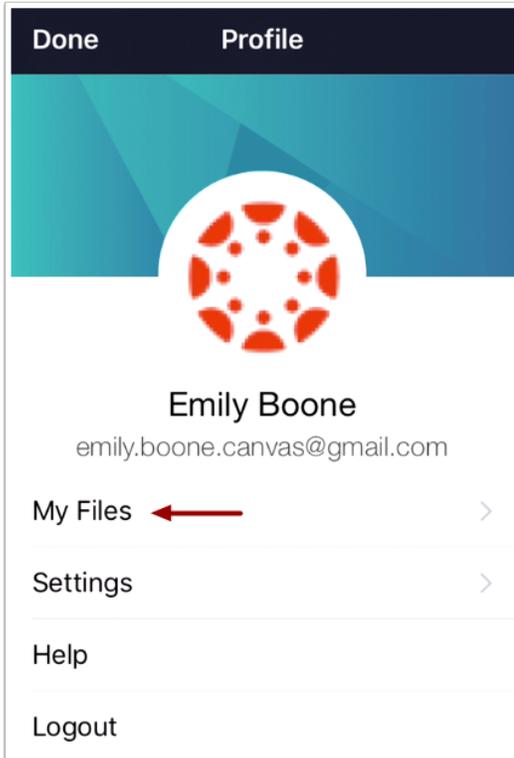

- The Unfiled Folder stores documents, graphics, and any other files from your account that you have posted to different areas of Canvas, such as Discussions. Deleting these items within current courses may create broken links and submissions.
- You cannot delete files that have been submitted as an assignment.

Open Profile

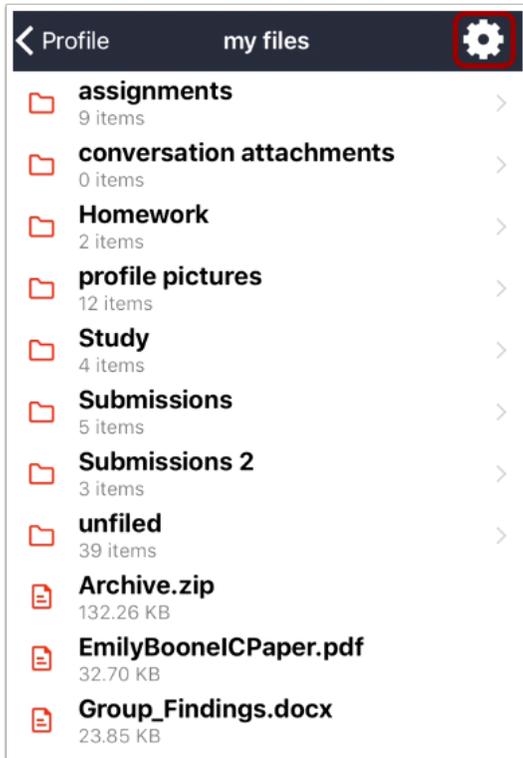

In the Dashboard, tap the **Profile** icon.

Open My Files

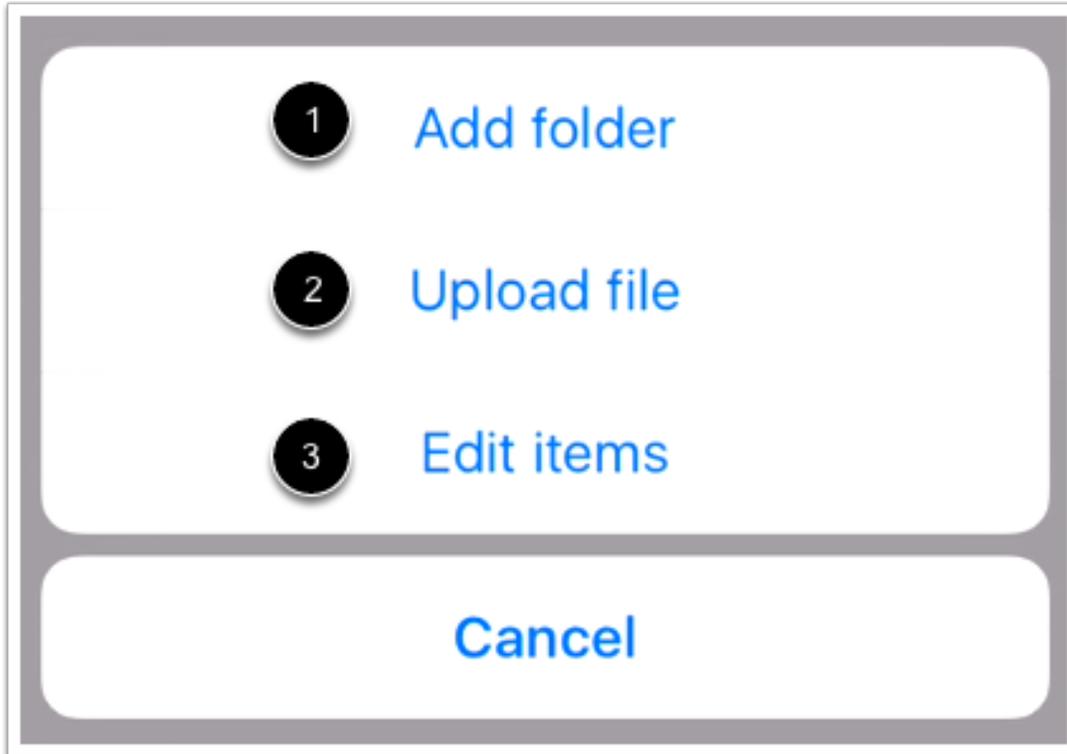

Tap the My Files link.

Open Settings

Tap the Settings icon.

Manage My Files

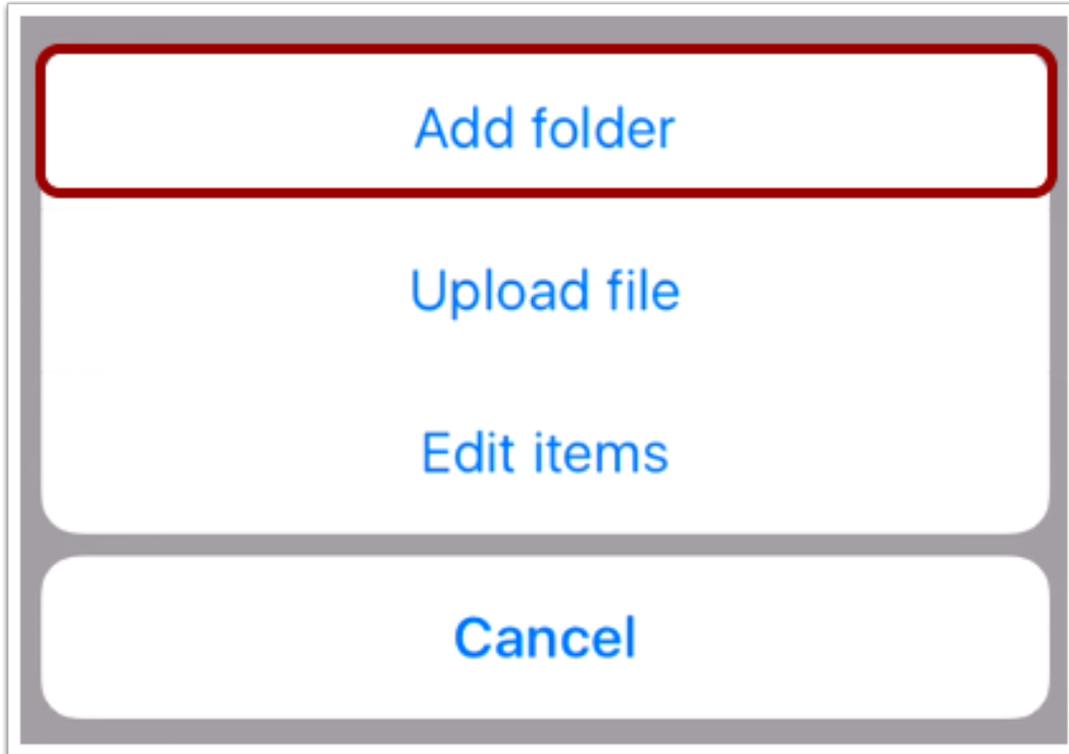

The Settings icon appears in every files window so you can build hierarchal levels of folders and files.

To create a new folder, tap the **Add folder** button [1]. To upload a file, tap the **Upload file** button [2]. To edit your file items, tap the **Edit items** button [3].

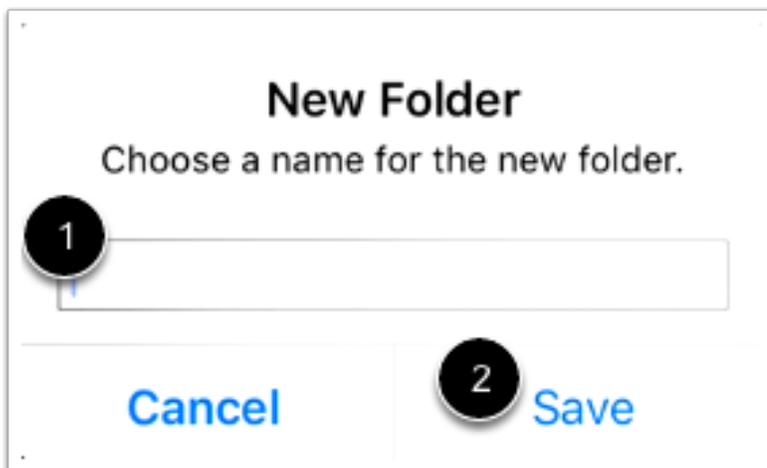

Note: You cannot move files from one folder to another or rename file items in the Canvas Student app.

Add Folder

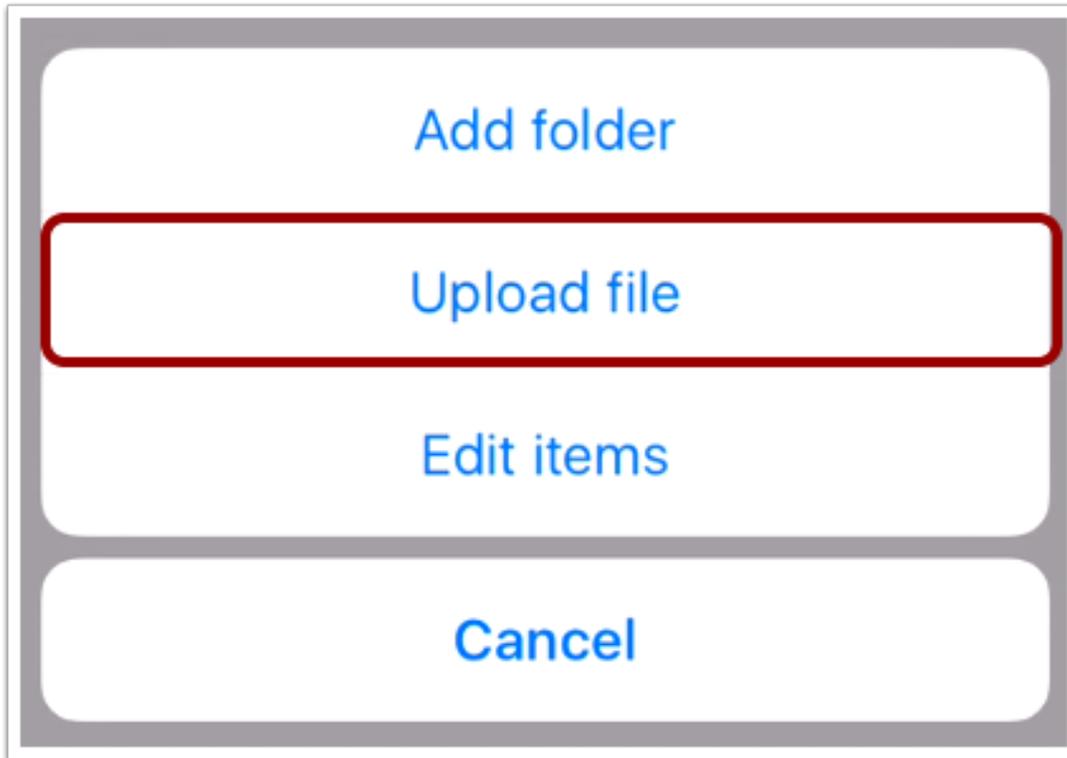

To create a new folder, tap the **Add folder** button.

Save Folder

To create a new folder, type the name of the folder in the text field [1]. Tap the **Save** button [2].

Upload File

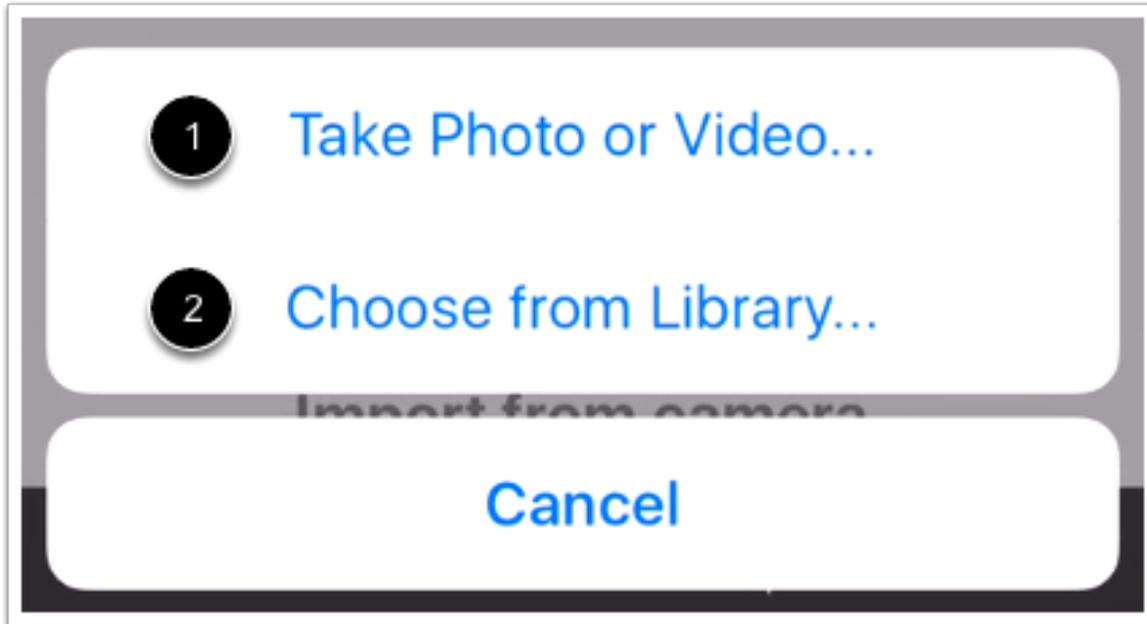

To upload a file, tap the **Upload file** button. You can import and upload files from:

1. Your camera
2. Dropbox
3. Any third-party application

Import from Camera

To import a file from your camera, tap the **media** icon.

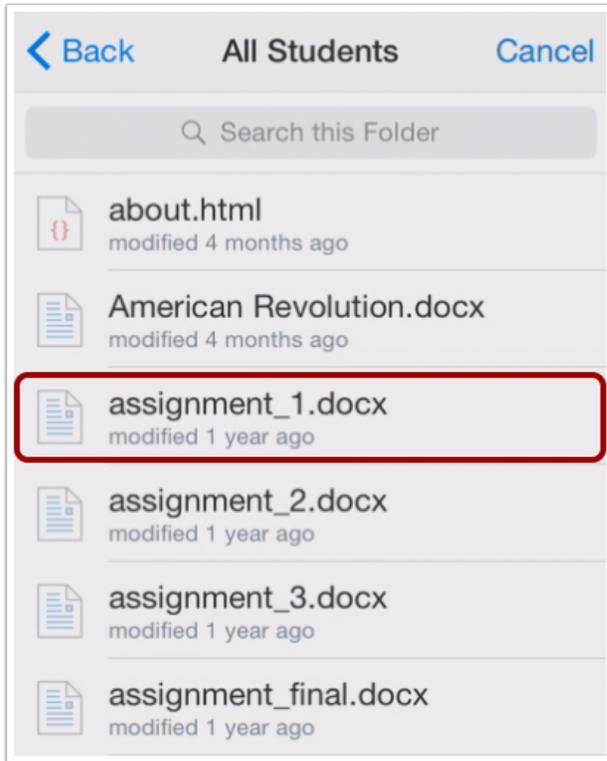

To create a file by taking a photo or video, tap the **Take Photo or Video...** button [1]. To choose an existing file from your photo library, tap the **Choose from Library...** button [2].

Import from Dropbox

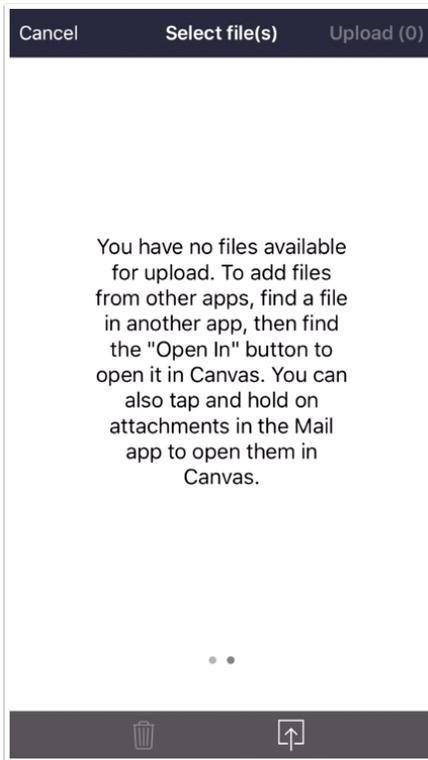

To import a file directly from Dropbox, swipe once to the left and tap the Dropbox icon.

Choose File

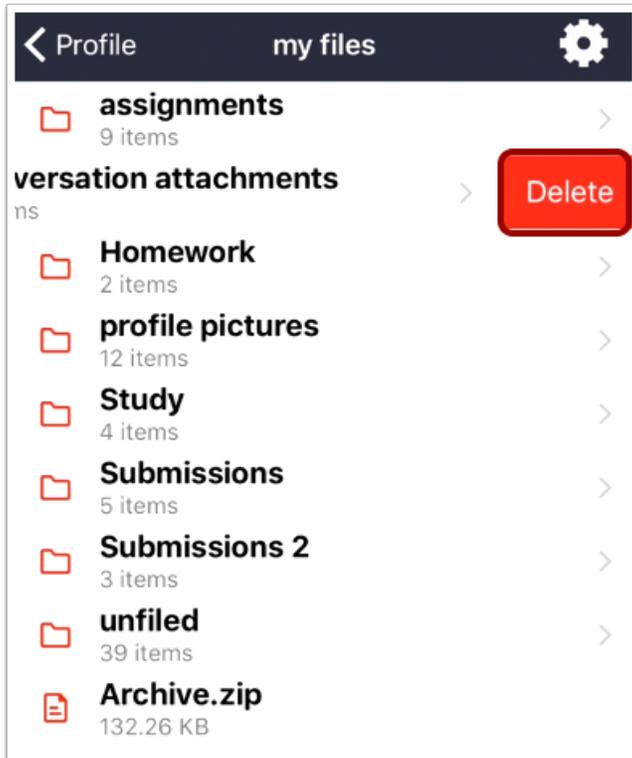

Locate your file within Dropbox and tap the name of the file.

Upload from Third-party App

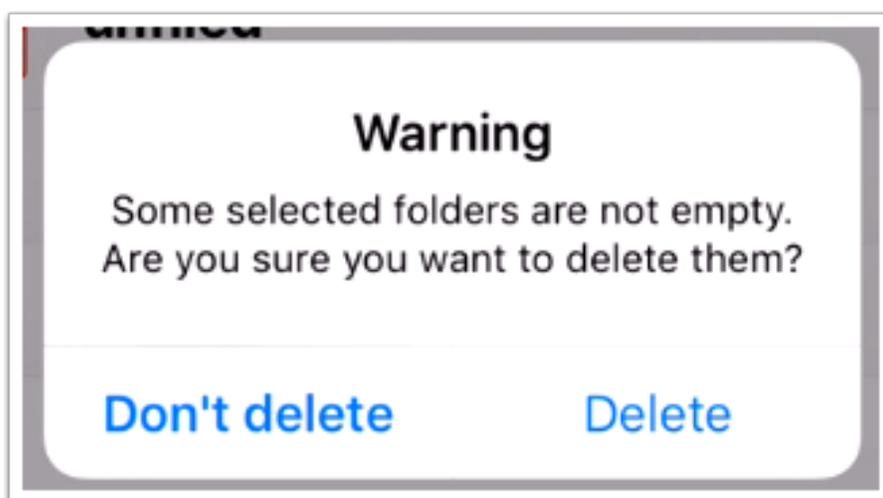

You can also upload existing files from additional third-party applications. Swipe to the left to read the instructions about how to upload files from external apps into Canvas.

Delete Item

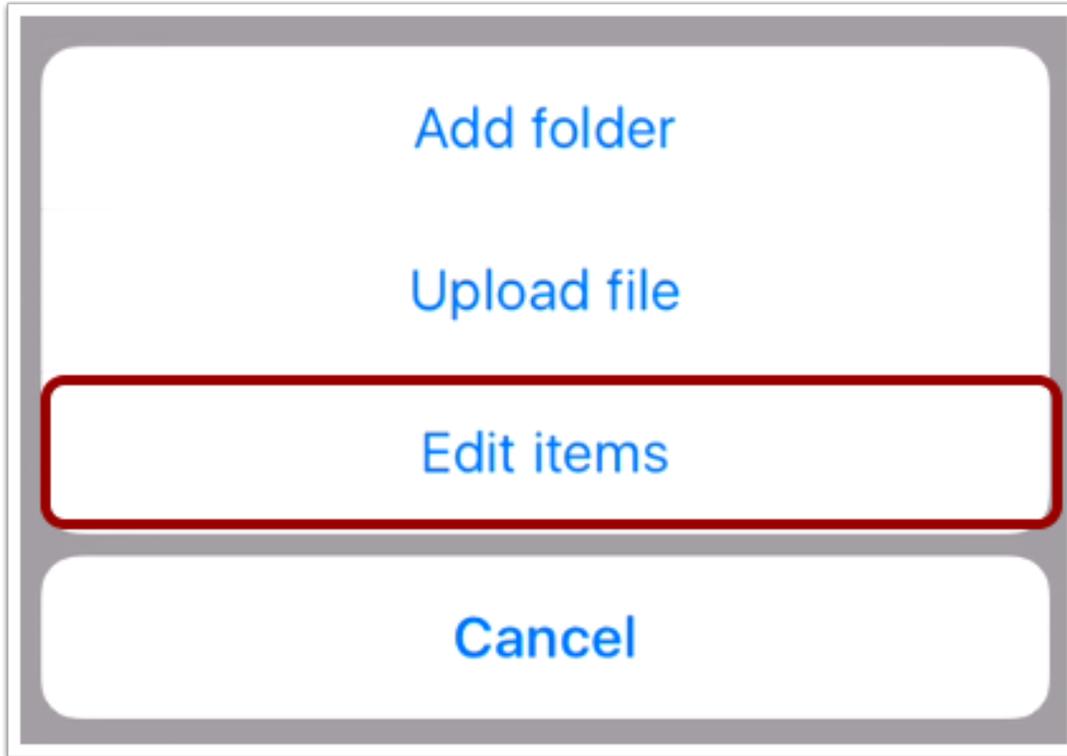

To edit a file or folder, swipe to the left and tap the Delete button.

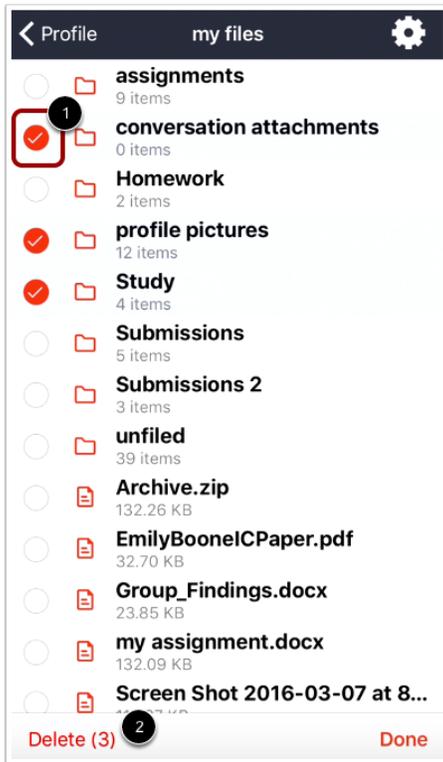

Note: If you try to delete a folder that contains files, Canvas will confirm whether or not you want to delete the folder.

Delete Multiple Items

To edit multiple file items, tap the Settings icon, then tap the Edit items button.

Tap the files or folders you want to delete [1]. The number next to the **Delete** link [2] will indicate the number of files to be deleted. You can select as many files as are listed. When you are finished selecting file items, tap the **Delete** link.

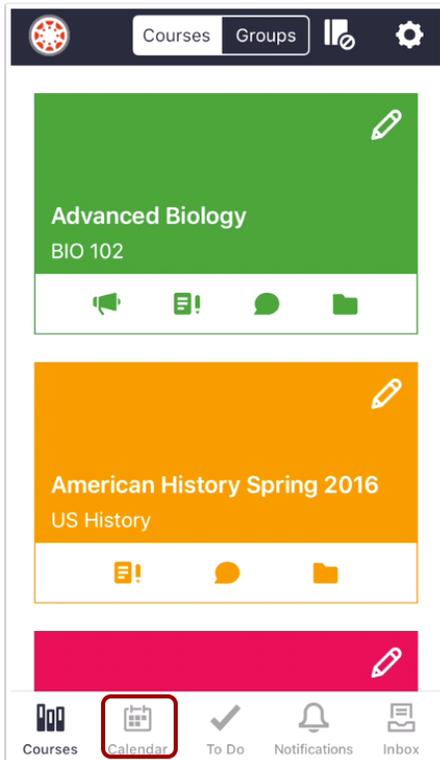

How do I view the Calendar in the Canvas Student app on my iOS device?

You can view up to 10 calendars from your courses in the app.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

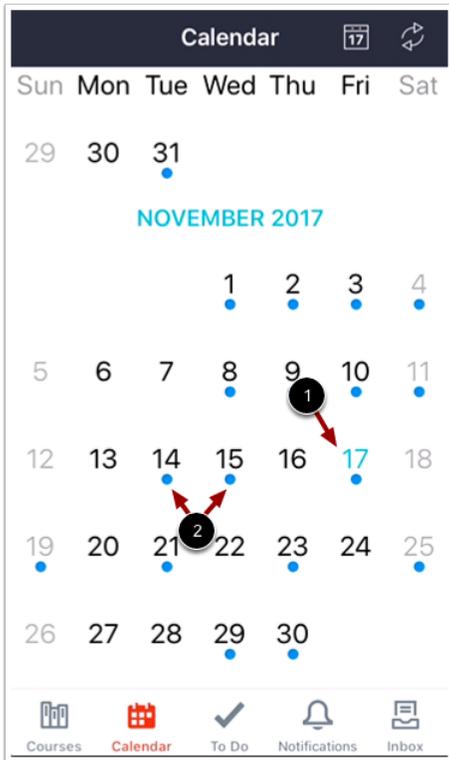

Note: If you want to view Canvas events in the native iOS calendar, you can also [subscribe to the Canvas calendar feed](#) and view Canvas events along with your personal calendars. Additionally, students cannot sign up for Scheduler appointments or create events in the app.

Open Calendar

In the Dashboard, tap the **Calendar** icon.

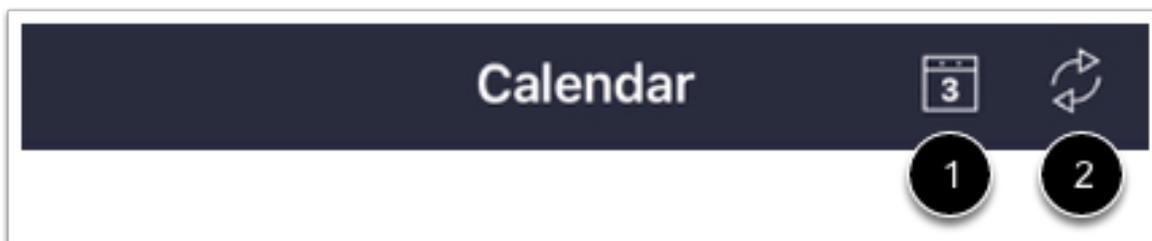

View Monthly Calendar

The calendar displays an overview of the current month for favorited courses. The current day of the month is highlighted in blue text [1]. The calendar displays a blue dot for any dates that contain an assignment or event [2].

For an overview of another month, swipe the calendar up or down.

View Calendar Settings

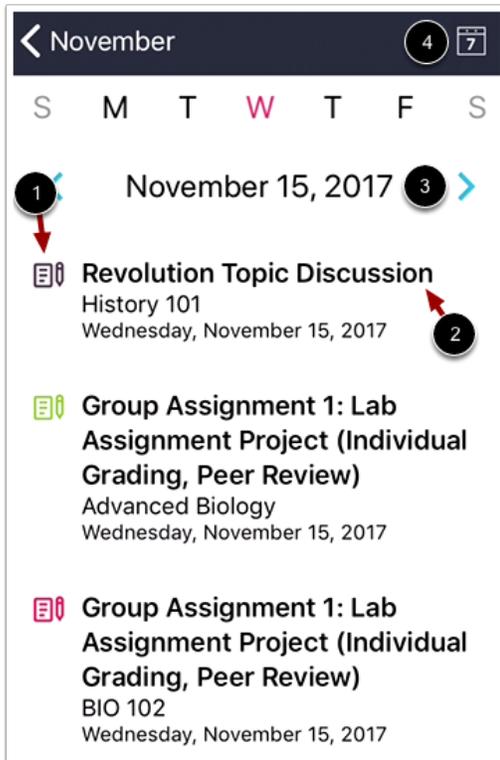

To return to the current month view, tap the **Calendar** icon [1]. To refresh the calendar, click the **Refresh** icon [2].

View Daily Calendar

To display calendar events for a specific date, click a date in the month view.

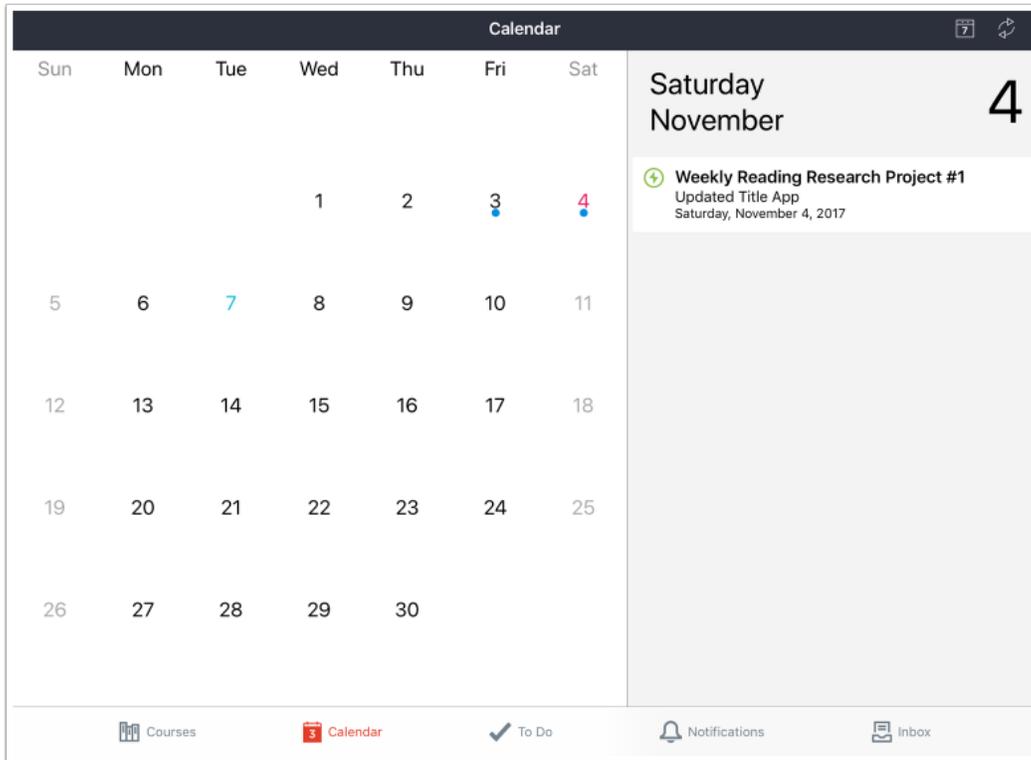

The daily list view shows the assignment type [1] and the name of the assignment or event [2].

For an overview of another day, use the date arrows [3] or swipe the calendar to the left or right.

To return to the current day, tap the **Calendar** icon [4].

View Landscape Mode (Tablet Devices)

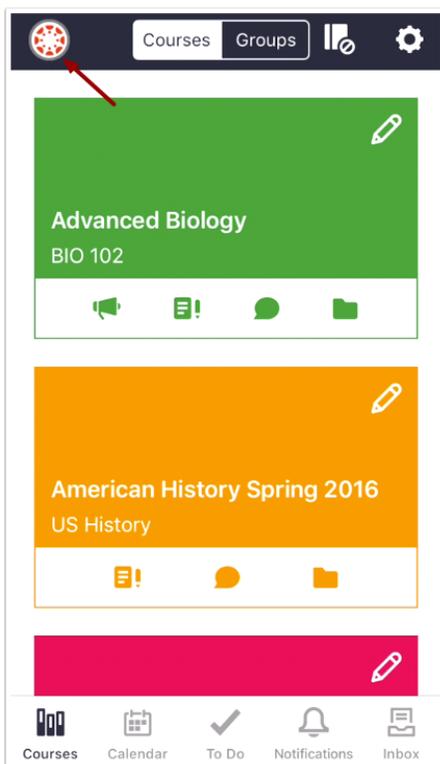

In tablet devices, the Calendar supports landscape mode, which allows you to view the monthly calendar and the daily calendar concurrently. When viewing in landscape mode, the date being viewed in the monthly calendar is highlighted in red.

How do I subscribe to the Canvas calendar on my iOS device?

You can subscribe to calendar items in all your courses and have them appear in your iPhone calendar. You can only view the calendar, not make edits to it.

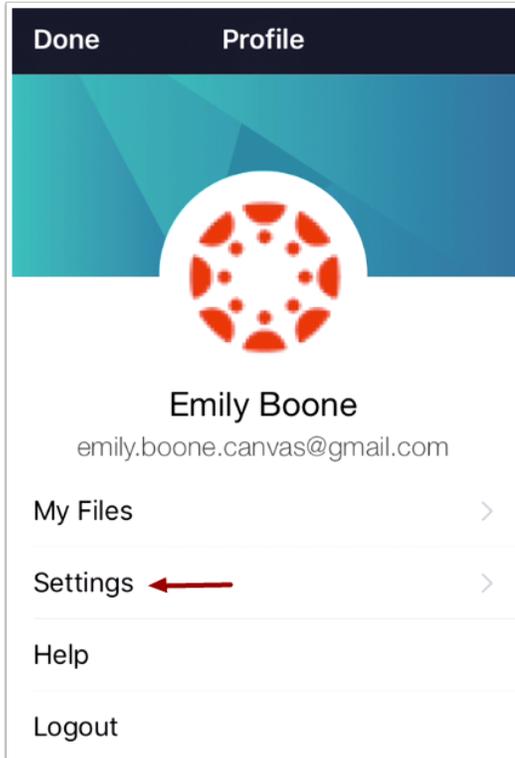

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

View Profile

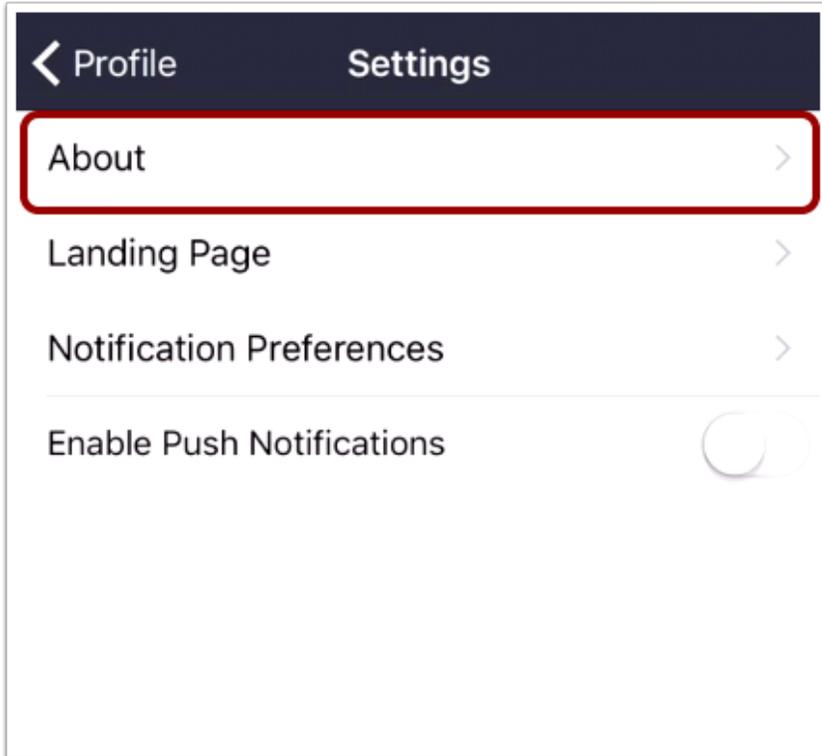

In the Dashboard, tap the **Profile** icon.

Open Settings

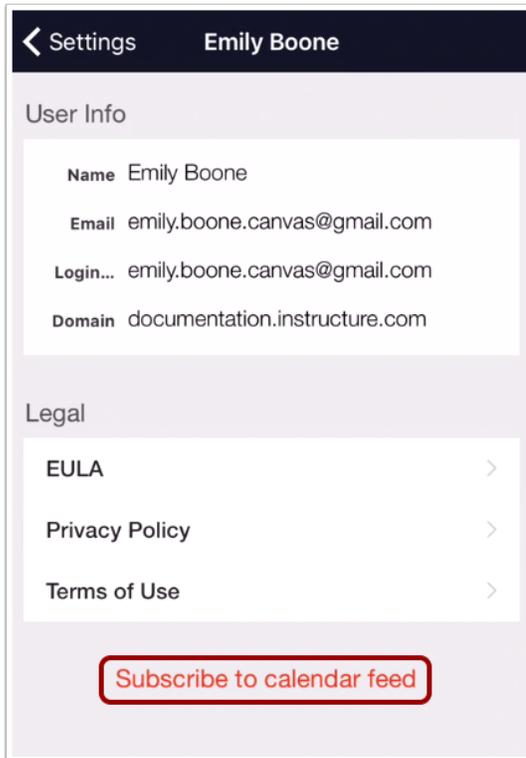

Tap the **Settings** link.

Open About

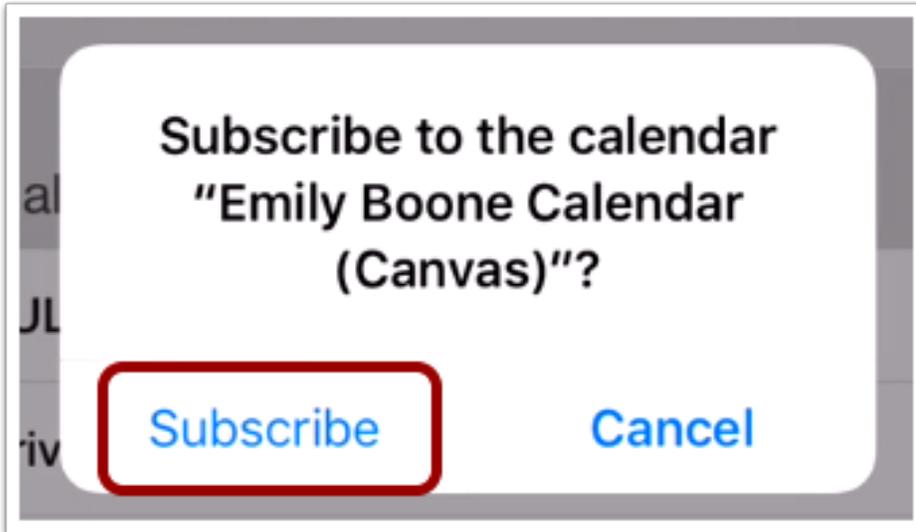

Tap the About link.

Subscribe to Calendar Feed

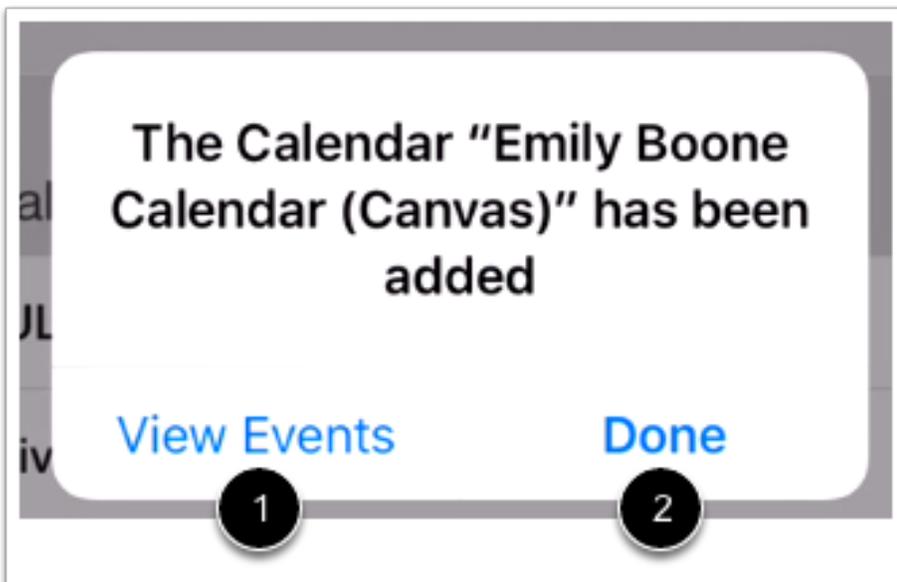

Tap the **Subscribe to calendar feed** link.

Subscribe to Feed

Tap the **Subscribe** button.

View Feed Confirmation

To view your calendar, tap the **View Events** button [1]. To return to your profile, tap the **Done** button [2].

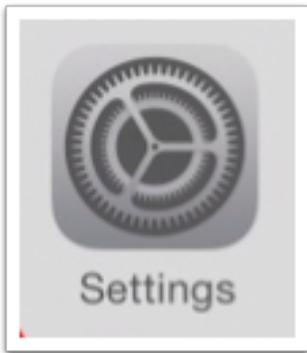

You can [unsubscribe](#) from your calendar feed at any time.

How do I unsubscribe from the Canvas calendar on my iOS device?

You can unsubscribe to calendar items for all your courses if you no longer enrolled in Canvas courses.

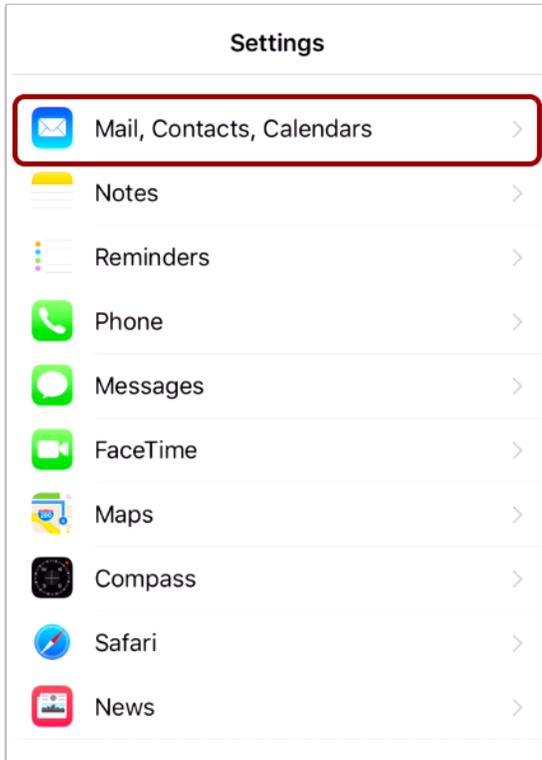

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Settings

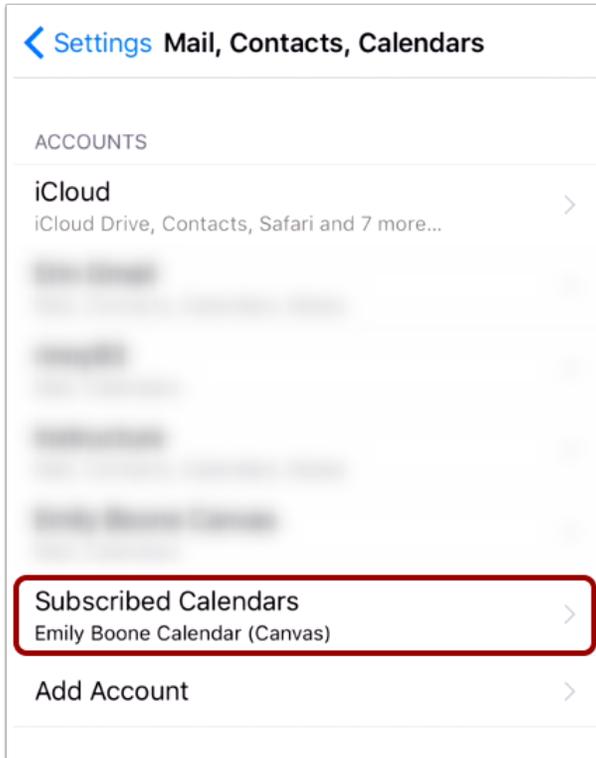

On your iOS device, tap the **Settings** icon.

