

Quality Enhancement Plan Steering Committee

Members of the Quality Enhancement Plan Steering Committee were initially chosen from the GCSC 2018-2019 College Leadership Institute, a year-long, cross-functional professional development cohort, representing all academic divisions as well as major departments across campus, to include Student Affairs, Administration, Advising, Information Technology, Financial Aid, Enrollment Services, Institutional Effectiveness and Strategic Planning. The role of the Steering Committee was to engage the College community in the active selection of the QEP topic and serve as the early face of the QEP.
