ENC0022 Dev. Writing I & II Combined\* REA0019 Dev. Reading I & II Combined\* MAT0012 Dev. Arithmetic with Algebra\*

# Faculty Advisor: Carrie Fioramonti

#### Major Electives (21 hours)

The purpose of this transfer track is to provide students the opportunity to gain knowledge in the disciplines necessary for a career in forestry. A four year degree can lead to careers in forest biology and ecology, forest management, forest products, research, teaching, industry, and environmental projects. This program is designed to provide the course work needed for the first two years based on the forestry program offered at the University of Florida. Students should begin study in Summer A after completing the A.A. degree. A 2.5 GPA is

required in all math and science courses. Students should contact the university of their choice as early as possible to obtain information on admissions requirements and to make any necessary program changes.