Open Mail, Contacts, Calendars

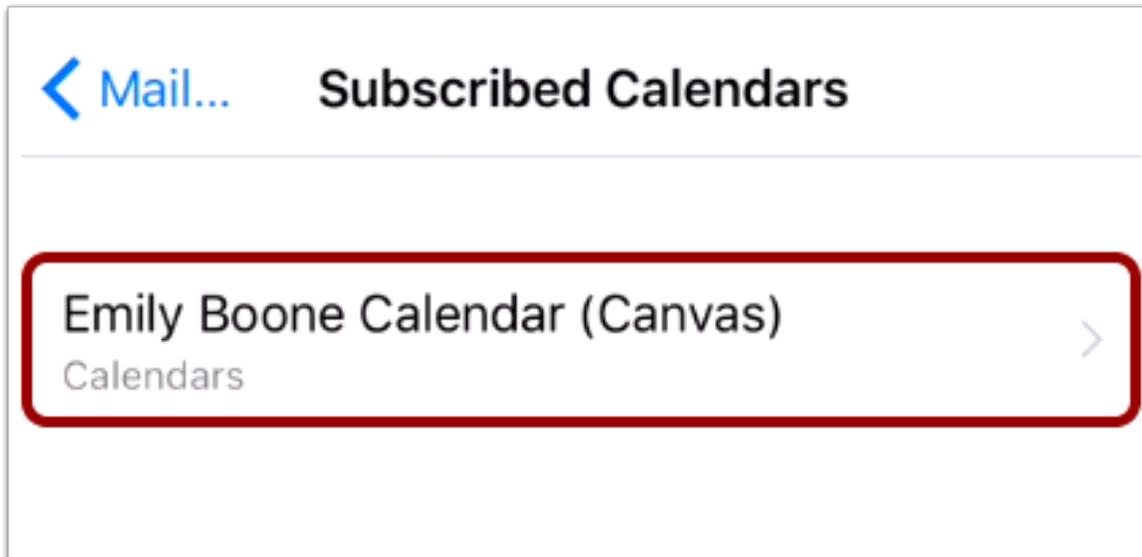

Tap the Mail, Contacts, Calendars link.

Open Subscribed Calendars

Tap the Subscribed Calendars link.

Open Canvas Calendar

Tap the name of your Canvas profile calendar.

Tap the Delete Account button.

How do I change Canvas app settings on my iOS device?

You can manage your personal settings in the Canvas app.

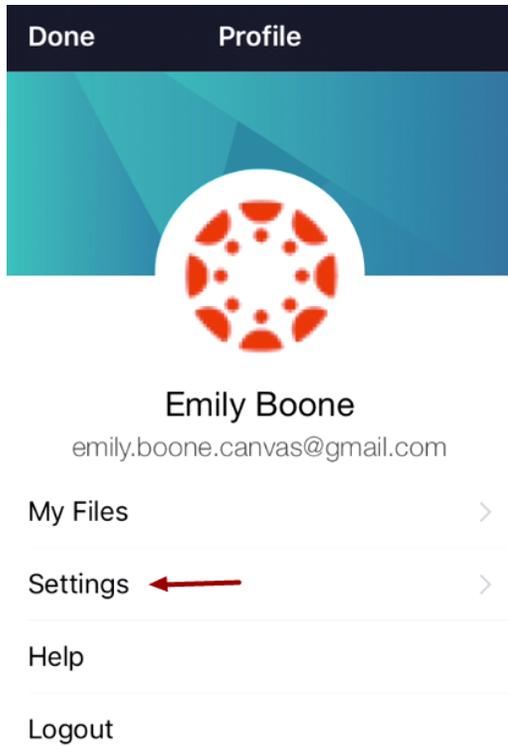

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Profile

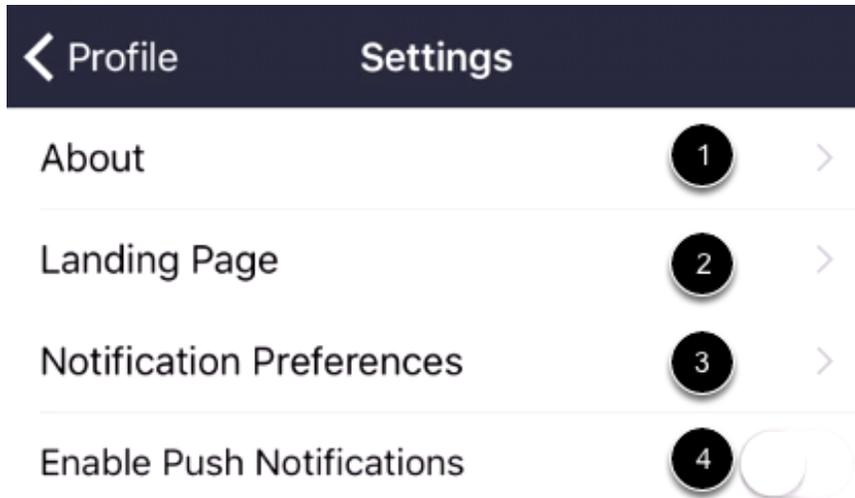

In the Courses page, tap the **Profile** icon.

Open Settings

Tap the **Settings** link.

View App Settings

You can change the following settings in the app:

- View information about your account [1]: user bio, Canvas legal, and [calendar subscription link](#)
- Set a specific app page as the [landing page](#) [2] for when you log in to the app
- Set [Notification Preferences](#) in the app [3]
- Enable push notifications [4]

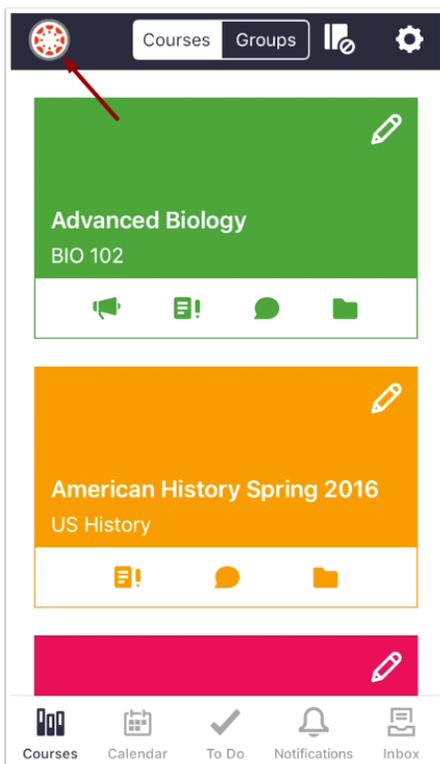

How do I choose a profile picture in the Canvas Student app on my iOS device?

If your institution allows profile pictures, you can add a profile picture on the mobile app.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

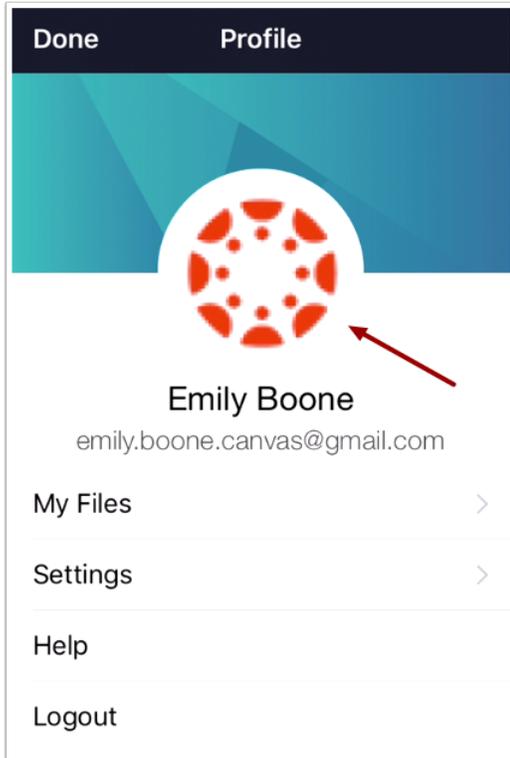

Note: If you cannot add a profile picture, your institution has restricted this feature.

Open Profile

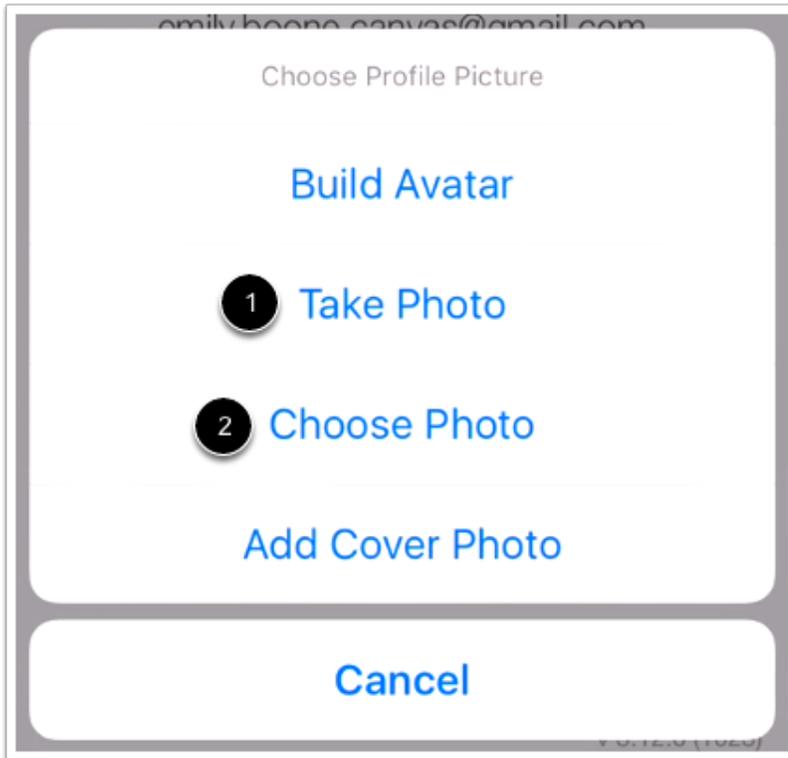

In the Dashboard, tap the **Profile** icon.

Open Profile Picture

Tap the profile picture icon.

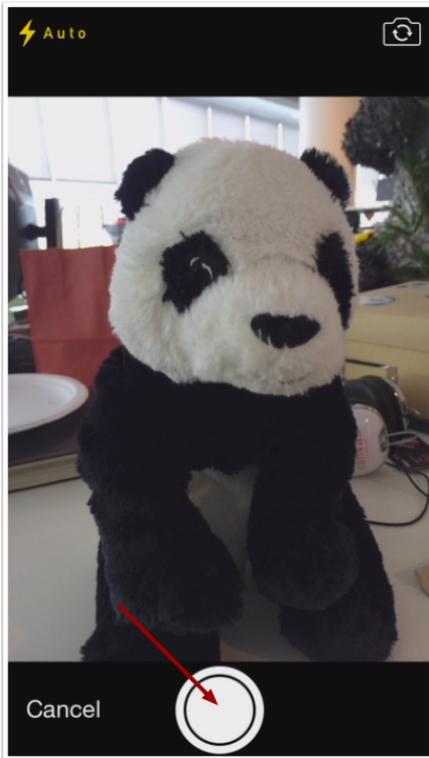

Choose Photo Type

To take a new photo, tap the **Take Photo** link [1]. To choose a photo from your device, tap the **Choose Photo** link [2].

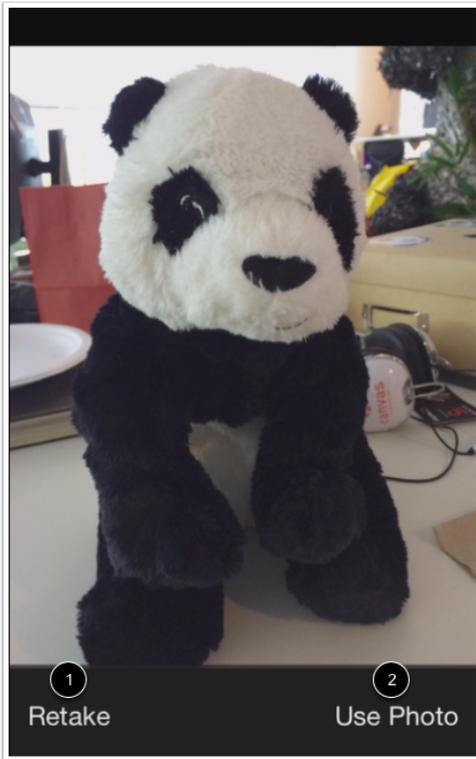

Note: Changing your profile picture in the app will also change the profile picture in your browser version of Canvas.

Take Photo

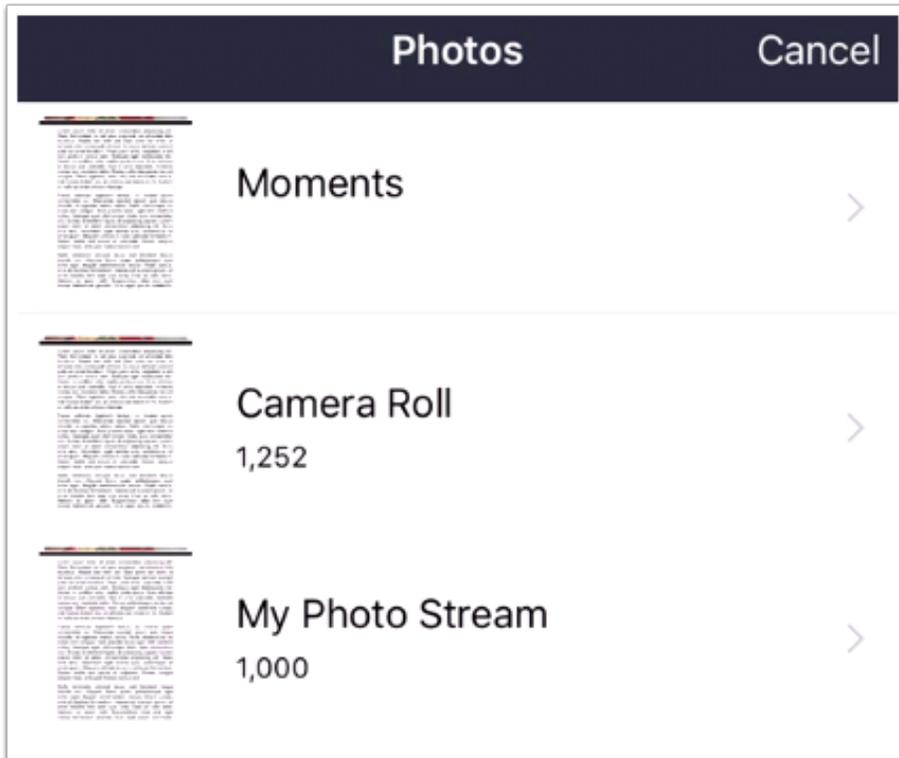

To take a photo, tap the Camera button.

Use Photo

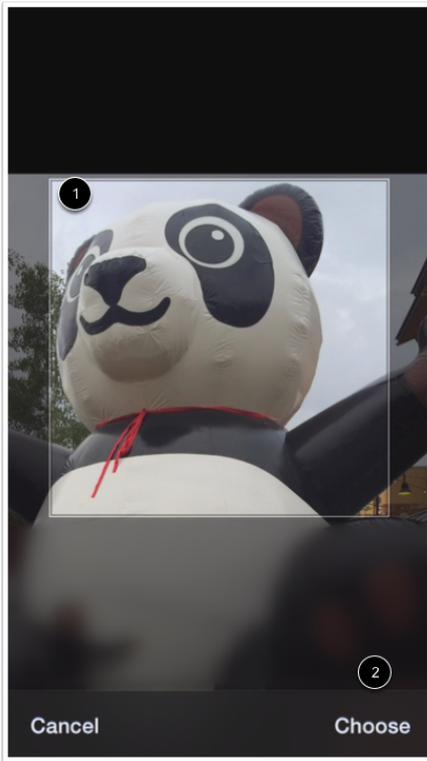

If you want to re-take the photo, tap the **Retake** link [1]. Otherwise tap the **Use Photo** link [2].

Choose Photo

To choose a photo, locate the photo on your device.

Move and Scale

Move and scale your photo [1] so it fits within the picture parameters. Then tap the **Choose** link [2].

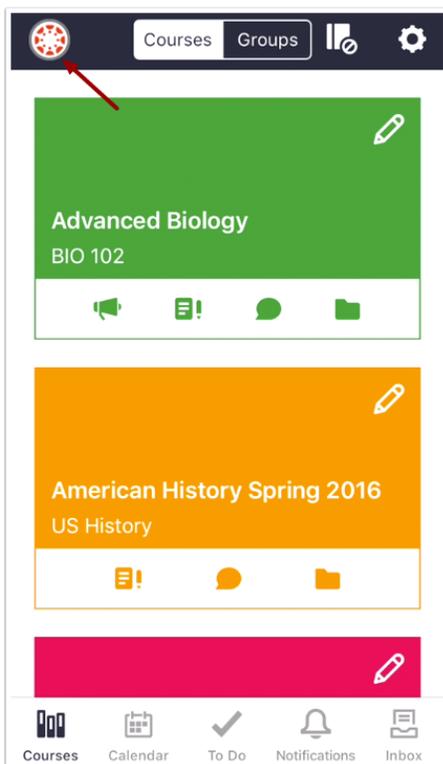

How do I create a Panda avatar in the Canvas Student app on my iOS device?

If your institution allows [profile pictures](#), you can create a Panda avatar on the Canvas Student app. You can save the Panda avatar as your profile picture on the mobile app, or share it with others.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

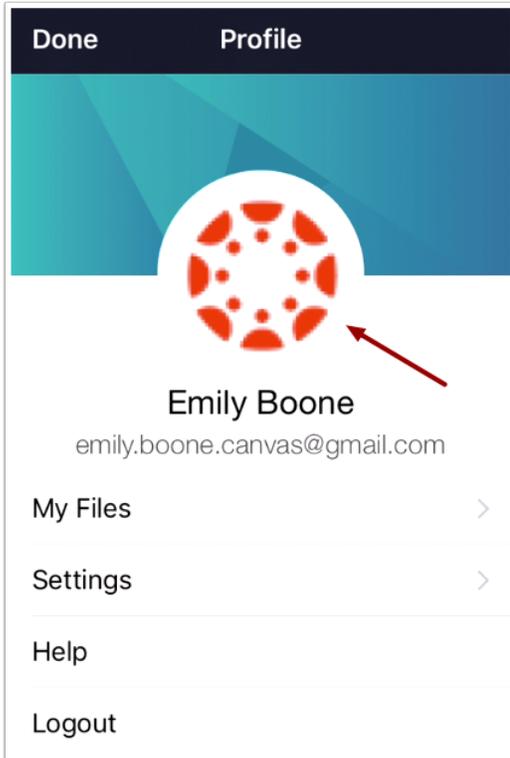

Note: Changing your profile picture in the app will also change the profile picture in your browser version of Canvas.

Open Profile

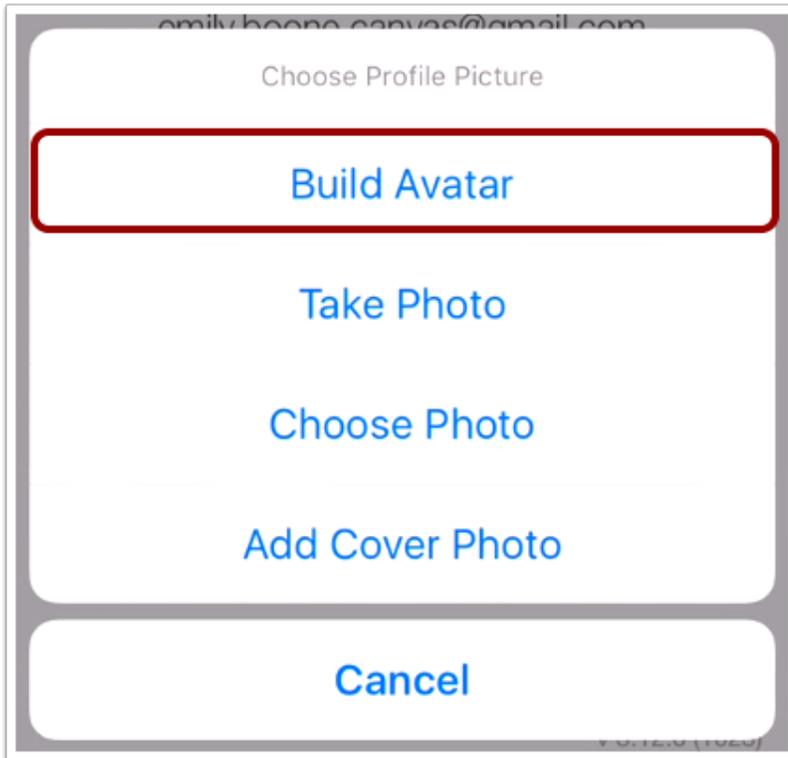

In the Dashboard, tap the **Profile** icon.

Open Profile Picture

Tap the profile picture icon.

Create Panda Avatar

Tap the **Build Avatar** link.

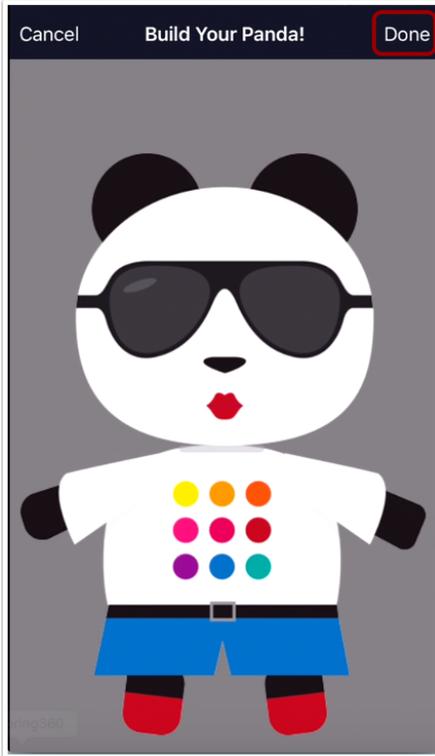

Note: Changing your profile picture in the app will also change the profile picture in your browser version of Canvas.

Customize Panda Avatar

Swipe the area of the panda you want to customize. You can customize the panda head [1], body [2], and feet [3].

Save Avatar

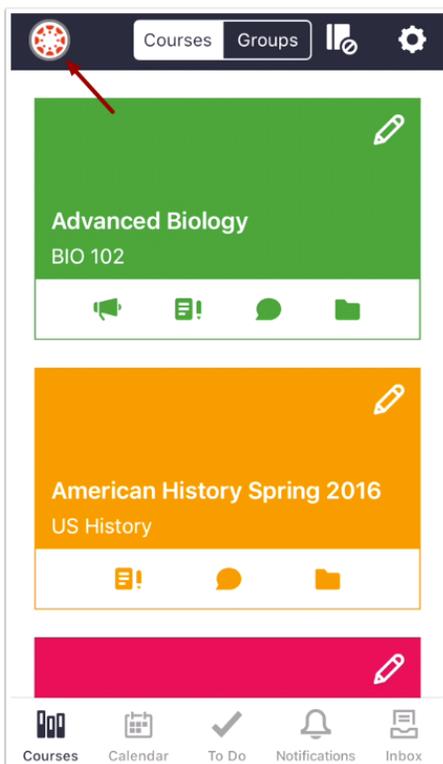

When you are finished customizing your avatar, tap the **Done** link.

How do I choose a profile backdrop image in the Canvas Student app on my iOS device?

As part of your profile, you can select a backdrop image to display on the profile page. This image is separate from your profile picture, which displays throughout the app.

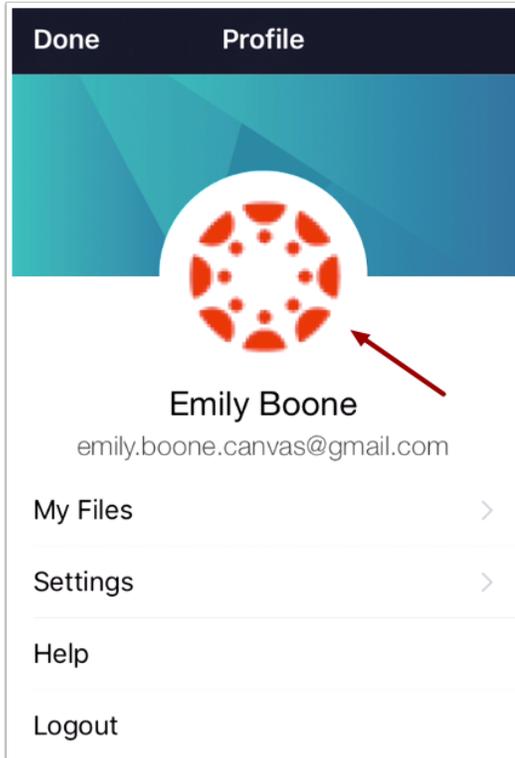

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Profile

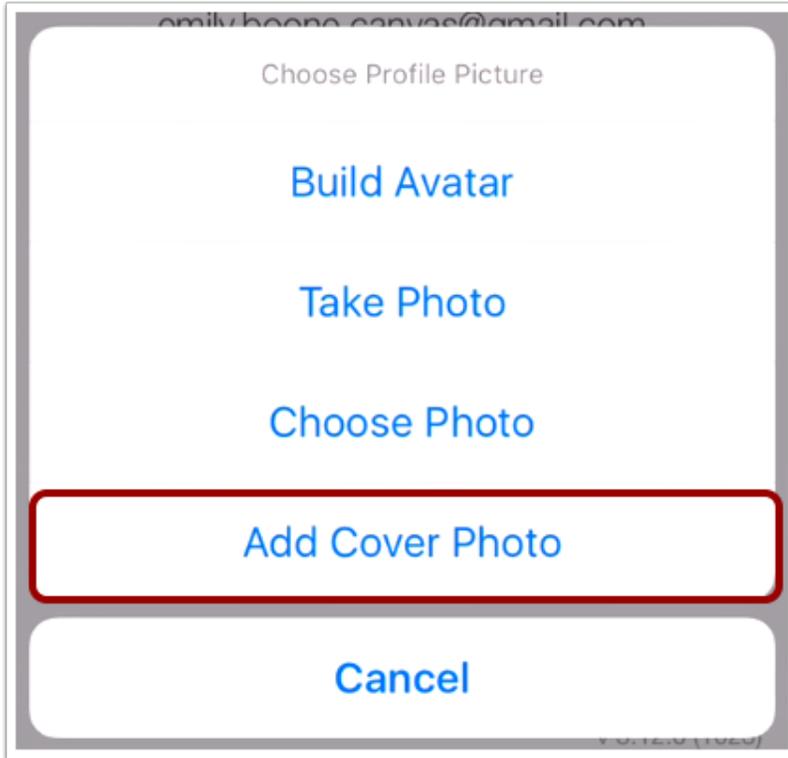

In the Dashboard, tap the **Profile** icon.

Open Profile Picture

Tap the profile picture icon.

Add Cover Photo

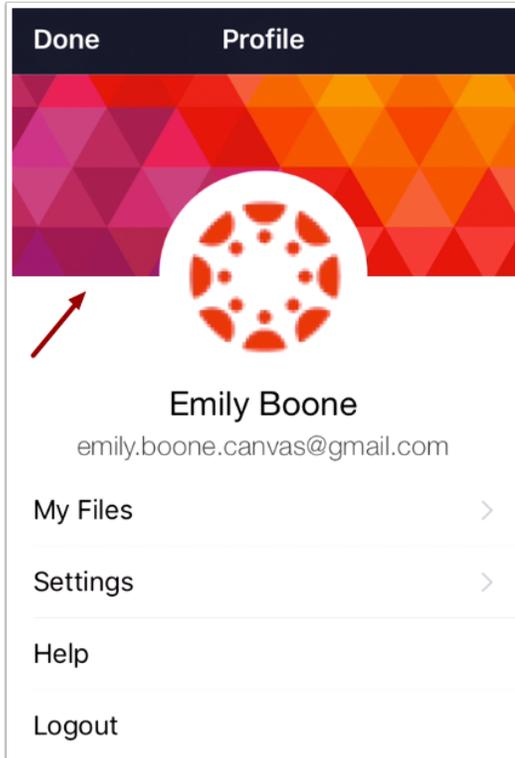

Tap the Add Cover Photo link.

Select Cover Photo

Scroll through the images and tap the image you want to use for your backdrop. You can choose between shapes and photos.

View Cover Photo

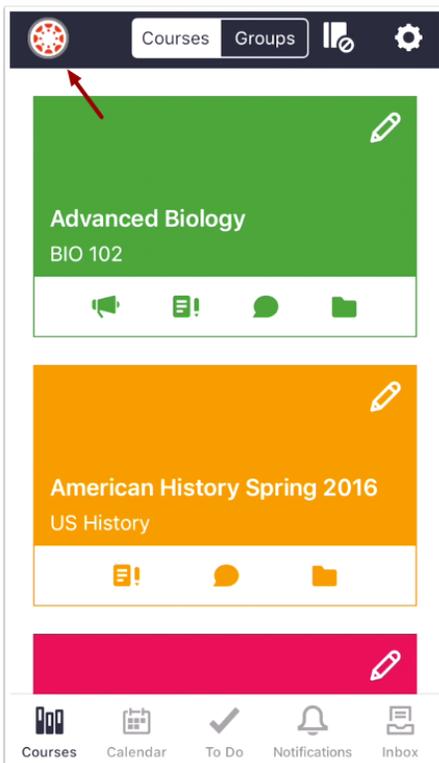

View your new cover photo.

How do I get help with the Canvas Student app on my iOS device?

You can reference the Canvas guides and get mobile help directly on your mobile device.

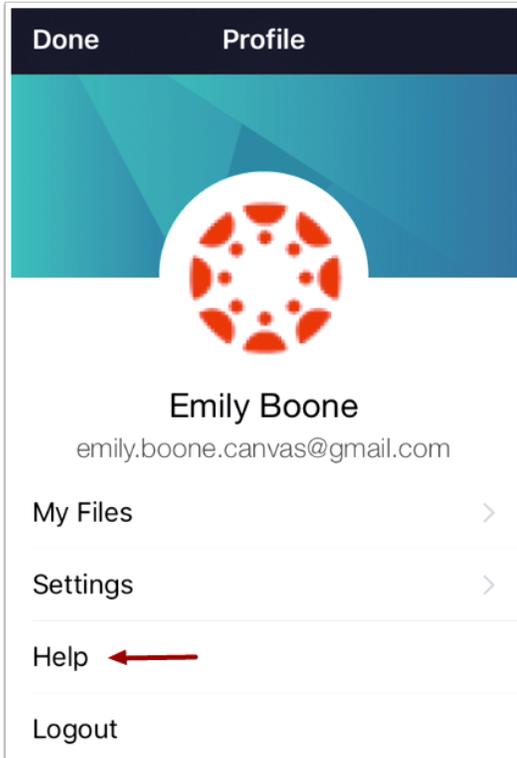

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Profile

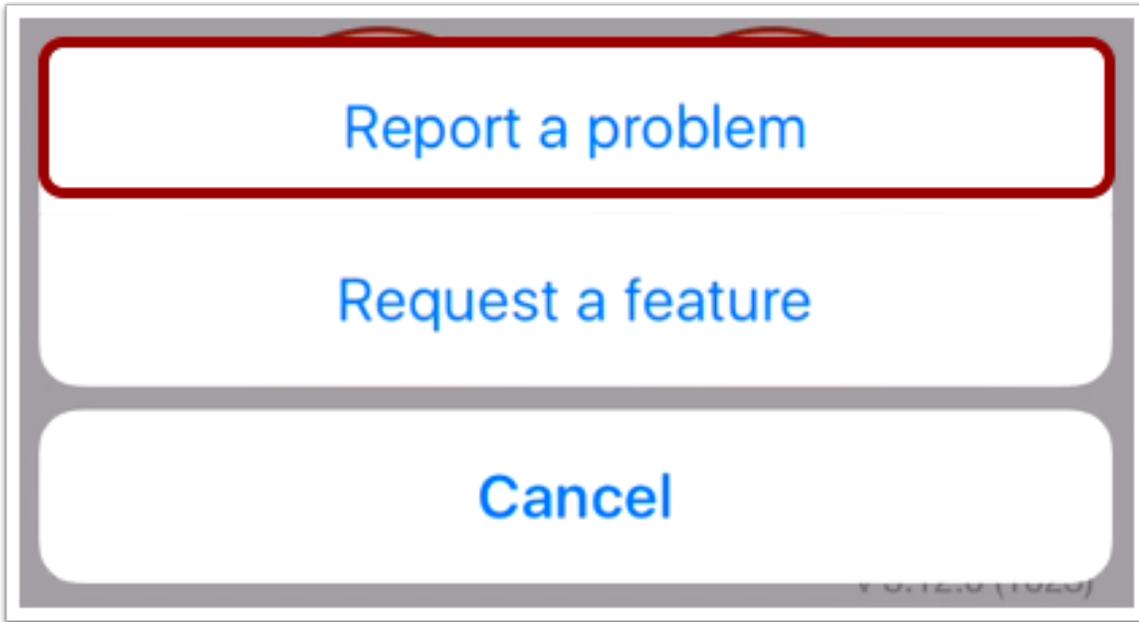

In the Dashboard, tap the **Profile** icon.

Open Help

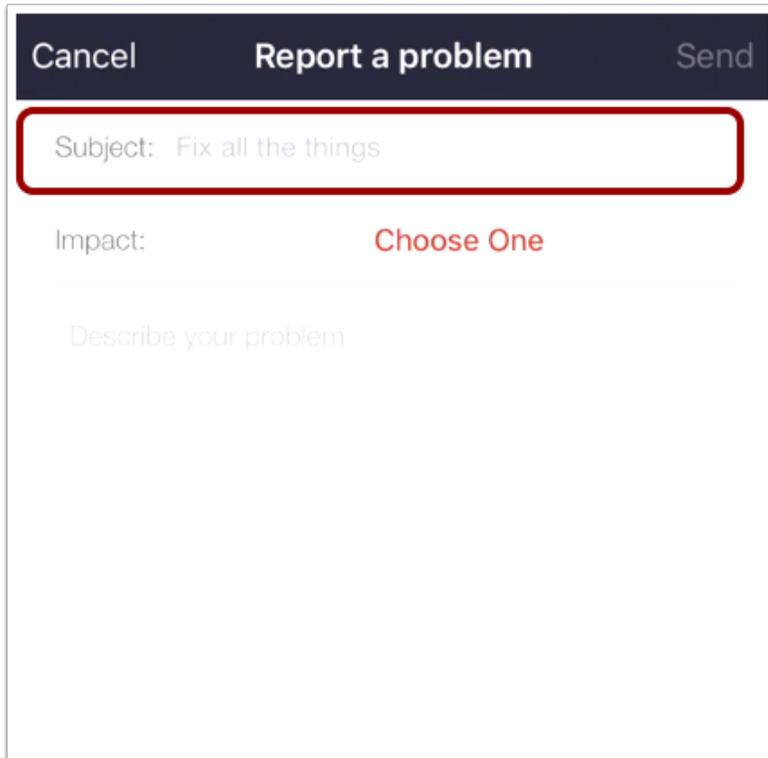

Tap the Help link.

Report a Problem

If you encounter a problem in the Canvas Student app, tap the **Report a Problem** button.

Create Subject

Cancel **Report a problem** Send

Subject: Fix all the things

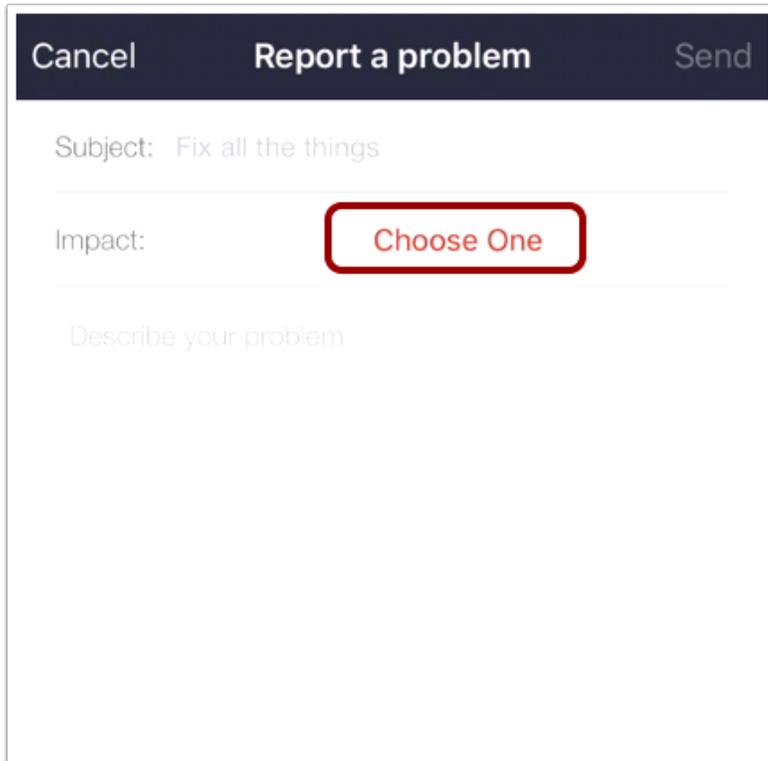

Impact: **Choose One**

Describe your problem

The Canvas Student app automatically creates a message that includes your Canvas URL and the version of the Canvas Student app you are using.

In the Subject field, you can create a subject line.

Choose Impact Level

How do I log out of the Canvas Student app on my iOS device?

You can easily log out of Canvas when you are finished using the app.

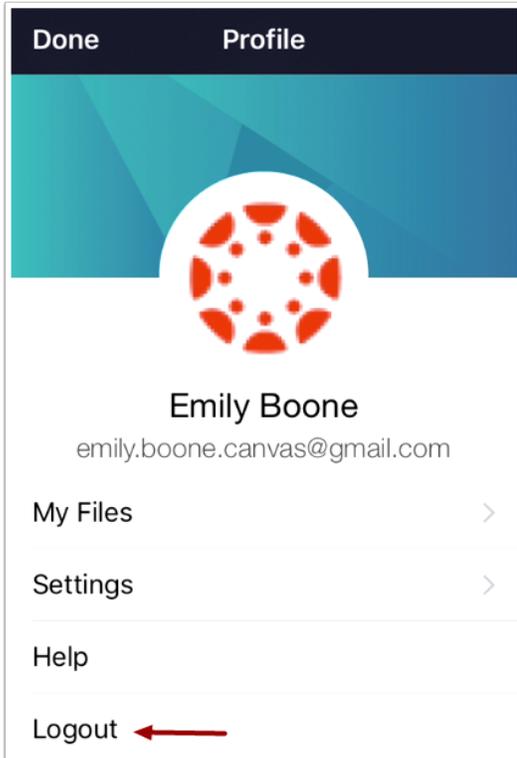

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Profile

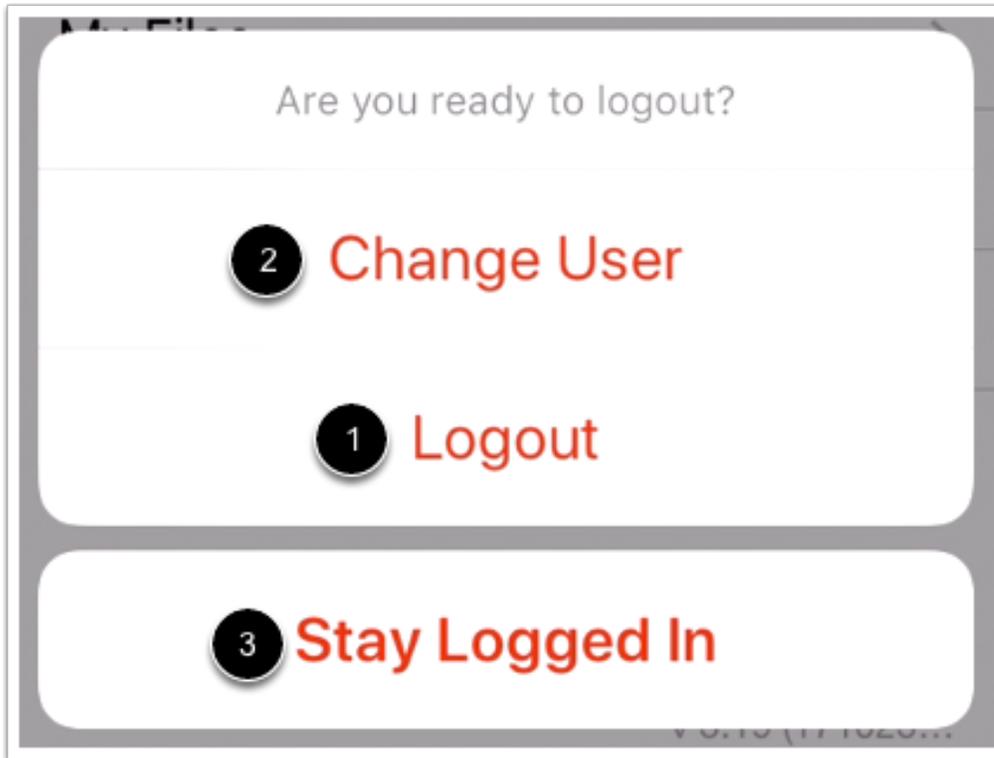

In the Dashboard, tap the **Profile** icon.

Log Out

Tap the **Logout** button.

Confirm Log Out

To confirm, tap the **Logout** link [1].

If you've enabled multi-user login and want to [switch to another account](#), tap the **Change User** link [2].

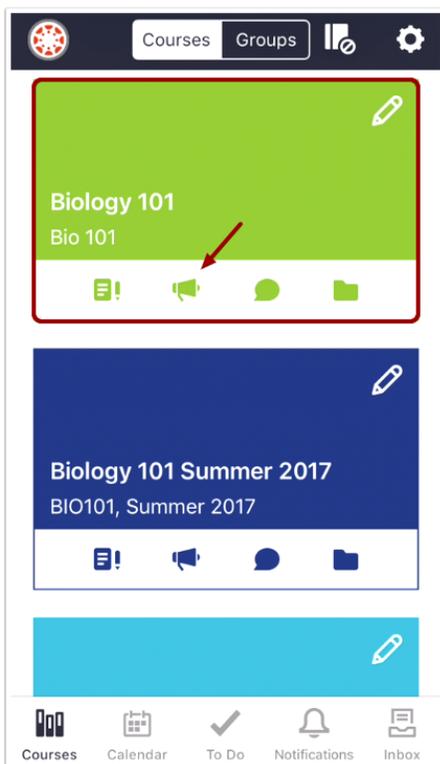

If you change your mind, tap the **Stay Logged In** link [3].

How do I view Announcements in the Canvas Student app on my iOS device?

Canvas lets you view Announcements in your Canvas courses. You can also view Announcements directly in the Notifications tab.

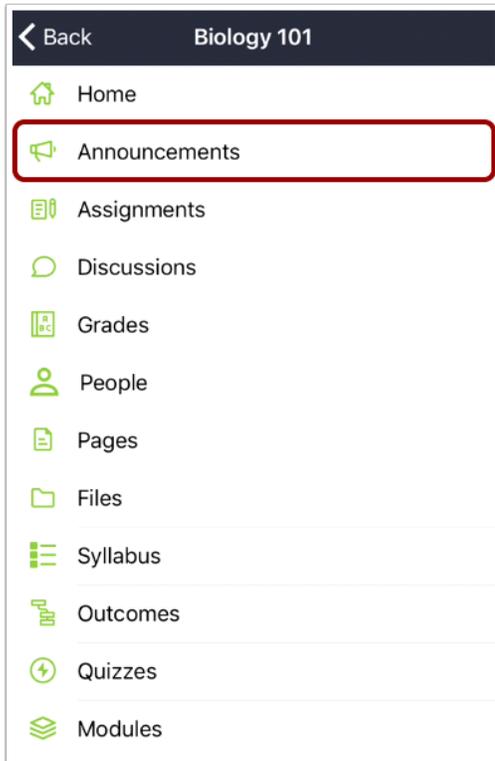

Note: The Course Navigation menu matches the browser version of your Canvas course. If you are a student and Announcements is not available in Course Navigation, it will also be hidden from view in the app.

Open Course

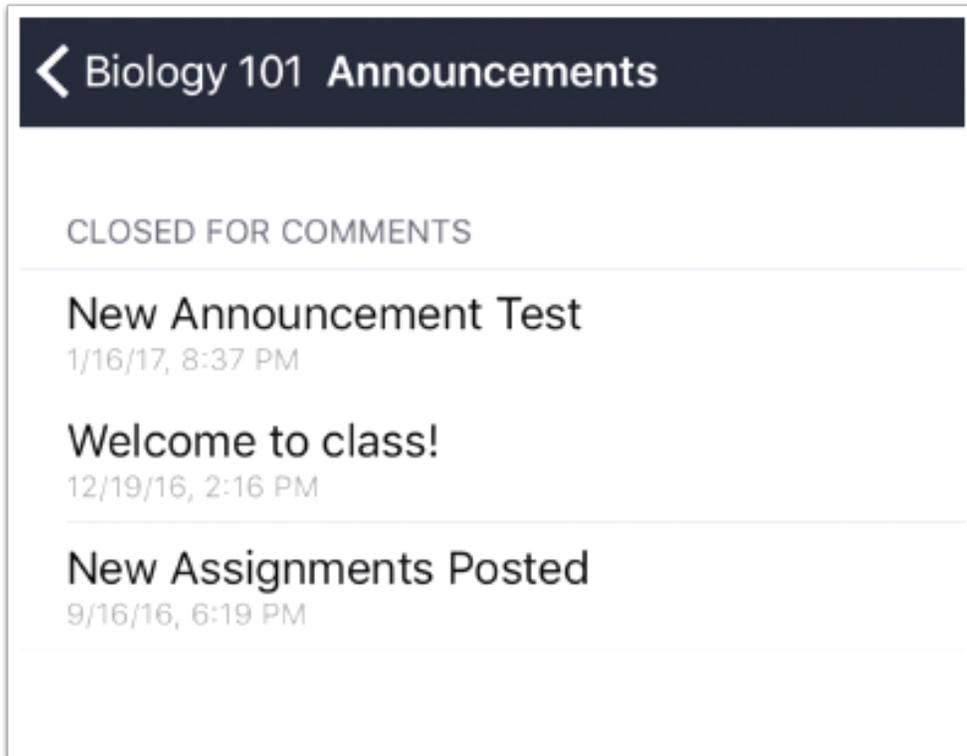

In the Courses tab, tap the name of the course you'd like to view. Or if it is available, tap the Announcements icon.

