Academic Integrity Policy

Honest participation in academic endeavors fosters an environment in which optimal learning can take place and is consistent with the college's mission. Academic misconduct, including cheating or plagiarism, is destructive to the spirit of an educational environment and therefore will not be tolerated. "Cheating" includes but is not limited to use of any unauthorized assistance in completing course work. "Plagiarism" includes, but it not limited to, the use by paraphrase or direct quotation of the published or unpublished work of another person without full and clear acknowledgment. Sanctions for incidences of academic misconduct, depending on the severity of the incidence and/or its repetition, may range from receiving an F grade (or zero) for the test, assignment, or activity, to failure of the course, to suspension or dismissal from the program or the college.

Optional policy statements (examples)

Incomplete Grade Policy (optional)

To receive a grade of "I" (for "Incomplete") in a class, the student must submit a written request to the instructor prior to the last day of the course. The "Incomplete" option is only intended to help students who have an emergency arise in the last two weeks of the class that prevents them from finishing all work. The "Incomplete" provides 30 days from the ending date of the course to make up any missing work. If work is not submitted during this time period, the grade will automatically change to an "F".

Laptop / Personal Technology Policy (optional)

Students may use laptops in classes for note-taking purposes only. Other uses of laptop computers during class are prohibited. No laptops may be used during a test or while going over a test's answers, without the explicit permission of the instructor.

Recording of Lectures:

In accordance with federal and state privacy laws, students may record class lectures for their own personal educational use, in connection with a complaint to the college, or as evidence in internal or external legal proceedings. Students may not publish or upload the recordings or any components thereof without the knowledge and written permission of the faculty member. Failure to obtain permission to publish could lead to the students' having to pay damages, attorney fees, and court costs. For more information about what can be recorded, please see the guidelines in the [GCSC Student Handbook](#)
