

Currently we are busy with a lot of projects and turning away work since we are so busy. We have multiple projects which can change on a daily basis. As our company grows we are looking for help with the following tasks:

**Photoshop \* Social Media \* Graphic Design \*HTML coding via Bootstrap  
E-commerce sites such as Shopify, Woo commerce \* WordPress**

### **Web Designers/Developers**

Depending on skills and talent, internship will be on a per project basis and can be compensated \$10-20/hr. Hours are flexible but internship needs to be completed at the office.

We are also looking for web designers/developers that can build websites from beginning to end. This position is currently open for part time or full time work and compensation is \$20-30+/hr, DOE or talent. This position can involve partial telecommuting. Hours are extremely flexible.

All internship can lead to being offered a permanent position.

**To be considered for any of these opportunities submit a resume and a portfolio for reference. A website link (if you have one) is a great way to show off your portfolio and skills. Reply to [sales@bluecrabweb.com](mailto:sales@bluecrabweb.com). No phone calls, but include a callback number.**

(We have been too busy to update our own website but that would be a great project for an intern.) They can take a look at our business at [bluecrabweb.com](http://bluecrabweb.com) or on Facebook.