Open Announcements

Tap the Announcements link.

Welcome to class! Dec 19, 2016, 2:16 PM

Hello!

Welcome to Biology 101! Feel free to take a look around the course and let me know if you have any questions.

Thanks,

Mr. Roberts

View the announcement on your phone.

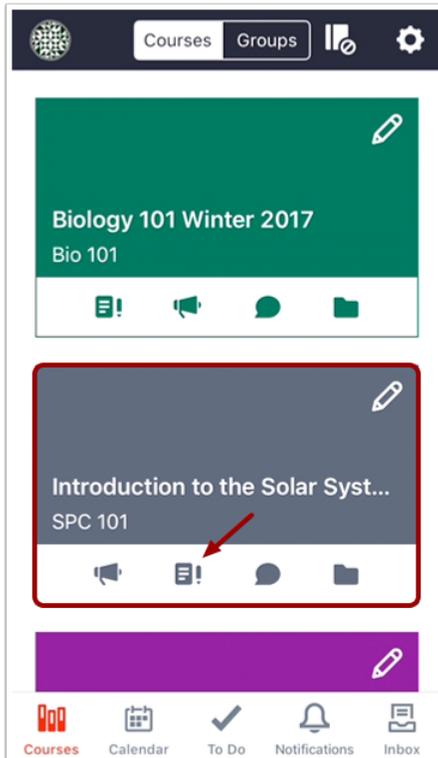

How do I view Assignments in the Canvas Student app on my iOS device?

The Canvas Student app helps you keep track of all course assignments. You can also view newly created assignments or changes to assignments in the Notifications tab, and you can also schedule reminders for upcoming assignments.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

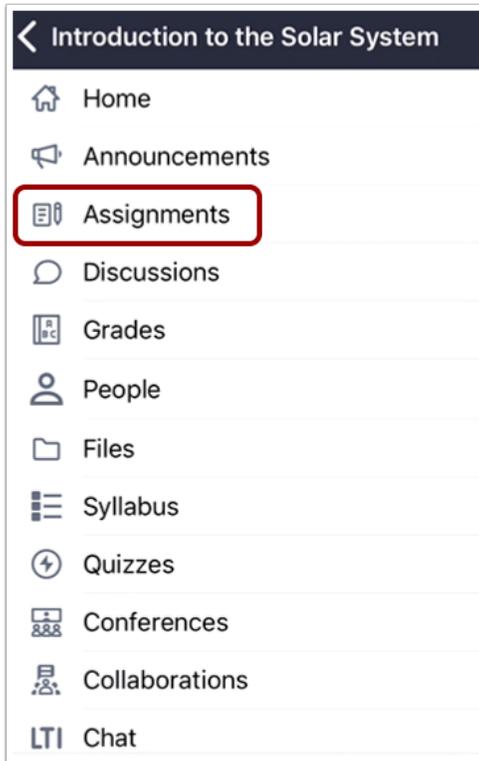

Note: The Course Navigation menu matches the browser version of your Canvas course. If Assignments is not available in Course Navigation, it will also be hidden from view in the app.

Open Course

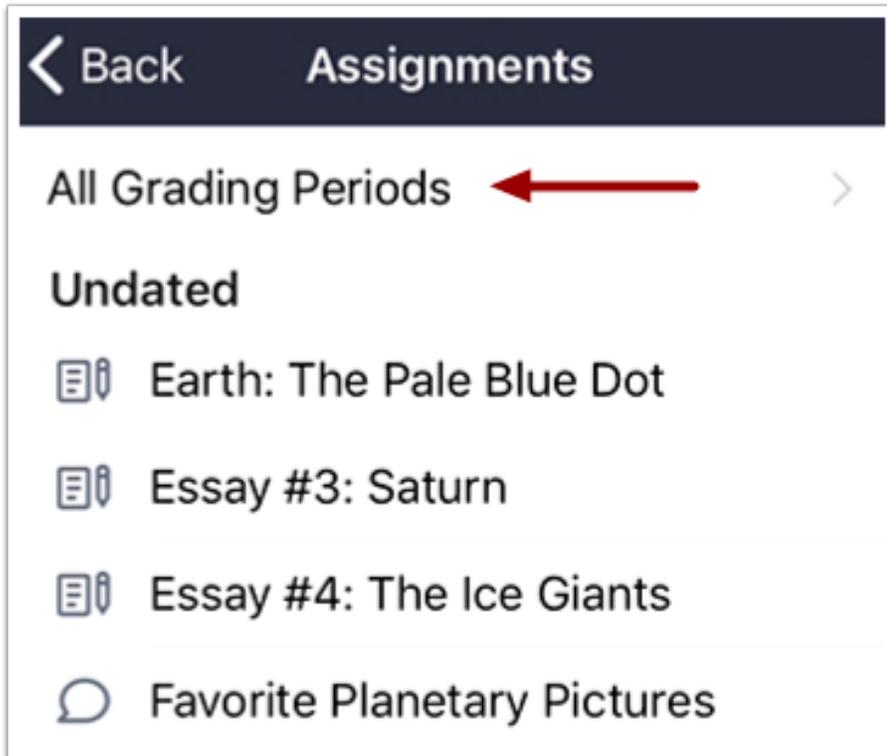

In the **Courses** tab, tap the name of the course you'd like to view. Or if it is available, tap the Assignments icon.

Open Assignments

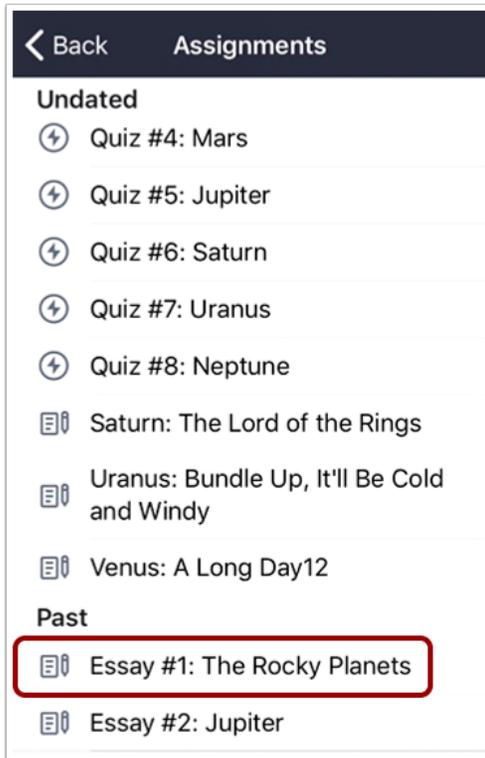

Tap the Assignments link.

View Assignments

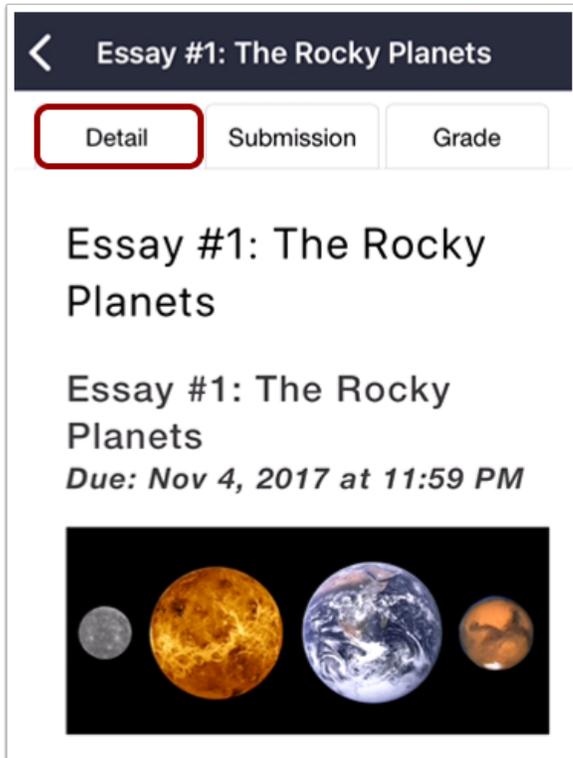

In the Canvas Student app, assignments are organized by assignment date. You can also filter by grading period.

Open Assignment

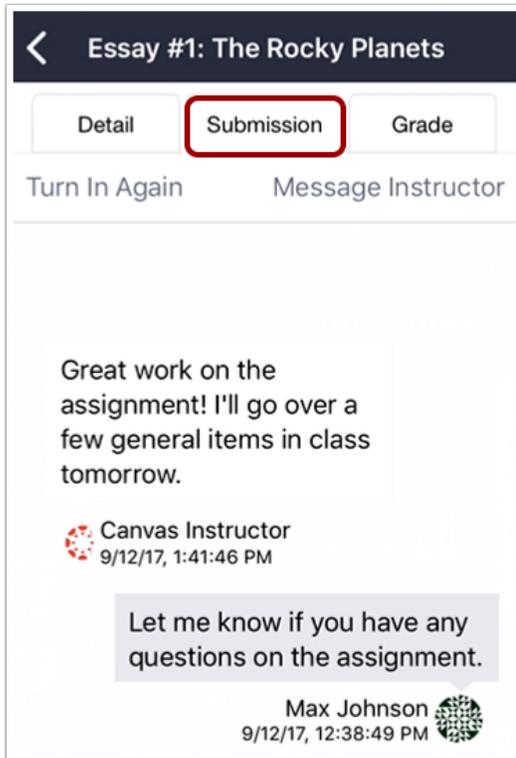

To view an assignment, tap the name of the assignment.

View Details

The app opens to the Detail tab, which includes the assignment description and the due date.

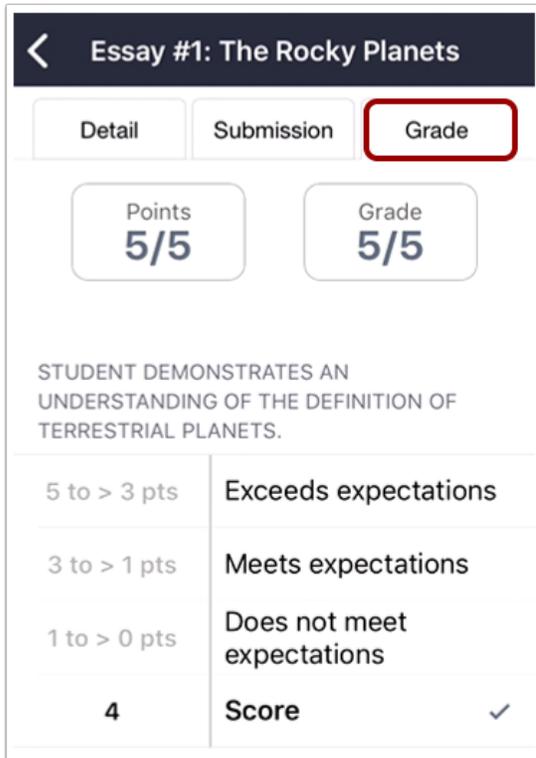

View Submission

To view assignment submission information, tap the **Submission** tab.

You can [submit assignments](#) in the app.

View Rubric and Grade

← Essay #1: The Rocky Planets

Detail Submission **Grade**

Points
5/5

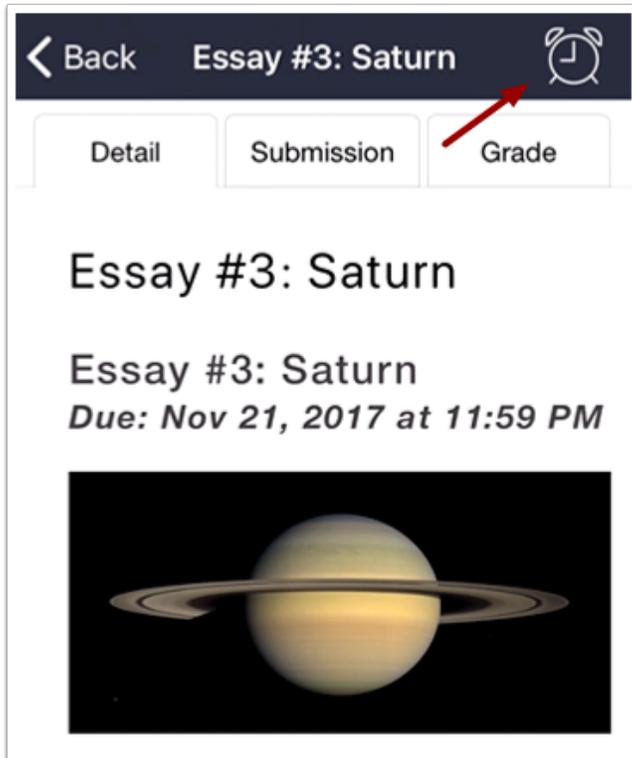

Grade
5/5

STUDENT DEMONSTRATES AN UNDERSTANDING OF THE DEFINITION OF TERRESTRIAL PLANETS.

5 to > 3 pts	Exceeds expectations
3 to > 1 pts	Meets expectations
1 to > 0 pts	Does not meet expectations
4	Score ✓

To view the Assignment rubric and grade details, tap the **Grade** tab.

Schedule Reminder

To [schedule a reminder](#) for an upcoming assignment, tap the **Reminder** icon.

Note: You cannot schedule reminders for past assignments or assignments without a due date.

How do I schedule a reminder for an assignment in the Canvas Student app on my iOS device?

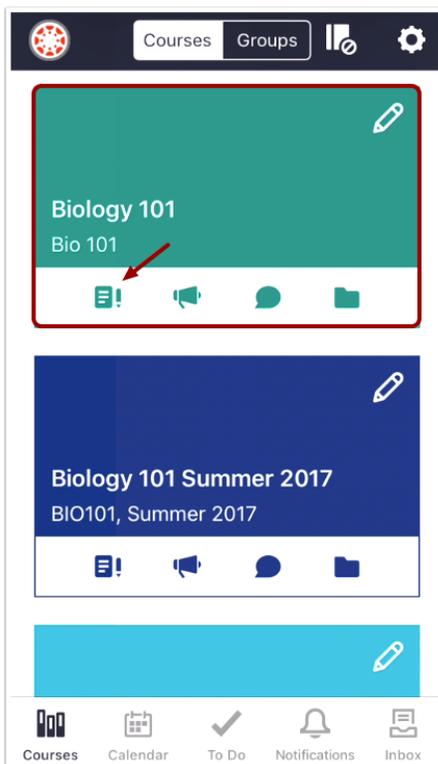

On iOS devices, you can schedule notifications for upcoming assignments. You can schedule reminders 5 minutes, 1 hour, 1 day, or 3 days before the due date. When the reminder time arrives, the app will reopen the assignment to the details page.

Reminders cannot be set for past assignments or assignments that do not have a due date.

This lesson shows how to open an assignment through a course, but you can also schedule reminders by opening assignments in the To Do list.

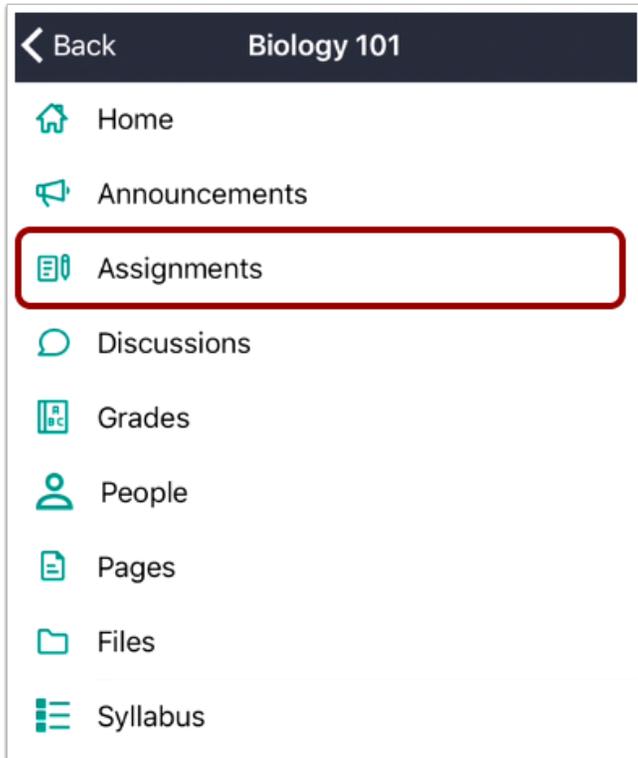

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Course

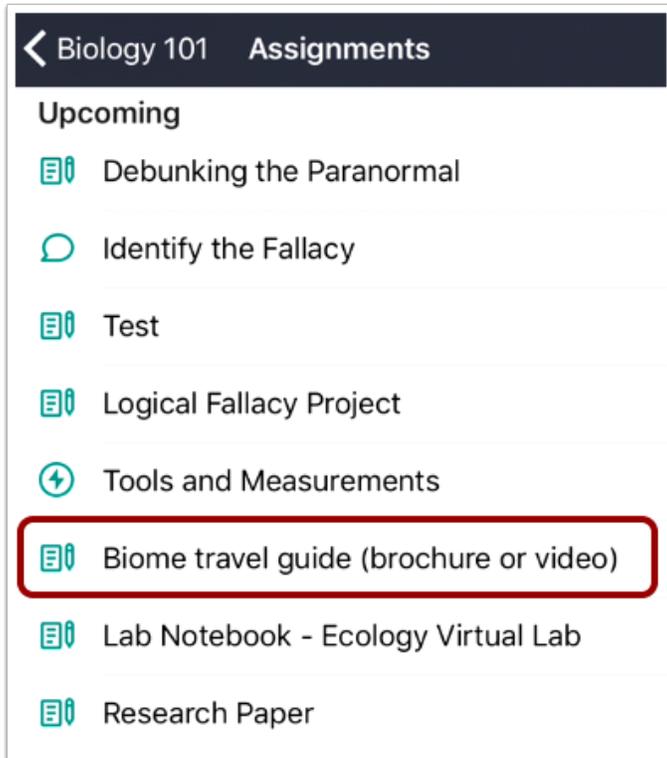

In the **Courses** tab, tap the name of the course you'd like to view. Or if it is available, tap the Assignments icon.

Open Assignments

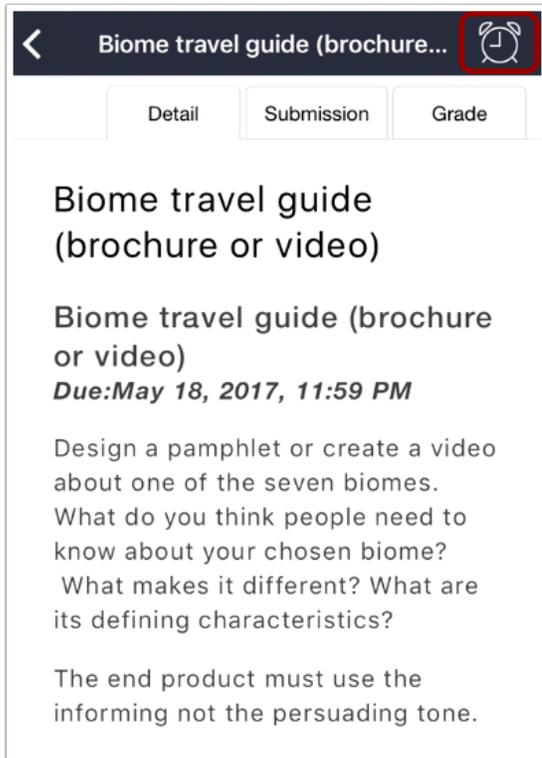

Tap the Assignments link.

Open Assignment

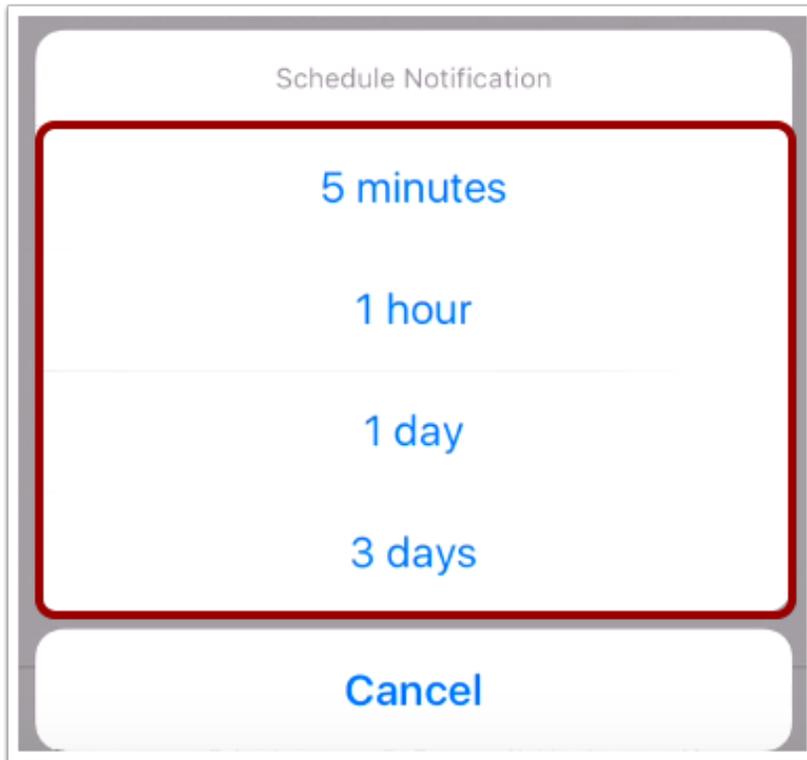

Tap the name of an upcoming assignment.

Set Reminder

In the menu bar, tap the **Reminder** icon.

Tap the time period when you'd like to receive the notification as related to the due date. You can choose to be reminded 5 minutes, 1 hour, 1 day, or 3 days before the due date.

When the reminder time arrives, the Canvas Student app will reopen the assignment.

How do I view Discussions in the Canvas Student app on my iOS device?

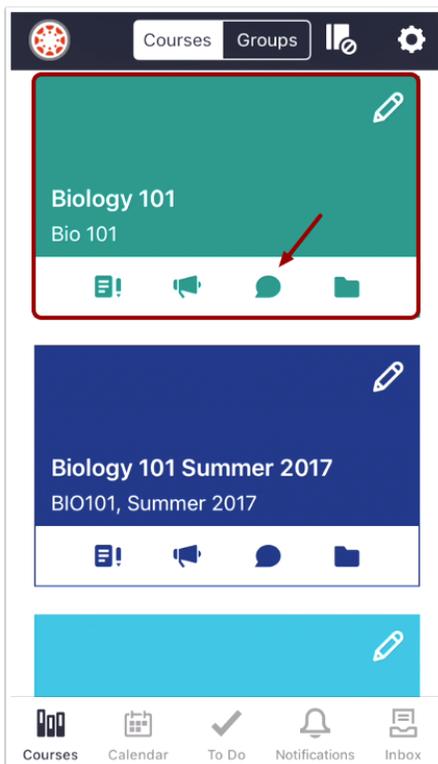

The Canvas Student app helps you keep track of all course discussions. You can also view newly created discussions or changes to discussions in the Notifications tab.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

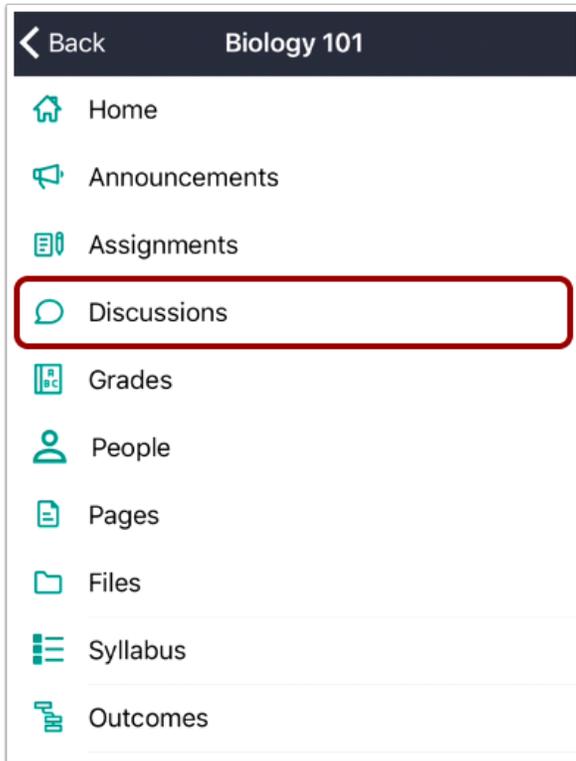

- The Course Navigation menu matches the browser version of your Canvas course. If Discussions is not available in Course Navigation, it will also be hidden from view in the app.
- Currently, viewing rubrics in graded discussions is not supported in the app.

Open Course

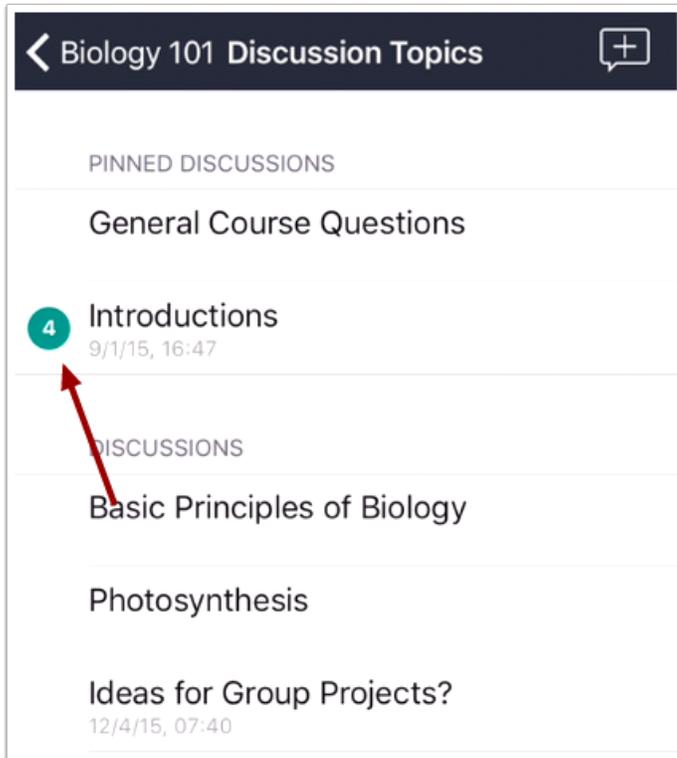

In the **Courses** tab, tap the name of the course you'd like to view. Or if it is available, tap the Discussions icon.

Open Discussions

Tap the Discussions link.

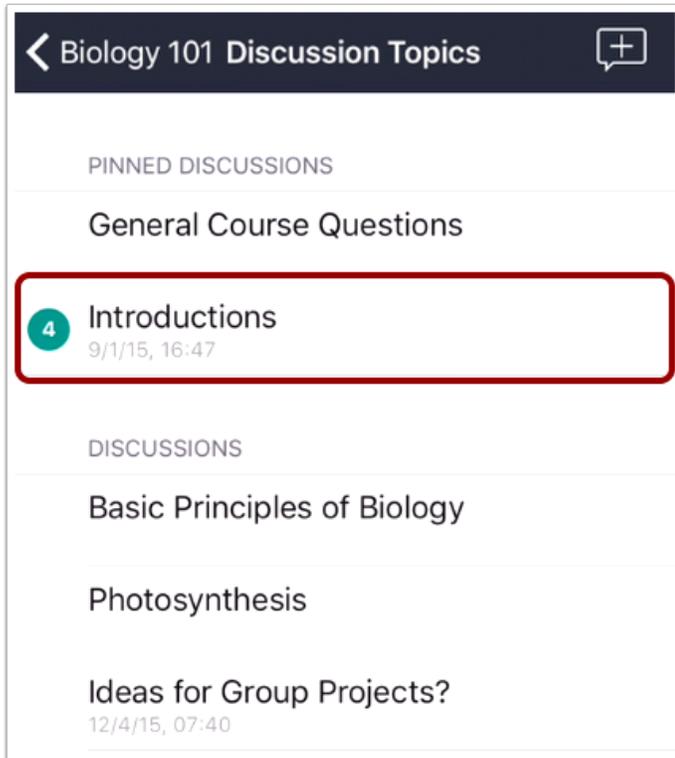

View Discussions

The most recent discussion will always appear at the top. However, replies to the discussions stay housed within the discussion itself. A numbered indicator (color-coded by course) displays the number of unread replies within each discussion.

Swipe your device from top to bottom to quickly refresh Discussions.

Open Discussion

To view a discussion thread, tap the name of the thread.

View Focused Discussion

← Discussions Favorite Bio Topics ↩

Favorite Bio Topics Mar 19, 2014, 23:00

Please share your favorite bio topics.

 **Emily Boone** Sep 1, 2015, 16:00

Praesent egestas neque eu enim. Duis arcu tortor, suscipit eget, imperdiet nec, imperdiet iaculis, ipsum. Praesent blandit laoreet nibh. Ut non enim eleifend felis pretium feugiat.

Donec vitae orci sed dolor rutrum auctor. Sed mollis, eros et ultrices tempus, mauris ipsum aliquam libero, non adipiscing dolor urna a orci. Fusce fermentum. In turpis.

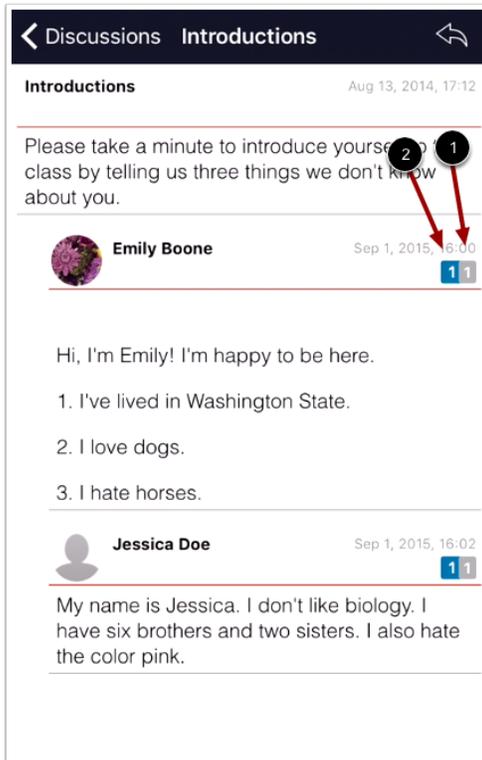

Donec id justo. Vivamus in erat ut urna cursus vestibulum. Nam eget dui. Suspendisse pulvinar, augue ac venenatis condimentum, sem libero volutpat nibh, nec pellentesque velit pede quis nunc.

 **Jessica Doe** Sep 1, 2015, 16:03

Praesent egestas neque eu enim. Duis arcu tortor, suscipit eget, imperdiet nec, imperdiet

Focused discussions are considered regular discussions. Focused discussions are used for single replies and related comments.

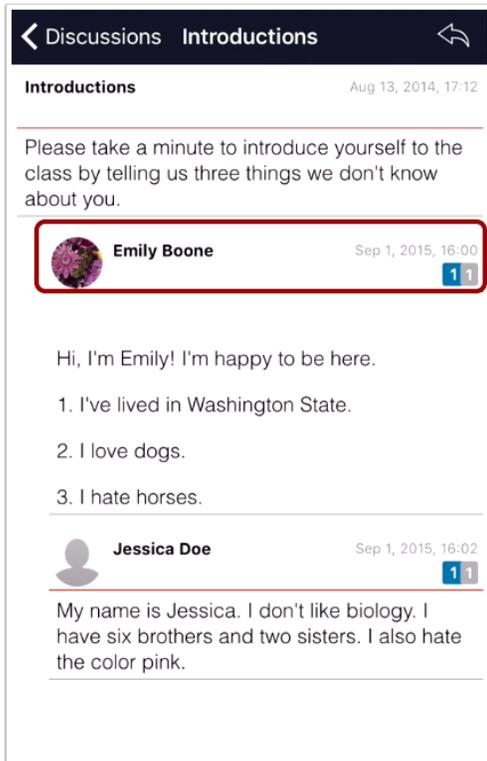

View Threaded Discussion

Threaded discussions allow multiple replies within replies. You can reply to any discussion post or reply in the thread.

The number of replies within the reply are indicated by a gray notification icon [1]. The number of threaded replies that are unread are indicated by the blue indicator [2].

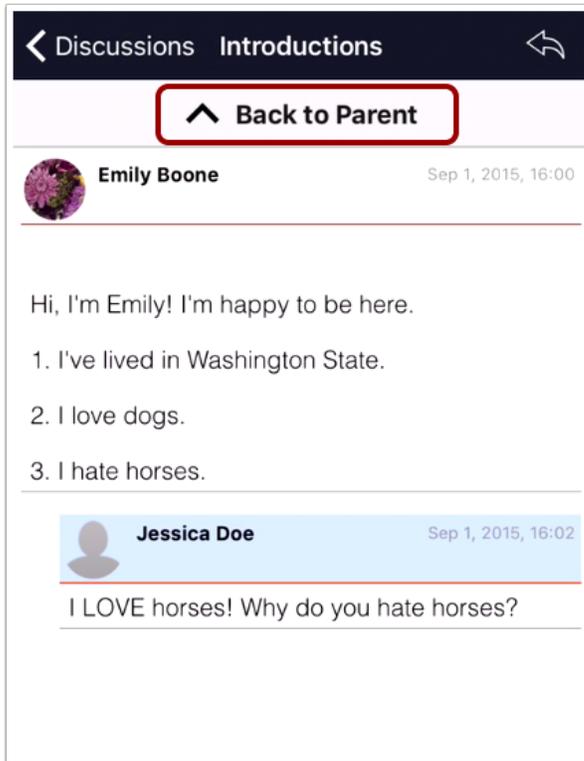

Open Threaded Discussion

The screenshot shows a mobile interface for a discussion titled "Introductions". At the top, there are navigation arrows and the text "Discussions Introductions". Below this, the title "Introductions" is displayed with a timestamp of "Aug 13, 2014, 17:12". The main text of the discussion asks users to introduce themselves by sharing three things they don't know about them. Two replies are shown. The first reply is from "Emily Boone" on "Sep 1, 2015, 16:00" and is highlighted with a red border. Her reply includes a greeting and a list of three items: "I've lived in Washington State", "I love dogs", and "I hate horses". The second reply is from "Jessica Doe" on "Sep 1, 2015, 16:02" and contains the text: "My name is Jessica. I don't like biology. I have six brothers and two sisters. I also hate the color pink." Each reply has a small blue icon with the number "1" next to it.

To expand a threaded discussion, tap the heading of the threaded reply.

View Threaded Discussion

View the replies in the threaded discussion.

To return to the main discussion thread, tap the **Back to Parent** button.

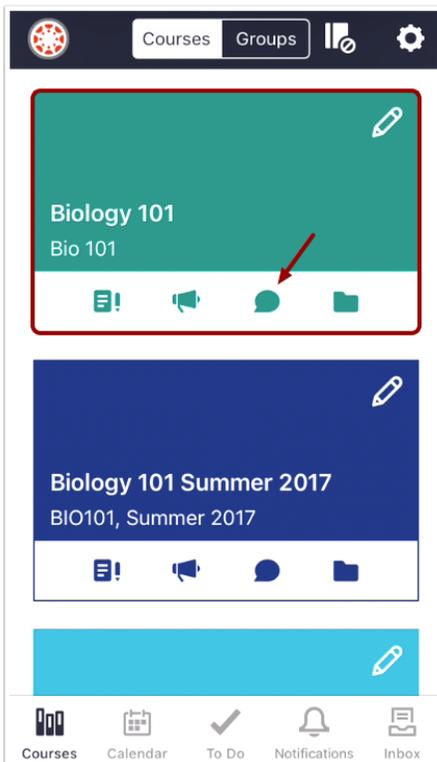

How do I create a discussion in the Canvas Student app on my iOS device?

You can create new discussions using the Canvas Student app.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

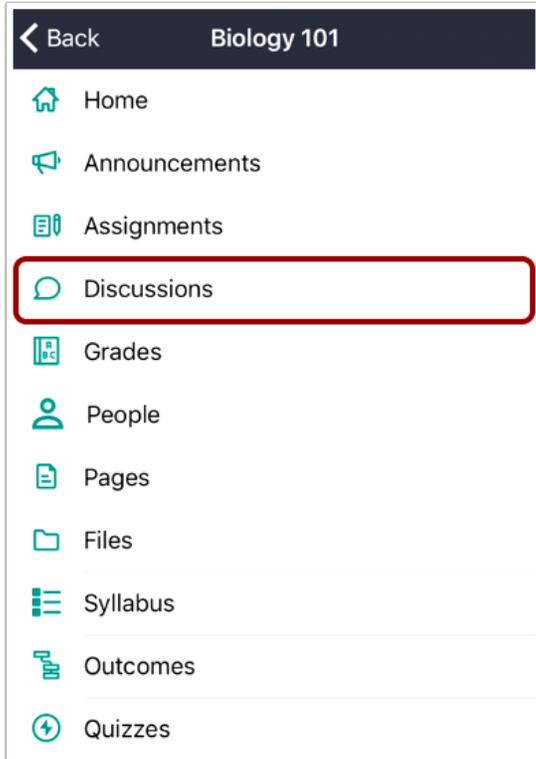

Note: Creating a discussion is a course permission. If you cannot create a new discussion, this feature has been disabled in your course.

Open Course

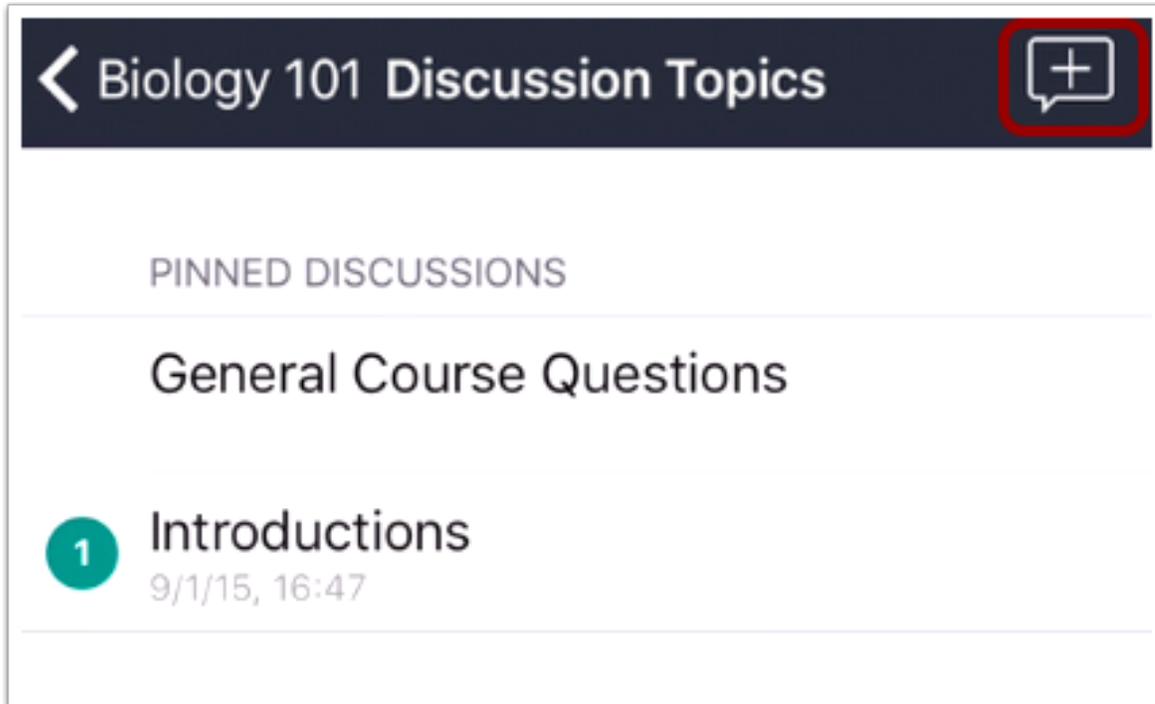

In the **Courses** tab, tap the name of the course you'd like to view. Or if it is available, tap the **Discussions** icon.

Open Discussions

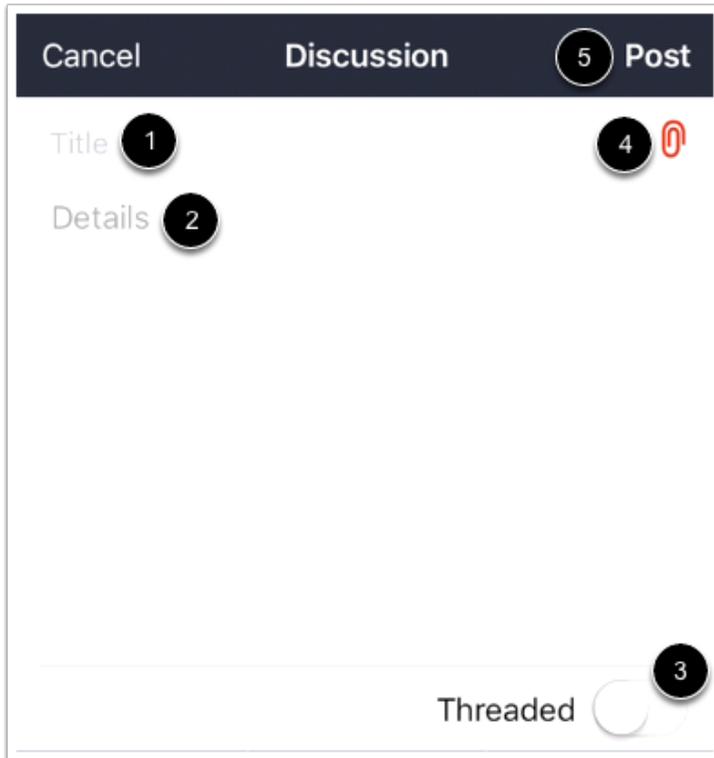

Tap the Discussions link.

Add Discussion

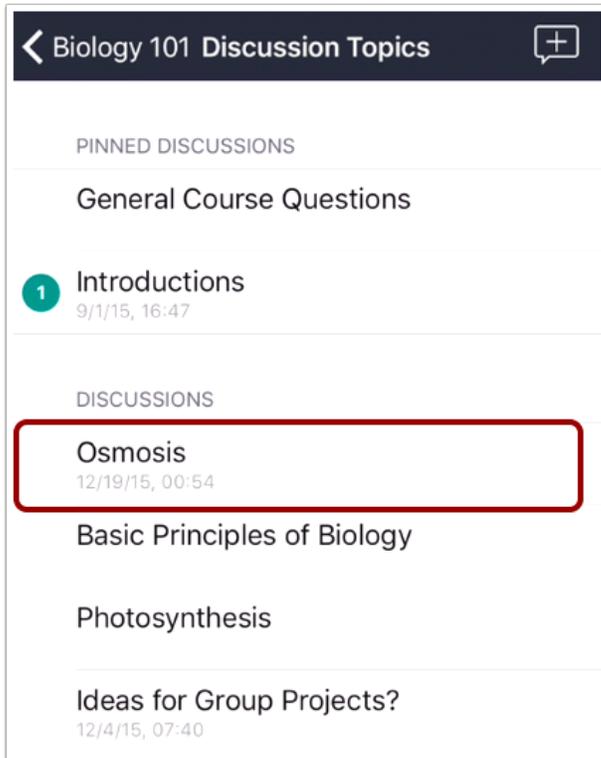

Tap the Add Discussion icon.

Create Discussion

A screenshot of the 'Create Discussion' screen in the Canvas Student iOS app. The screen has a dark blue header with three buttons: 'Cancel', 'Discussion', and 'Post'. The 'Post' button has a white circle with the number '5' inside. Below the header, there are two text input fields: 'Title' and 'Details'. The 'Title' field has a black circle with the number '1' next to it. The 'Details' field has a black circle with the number '2' next to it. To the right of the 'Details' field, there is a red paperclip icon with a black circle containing the number '4' next to it. At the bottom right of the screen, there is a 'Threaded' label next to a white toggle switch. The toggle switch has a black circle with the number '3' next to it.

Create a title for your discussion in the title field [1]. Enter the details of your discussion in the text field [2]. If you want to allow your discussion to be a threaded discussion, swipe the slider [3]. You can also add an attachment to your discussion with the Paper Clip icon [4]. When you are finished, tap the Post link [5].

How do I reply to a discussion in the Canvas Student app on my iOS device?

You can reply to a discussion within the Canvas Student app.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

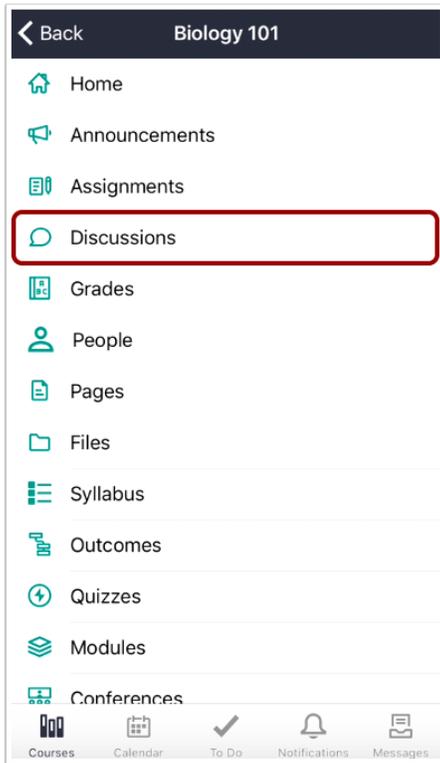

Note: The process of responding to a focused discussion or a threaded discussion is the same, although the layout of the discussion may look different depending on the depth of the discussion thread.

