RN to Bachelor of Science in Nursing (BSN) Program

Dear RN to BSN applicant:

Thank you for your interest in our Bachelor of Science Degree Nursing Program. Enclosed is the admission packet with the program information and application. This program is designed specifically for the licensed RN who wants to further his/her education to become a Baccalaureate prepared professional nurse. The program is designed for flexibility through distance education, general education, hybrid courses, and clinical options.

Please read through the information provided carefully and if you have any questions, contact Craig Wise, the Assistant Coordinator for Health Sciences Admissions, at (850) 913-3311 or via e-mail cwise@gulfcoast.edu. You may also contact the Program Coordinator, and program information is also available on our website at <http://www.gulfcoast.edu/current-students/academic-divisions/health-sciences/nursing/bsn-nursing/index.html>.

Good luck with your educational plans!

IMPORTANT INFORMATION REGARDING YOUR BACKGROUND

Applicants to the Nursing Programs in the Health Sciences Division of Gulf Coast State College work very hard to meet the entry requirements for selection. Our programs make every effort to accept as many academically qualified students as possible. In addition to meeting basic entry requirements, however, applicants must also consider how their personal history and background may affect their ability to meet admission and clinical requirements, sit for various state licensure exams, and ultimately gain employment.

Health Sciences Programs require students to submit to a background screening and/or drug screening before being officially accepted into the offered program. The health sciences program/s must follow state mandated laws for professional practice which will extend to admission and acceptance. State laws may mandate that student/s who have an unfavorable background screening (certain felonies) must have a clean record for 15 years or more past the initial incident before being allowed to take state licensure exam/s. Certain clinical sites may require a clean background screening in order for students to attend clinical and work with their patients. Students who cannot produce a favorable background check and/or drug screening may not be able to meet their program's admission requirements and clinical obligations, which would jeopardize their ability to successfully complete that program.

Students who graduate from our programs must also pass state licensure exam/s in order to be employable in their program of study. The various state entities that provide testing and licenses for Health Professionals, oftentimes, require background checks / drug screening prior to sitting for the exams and applying for licensure. State laws may mandate that student/s who have an unfavorable background screening (certain felonies) must have a clean record for 15 years or more past the initial incident before being allowed to take state licensure exam/s. It is possible to have successfully graduated from a health science program but be denied the opportunity for licensure because of an unfavorable background check and/or drug screening.

Employers of licensed health professionals can also have a variety of requirements that must be met prior to the granting of employment. These can include background checks of varying depths, and/or drug screenings. It is possible to graduate from a program and obtain the health professional license, but be denied some employment options due to an unfavorable background check or drug screen.

We offer this information so that you can make an informed decision concerning making application to one of our programs.

Criminal Background Checks

Gulf Coast State College (GCSC) students that are granted conditional acceptance into a Health Sciences program must receive a satisfactory criminal background check prior to final acceptance into the program. The background check will be scheduled and performed at the discretion of the Division of Health Sciences at GCSC. Information and instructions on how to complete the background check will be sent by the program coordinator. Criminal background checks performed through other agencies will not be accepted. The student must also be aware that clinical agencies may require an additional background check prior to clinical access. It is possible to graduate from a program at GCSC and be denied the opportunity for licensure because of an unfavorable background check. An applicant must consider how his/her personal history may affect the ability to meet clinical requirements, sit for various licensure exams, and ultimately gain employment. Most healthcare boards in the State of Florida make decisions about licensure on an individual basis. You may visit the Florida Department of Health website (www.doh.state.fl.us/) for more information regarding licensure. We offer this information so that you can make an informed decision regarding your future.

Please read the following information carefully: Any student who has been found guilty of, regardless of adjudication, or entered a plea of nolo contendere, or guilty to, any offense under the provision of 456.0635 (see below) may be **disqualified** from admission to any Health Sciences program. In addition to these specific convictions, there are other crimes which may disqualify applicants from entering into the Health Sciences programs and/or clinical rotations. The statute listed below can also be found online: http://www.leg.state.fl.us/Statutes/index.cfm?App_mode=Display_Statute&Search_String=&URL=0400-0499/0456/Sections/0456.0635.html

456.0635 Health care fraud; disqualification for license, certificate, or registration.—

- (1) Health care fraud in the practice of a health care profession is prohibited.
- (2) Each board within the jurisdiction of the department, or the department if there is no board, shall refuse to admit a candidate to any examination and refuse to issue a license, certificate, or registration to any applicant if the candidate or applicant or any principal, officer, agent, managing employee, or affiliated person of the applicant:
 - (a) Has been convicted of, or entered a plea of guilty or nolo contendere to, regardless of adjudication, a felony under chapter 409, chapter 817, or chapter 893, or a similar felony offense committed in another state or jurisdiction, unless the candidate or applicant has successfully completed a drug court program for that felony and provides proof that the plea has been withdrawn or the charges have been dismissed. Any such conviction or plea shall exclude the applicant or candidate from licensure, examination, certification, or registration unless the sentence and any subsequent period of probation for such conviction or plea ended:
 1. For felonies of the first or second degree, more than 15 years before the date of application.
 2. For felonies of the third degree, more than 10 years before the date of application, except for felonies of the third degree under s. 893.13(6)(a).
 3. For felonies of the third degree under s. 893.13(6)(a), more than 5 years before the date of application;
 - (b) Has been convicted of, or entered a plea of guilty or nolo contendere to, regardless of adjudication, a felony under 21 U.S.C. ss. 801-970, or 42 U.S.C. ss. 1395-1396, unless the sentence and any subsequent period of probation for such conviction or plea ended more than 15 years before the date of the application;
 - (c) Has been terminated for cause from the Florida Medicaid program pursuant to s. 409.913, unless the candidate or applicant has been in good standing with the Florida Medicaid program for the most recent 5 years;
 - (d) Has been terminated for cause, pursuant to the appeals procedures established by the state, from any other state Medicaid program, unless the candidate or applicant has been in good standing with a state Medicaid program for the most recent 5 years and the termination occurred at least 20 years before the date of the application; or
 - (e) Is currently listed on the United States Department of Health and Human Services Office of Inspector General's List of Excluded Individuals and Entities.
