Thank you for your interest in the Perioperative Nursing Courses at Gulf Coast State College ("GCSC"). It is composed of two classes: NSP-2290 Perioperative Nursing Theory, and NSP-2290L Periop Lab/Clinical offered January or May each year. Occasionally, due to the request of local hospitals or the need, additional classes may be offered in August. Check the college schedule for the term of need. The 3-credit theory class is based on the Association of Perioperative Registered Nurses (AORN) Standards and Recommendations. Course NSP-2290, Perioperative Nursing Theory course (3 credits), is offered utilizing the web based platform “CANVAS”. It can be used as an introduction to the operating room or as a study guide for the perioperative nurse certification exam.

The second course, NSP-2290L Clinical Internship to Perioperative Nursing (3 credits), can be offered in your local hospital, if they agree to affiliate with GCSC and allow you to work with a local Preceptor. Students may travel to Panama City to complete the 200 volunteer hours of training if you are unable to work with your local facility. Prior to beginning the clinical internship segment of the course, you must have successfully completed the 4th Module (Aseptic Technique) of the NSP-2290 Perioperative Nursing Theory course.

You may register for the NSP-2290 Periop Nursing, a theory class by itself, and it is not mandatory to complete the NSP-2290L, Clinical Internship to Perioperative Nursing. Either one or both of the courses are designed to help prepare you for the operating room environment and to help you pass the recognized perioperative nursing certification exam (CNOR).

You are NOT required to complete the application if you take the theory class only. You MUST complete the application packet to enter NSP-2290L Periop Nursing Lab/Clinical Internship class and the operating room environment for clinical experiences.

Please read the attached information packet, or visit our website to learn more about our courses and student responsibilities at http://www.gulfcoast.edu/current-students/academic-divisions/health-sciences/surgical-technology. Additional information regarding perioperative nursing, certification, and AORN standards can be obtained at www.aorn.org, the official website of perioperative nursing.