Open Course

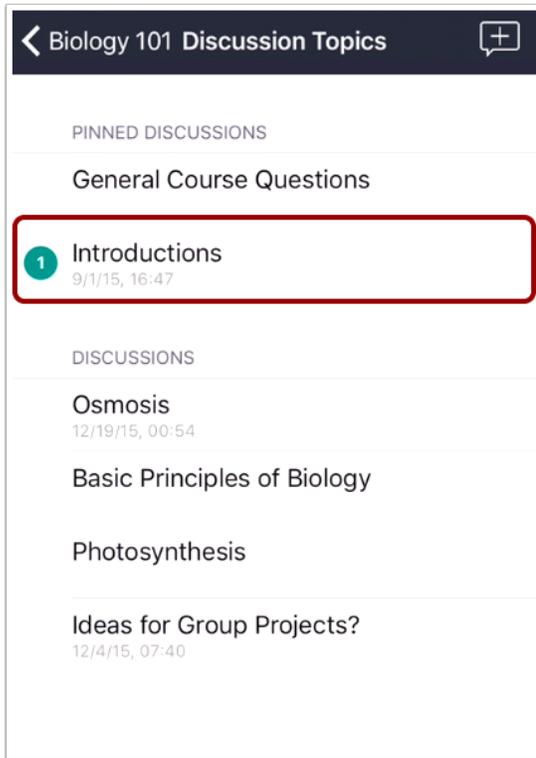

In the **Courses** tab, tap the name of the course you'd like to view. Or if it is available, tap the Discussions icon.

Open Discussions

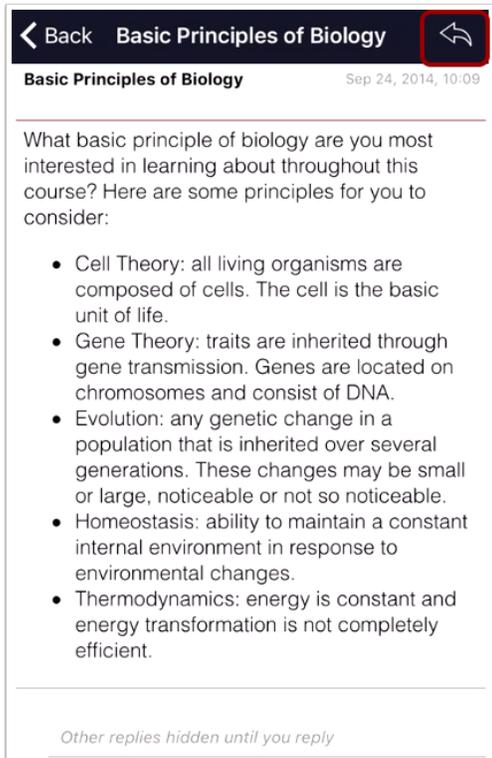

Tap the Discussions link.

Open Discussion

To view a discussion thread, tap the name of the thread.

Reply to Discussion

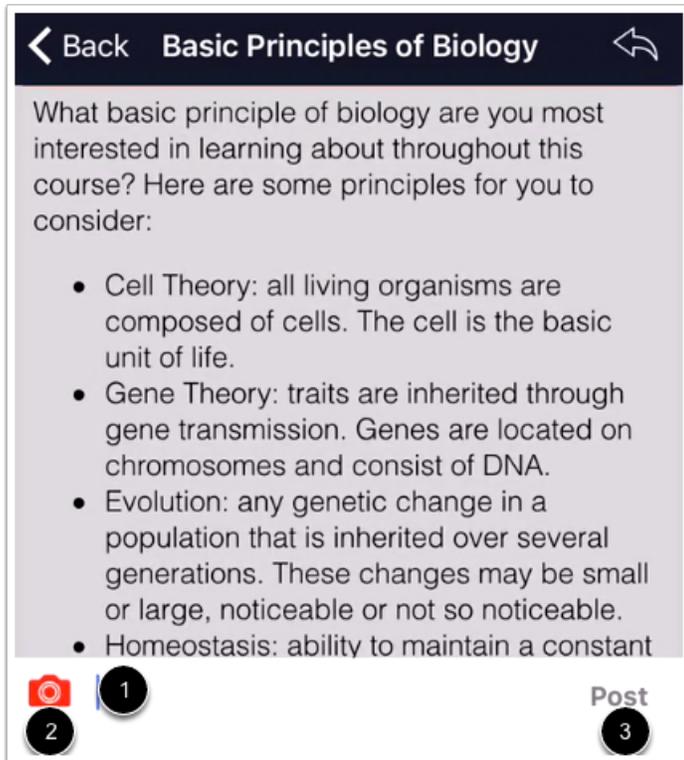

Basic Principles of Biology Sep 24, 2014, 10:09

What basic principle of biology are you most interested in learning about throughout this course? Here are some principles for you to consider:

- Cell Theory: all living organisms are composed of cells. The cell is the basic unit of life.
- Gene Theory: traits are inherited through gene transmission. Genes are located on chromosomes and consist of DNA.
- Evolution: any genetic change in a population that is inherited over several generations. These changes may be small or large, noticeable or not so noticeable.
- Homeostasis: ability to maintain a constant internal environment in response to environmental changes.
- Thermodynamics: energy is constant and energy transformation is not completely efficient.

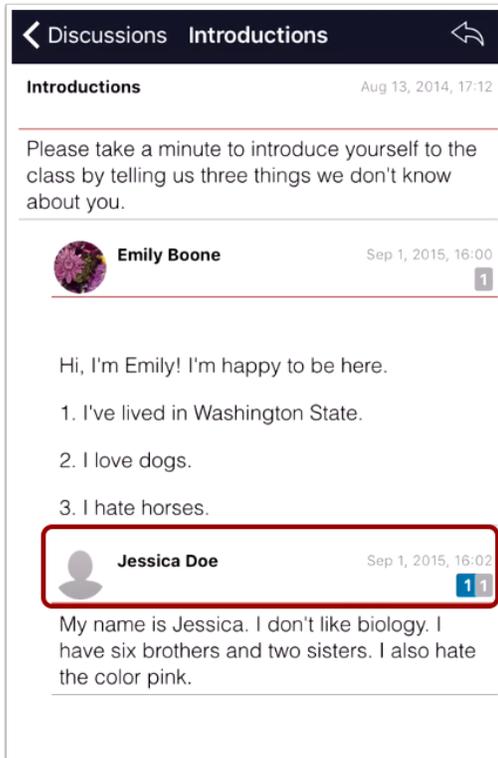

Other replies hidden until you reply

To reply to the main discussion, tap the Reply icon.

Type your reply in the text field [1]. To add [media or attachments](#) to your reply, tap the photo icon [2]. Then tap the Post button [3].

Reply to Threaded Discussion

Discussions Introductions

Introductions Aug 13, 2014, 17:12

Please take a minute to introduce yourself to the class by telling us three things we don't know about you.

Emily Boone Sep 1, 2015, 16:00

Hi, I'm Emily! I'm happy to be here.

1. I've lived in Washington State.
2. I love dogs.
3. I hate horses.

Jessica Doe Sep 1, 2015, 16:02

My name is Jessica. I don't like biology. I have six brothers and two sisters. I also hate the color pink.

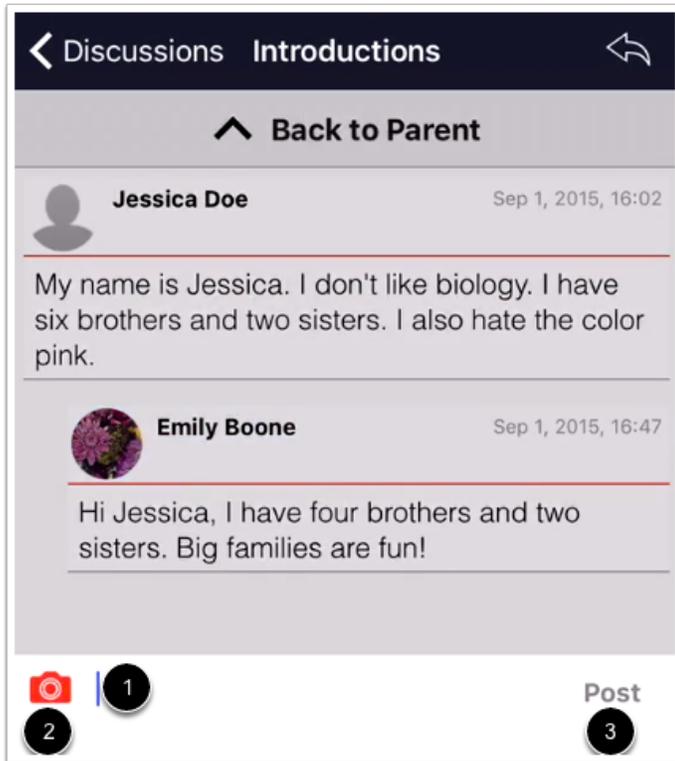

If you want to reply to a comment made by another user, tap the heading of the user's comment. The post will expand.

Note: If the post does not expand, the thread you selected is not a threaded discussion.

Tap the Reply icon.

Reply to Discussion

Type your reply in the text field [1]. To add [media or attachments](#) to your reply, tap the photo icon [2]. Then tap the Post button [3].

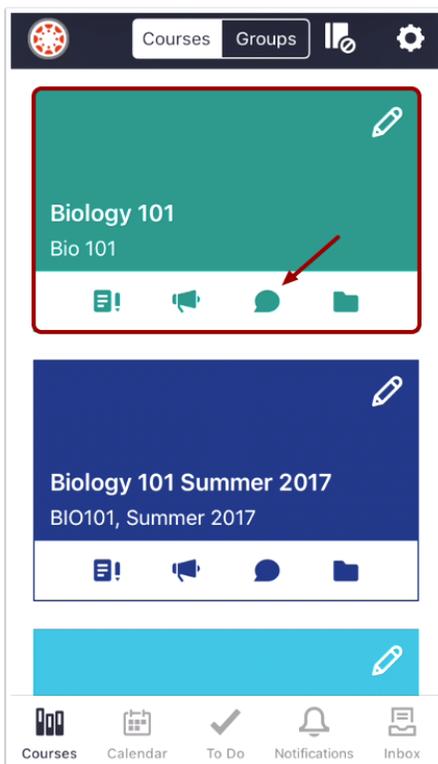

How do I add an attachment to a discussion in the Canvas Student app on my iOS device?

You can add photo, audio, and video files to your discussion posts.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

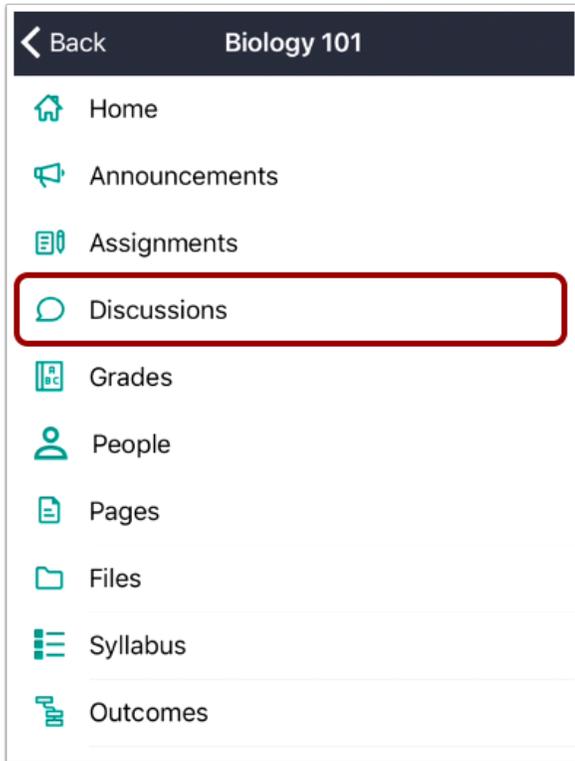

Note: Adding an attachment to a Discussion is a course permission. If you cannot add an attachment, this feature has been disabled in your course.

Open Course

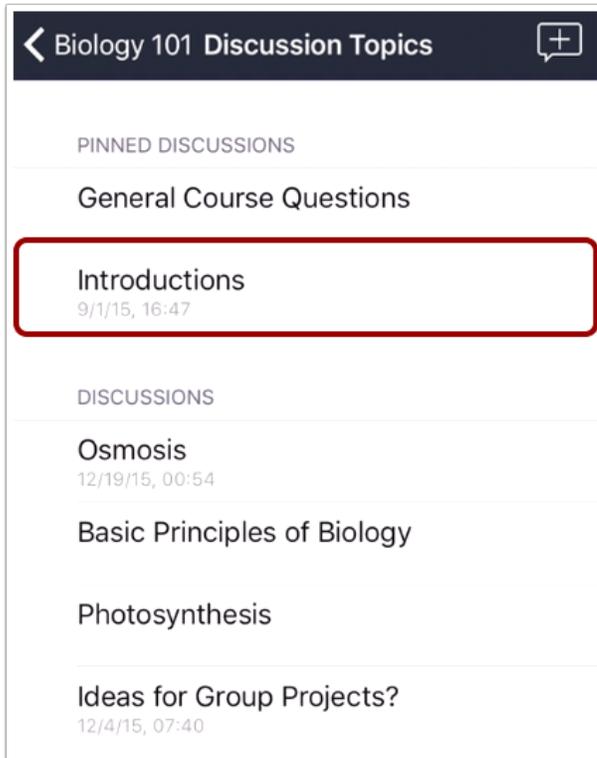

In the **Courses** tab, tap the name of the course you'd like to view. Or if it is available, tap the **Discussions** icon.

Open Discussions

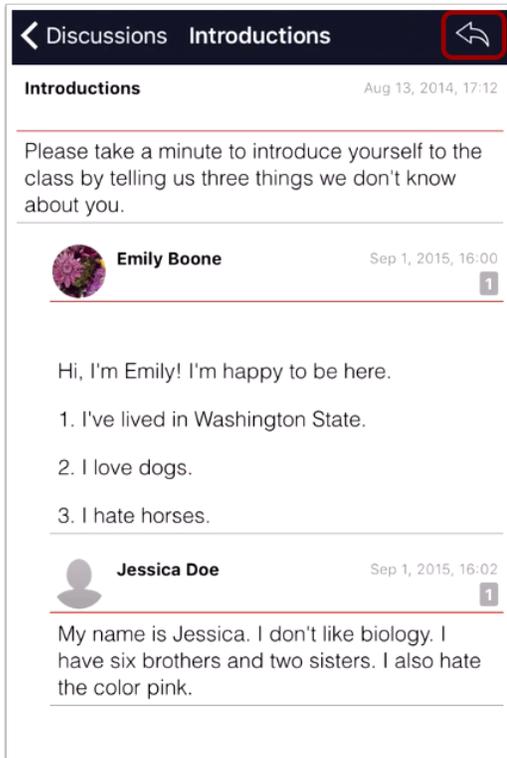

Tap the Discussions link.

Open Discussion

To view a discussion thread, tap the name of the thread.

Reply to Discussion

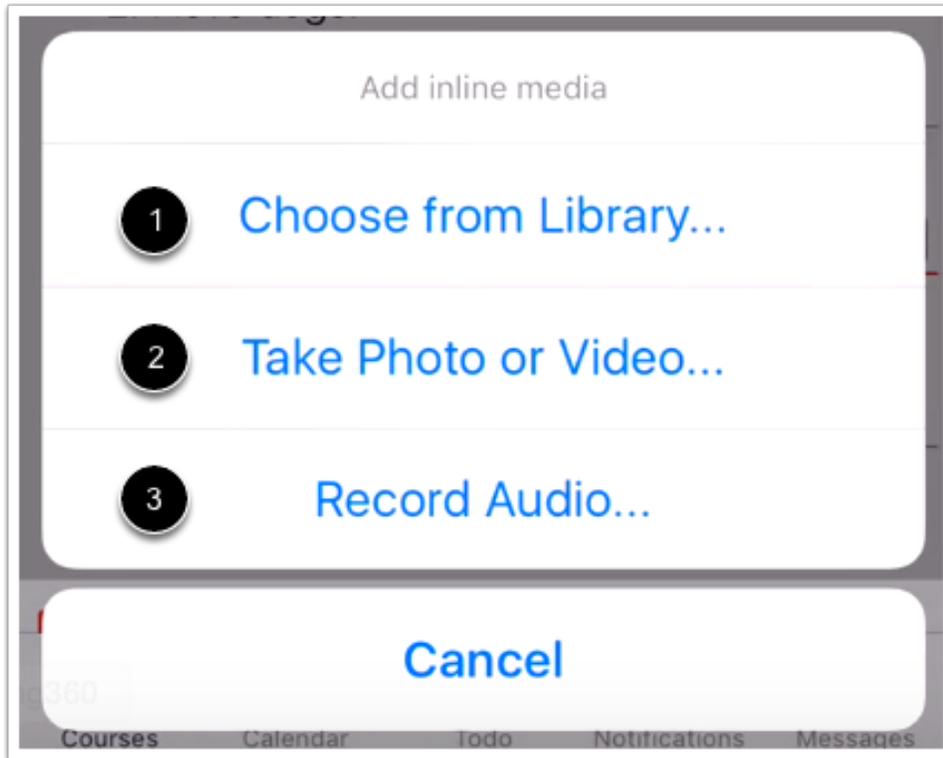

To [reply to the discussion](#), tap the Reply icon.

Add Attachment

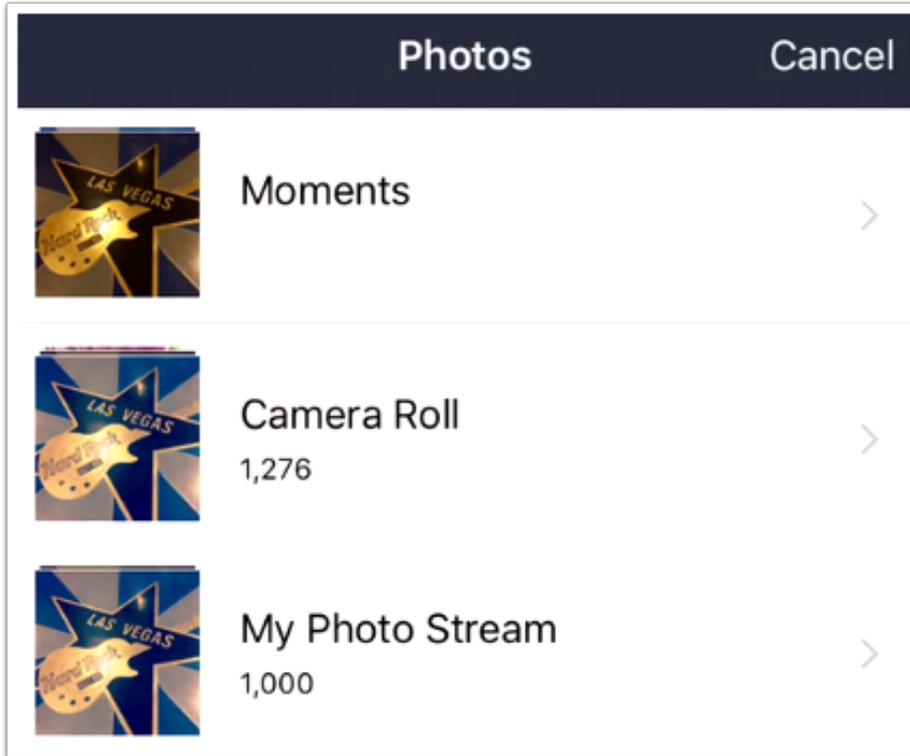

To add media or attachments to your reply, tap the photo icon.

Select Attachment Type

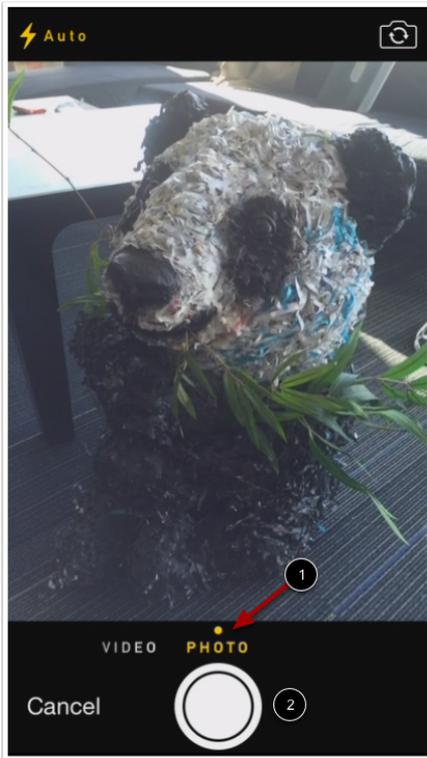

To attach an existing photo on your iOS device, tap the **Choose from Library...** button [1]. Otherwise you can tap the **Take Photo or Video** button [2] or **Record Audio** button [3].

Choose from Library

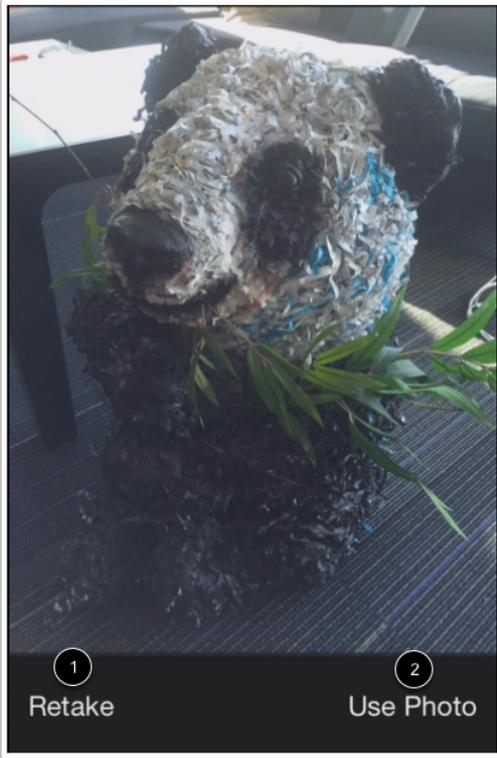

Select a photo from a photo gallery on your device.

Take Photo

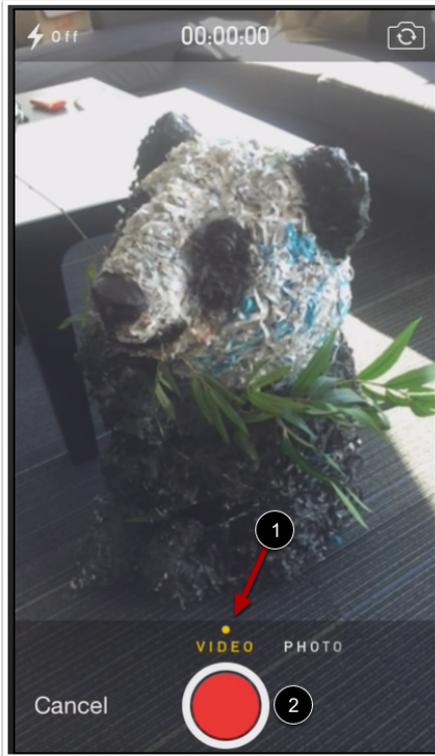

Make sure the media option is set to photo [1]. Tap the Camera icon [2].

Use Photo

If you want to re-take the photo, tap the **Retake** button [1]. Otherwise tap the **Use Photo** link [2].

Take Video

Set the media icon to video [1] by swiping your screen. To record a new video, tap the **Recording** button [2].

Note: Canvas may ask permission to access your microphone.

Use Video

Tap the **Play** button [1] to replay the video. If you want to re-record the video, tap the **Retake** button [2]. When you are finished, tap the **Use Video** button [3].

Record Audio

To record audio, tap the **Record** button.

Stop Audio

To stop recording, tap the **Stop** button.

Use Audio

To replay the audio, tap the **Play** button [1]. To re-record the audio, press the **Record** button [2]. When you are finished, tap the **Use** link [3].

Verify Attachment

Attachments appear in the text field of the discussion [1]. If you add multiple attachments, you can scroll down the text field to view them.

You can add text with your attachment in the text field. When you are finished with your discussion, tap the **Post** button [2].

How do I view Course Files in the Canvas Student app on my iOS device?

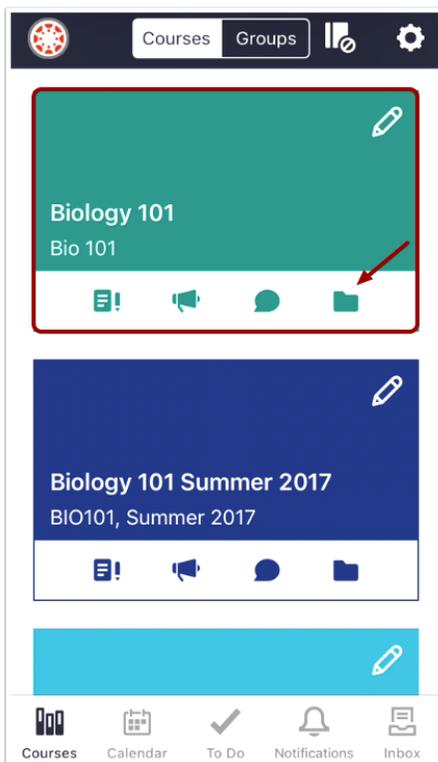

You can view course files with the Canvas Student app. You can also view your [personal files](#).

If you are an instructor, you can [manage files](#) for your course.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

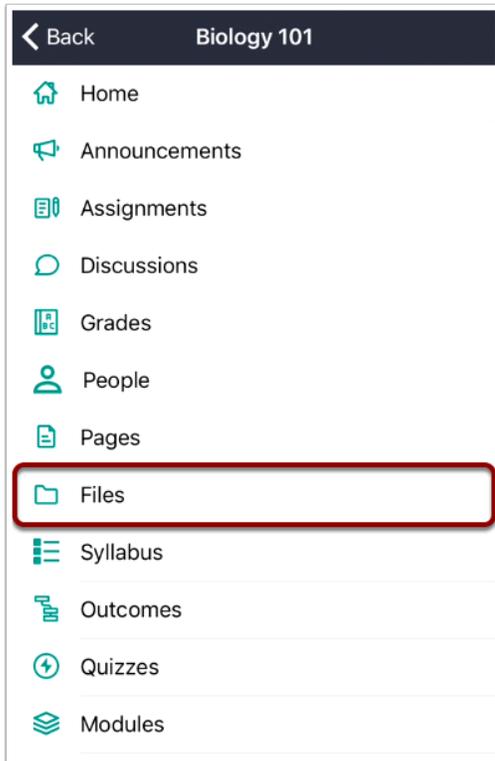

Note: The Course Navigation menu matches the browser version of your Canvas course. If you are a student and Files is not available in Course Navigation, it will also be hidden from view in the app.

Open Course

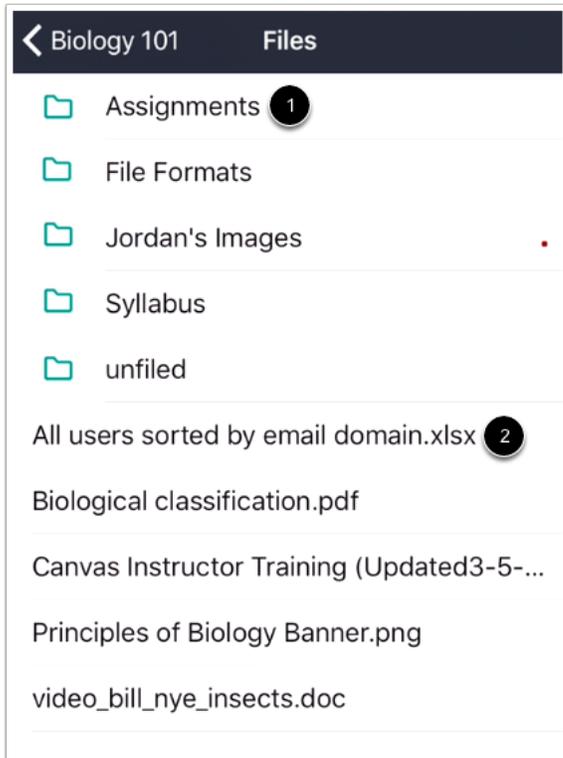

In the **Courses** tab, tap the name of the course you'd like to view. Or if it is available, tap the **Files** icon.

Open Files

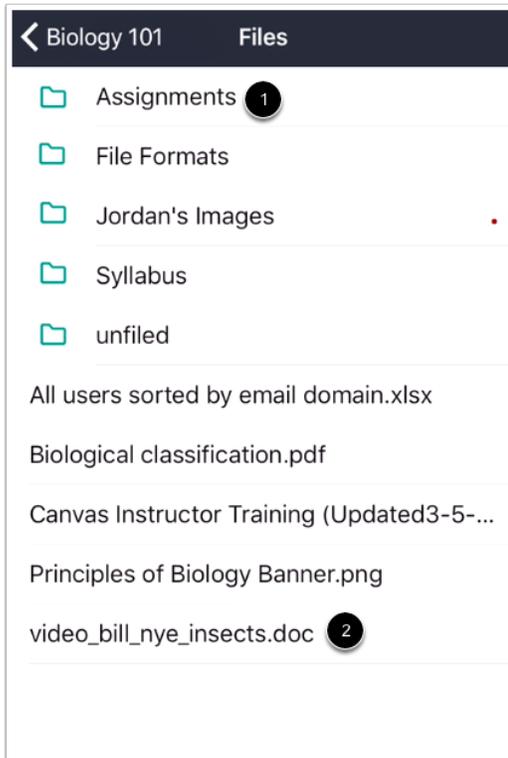

Tap the Files link.

View Files

Files displays file folders [1] and file items [2]. File folders are identified by a file folder icon.

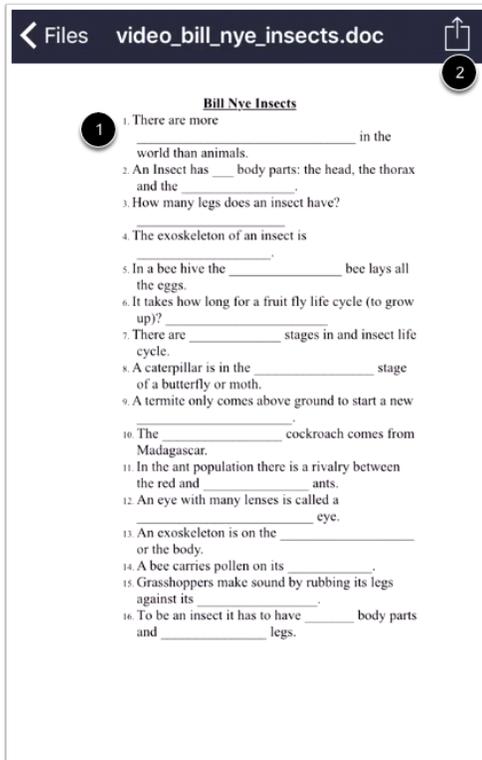

View File Items

To view file items within a folder, tap the name of the folder [1].

To view a specific file, tap the name of the file [2].

View File

16. To be an insect it has to have _____ body parts and _____ legs.

View the course file [1]. You can also share the file by tapping the Share icon [2].

Note: Not all file types support sharing.

How do I view Modules in the Canvas Student app on my iOS device?

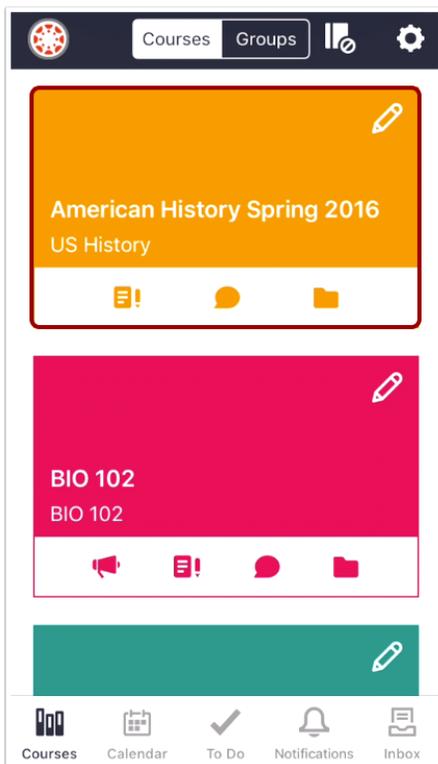

The Canvas Student app gives you access to Modules in your courses.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Note:

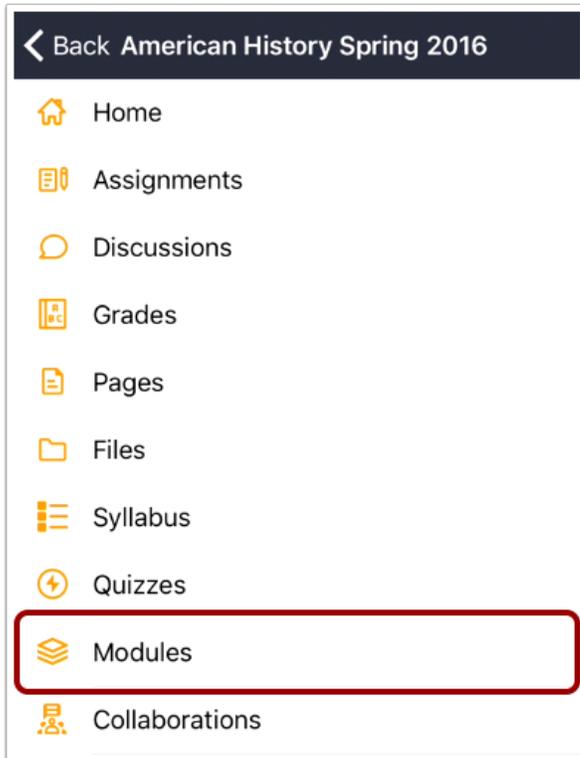

- The Course Navigation menu matches the browser version of your Canvas course. If Modules is not available in Course Navigation, it will also be hidden from view in the app.
- All module prerequisites are supported in the Canvas Student app except for the Mark as Done feature, which shows the requirement in mobile modules as "must view".

Open Course

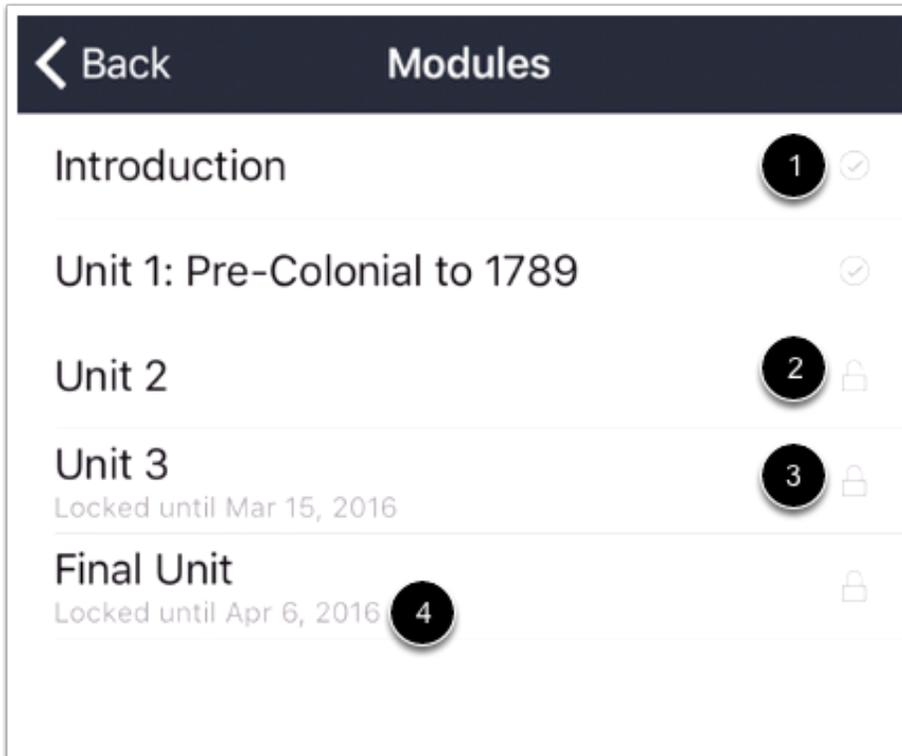

In the **Courses** tab, tap the name of the course you'd like to view.

Open Modules

Tap the **Modules** link.

View Modules

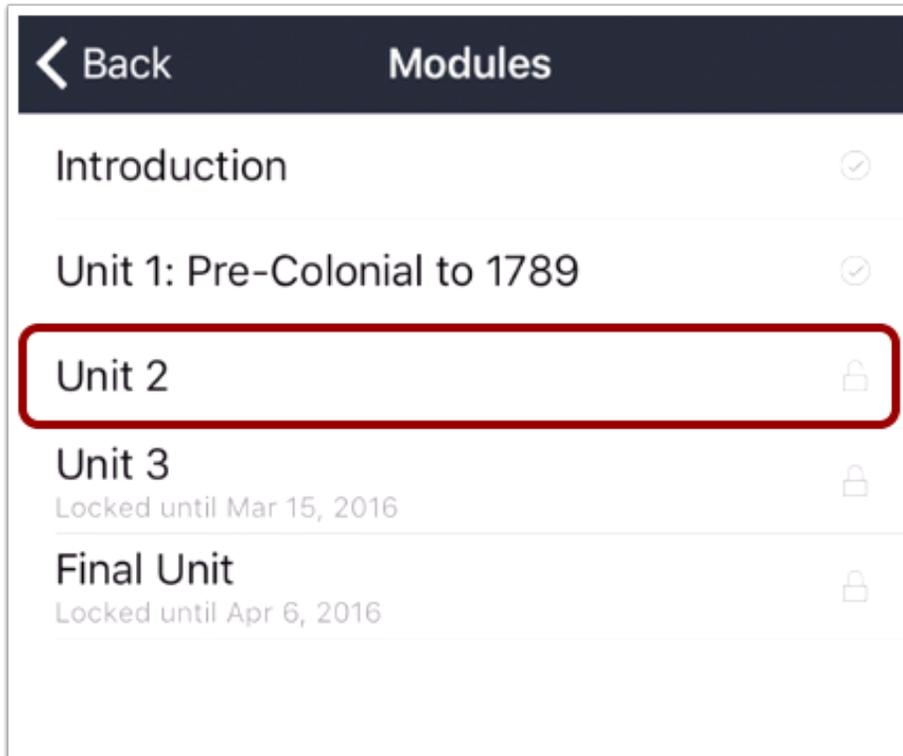

The app displays all the Modules in your course.

If you are a student, each module displays an icon next to the status of the module, which can be completed [1], unlocked [2], or locked [3].

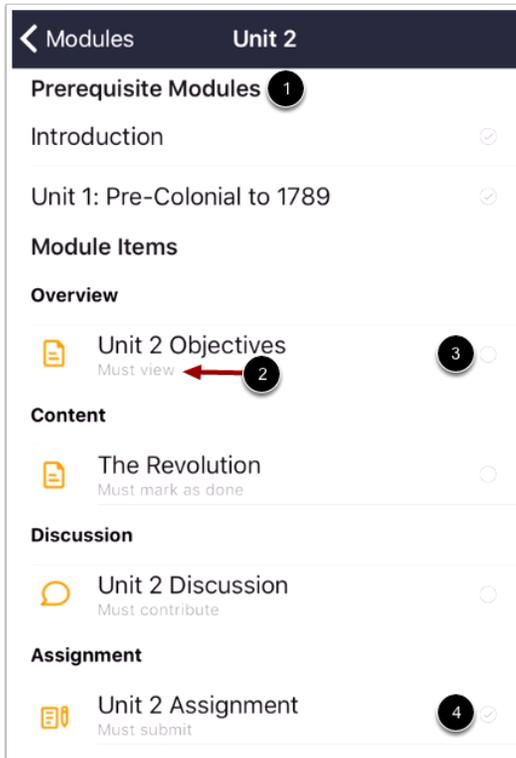

Modules may be locked by prerequisites, or if the module is locked by a date, the date of the module is posted under the module title [4].

Open Module

To view items within a Module, tap the name of the module.

View Module Items

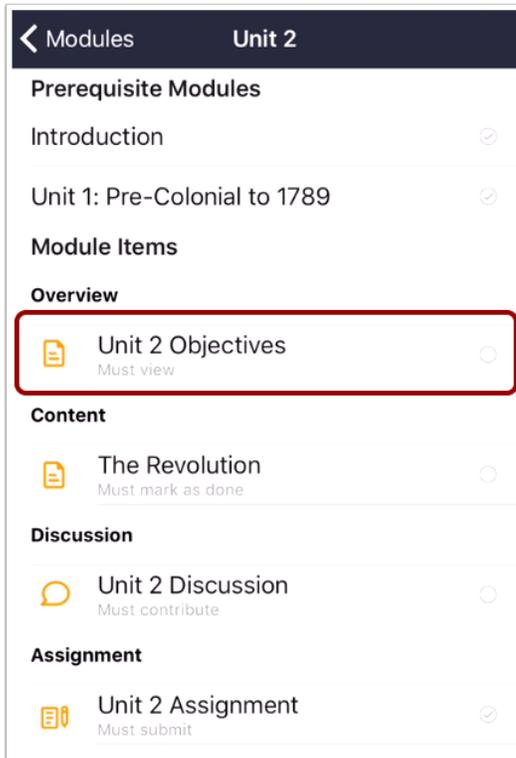

The module shows all module items. If your course is designed with prerequisites, they are shown at the top of the page [1]. If your course is designed with requirements, the requirement is shown below the module item [2].

The completion status is shown on the right side of the app; a circle indicates the module item is not complete [3], while a circle with a check mark indicates the module item is completed [4].

Some courses allow you to complete module items in any order.

Open Module Item

To open a module item, tap the name of the item.

View Module Item

< Unit 2

Unit 2 Objectives

In this unit, we will cover some historical aspects of America:

- Spain & Voyages of Columbus
- Native Americans
- Creation of British colonies
- The Boston Tea Party
- The Revolutionary War
- The Articles of Confederation
- Constitution & Bill of Rights
- American Presidency

You will participate in assignments, discussions, and group projects about many of these topics.

We will be reading Chapters 14-27 in your textbook.

[2](#) Previous [1](#) Next

View the module item.

You can advance through module items or return to previous modules using the progression bar at the bottom of the page. To advance to the next module item, click the **Next** link [1]. To return to a previous module item, click the **Previous** link [2].

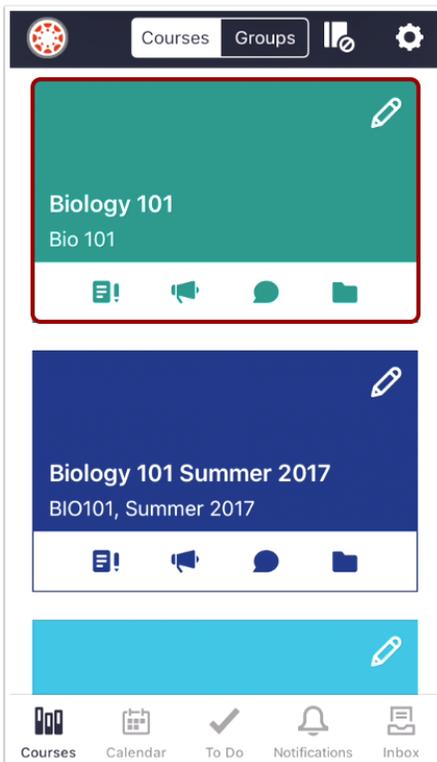

How do I view Pages in the Canvas Student app on my iOS device?

Canvas lets you access Pages from your mobile device.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

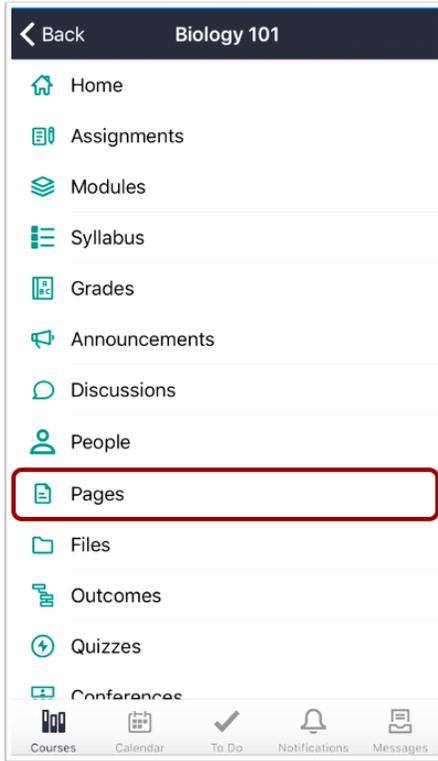

Note: The Course Navigation menu matches the browser version of your Canvas course. If Pages is not available in Course Navigation, it will also be hidden from view in the app.

Open Course

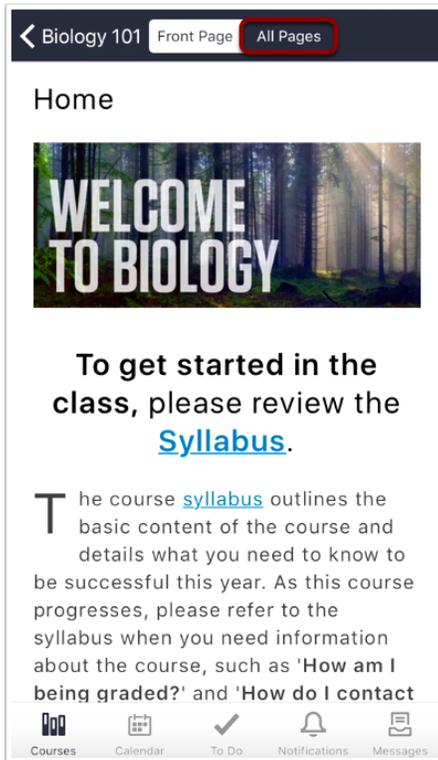

In the **Courses** tab, tap the name of the course you'd like to view.

Open Pages

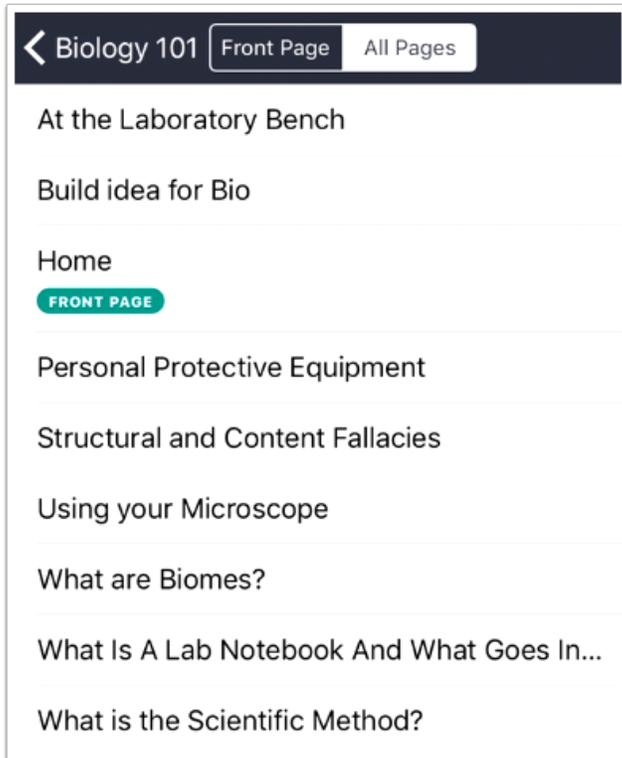

Tap the Pages link.

Open All Pages

View the front page. To view a list of all pages in the course, tap the All Pages tab.

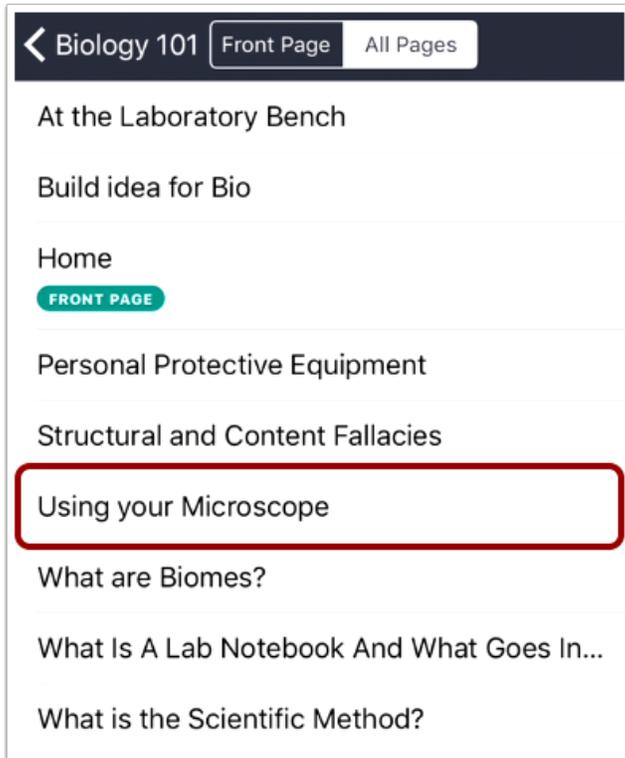

View Pages

View your course pages.

Note: If a page displays a lock icon, that page is locked as part of a Module requirement.

Open Page

To open a page, tap the page name.

Using your Microscope

A photograph of a microscope with the text "USING YOUR MICROSCOPE" overlaid in white capital letters on a dark background.

This lab uses shared equipment so it is important that you are aware of how to properly use and care for each piece in the lab. Before you will be allowed to use a piece of equipment in the lab you must:

1. Reviewed the information provided.
2. Pass the usage and care quiz. Note, some of these will be presented to you as online assignments/ quizzes and some will be presented as in person practicals.

[View the course page.](#)

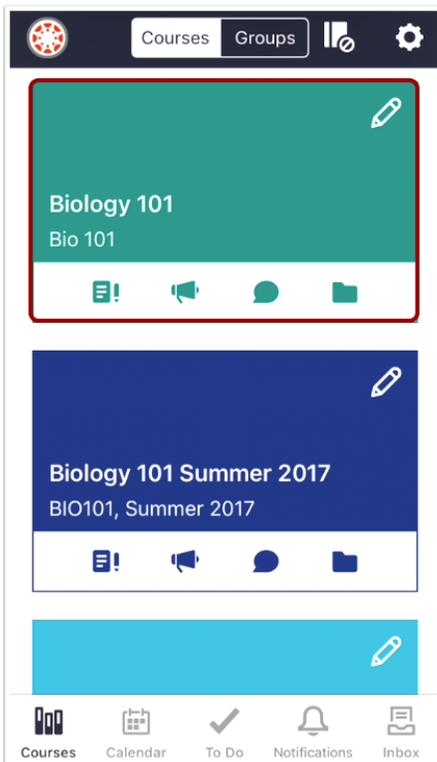

How do I view People in the Canvas Student app on my iOS device?

Canvas lets you access People from your mobile device.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

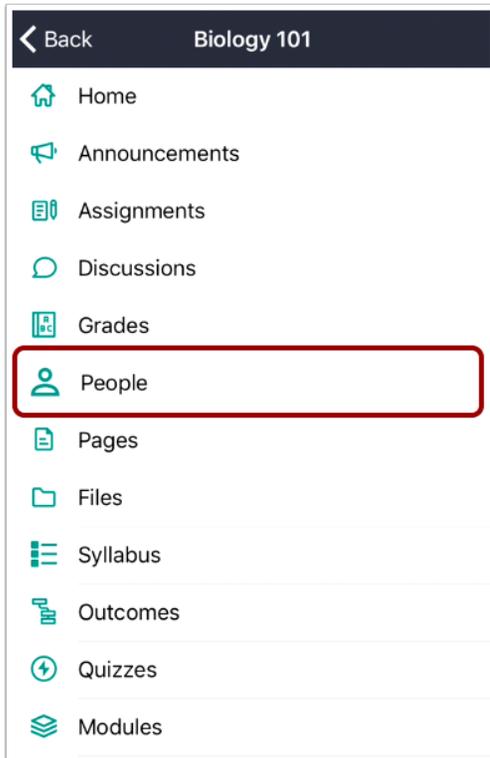

Note: The Course Navigation menu matches the browser version of your Canvas course. If People is not available in Course Navigation, it will also be hidden from view in the app.

Open Course

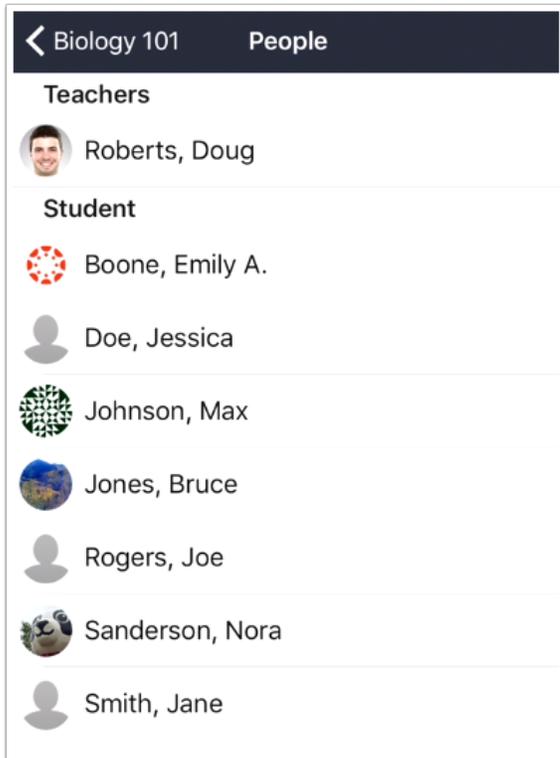

In the **Courses** tab, tap the name of the course you'd like to view.

Open People

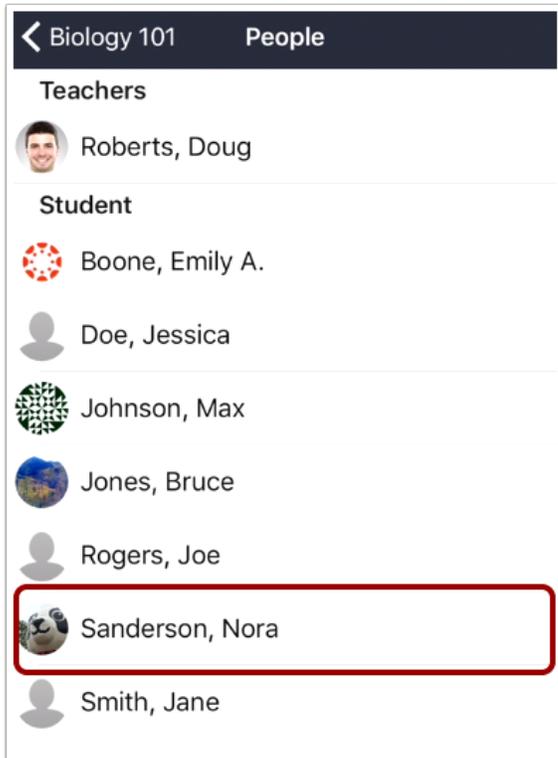

Tap the People link.

View People

View the People enrolled in your course.

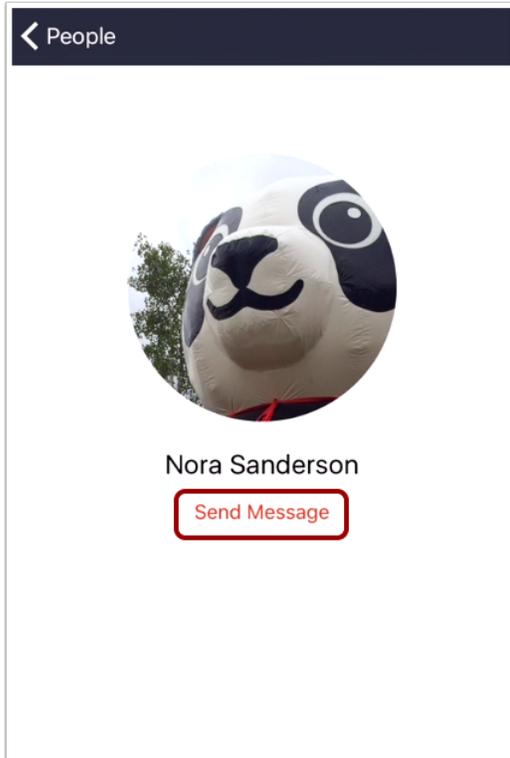

Open User Details

To view details about a user, tap the user's name.

Note: Tapping your own name links you to all the options available in your [Profile](#).

View User Details

View details about the user, if any. You can send a message to the user by tapping the **Send Message** link.

How do I view Quizzes in the Canvas Student app on my iOS device?

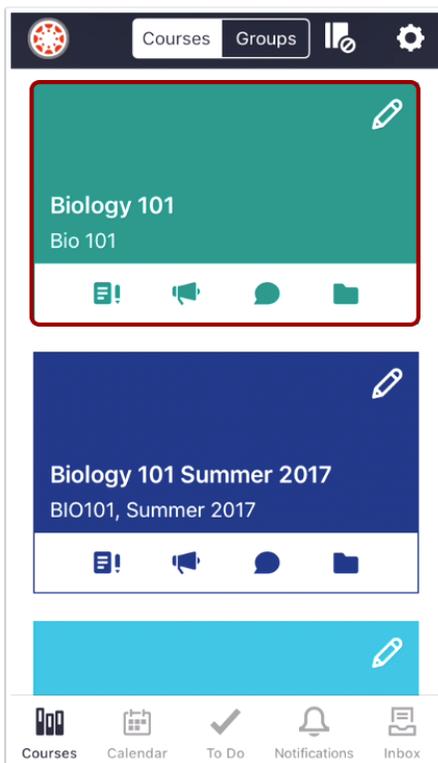

Canvas lets you view Quizzes from your mobile device. For each quiz, you can view the details of the quiz including the due date, points, number of questions, the time limit, and number of allowed attempts.

The Canvas Student app natively supports quizzes that contain Essay, Multiple Choice, Multiple Answer, Fill in the Blank, Matching, Numeric, or True/False questions. Any quizzes that do not contain supported question types are redirected to the web version of Canvas. Additionally, currently the app does not support one-question-at-a-time quizzes, quizzes with passcode restrictions, or quizzes with IP address restrictions.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

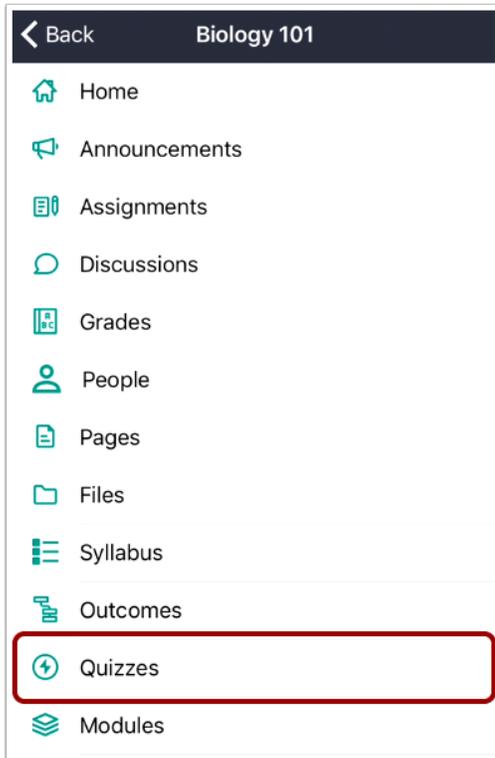

Note: The Course Navigation menu matches the browser version of your Canvas course. If Quizzes is not available in Course Navigation, it will also be hidden from view in the app.

Open Course

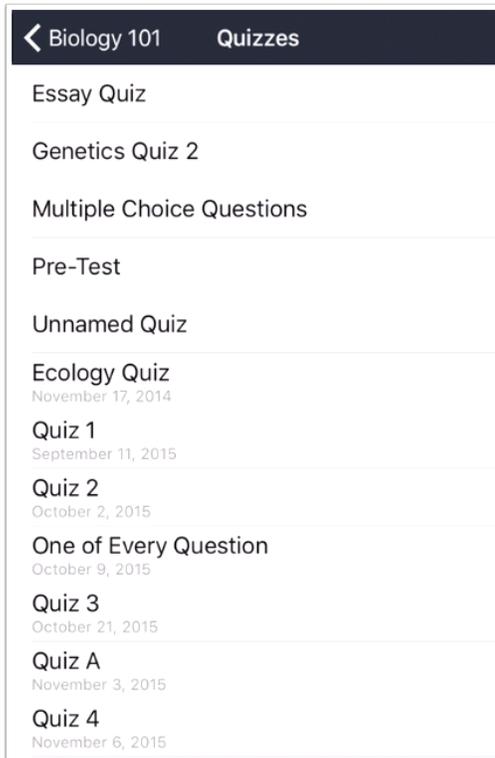

In the Courses tab, tap the name of the course you'd like to view.

Open Quizzes

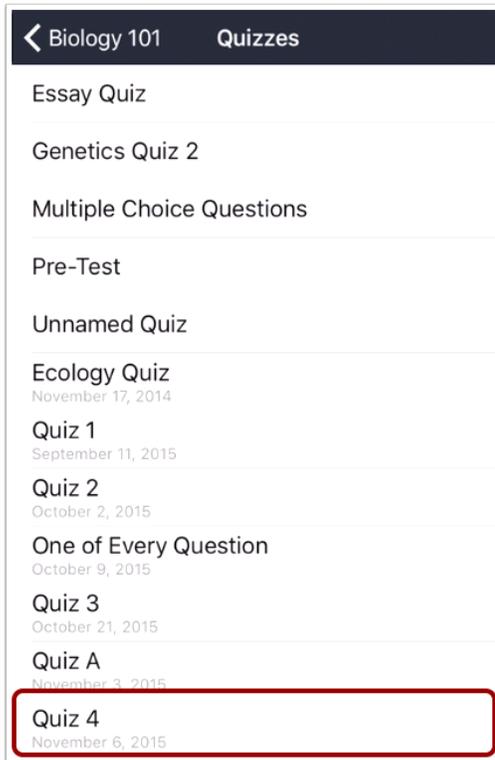

Tap the Quizzes link.

View Quizzes

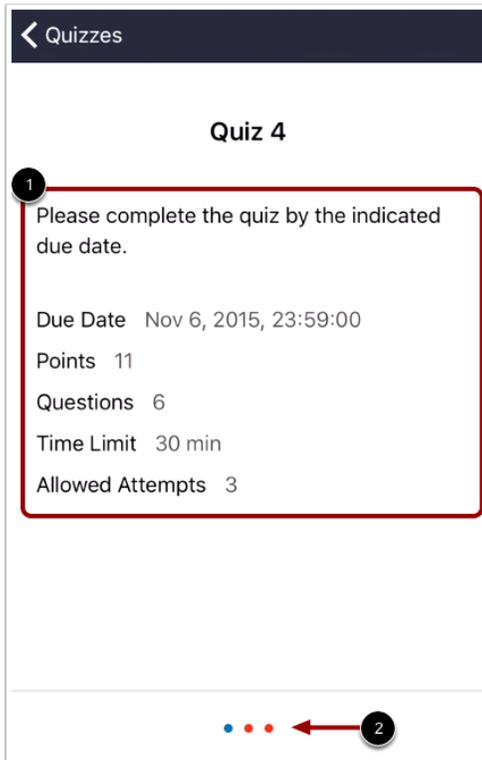

View the quizzes in your course.

Open Quiz

To open a quiz, tap the name of the quiz.

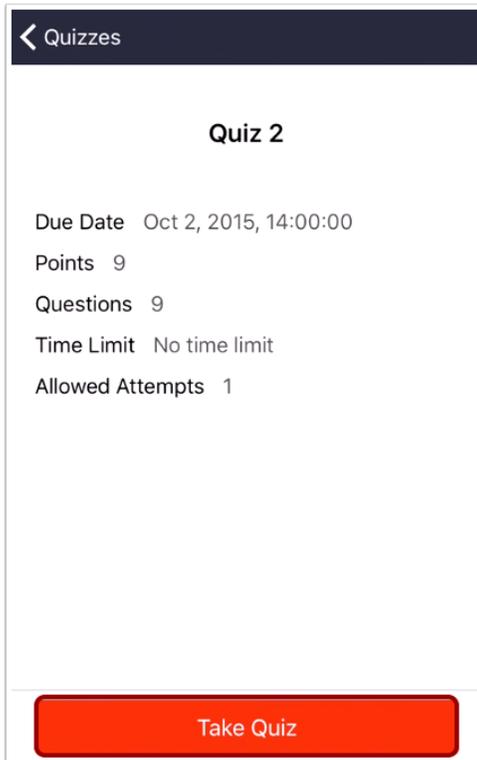

View Quiz

View the quiz details [1].

If there are dots at the bottom of the quiz [2], there are additional page details. Swipe your device to view the additional information.

Take Quiz

To [take a quiz](#), tap the **Take the Quiz** button.

Notes:

- If the **Take Quiz** button includes a lock icon, you cannot yet take the quiz.

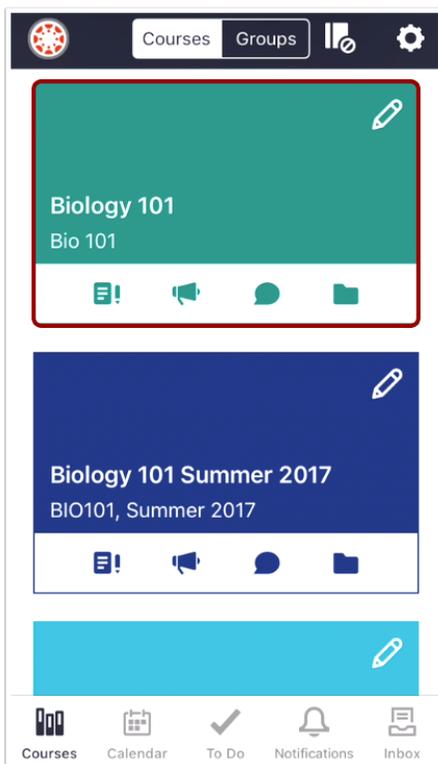

How do I view the Syllabus in the Canvas Student app on my iOS device?

Canvas lets you access the Syllabus and course assignment list from your mobile device.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

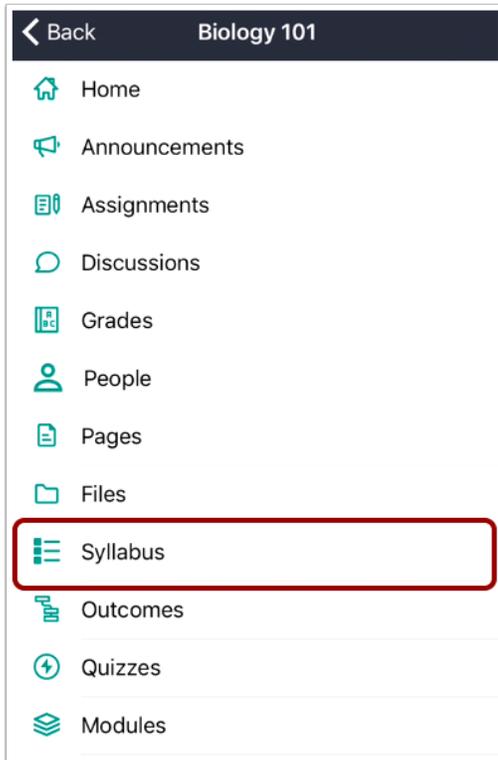

Note: The Course Navigation menu matches the browser version of your Canvas course. If the Syllabus is not available in Course Navigation, it will also be hidden from view in the app.

Open Course

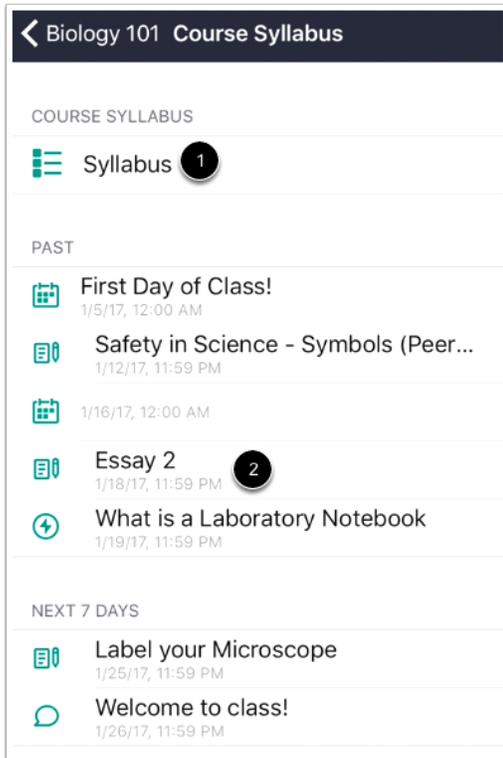

In the **Courses** tab, tap the name of the course you'd like to view.

Open Syllabus

Tap the **Syllabus** link.

View Syllabus and Assignment List

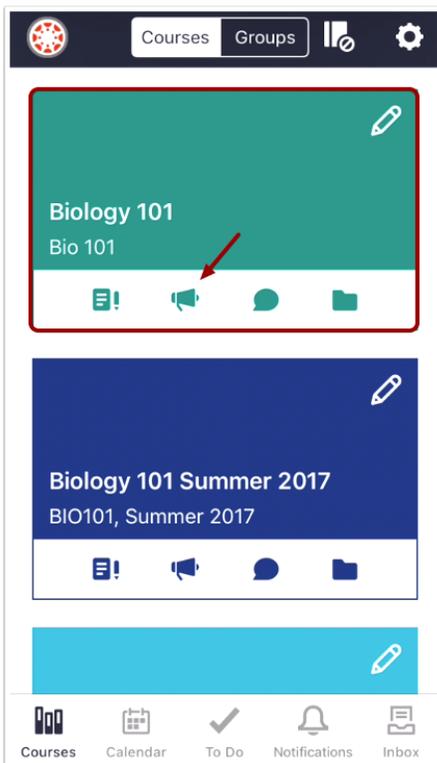

The app lists all assignments for the course syllabus. Assignments are grouped by date: past due, next 7 days, future, and no date.

To open the Syllabus description, tap the **Syllabus** link [1]. To open an assignment in the syllabus, tap the name of the assignment [2].

How do I reply to an announcement on the Canvas Student app on my iOS device?

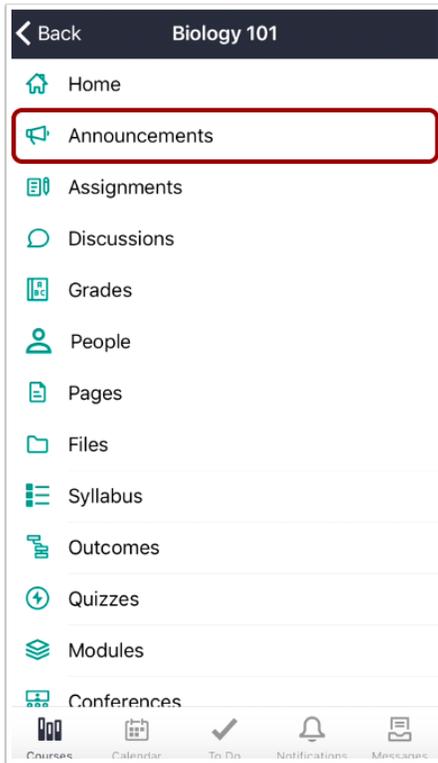

You can reply to announcements through your course. You can also reply to announcements through the Notifications tab. The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Course

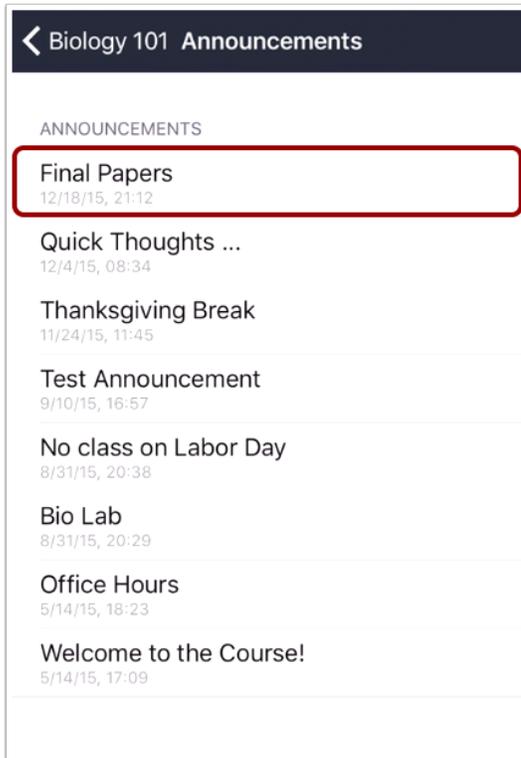

In the **Courses** tab, tap the name of the course you'd like to view. Or if it is available, tap the **Announcements** icon.

Open Announcements

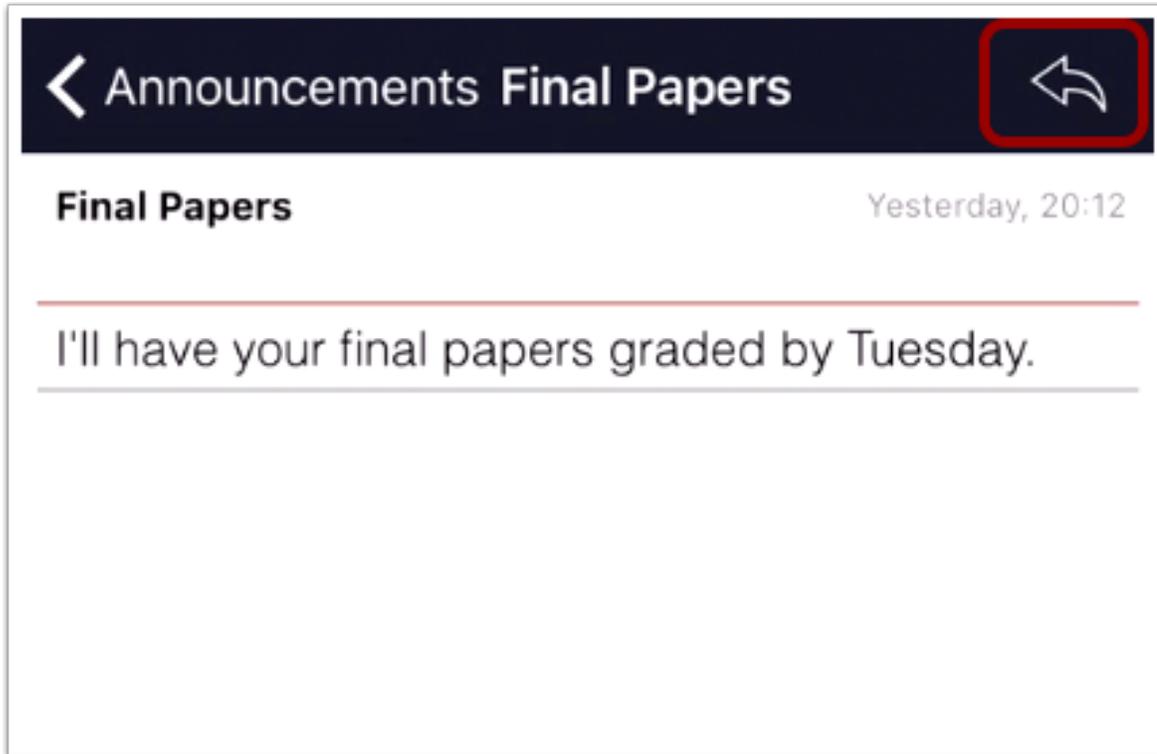

Tap the Announcements link.

Open Announcement

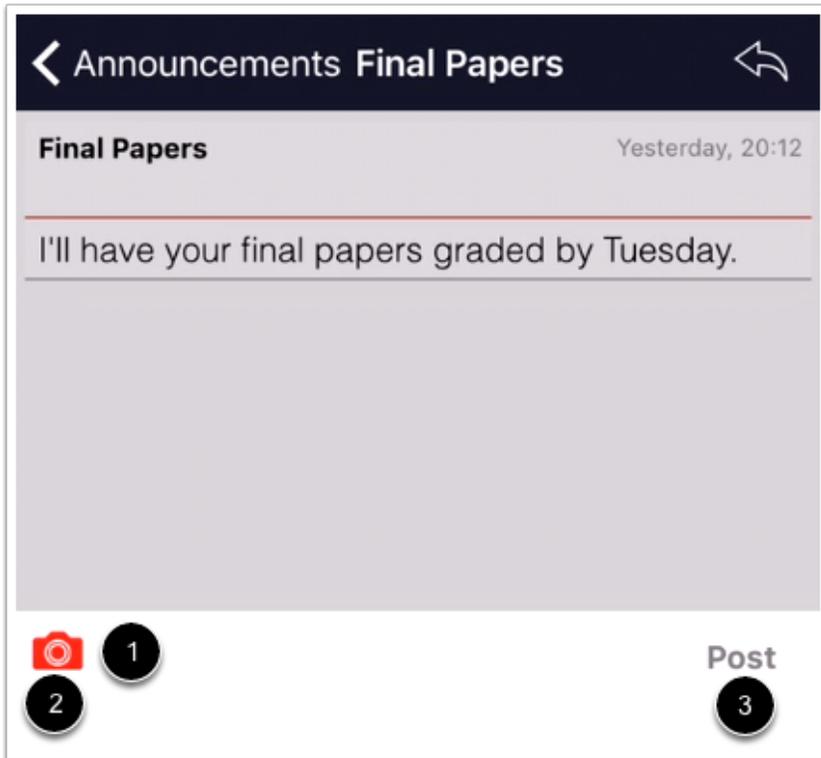

To view an announcement, tap the Announcement you want to read.

Open Reply

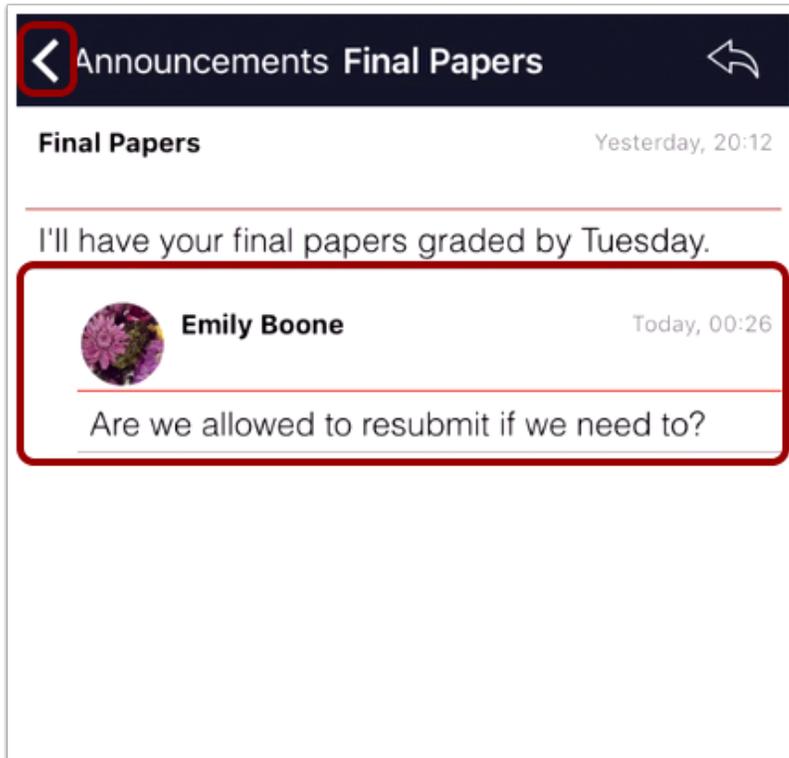

Tap the Reply icon.

Create Reply

Enter your message in the text field [1]. To add media to your reply, tap the photo icon [2]. Then tap the Post button [3].

View Reply

The screenshot shows a notification titled "Announcements Final Papers" with a back arrow icon on the left and a share icon on the right. Below the title, the text "Final Papers" is displayed on the left and "Yesterday, 20:12" on the right. A horizontal line separates the notification header from the message content, which reads "I'll have your final papers graded by Tuesday." Below this, a reply from "Emily Boone" is shown, with a profile picture on the left, the name "Emily Boone" in the middle, and the timestamp "Today, 00:26" on the right. The reply text asks, "Are we allowed to resubmit if we need to?". Red boxes highlight the back arrow icon and the reply card.

View your reply.

How do I submit assignments in the Canvas Student app on my iOS device?

There are five types of assignments you can submit on your mobile device. Once you submit your assignment, you can [verify your assignment](#) submission. You can also resubmit assignments if your instructor allows.

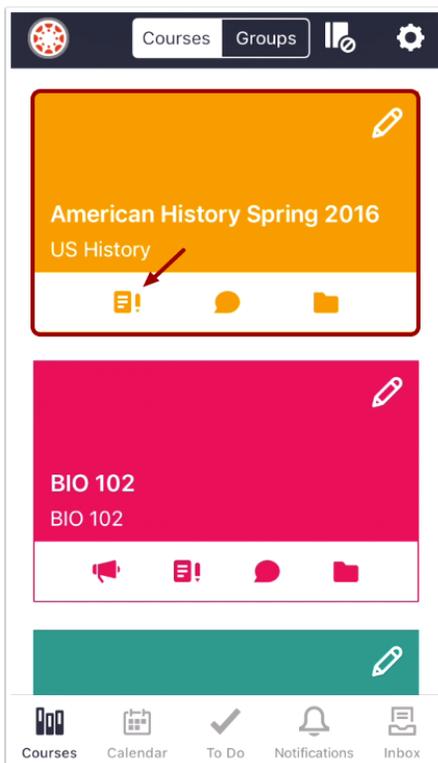

You can also submit an assignment from a [third-party app](#), such as Google Drive and Dropbox.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Notes:

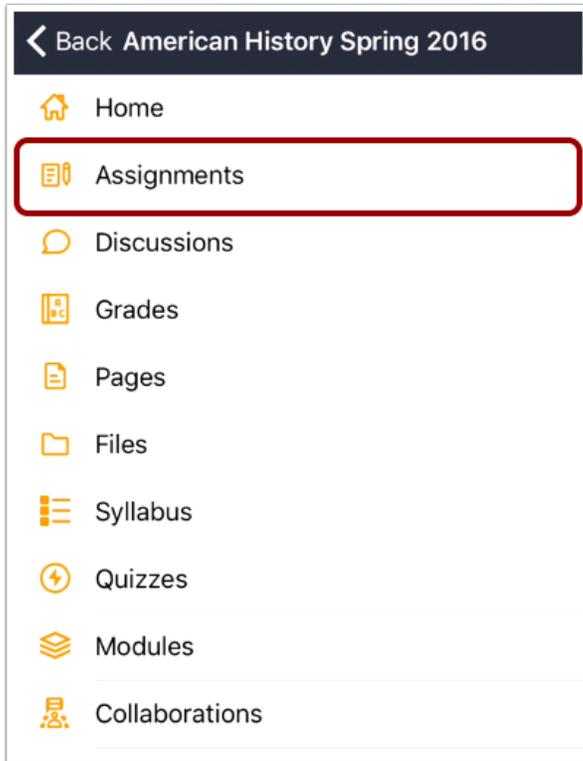

- Your instructor may restrict certain assignment types, so not all types may be available for your assignment submission.
- If your assignment includes a link to a PDF file, you can [add annotations](#) as part of your submission.
- To learn more about available options for uploading or creating media files in the Canvas Student app, view the [Canvas Media Comparison PDF](#).

Open Course

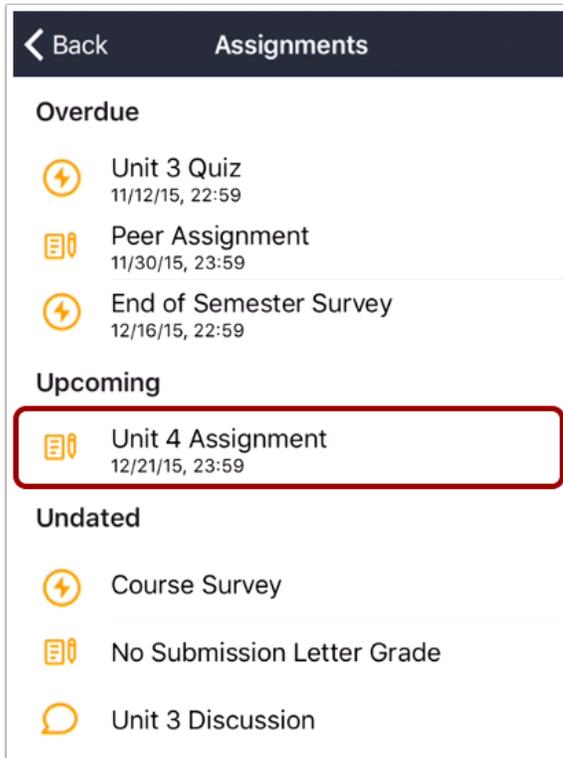

In the Courses tab, tap the name of the course you'd like to view. Or if it is available, tap the **Assignments** icon.

Open Assignments

Tap the Assignments link.

Open Assignment

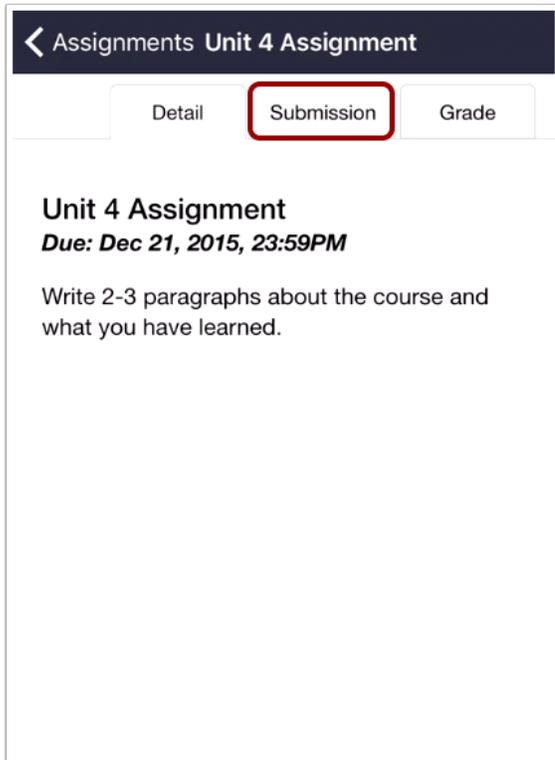

The screenshot shows the 'Assignments' screen in the Canvas Student iOS app. At the top, there is a dark header with a back arrow and the word 'Assignments'. Below the header, the assignments are grouped into three categories: 'Overdue', 'Upcoming', and 'Undated'. The 'Upcoming' section contains one item, 'Unit 4 Assignment', which is highlighted with a red rectangular border. The 'Overdue' section lists 'Unit 3 Quiz', 'Peer Assignment', and 'End of Semester Survey'. The 'Undated' section lists 'Course Survey', 'No Submission Letter Grade', and 'Unit 3 Discussion'. Each item includes an icon (lightning bolt for quizzes/surveys, document for assignments, and speech bubble for discussions) and a due date and time.

Category	Assignment Name	Due Date/Time
Overdue	Unit 3 Quiz	11/12/15, 22:59
Overdue	Peer Assignment	11/30/15, 23:59
Overdue	End of Semester Survey	12/16/15, 22:59
Upcoming	Unit 4 Assignment	12/21/15, 23:59
Undated	Course Survey	
Undated	No Submission Letter Grade	
Undated	Unit 3 Discussion	

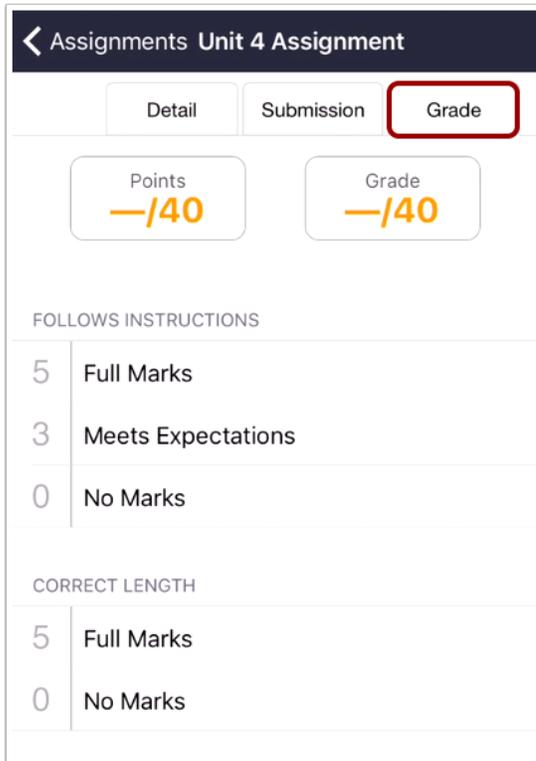

Tap the name of the assignment.

Open Submission

Tap the Submission tab.

View Assignment Rubric

← Assignments Unit 4 Assignment

Detail Submission **Grade**

Points **-/40** Grade **-/40**

FOLLOWS INSTRUCTIONS

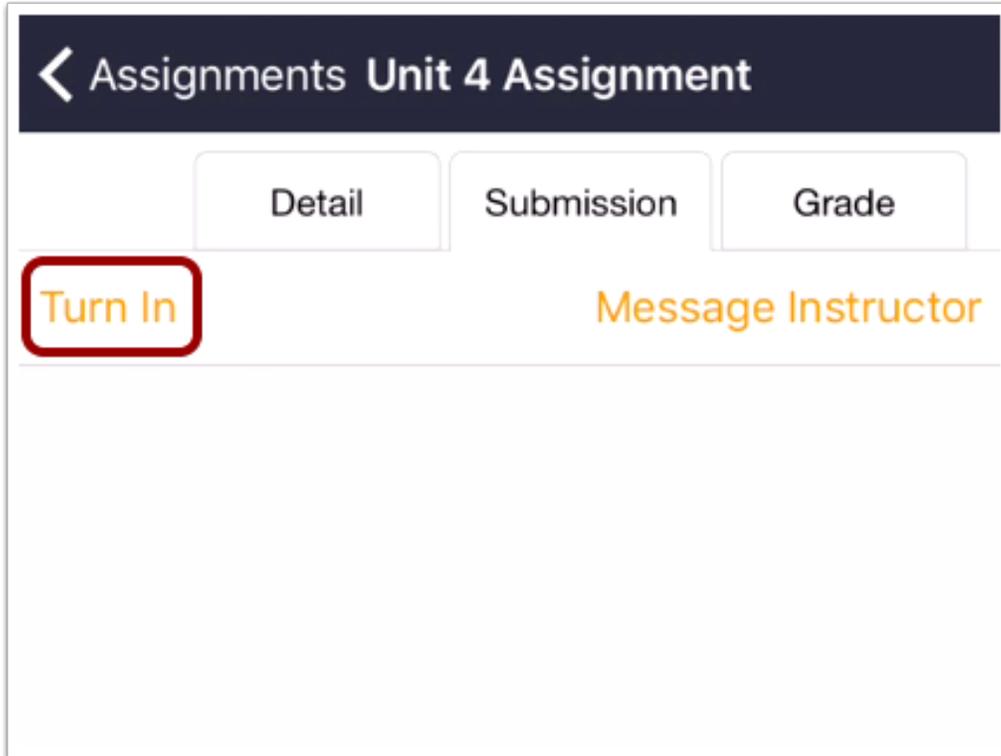

5	Full Marks
3	Meets Expectations
0	No Marks

CORRECT LENGTH

5	Full Marks
0	No Marks

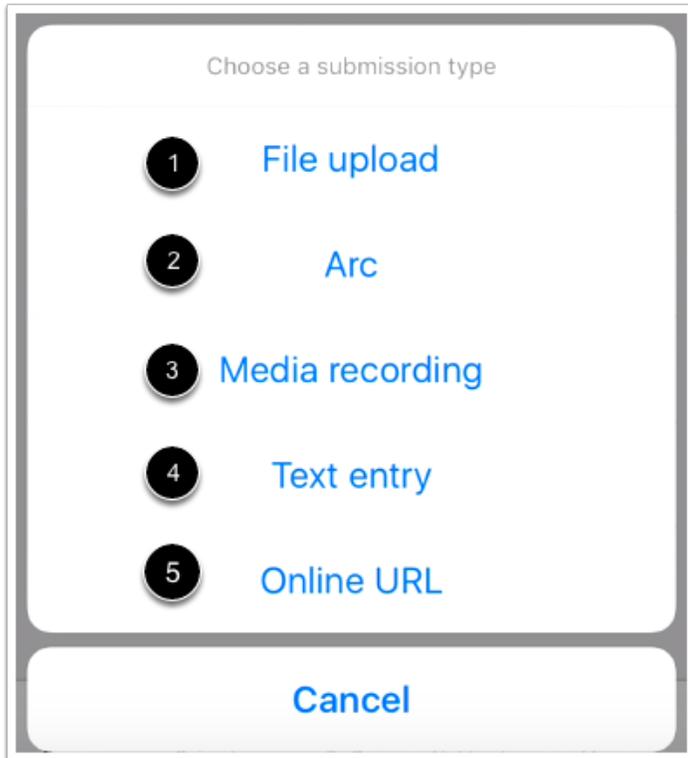

Before submitting the assignment, if you want to view the assignment rubric, tap the **Grade** tab.

Turn In Assignment

Tap the Turn in link.

Select Submission Type

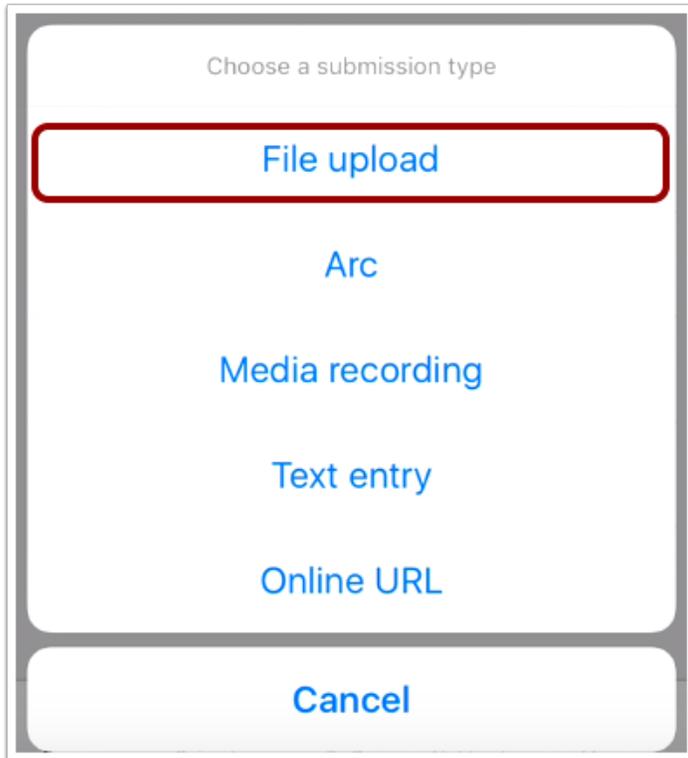

Tap the submission type you would like to use for the assignment. There are five types of submissions:

1. File upload
2. Arc
3. Media recording
4. Text entry
5. Online URL

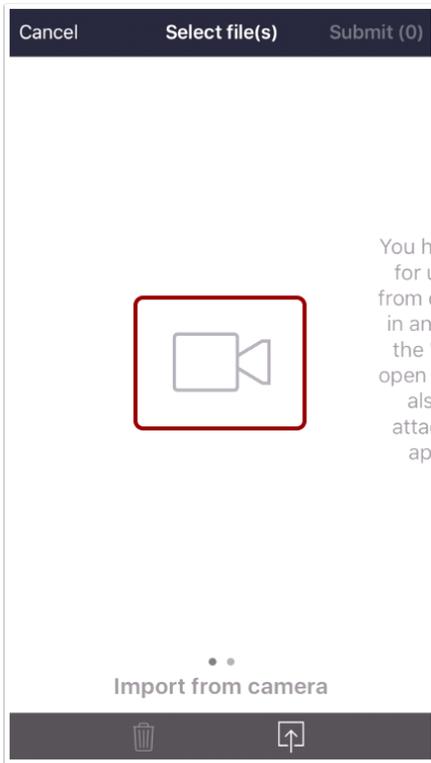

Note: Your instructor will decide which submission type options are available for an assignment, so not all types will be available.

Submit a File Upload

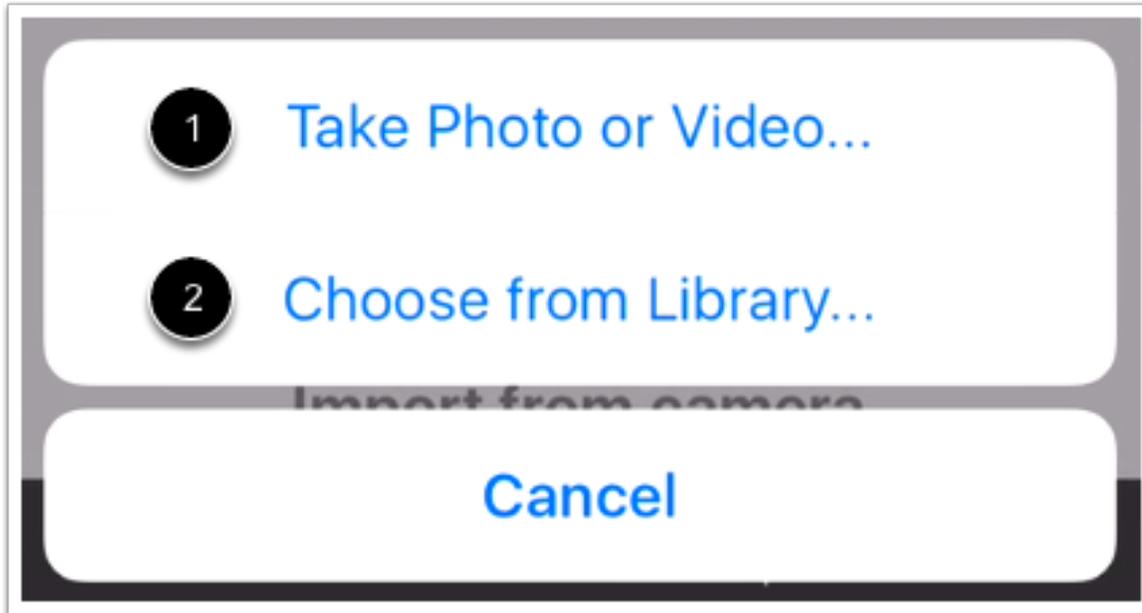

To submit a file upload, tap the **File upload** link.

Import from Camera

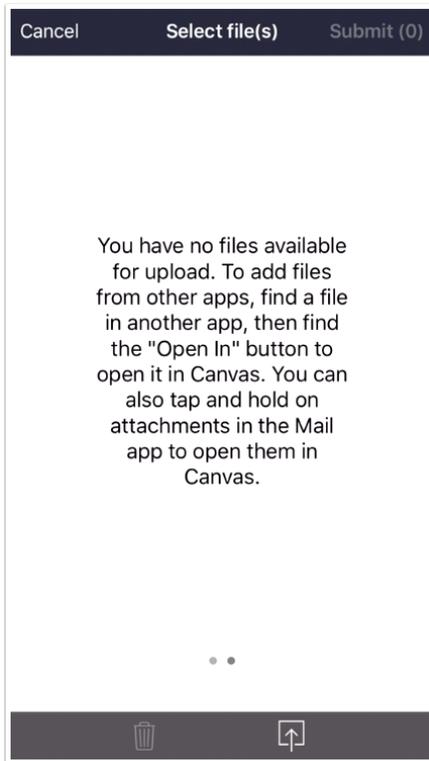

To import a file from your camera, tap the **Media** icon.

To create a file by taking a photo or video, tap the **Take Photo or Video...** link [1]. To select an existing photo on your iOS device, tap the **Choose from Library...** link [2].

Upload from Third-party App

You can also upload existing files from [third-party applications](#) such as Google Drive and Dropbox. Swipe to the left to read the instructions about how to upload files from external apps into Canvas.

Select File

The selected file will appear in your Files menu. Swipe to the left to locate the file [1].

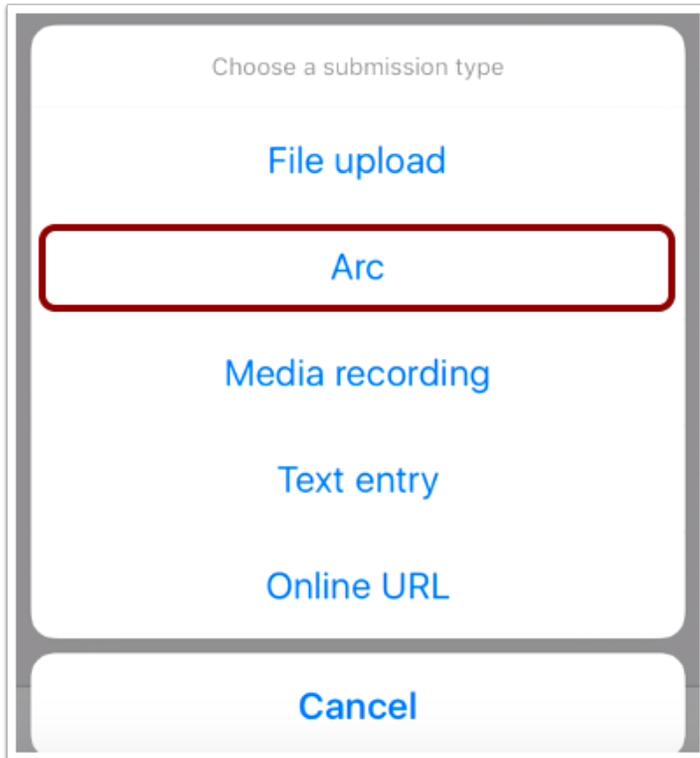

If necessary, you can remove the file and import a new one by tapping the Delete icon [2].

Submit File

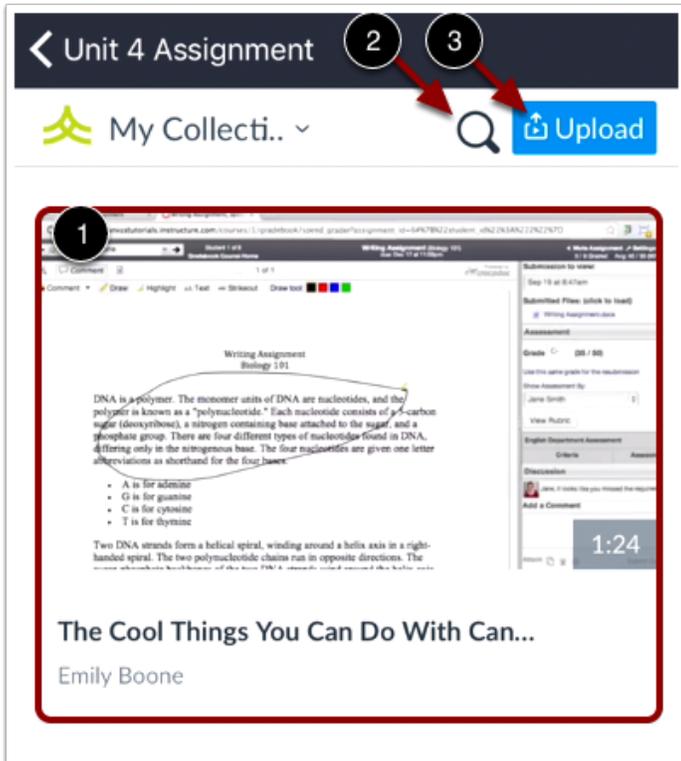

Tap the Upload icon [1]. The Canvas Student app highlights the file with a yellow box. Tap the Submit link [2].

Submit Arc Video

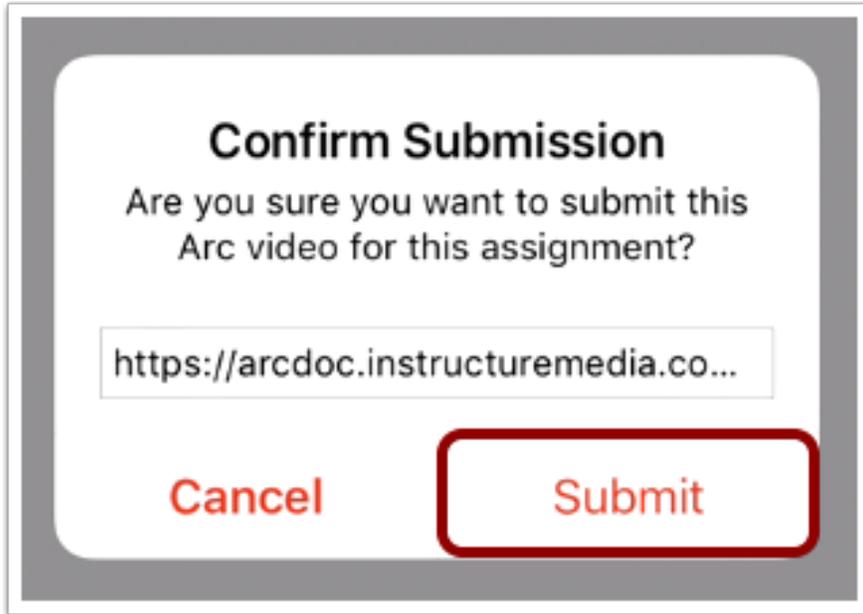

To submit an Arc video, tap the Arc button.

Choose Video

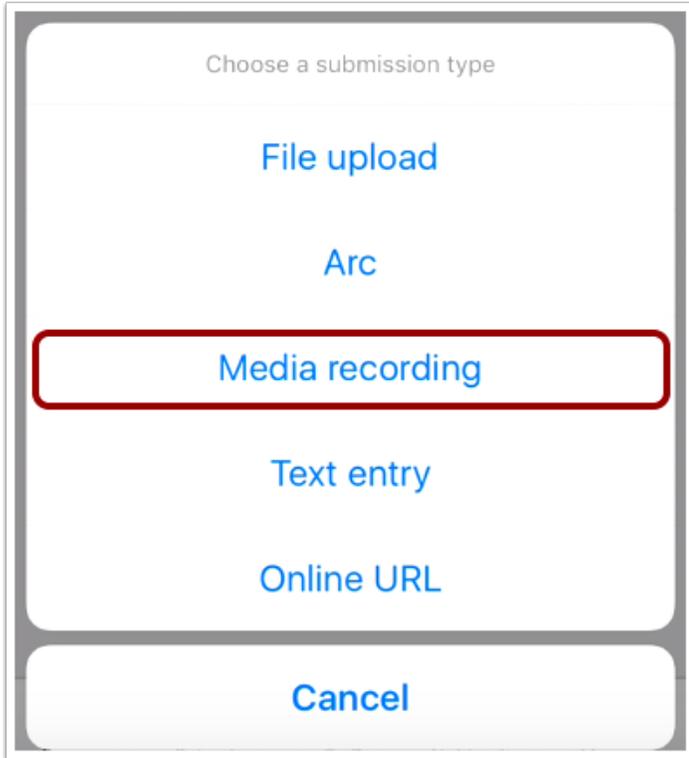

To choose a video for submission, tap the video thumbnail [1]. To search for videos in Arc, tap the Search icon [2]. To upload a video in Arc, tap the **Upload** button [3].

Submit Video

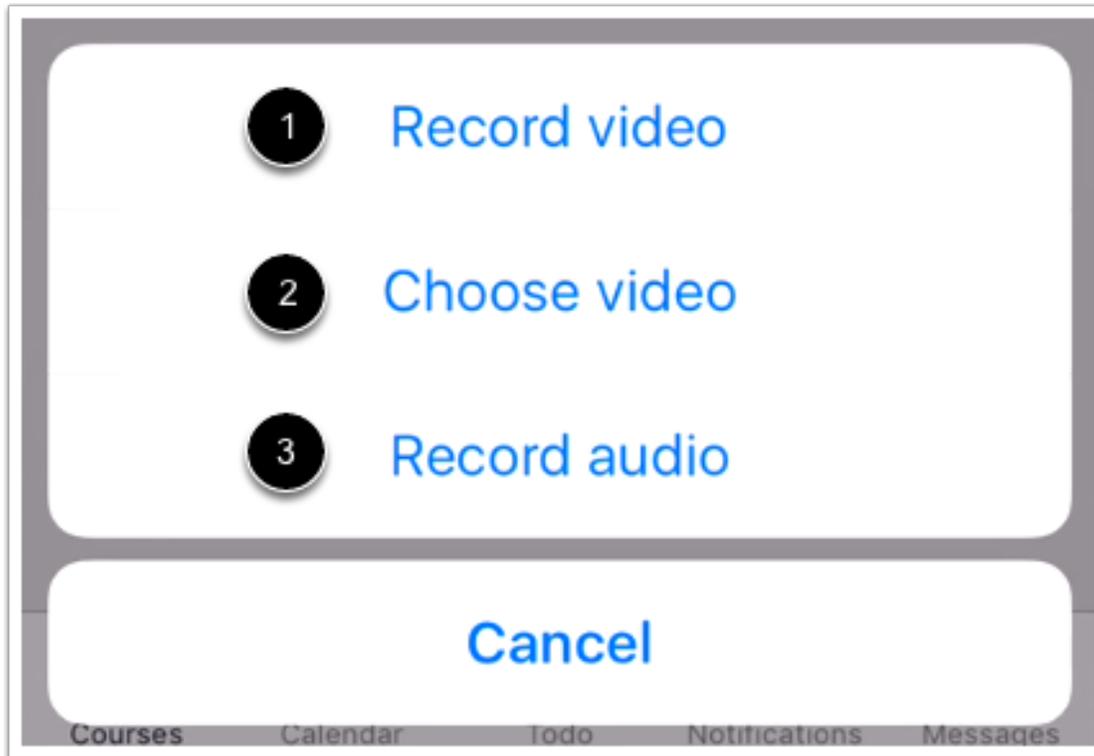

Tap the Submit button.

Submit Media Recording

To submit a media recording, tap the **Media recording** button.

Choose Media Type

For media recordings, you can choose one of three options:

1. Record video
2. Choose video
3. Record audio

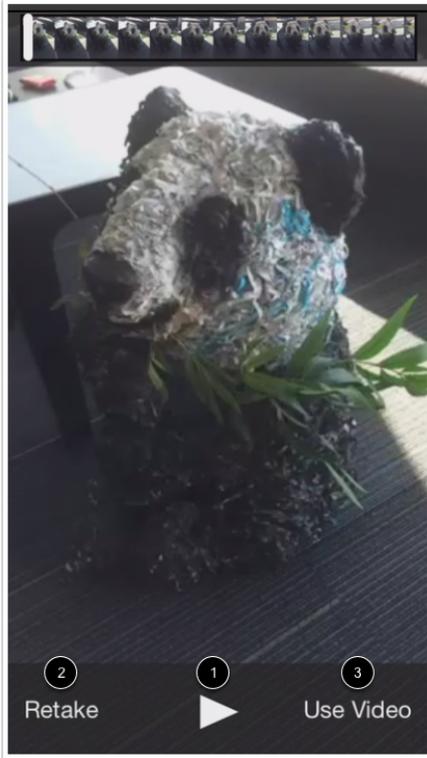

Record Video

To record a new video, tap the **Recording** button. Tap the button again to end the recording.

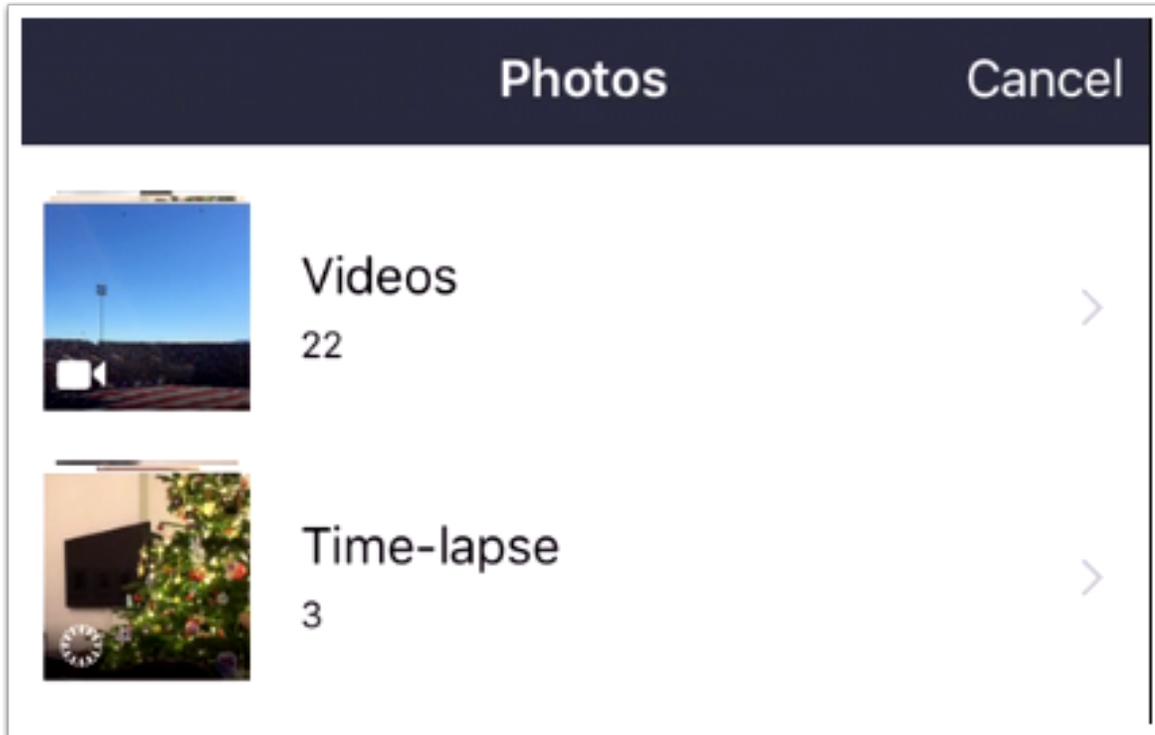

Note: Canvas may ask permission to access your microphone.

Use Video

Tap the **Play** button [1] to replay the video. If you want to re-record the video, tap the **Retake** button [2]. When you are finished, tap the **Use Video** button [3].

Choose Video

To choose a video, select a video from the videos on your device.

Record Audio

To record audio, tap the Record button.

Stop Audio

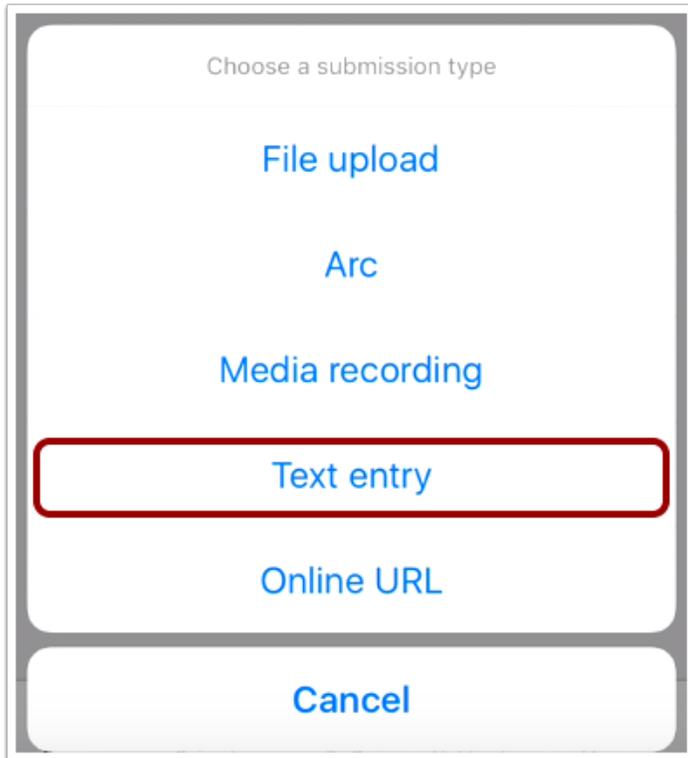

To stop recording, tap the **Stop** button.

Use Audio

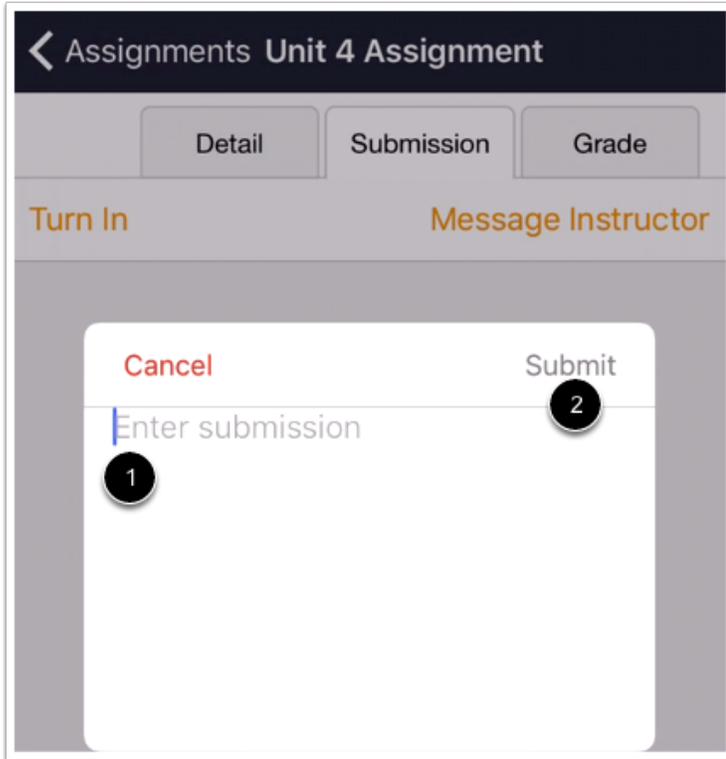

To replay the audio, tap the **Play** button [1]. To re-record the audio, press the **Record** button [2]. When you are finished, tap the **Use** link [3].

Submit a Text Entry

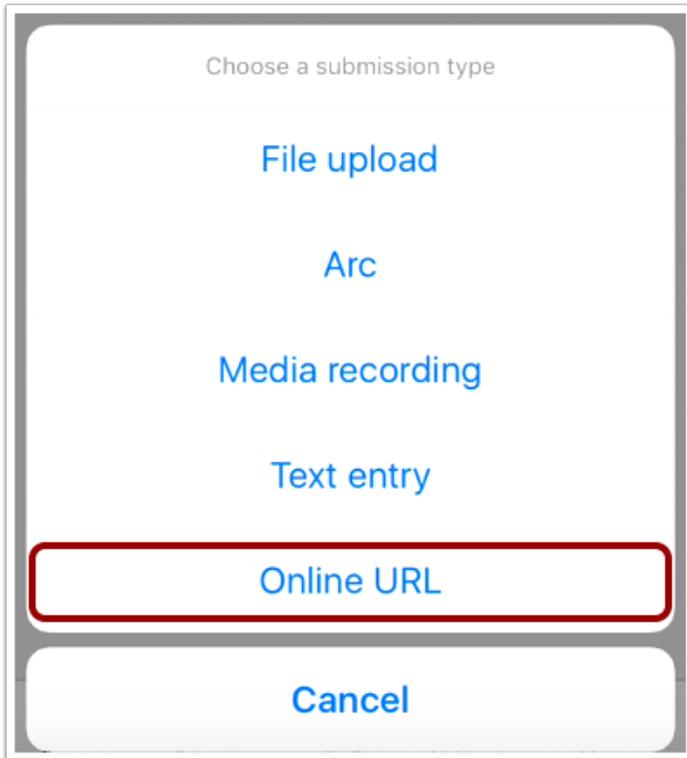

To submit a text entry, tap the **Text entry** button.

Create Text Entry

Type your text entry into the text field [1]. Tap the **Submit** link [2].

Submit Online URL

To submit an Online URL, tap the **Online URL** button.

Enter URL

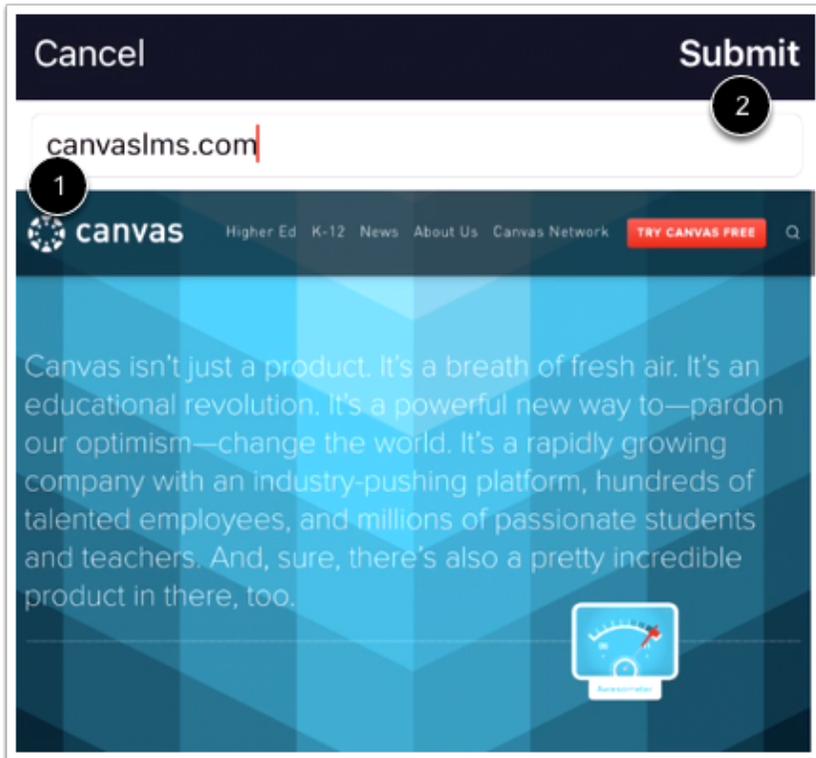

Cancel Submit

Enter a URL

Type a URL in the URL field.

Submit URL

The app generates a preview of the URL to confirm [1]. Tap the **Submit** button [2].

How do I submit an assignment from a third-party app to the Canvas Student app on my iOS device?

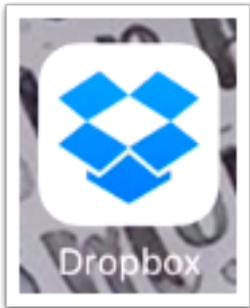

Canvas makes it easy to submit assignments on your mobile device by linking them from third-party apps, such as Google Drive and Dropbox.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Note: Before uploading an assignment to the Canvas Student app:

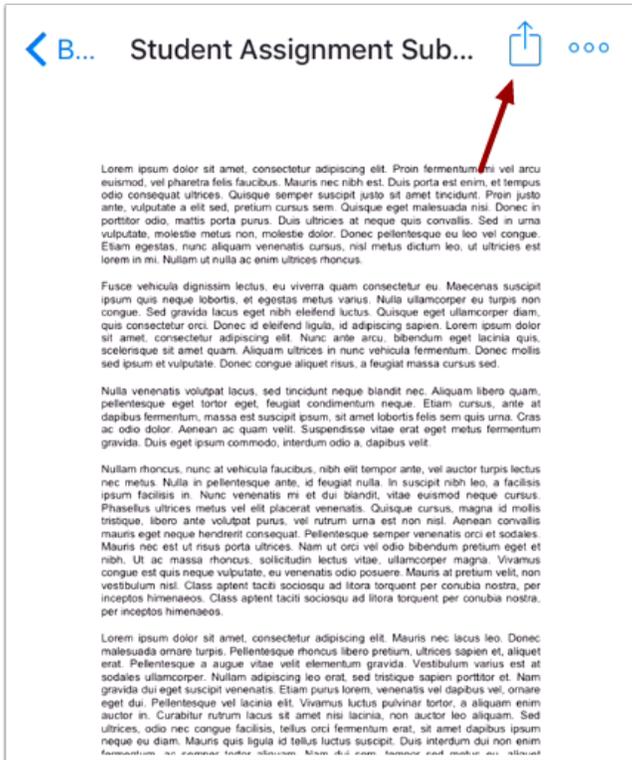

- The assignment must already be uploaded to the third-party app
- The third-party app must be installed on your iOS device

Open Third-party App

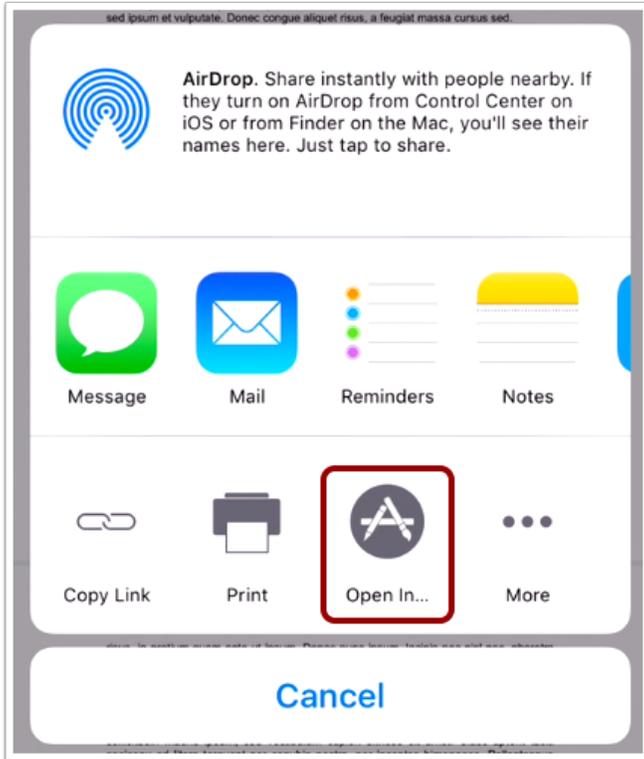

On your iOS device, tap the name of the third-party app.

Share File

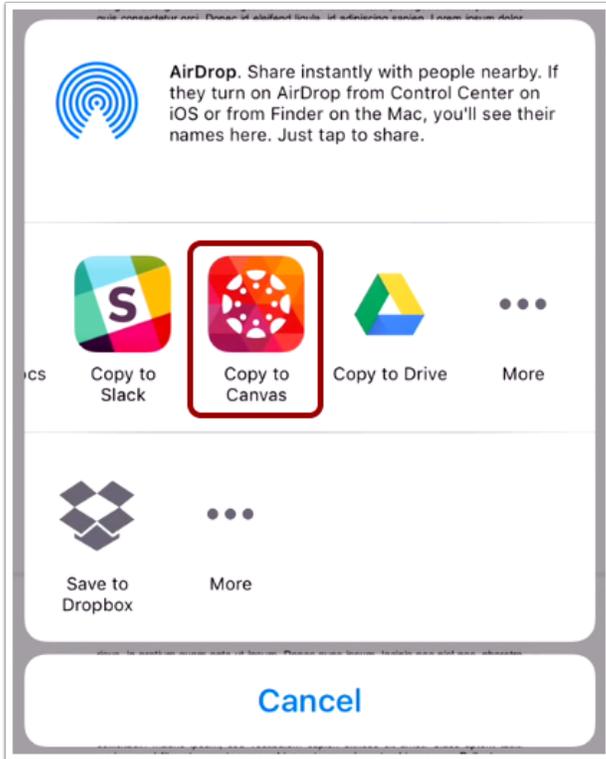

Open the file in the app and tap the Share icon.

Open File in Canvas

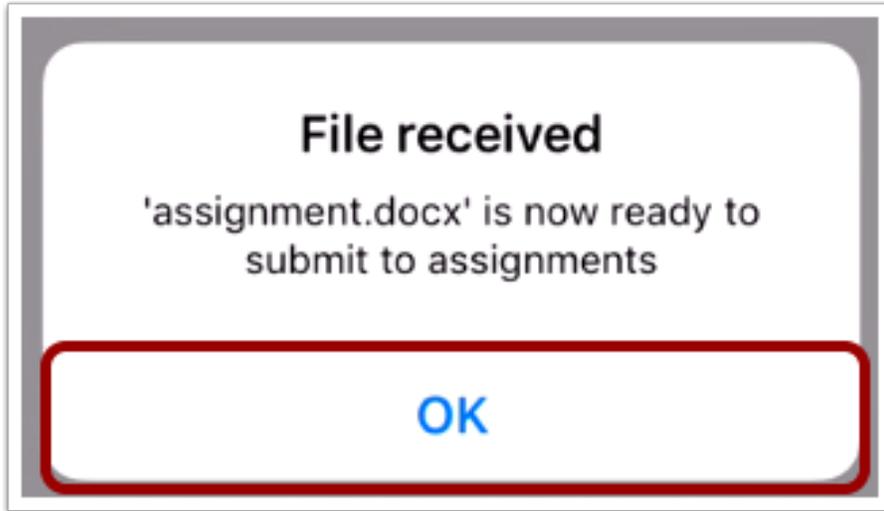

Tap the Open In icon.

Copy to Canvas

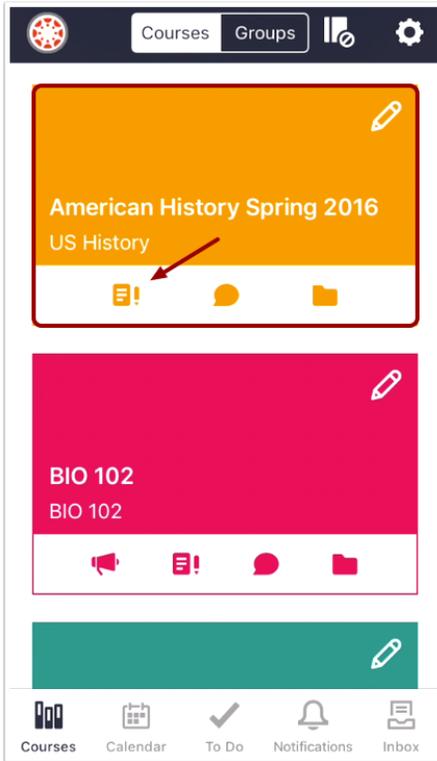

Tap the Copy to Canvas icon.

Confirm File

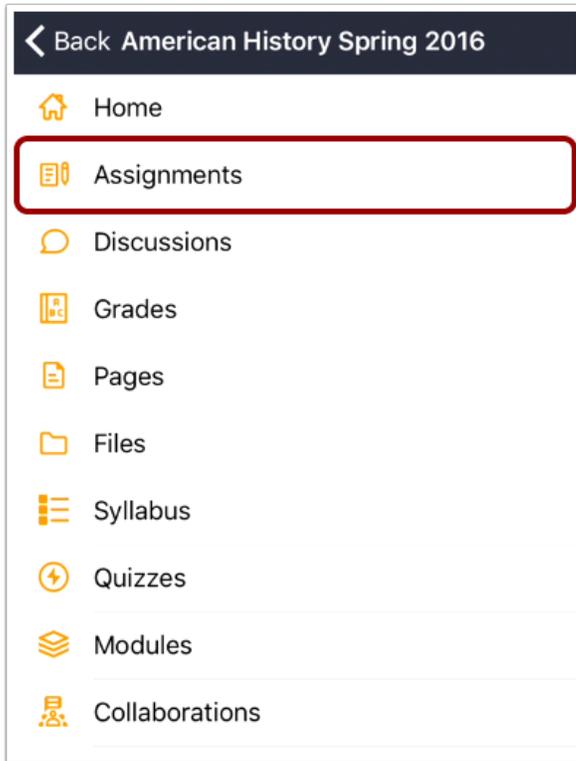

Tap the OK button.

Open Course

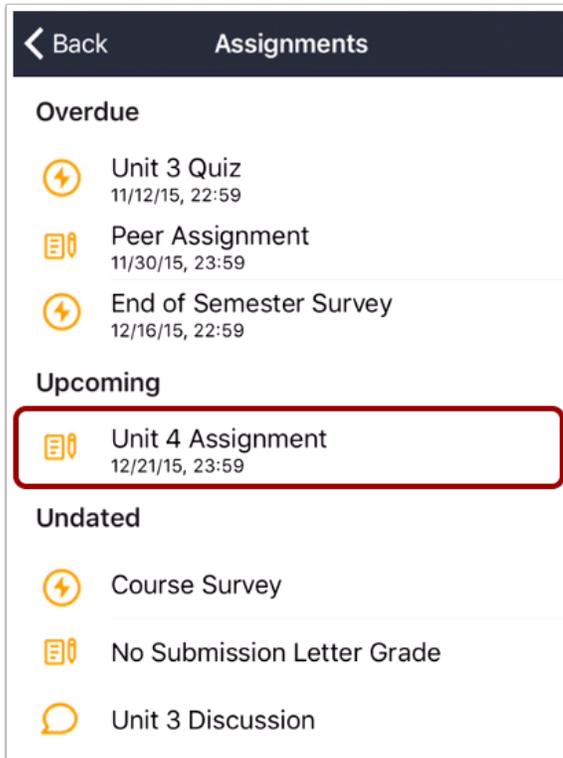

In the Courses tab, tap the name of the course you'd like to view. Or if it is available, tap the **Assignments** icon.

Open Assignments

Tap the Assignments link.

Open Assignment

CORRECT LENGTH

5	Full Marks
0	No Marks

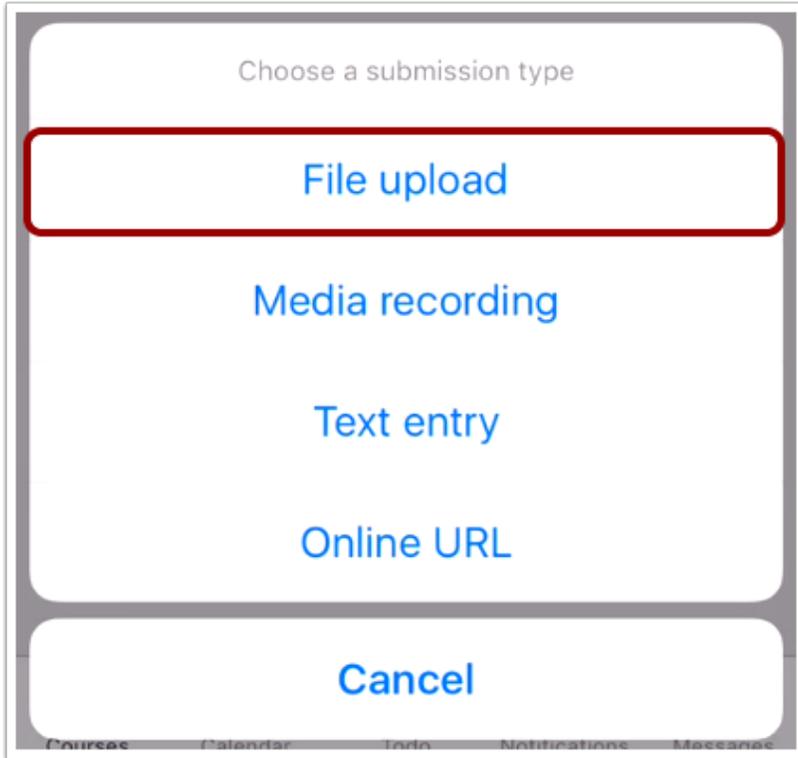

Before submitting the assignment, if you want to view the assignment rubric, tap the **Grade** tab.

Turn In Assignment

Tap the Turn in link.

Submit File Upload

Tap the File Upload button.

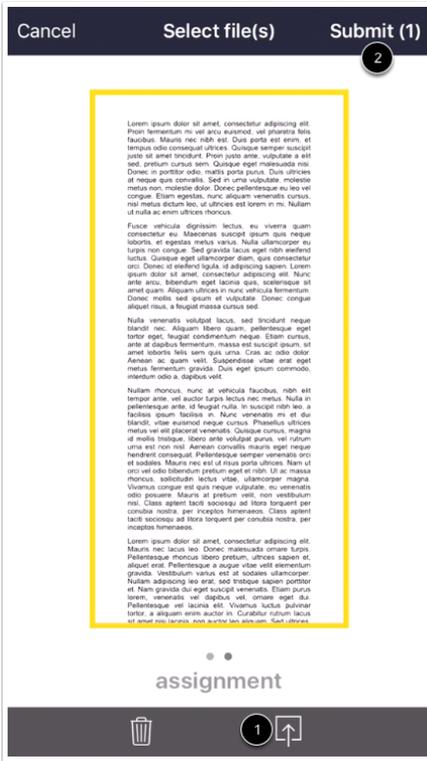

Select File

The shared file appears in your Files menu. Swipe to the left to locate the file [1].

If necessary, you can remove the file to import a new one by tapping the Delete icon [2].

Submit File

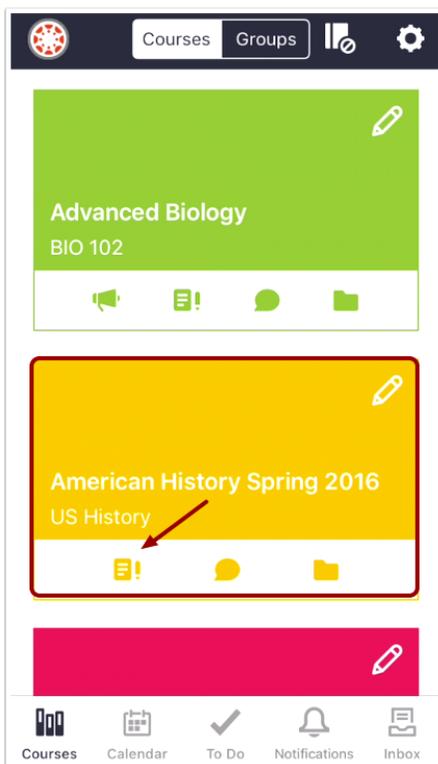

Tap the Upload icon [1]. The Canvas Student app highlights the file with a yellow box. Tap the Submit link [2].

How do I submit a PDF assignment with annotations in the Canvas app on my iOS device?

Canvas allows you to add annotations to PDF files for assignment submissions. Available annotations include highlight, underline, squiggly, strikeout, free text, drawing, and image.

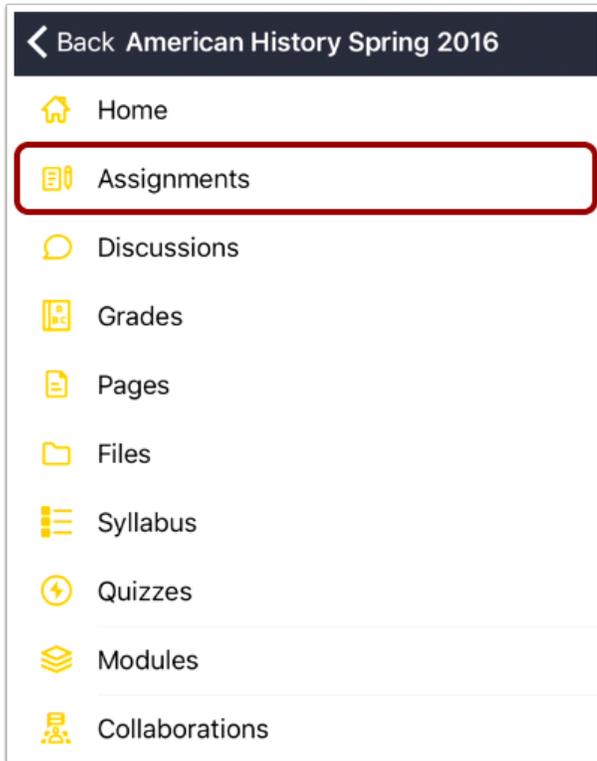

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Course

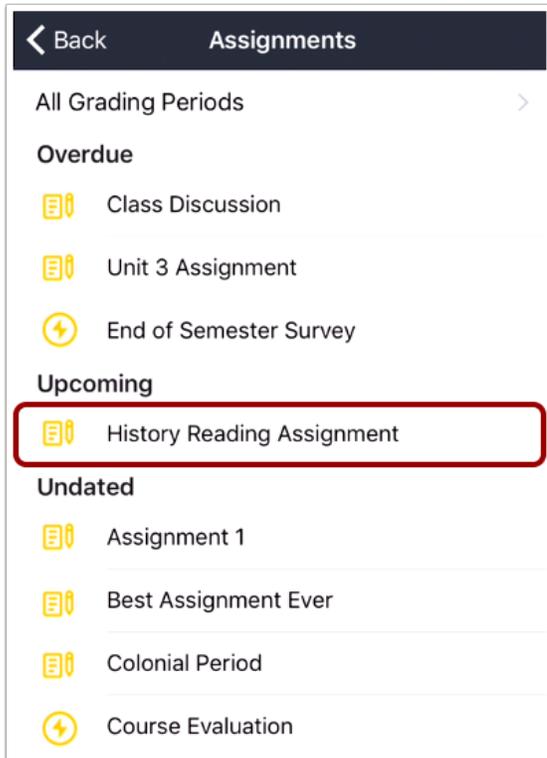

In the **Courses** tab, tap the name of the course you'd like to view. Or if it is available, tap the Assignments icon.

Open Assignments

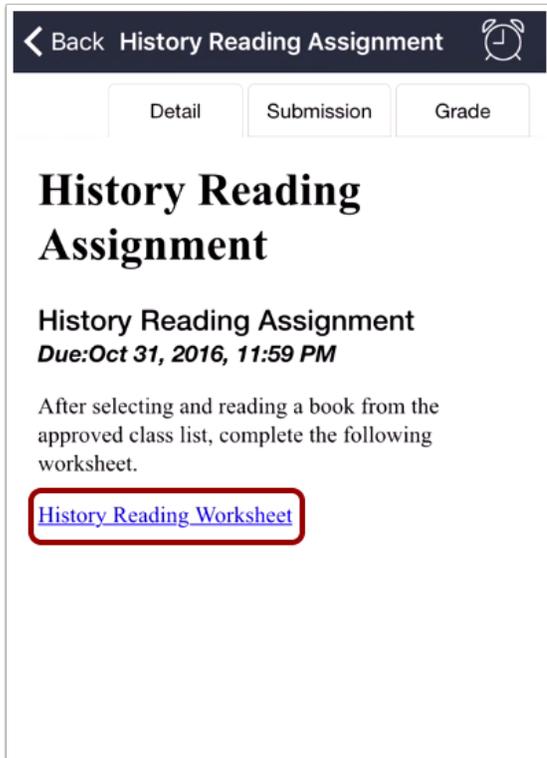

Tap the Assignments link.

Open Assignment

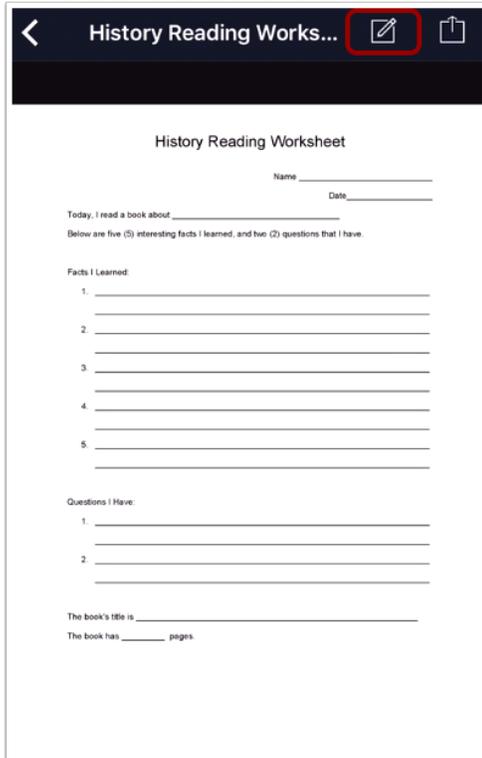

Tap the Assignment you want to open.

Open Link

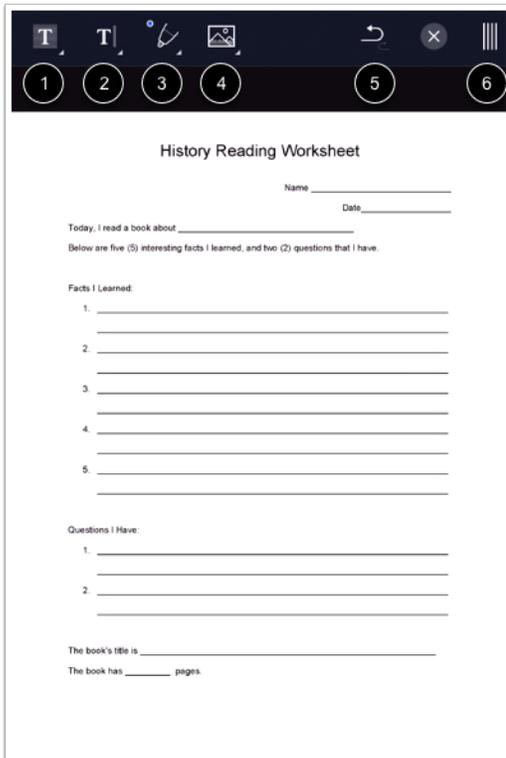

Tap the file link.

Edit PDF

Tap the Edit icon.

View Toolbar

On the toolbar you can manage your annotations.

To add highlight, underline, squiggle, or strikethrough annotations, tap and hold the **Text Formatting** icon [1].

To type text or add a comment, tap and hold the **Free Text** icon [2].

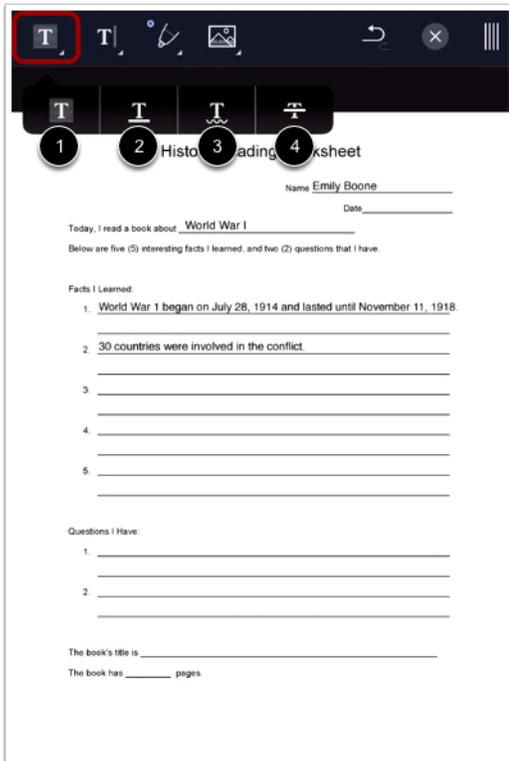

To add thin drawing, bold drawing, arrow, line, or shape annotations, tap and hold the **Drawing** icon [3].

To add an image, tap the **Image** icon [4].

To undo changes, tap the **Undo** icon [5].

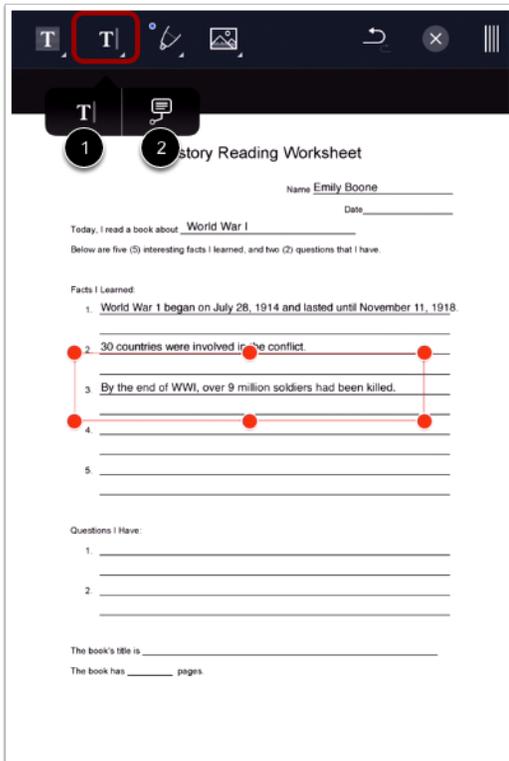

To move the toolbar, tap and hold the drag handle [6], and move it to the new location. The toolbar can be relocated to either side of the screen.

Use Text Format Options

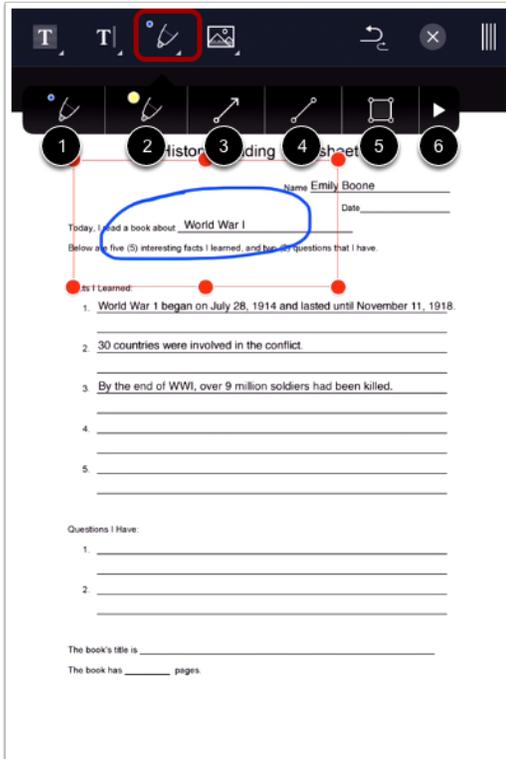

The Text Format option allows you to highlight [1], underline [2], squiggle [3], and strikethrough [4] text.

Use Free Text Options

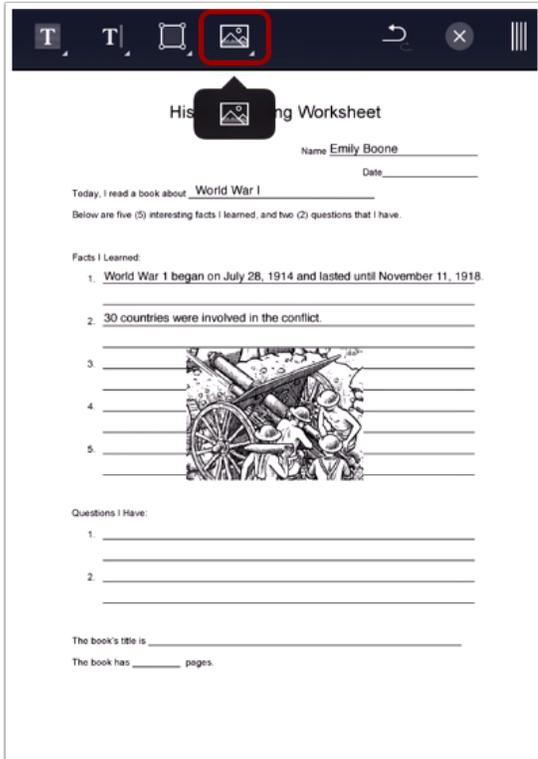

The Free Text option allows you to add text [1] or add comments [2].

Use Drawing Options

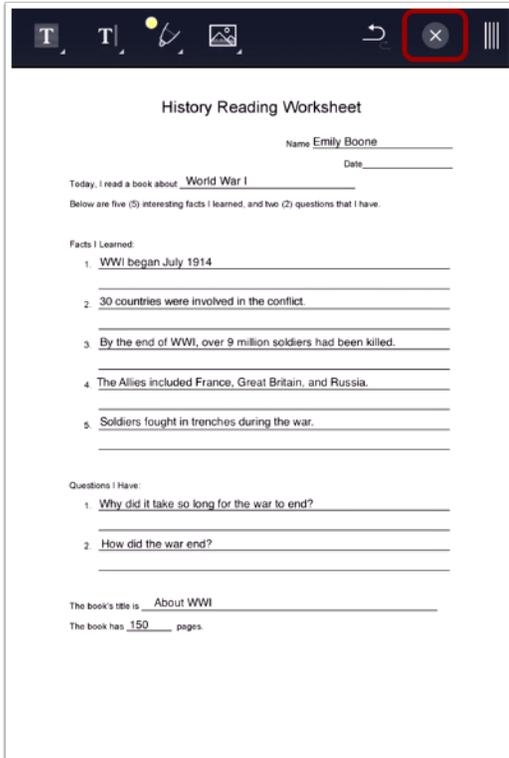

The Drawing option allows you to draw thin lines [1], bold lines [2], arrows [3], lines [4], and rectangles [5]. Tap the arrow to view additional shape drawing options [6].

Use Image Options

The Image option allows you to add an image.

History Reading Worksheet

Name Emily Boone
Date _____

Today, I read a book about World War I

Below are five (5) interesting facts I learned, and two (2) questions that I have.

Facts I Learned:

1. WWI began July 1914

2. 30 countries were involved in the conflict

3. By the end of WWI, over 9 million soldiers had been killed.

4. The Allies included France, Great Britain, and Russia.

5. Soldiers fought in trenches during the war.

Questions I Have:

1. Why did it take so long for the war to end?

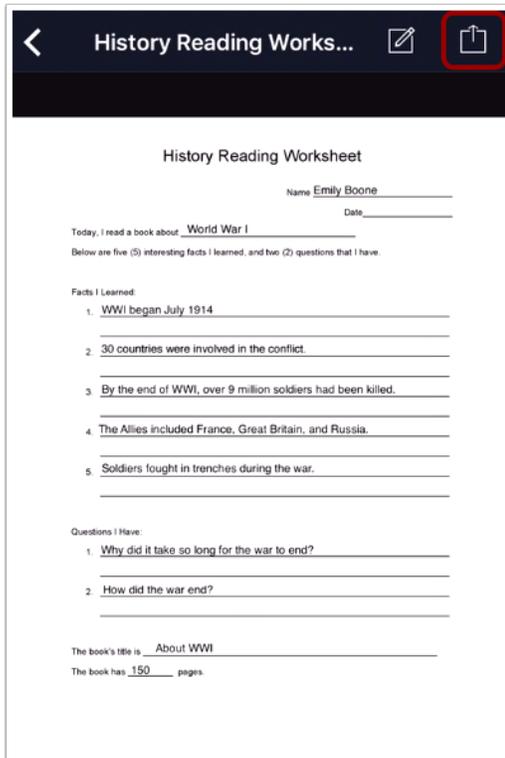

2. How did the war end?

The book's title is About WWI

The book has 150 pages.

When you are finished adding annotations, tap the Close icon.

How do I take a quiz in the Canvas app on my iOS device?

You can take a quiz on your mobile device.

This lesson shows native quiz viewing in the Canvas app. Quizzes can be viewed natively for an enhanced user experience, with the exception of quizzes that contain Fill-in-Multiple-Blanks or Formula questions. Additionally, the Canvas app does not support one-question-at-a-time quizzes, quizzes with passcode restrictions, or quizzes with IP address restrictions. Quizzes that contain question types not supported by the mobile app will be redirected to the web version of Canvas.

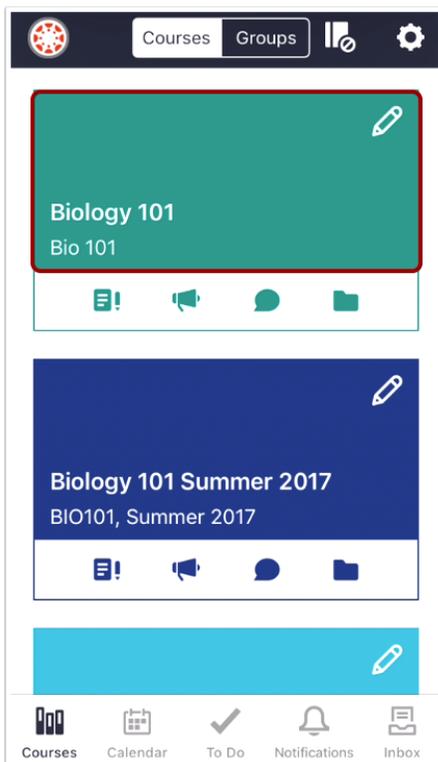

You can easily skip to another question or flag a question in the app. For timed quizzes, the app allows you to turn the timer on and off.

When you are finished, you may be able to view your quiz results in the browser version of Canvas.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

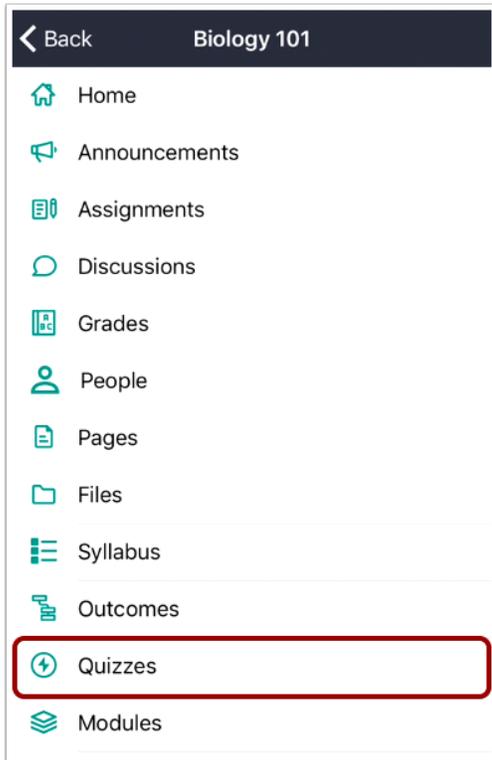

Note: The Course Navigation menu matches the browser version of your Canvas course. If Quizzes is not available in Course Navigation, it will also be hidden from view in the app.

Open Course

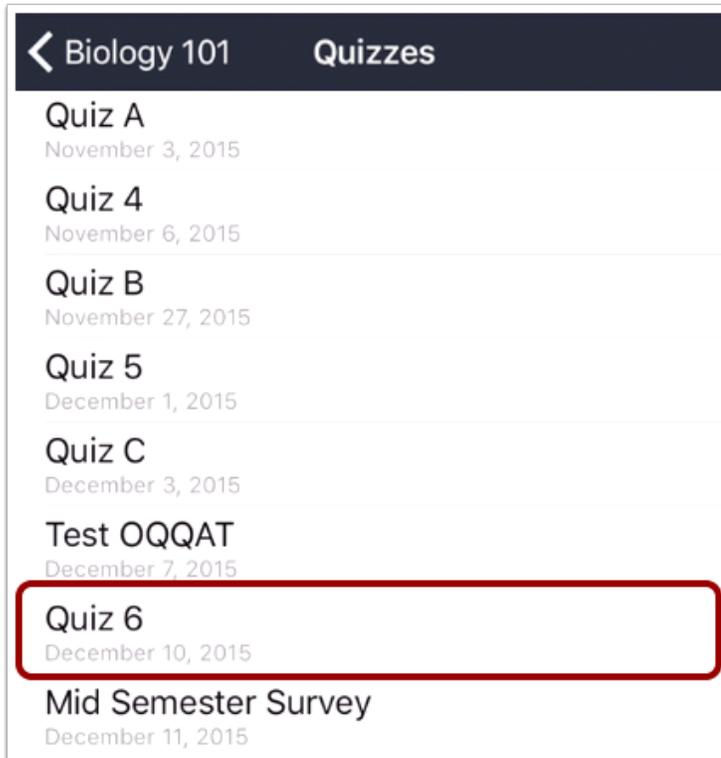

In the **Courses** tab, tap the name of the course you'd like to view.

Open Quizzes

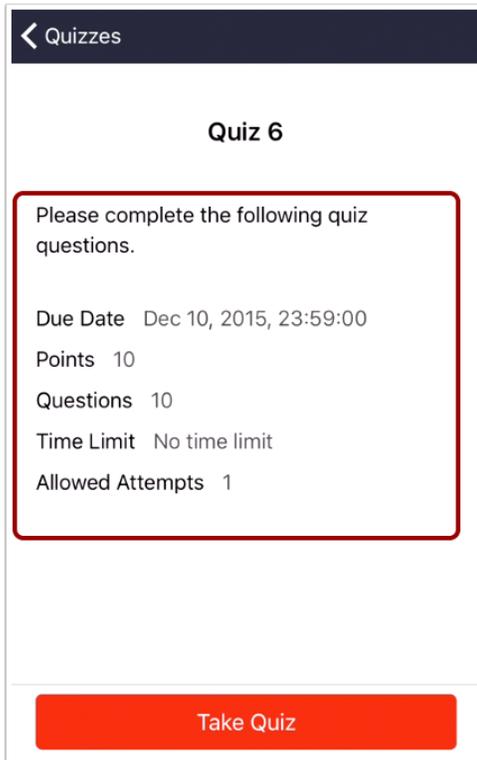

Tap the **Quizzes** link.

Open Quiz

To open a quiz, tap the name of the quiz.

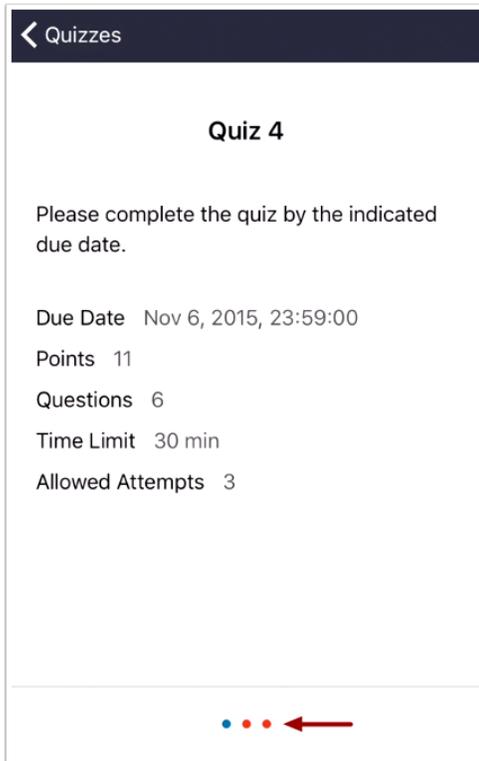

Read Quiz Details

The screenshot shows the 'Quizzes' section of the Canvas Student iOS app. At the top, there is a dark blue header with a white back arrow and the text 'Quizzes'. Below this, the title 'Quiz 6' is centered. A red-bordered box contains the following text: 'Please complete the following quiz questions.' followed by a list of details: 'Due Date Dec 10, 2015, 23:59:00', 'Points 10', 'Questions 10', 'Time Limit No time limit', and 'Allowed Attempts 1'. At the bottom of the screen, there is a red button with the text 'Take Quiz'.

Read the details of the quiz.

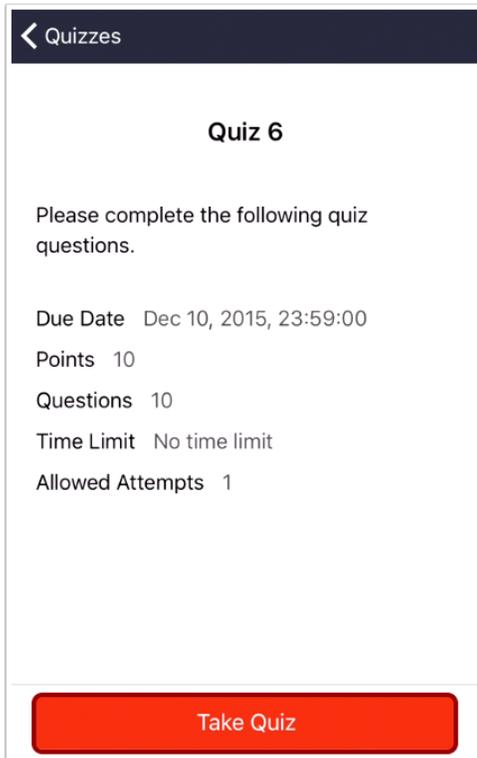

View Quiz Restrictions

If the quiz page includes dots at the bottom, the quiz includes additional page details. Swipe your device to view the additional information.

If your quiz includes a restriction or a time limit, it will also be part of the quiz detail information.

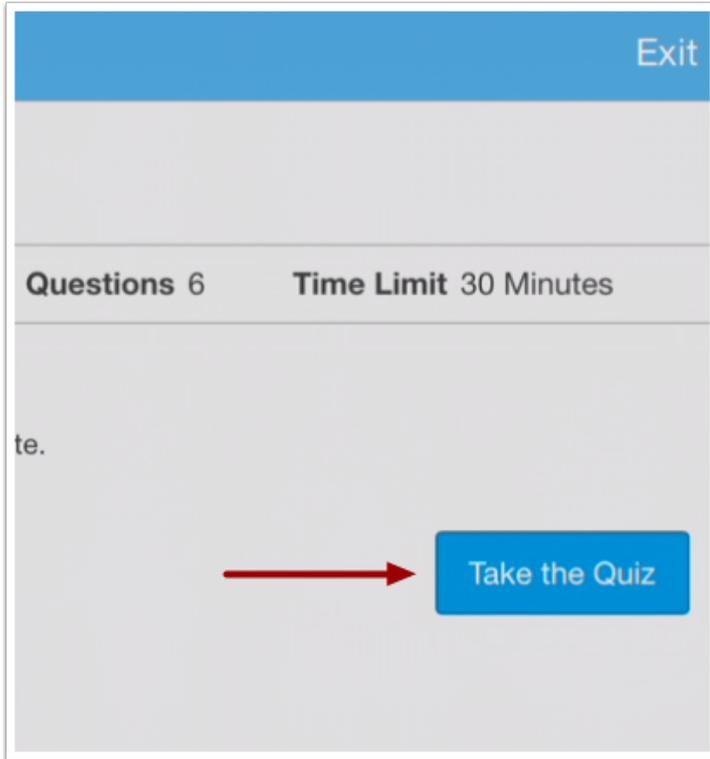

Take Quiz

Tap the **Take the Quiz** button. (If your quiz included several pages of details, swipe to the last page.)

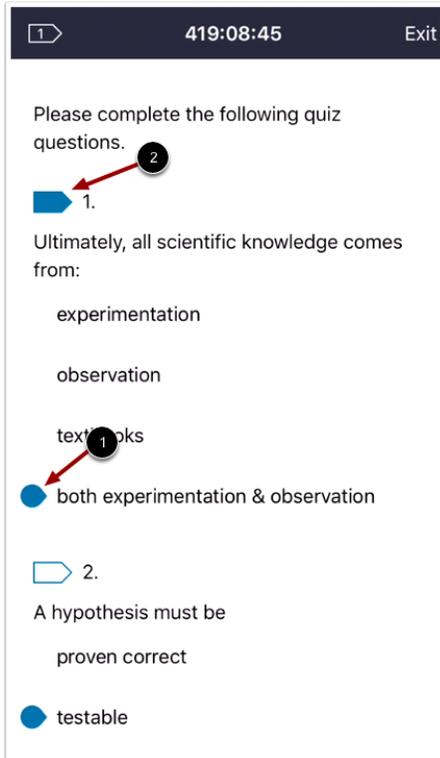

If your quiz is a timed quiz, you can hide/show the timer in the quiz by tapping the time icon.

View Web Version

If your quiz does not support native viewing in the app, you will be asked to log in to Canvas and be redirected to the browser view. Swipe your screen to the right to tap the **Take the Quiz** button.

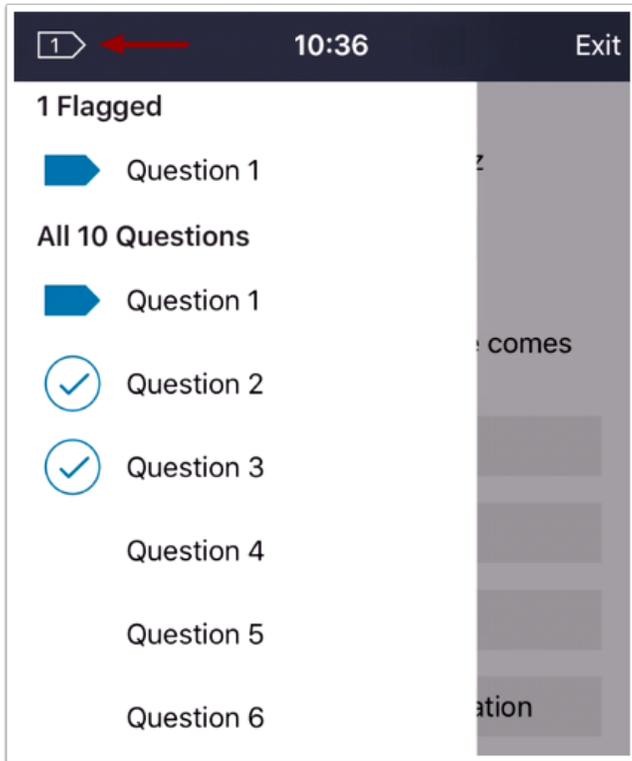

Complete Quiz Questions

To complete the question, tap the answer choice [1], enter an answer in the text box, or upload a file (depending on the question type).

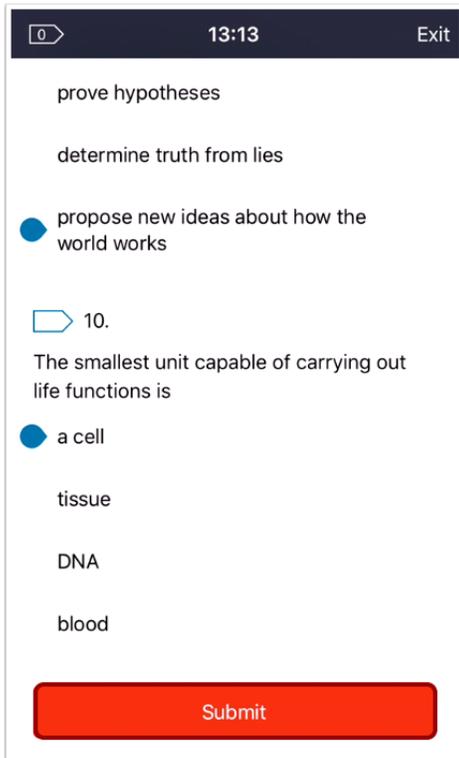

To flag a question, tap the flag icon for that question [2]. To unflag the question, tap the flag again.

View Flagged Questions

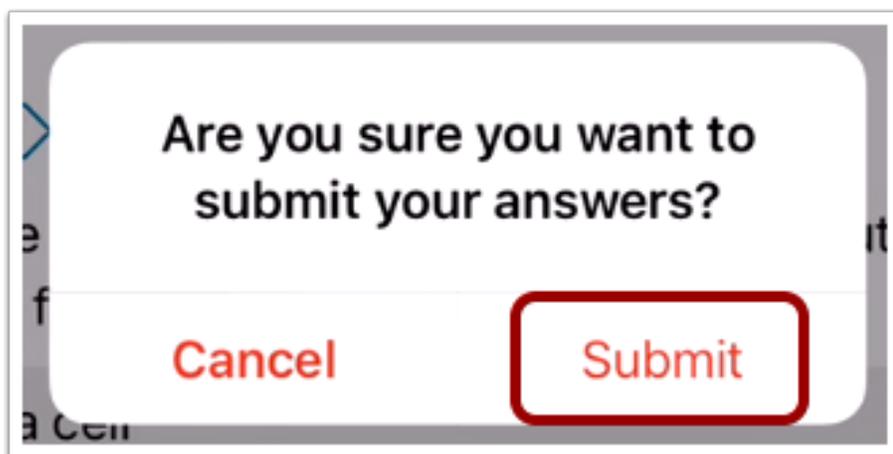

To view all your flagged questions through the quiz, tap the flag icon at the top of the page. A menu will appear showing all flagged and completed questions. Tap the name of a question to view the question.

Submit Quiz

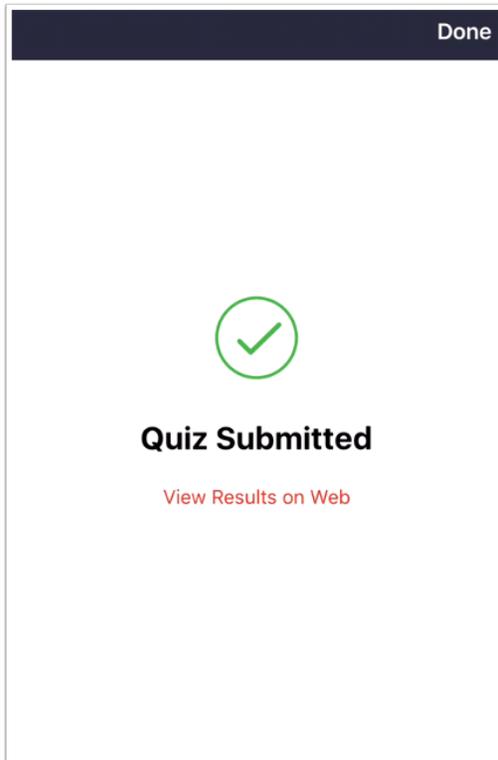

When you are finished with your quiz, tap the **Submit** button.

To confirm your submission, tap the **Submit** link.

Confirm Submission

View your quiz submission.

If your instructor allows, you may be able to view your results in the browser version of Canvas. Tap the **View Results on Web** link.

Note: You may be asked to log in to Canvas to view your results.

How do I view grades in the Canvas Student app on my iOS device?

You can view your grades in the Canvas Student app.

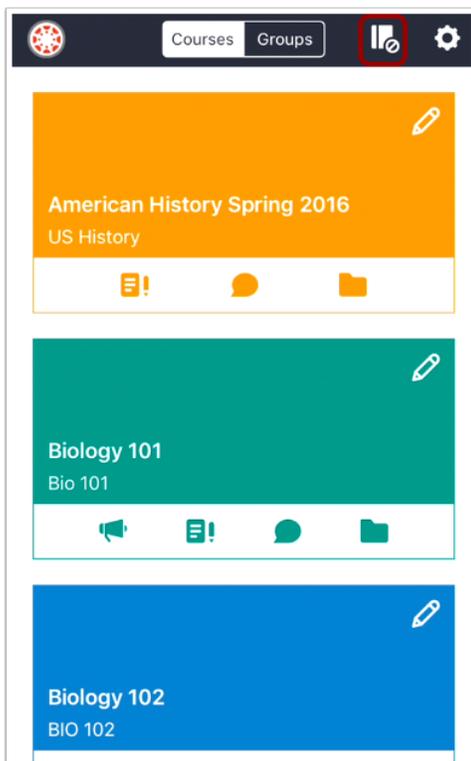

Grades can also be viewed as a Course Navigation link. However, the Course Navigation menu matches the browser version of your Canvas course. If Grades is not available in Course Navigation, it will also be hidden from view in the app.

If your course is using Multiple Grading Periods, the Grades page shows assignments and grades within the current grading period. If your course is not using Multiple Grading Periods, the Grades page shows all assignments and grades for the entire course. If the Dashboard does not show a total grade, there are no active grading periods in your course.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

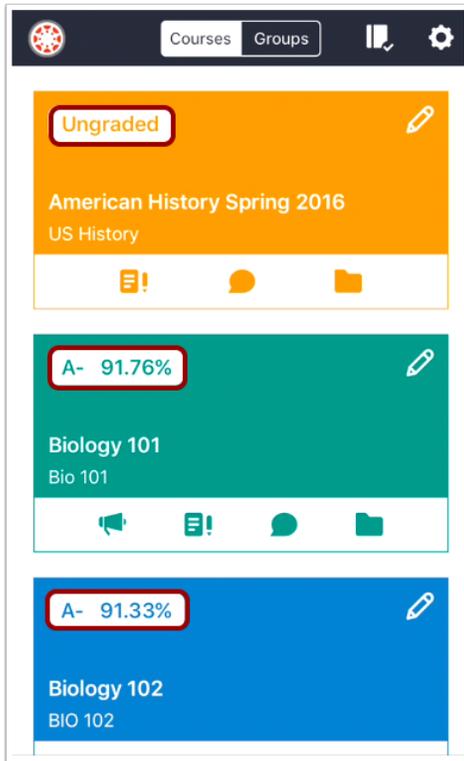

Note: Currently observers cannot view student grades in the app.

View Dashboard Grades

To view your course grade in the Dashboard Courses tab, tap the Grades icon.

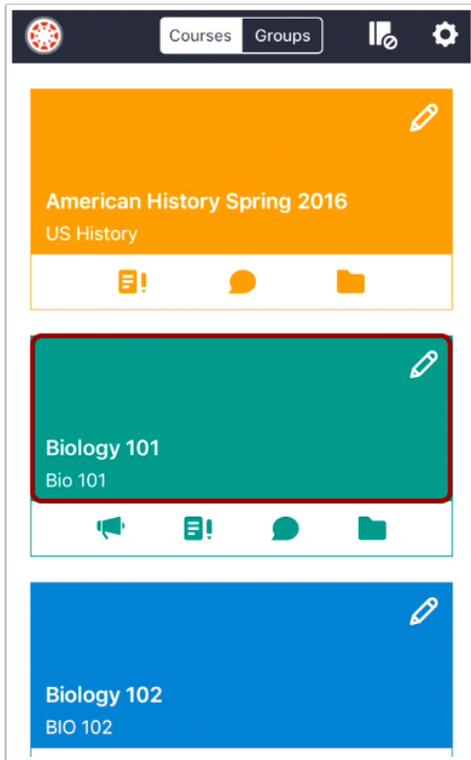

View Course Grade

The overall grade for the course appears above the course title. Grades are shown according to the grading scheme for the course (percentage, GPA, letter grade, etc.).

To hide grades, tap the Grades icon again.

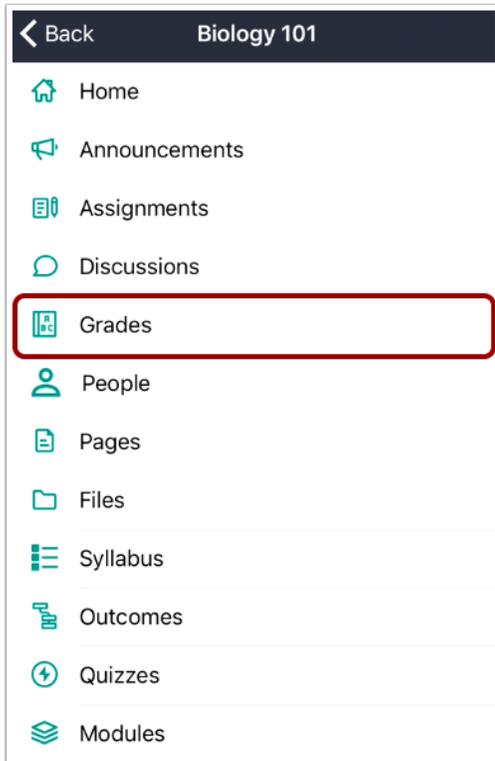

View Assignment Grades

You can also view grades for each individual assignment in your course.

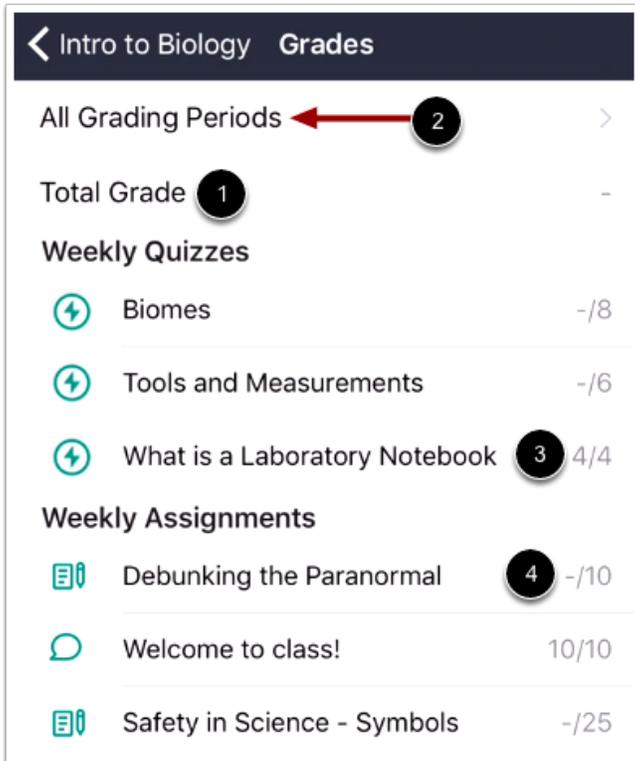

In the **Courses** tab, tap the name of the course you'd like to view.

Open Grades

Tap the Grades link.

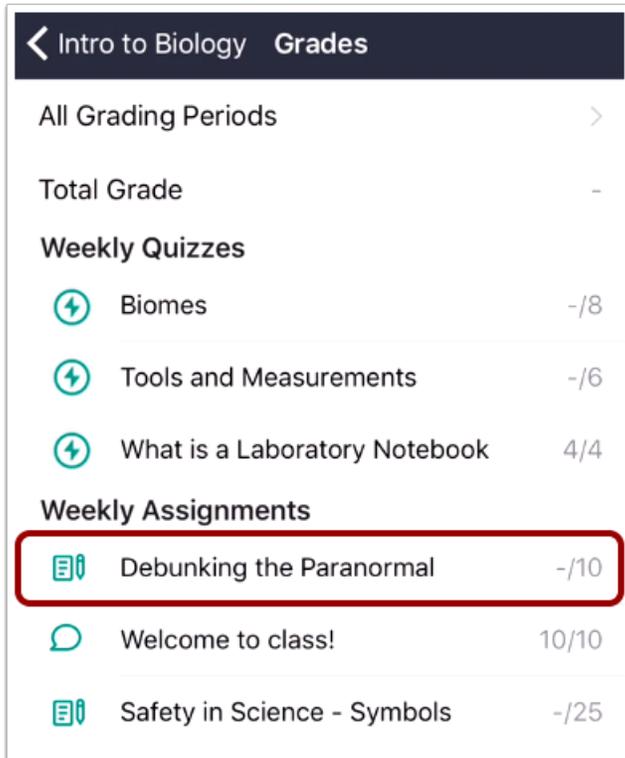

View Course Grades

Your total score appears at the top of the page [1]. If your course is using Multiple Grading Periods, your total score is the score for the current grading period. Otherwise, your total score is the overall score for the course. You can also filter grades by grading period [2].

If a grade has been awarded for an assignment, the assignment displays the score you have earned [3]. Ungraded assignments display a dash [4]. Assignments that are not graded display an N/A symbol.

View Assignment Details

The screenshot shows the 'Intro to Biology' Grades page. It lists various grading periods and assignments. The 'Weekly Quizzes' section includes 'Biomes' (-/8), 'Tools and Measurements' (-/6), and 'What is a Laboratory Notebook' (4/4). The 'Weekly Assignments' section includes 'Debunking the Paranormal' (-/10), 'Welcome to class!' (10/10), and 'Safety in Science - Symbols' (-/25). The 'Debunking the Paranormal' assignment is highlighted with a red box.

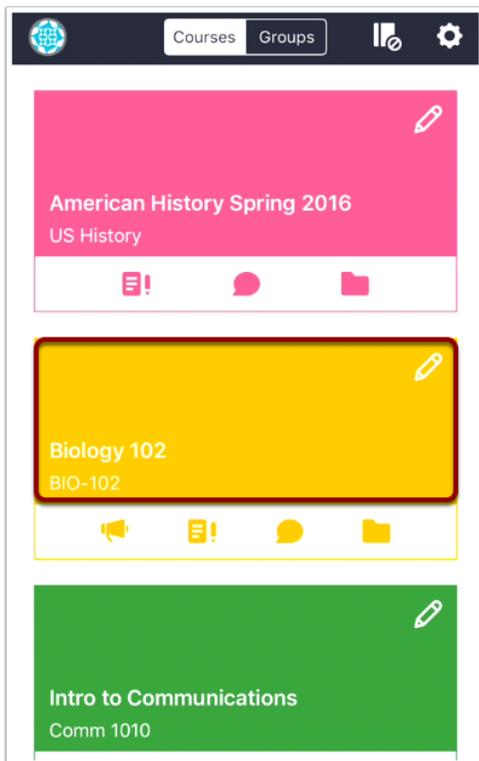

Intro to Biology		Grades
All Grading Periods		>
Total Grade		-
Weekly Quizzes		
 Biomes		-/8
 Tools and Measurements		-/6
 What is a Laboratory Notebook		4/4
Weekly Assignments		
 Debunking the Paranormal		-/10
 Welcome to class!		10/10
 Safety in Science - Symbols		-/25

To view the details of an assignment including any [comments from your instructor](#), tap the assignment name.

How do I choose an assignment group in a module in the Canvas Student app on my iOS device?

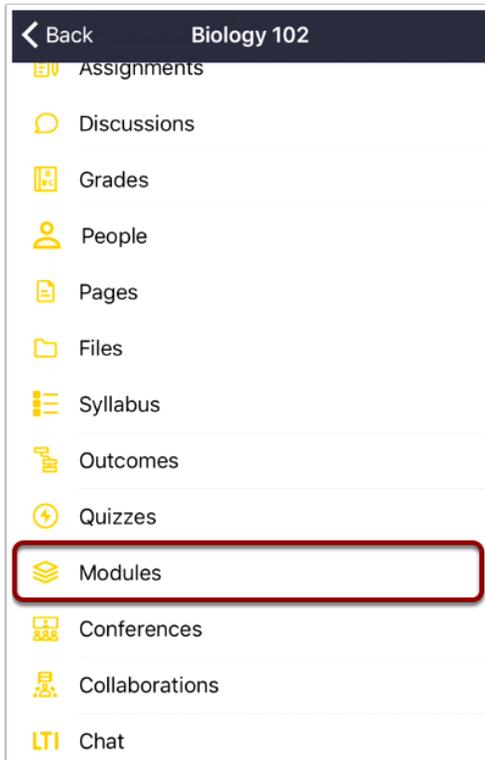

If your Modules page asks you to choose an assignment group, you need to choose which assignment(s) you want to select before you can progress to the next assignment.

Open Course

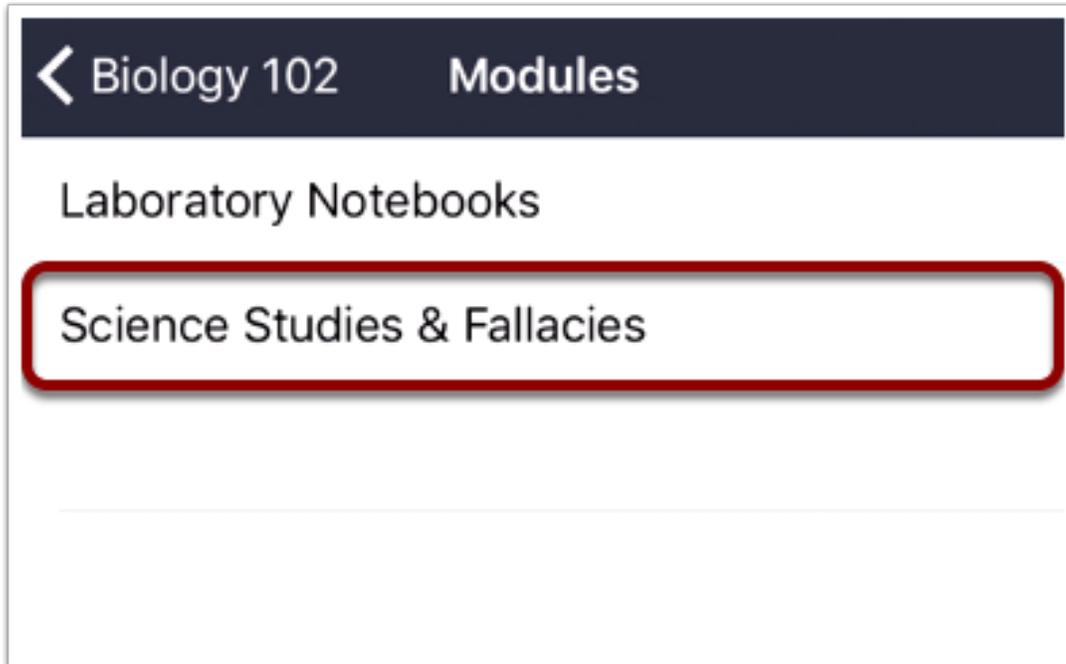

In the Dashboard, tap the name of the course you'd like to view.

Open Modules

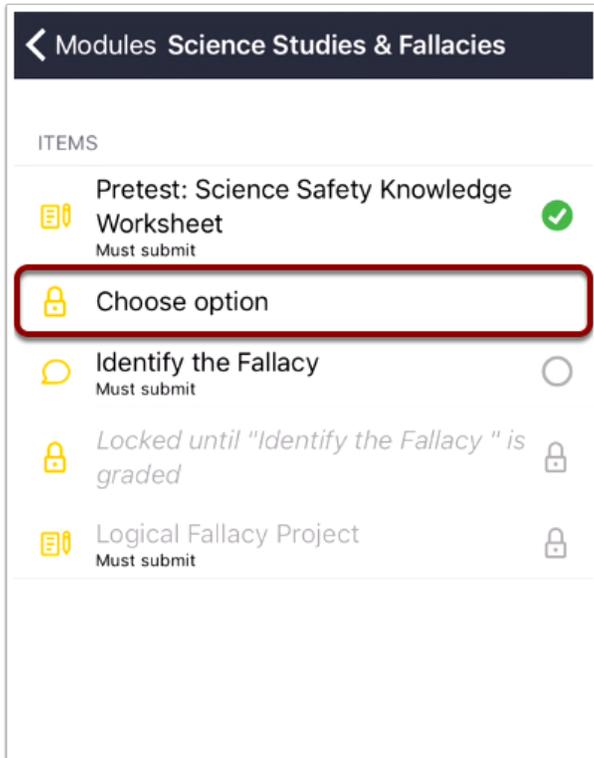

In Course Navigation, tap the **Modules** link.

Open Module

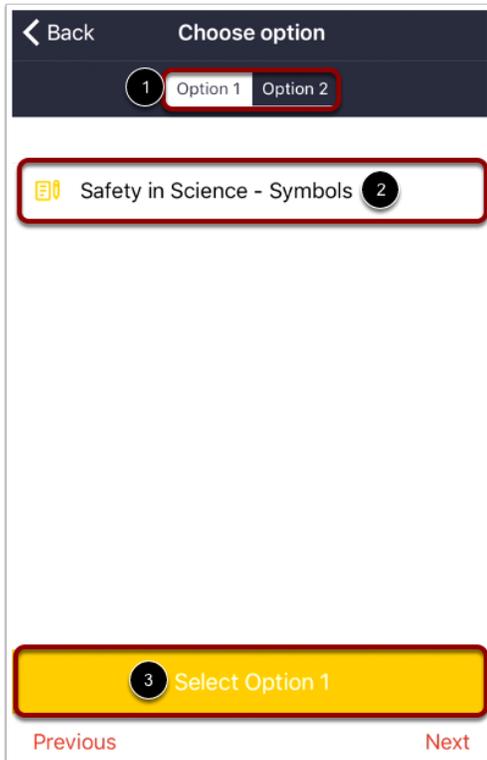

Tap the name of the module you would like to view.

Choose Assignment Option

Tap the Choose option link.

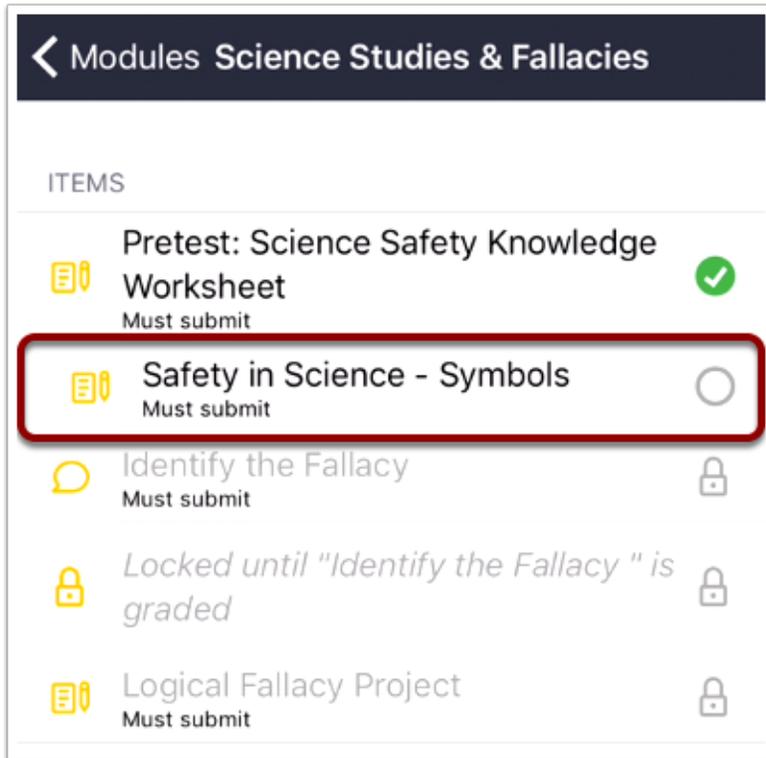

Select Assignment

View the assignment options by tapping the tabs [1]. To view an assignment description, tap the assignment name [2]. Locate the assignment you want to select and tap the **Select** button [3].

Note: Once you select an assignment, you cannot select a different assignment.

View Selected Assignment

View your selected assignment.

Note: If the link generates an error message, you can access the assignment by returning to the Modules link in Course Navigation.

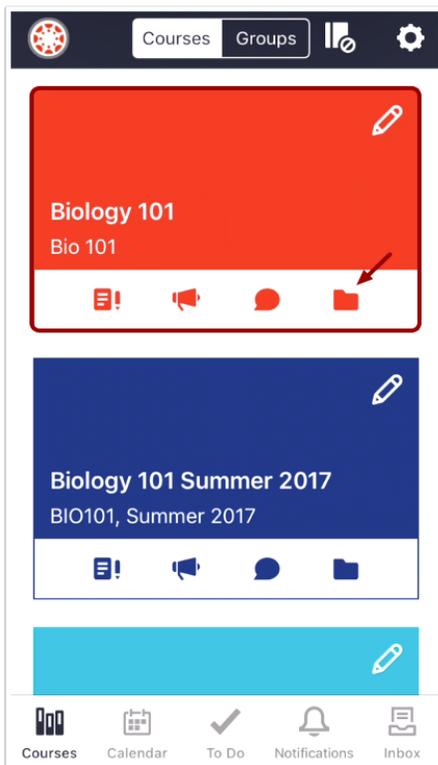

Instructor

How do I manage Course Files in the Canvas Student app on my iOS device?

Instructors can manage course files with the Canvas Student app.

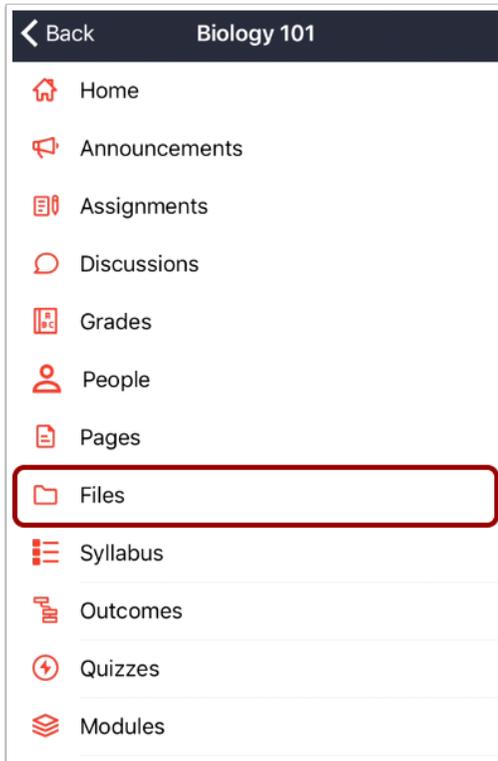

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

Open Course

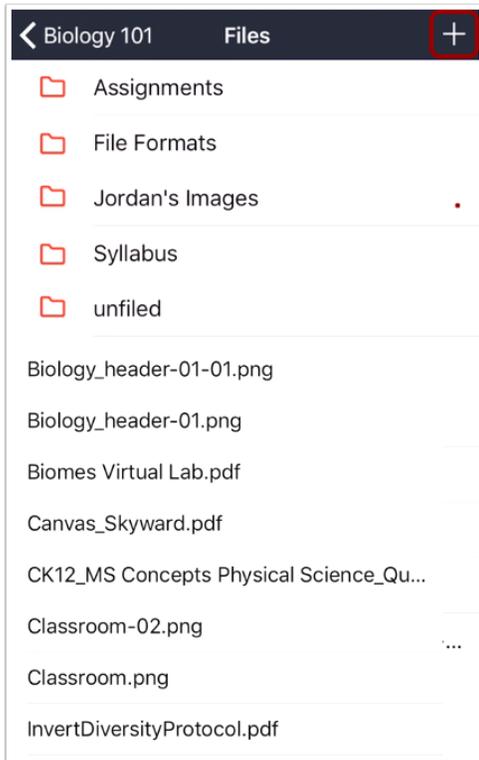

In the **Courses** tab, tap the name of the course you'd like to view. Or if it is available, tap the **Files** icon.

Open Files

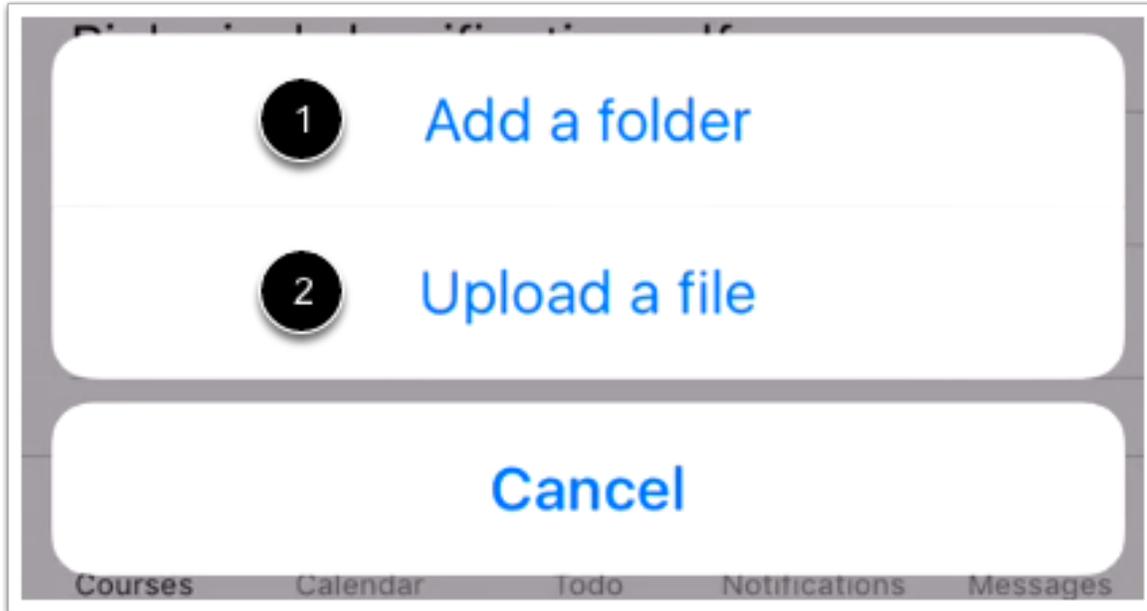

Tap the Files link.

Add File

Tap the **Add File** icon.

Manage Course Files

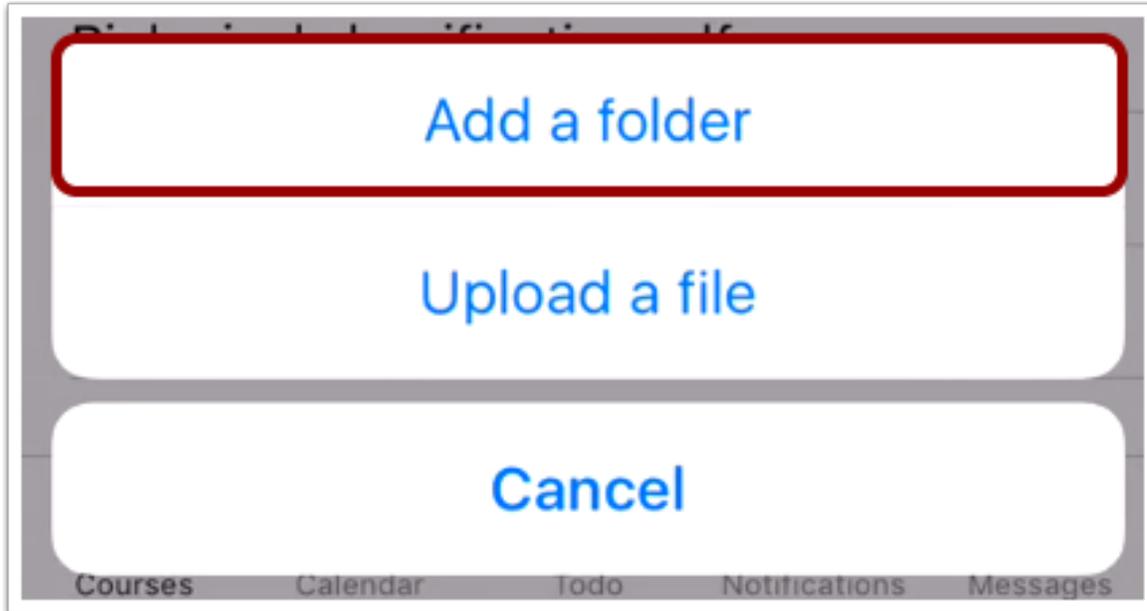

The Add icon appears in every files window so you can build hierarchal levels of folders and files.

To create a new folder, tap the **Add folder** button [1]. To upload a file, tap the **Upload file** button [2].

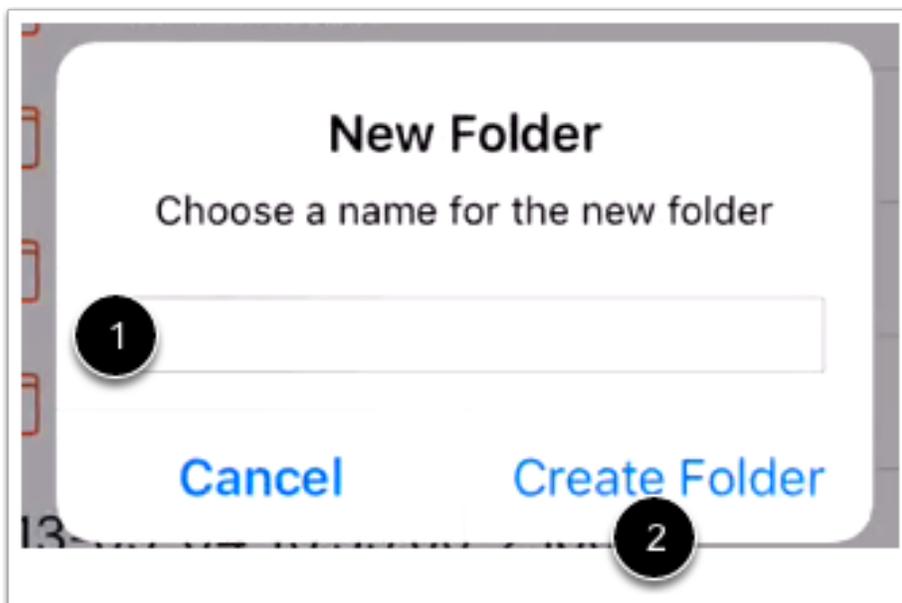

Note: You cannot move files from one folder to another or rename file items in the Canvas Student app.

Add Folder

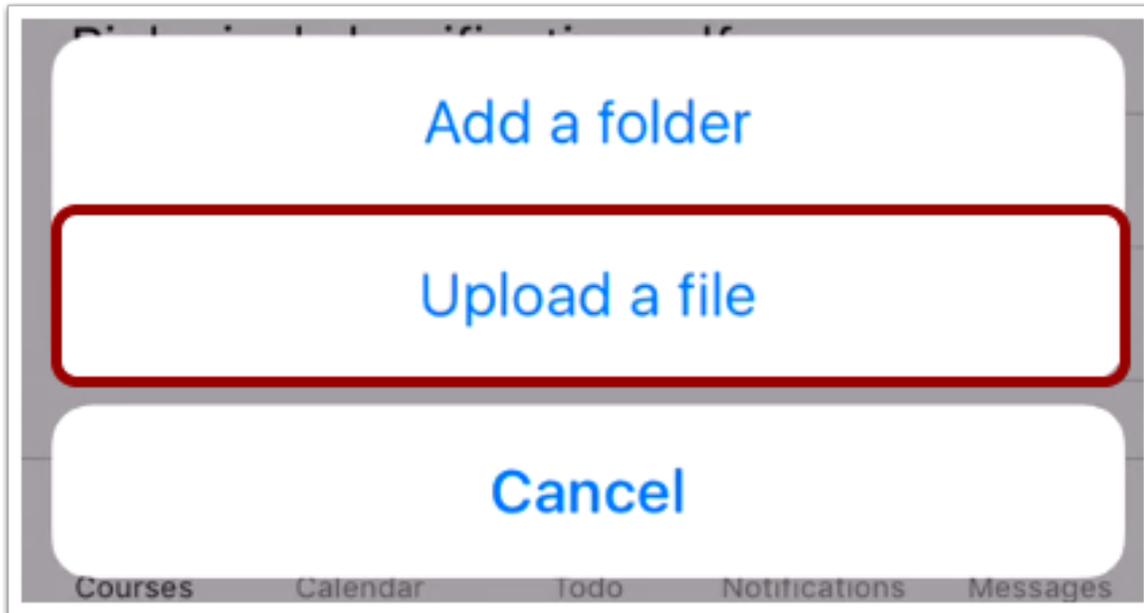

To create a new folder, tap the **Add folder** link.

Create Folder

To create a new folder, type the name of the folder in the text field [1]. Tap the **Create Folder** button [2].

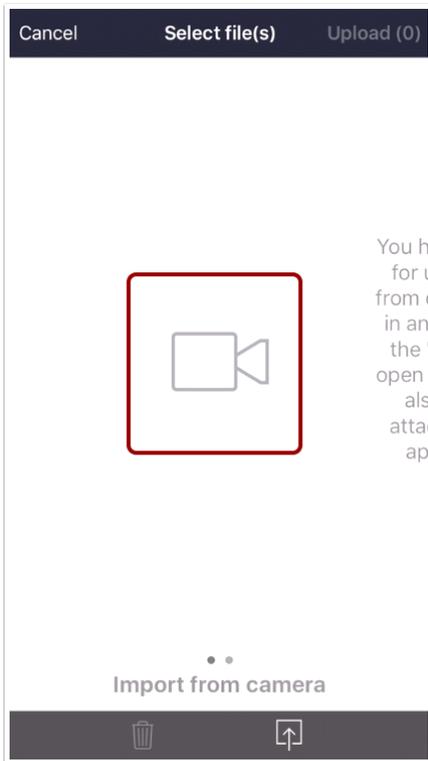

Upload File

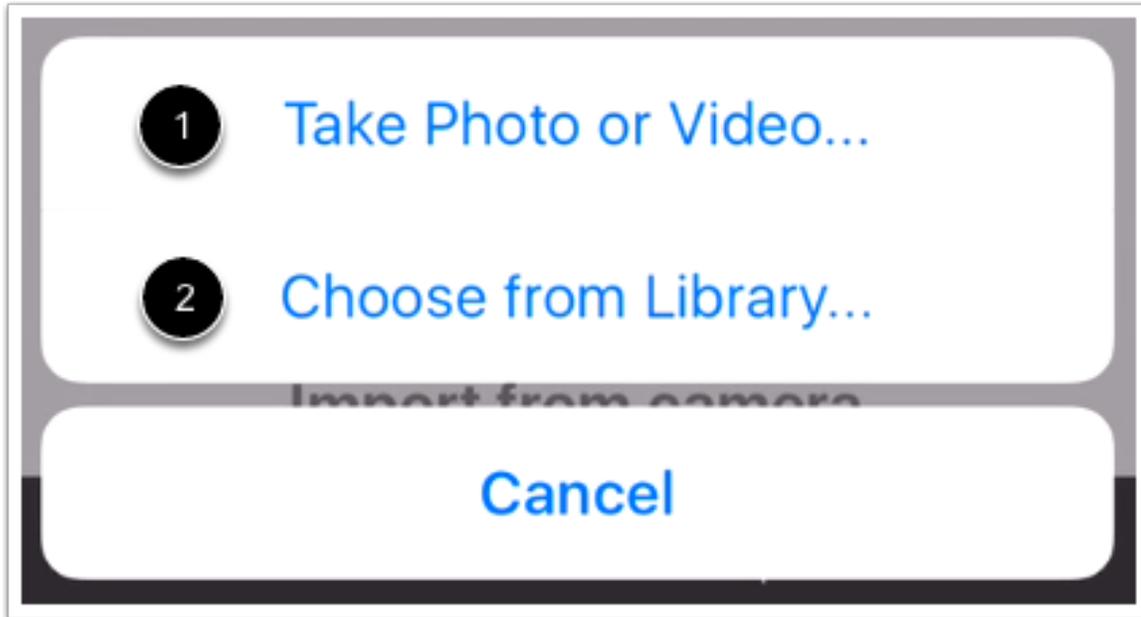

To upload a file, tap the **Upload file** link. You can import and upload files from:

1. Your camera
2. Dropbox
3. Any third-party application

Import from Camera

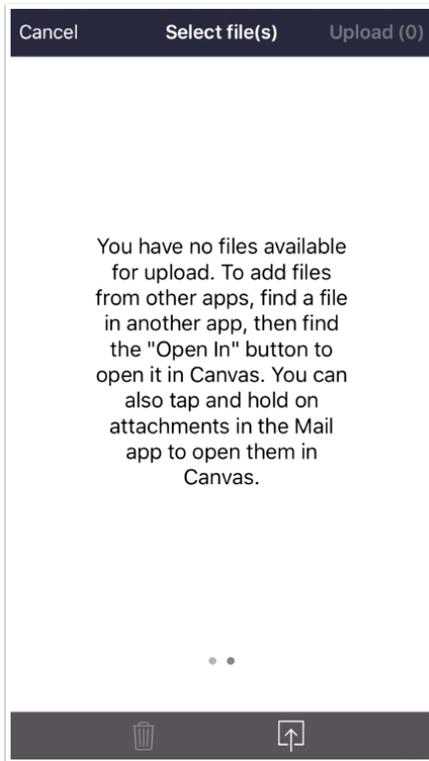

To import a file from your camera, tap the **media** icon.

To create a file by taking a photo or video, tap the **Take Photo or Video...** button [1]. To choose an existing file from your photo library, tap the **Choose from Library...** button [2].

Upload from Third-party App

You can also upload existing files from additional third-party applications. Swipe to the left to read the instructions about how to upload files from external apps into Canvas.

Select File

The selected file appears in your Files menu. Swipe to the left to locate the file [1].

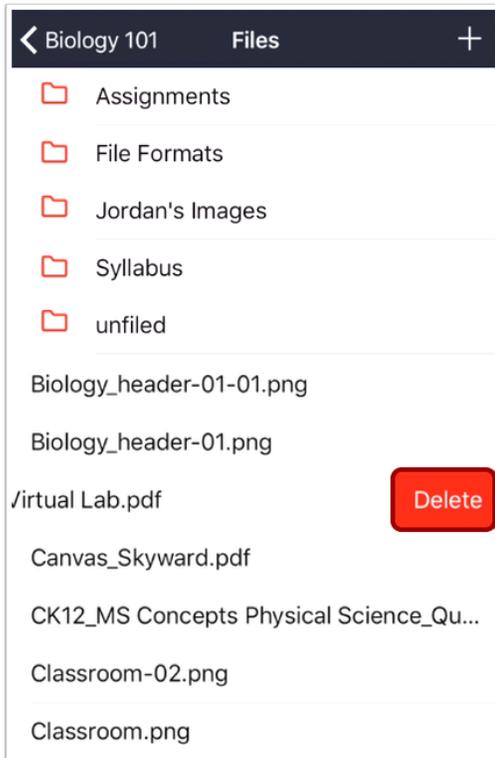

If necessary, you can remove the file and import a new one by tapping the Delete icon [2].

Upload File

Tap the Upload icon [1]. The Canvas Student app highlights the file with a yellow box. Tap the Submit link [2].

Manage Files

To delete a file or folder, swipe to the left and tap the **Delete** button.

Note: Unlike in user files, deleting a folder will delete all files within the folder without any warning.

Admin

How do I masquerade as a user in the Canvas Student app on my iOS device?

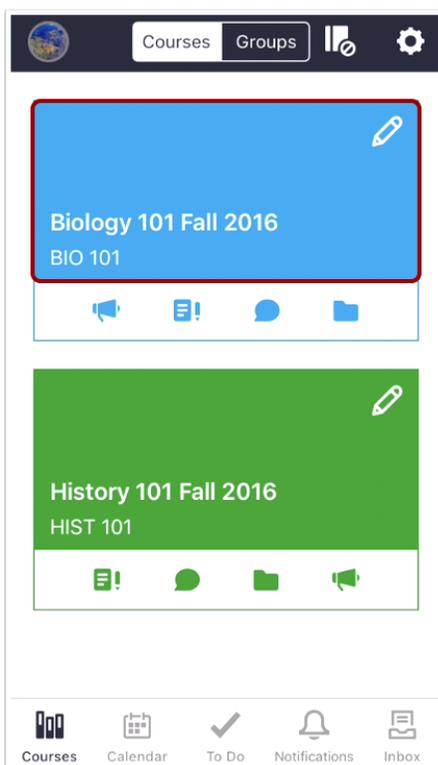

Masquerading, or becoming a user, allows admins to login as the user without a password. There are some limitations. You can take any action as though you are the user but the audit logs will show that you performed the tasks while masquerading. Only admins with the correct permissions can masquerade as other users.

You can masquerade via the course People page of a course where you are enrolled. If you are not enrolled in any courses, you can masquerade via your Profile page. To masquerade via your Profile, you must know the user's ID to masquerade. Make sure you have the user's ID associated with the correct Canvas URL.

The images in this lesson are shown for a phone display, but unless otherwise noted, tablet displays mirror the same steps.

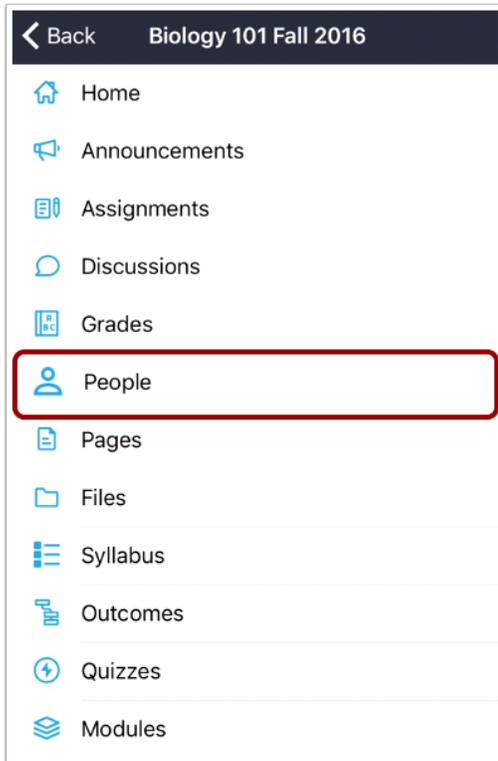

Note: When masquerading as a user, language preferences do not apply and will always be shown in the default language.

Masquerade via Course

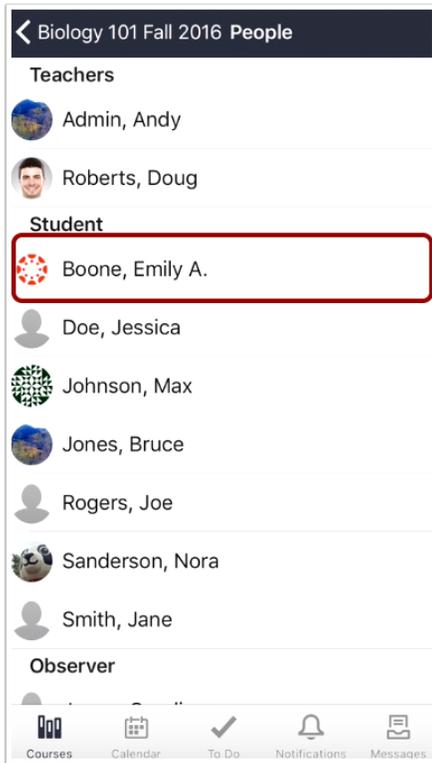

To masquerade as a user through a course, in the **Courses** tab, tap the name of the course you'd like to view.

Open People

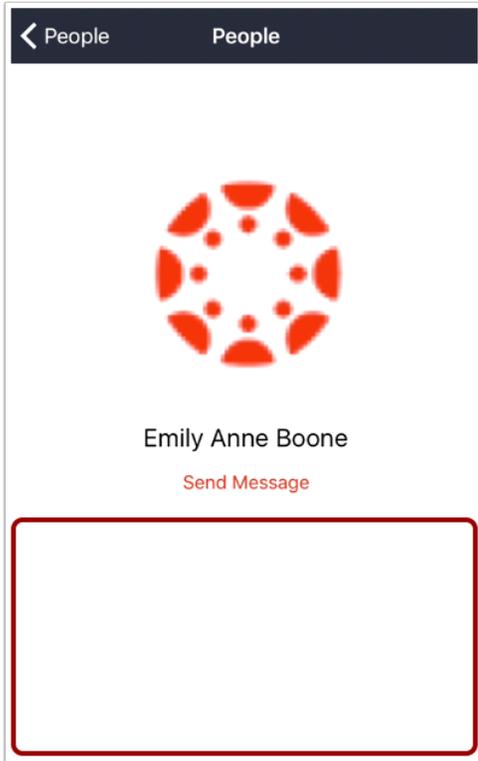

Tap the People link.

Open User Details

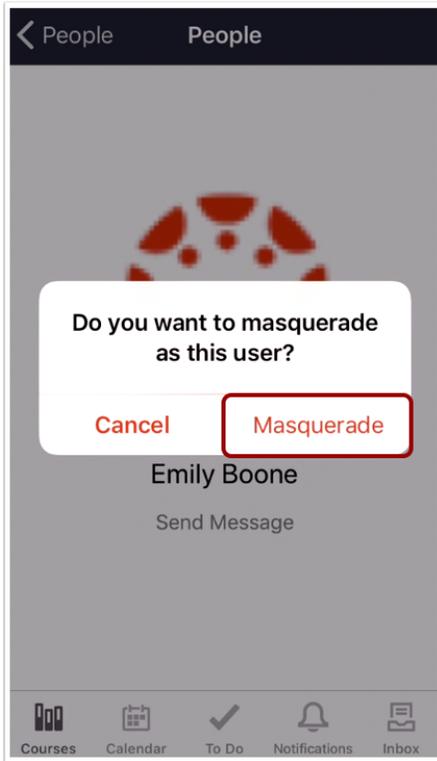

Tap the name of the user.

Open Masquerade Feature

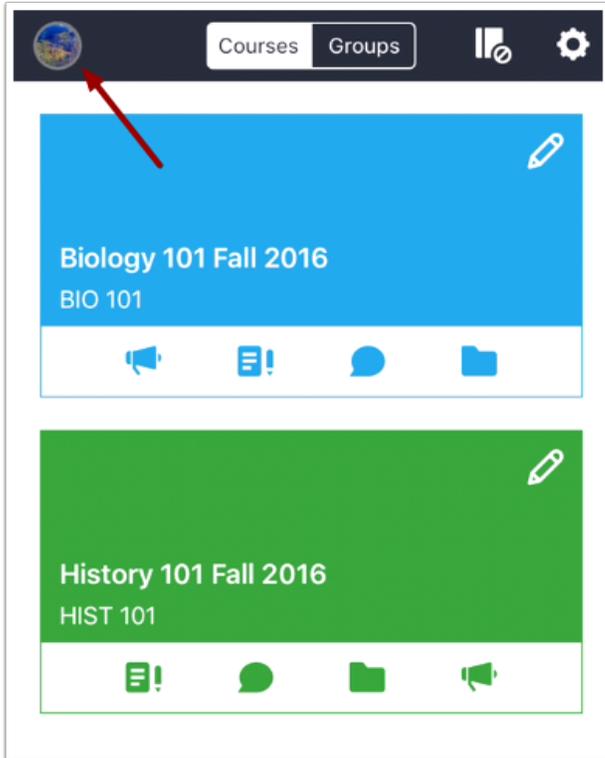

Anywhere in the profile page, double tap with two fingers.

Masquerade

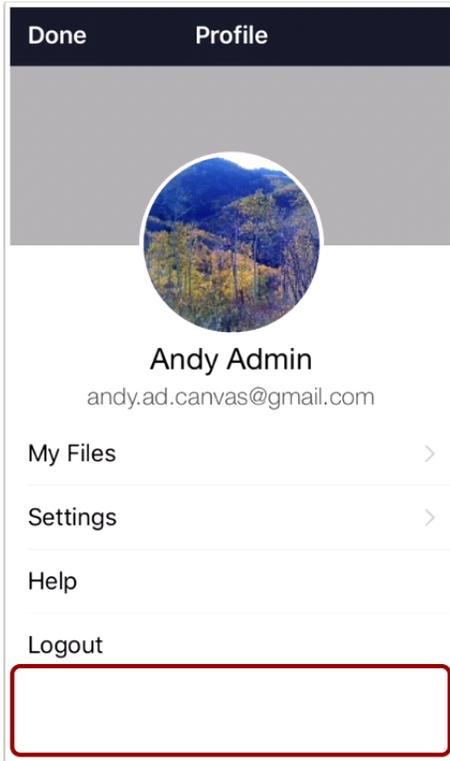

Tap the **Masquerade** button.

Masquerade via Profile

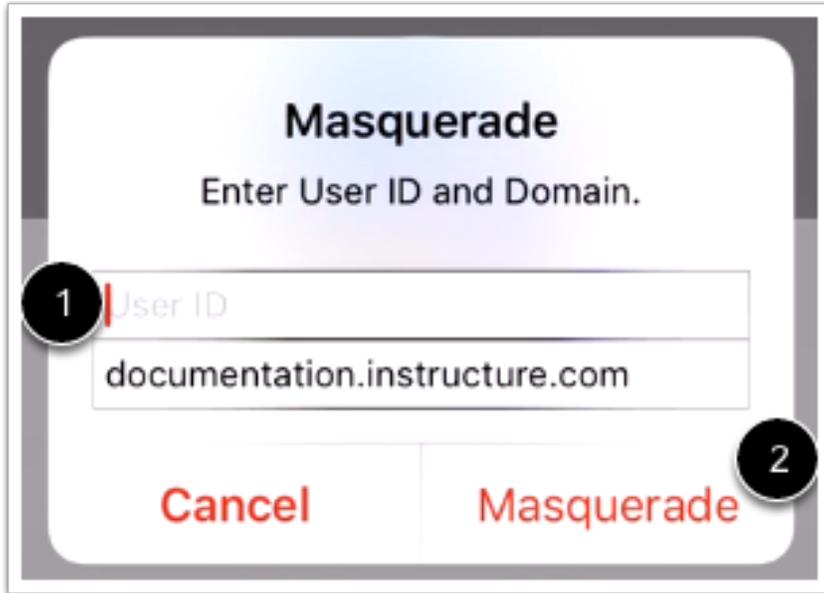

To masquerade via your Profile, tap the **Profile** icon.

Open Masquerade Feature

At the bottom of the Profile window, double tap with two fingers.

Enter User ID

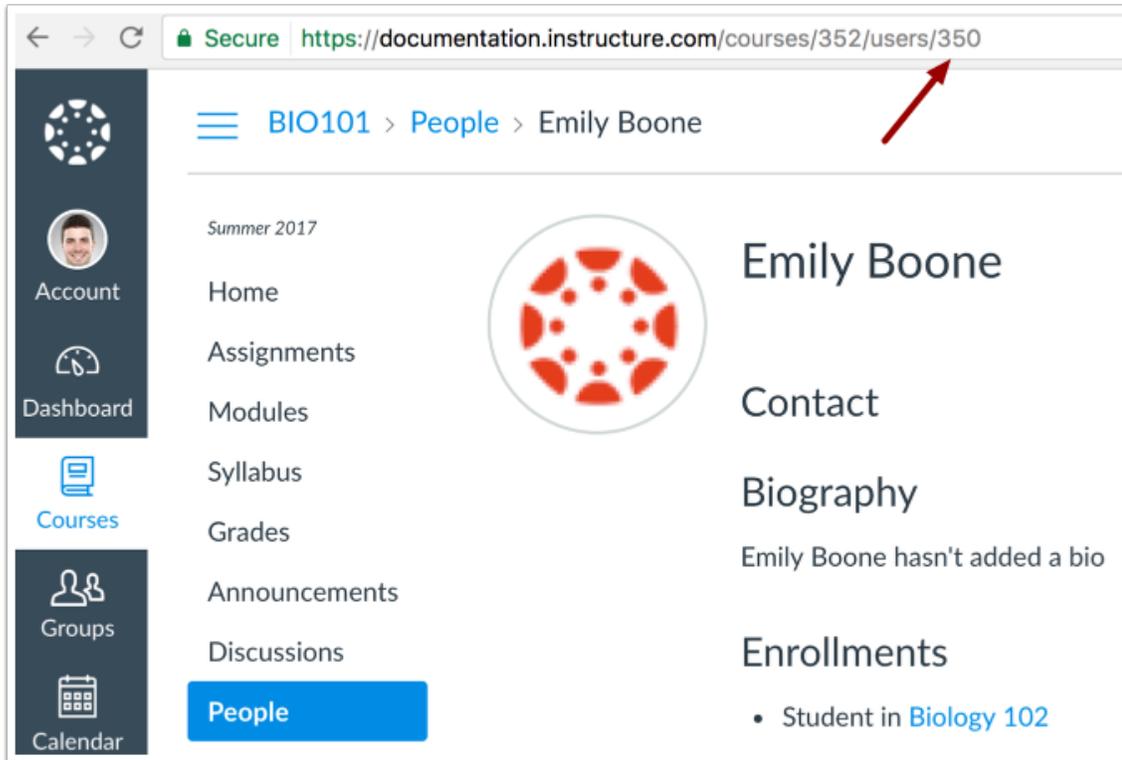

Masquerade
Enter User ID and Domain.

1 User ID
documentation.instructure.com

2

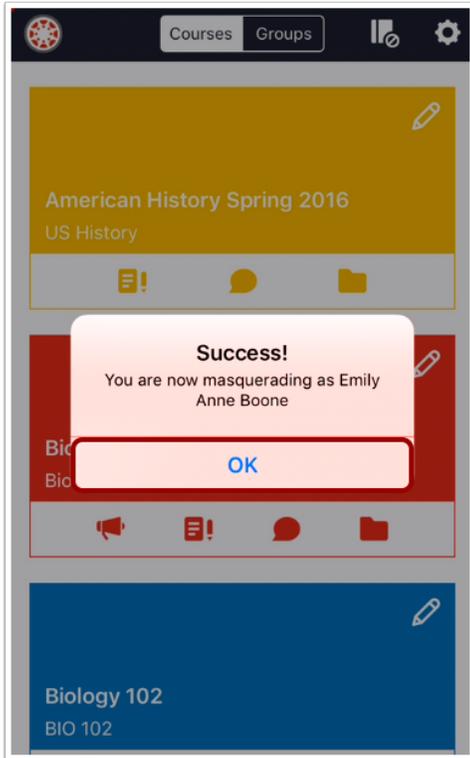

Cancel **Masquerade**

In the User ID field [1], enter the Canvas ID number for the user. The domain will already be populated for you. Tap the Masquerade button [2].

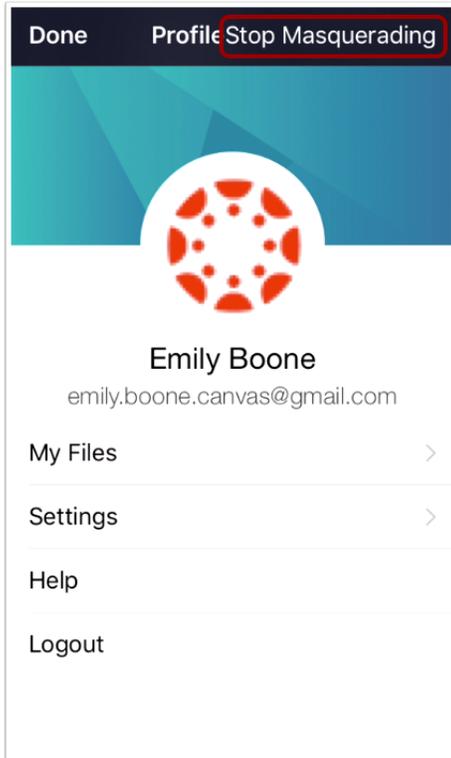

Note: The user's Canvas ID can be found as part of the user's URL in the web version of Canvas. Make sure you have the user's ID associated with the correct Canvas URL (and the URL that you used to log in to the Canvas Student app).

Masquerade as User

Confirm that you are masquerading as your user. Tap the OK button.

Stop Masquerading

To stop masquerading, tap the profile icon and tap the **Stop Masquerading** link.
