Course Description

(Offered fall, spring, and summer). Prerequisite: ENC1101 with a minimum grade of "C." (Meets Philosophy/Religion Humanities requirement.) This is a foundation course in philosophy. Students will learn about topics such as epistemology, metaphysics, and ethics. The course introduces the methods of philosophy, addresses some major philosophical questions and examines the views of various philosophers from around the world. This course is a Gordon Rule writing course in which students will produce extensive college-level writing and requires completion with a minimum grade of "C."

- This course is primarily reading based, infused with recorded class lecture and discussions and assignments on Canvas.
- Students will complete quizzes, written assignments and discussions to demonstrate course competency
- The broad goals of the course include students learning and retaining philosophical information; developing critical thinking and deductive reasoning skills; and, improving communication skills.

Student Learning Outcomes

Philosophical Thought: Students will comprehend and analyze various concepts, ideas, and theories in philosophy.

Critical Thinking: Students will develop the ability to evaluate their own and others' philosophical views. Students will learn how to engage issues through questioning.

Cultural Literacy: Students will develop an appreciation of human culture and its diversity through the comprehension and evaluation of historical and contemporary philosophical problems

Social Skills: Students will develop and use social skills by engaging in interpersonal deliberation.

Student Expectation Statement

It is expected that you read and accept the terms of both the syllabus and the course information found on Canvas.

It is expected that you log on to your course multiple times throughout the week so that you can complete the weekly assignments on time (due dates are always on Sunday prior to 11:59 PM CST)

It is expected that you start working on the required research paper quickly and not wait until the night before it is due.

It is expected that if you are having any problems with the course material that you contact the instructor so you can receive the necessary guidance you need.

Office Hours

I am off campus but can “meet” via telephone, or through the conference feature on Canvas. If you need to talk with me please send me an email (dhurst@gulfcoast.edu) and I will make the necessary arrangements.

Suggested Study Time:

In order to be successful in this course, you will need to spend approximately 6-9 hours per week studying the material covered in class (3 credit hour course x 2-3 study hours per credit hour = 6-9 study hours per week). You will also need to have a good understanding of your learning style as well as the best time and place for you to study. To discover your learning style, go here: <http://www.how-to-study.com/learning-style-assessment/>

Study tips:

1. Organize your workspace and priorities.
2. Organize your time by using a planner and to-do lists, creating a model semester schedule, and breaking large tasks into smaller ones.
3. Allow extra time (overestimate the amount of time needed to complete a task).
4. Use “hidden” time to study, such as in between commercial breaks of your favorite show or when waiting for the bus.
5. Learn to say “no” to distractions or things that interfere with your main priorities.
6. Work with, not against, your personal time-clock (if you’re not a morning person, don’t schedule your study time for 8 am).

Technology Requirements for this Course

Computer Systems

Check to make sure your computer is compatible with the Learning Management System (LMS) used to deliver and manage course content. <https://www.gulfcoast.edu/current-students/canvas.html> Your computer needs to be configured per recommended settings. Failure to do so often results in test submission and other participative action errors. These types of errors are usually not accepted as an excuse for missed submissions.

GCSC Computer Lab

If you do not have access to a computer and reliable Internet connection at home, access to computer labs is available on campus. It is your responsibility to arrange for transportation to and from computer labs.

Student Computer & Learning Management System Skills

Basic web-browsing skills and understanding the functions of the LMS are required skills to function and succeed in an online course.

This course is taught completely (or partially) online via the Internet. You must have access to a computer with reliable Internet access to take this course.

Plan on logging into the course website (for each course) 4-5 times per week.

You should have a backup plan in place for those times when your regular method of accessing the online classroom is unavailable. Computer problems or Internet connection problems are not acceptable excuses for turning work in late.

Technical Assistance

- Technical support is available by phone 24 hours a day 7 days per week by calling (850) 913-3303.

- Technicians are available on the Panama City Campus from 8:00 am to 4:00 pm Monday through Friday.

Social Science Policies

Division Policies Regarding COVID-19: The health and safety of students and faculty are a priority. If you are sick with COVID symptoms, please stay home to protect others. Notify your professor of your condition by phone or email. If you test positive for the COVID virus, please inform your instructor(s) to make arrangements for course requirements and David Thomasee, Campus Safety & Security, at 873-3582. You will receive additional instructions at that time. Confidentiality will be maintained.

This information is subject to change. For the most recent information, please refer to the Gulf Coast State College website regarding COVID-19: <https://www.gulfcoast.edu/covid-19-coronavirus.html>.

Academic Integrity Policy - Honest participation in academic endeavors fosters an environment in which optimal learning can take place and is consistent with the college's mission. Academic misconduct, including cheating or plagiarism, is destructive to the spirit of an educational environment. Social Science professors report every instance of student academic misconduct to the college for inclusion on the student's records. "Cheating" includes but is not limited to use of any unauthorized assistance in completing course work. "Plagiarism" includes, but is not limited to, the use by paraphrase or direct quotation of the published or unpublished work of another person without full and clear acknowledgment as well as the purchase of papers or projects. "Self-plagiarism" occurs when a student submits the same or considerably similar document to fulfill requirements in different classes. For example, if a student submits a term paper in Religion they originally wrote for an English class, this is self-plagiarism. Once a paper receives a grade in one class, it cannot be submitted again for another class. Sanctions for incidences of academic misconduct, depending on the severity of the incidence and/or its repetition, may range from receiving an F grade (or 0) for the test, assignment, or activity, to failure of the course, to suspension or dismissal from the college.

Student Accessibility Statement - Gulf Coast State College supports an inclusive learning environment for all students. If there are aspects of the instruction or design of this course that hinder your full participation, reasonable accommodations can be arranged. Prior to receiving accommodations, you must register with Student Accessibility Resources. Appropriate academic accommodations will be determined based on the documented needs of the student. For information regarding the registration process, email sar@gulfcoast.edu or call 850-747-3243.

Recording Lectures - In accordance with federal and state privacy laws, students may record class lectures for their own personal educational use, in connection with a complaint to the college, or as evidence in internal or external legal proceedings. Students may not publish or upload the recordings or any components thereof without the knowledge and written permission of the faculty member. Failure to obtain permission to publish could lead to the students' having to pay damages, attorney fees, and court costs. For more information about what can be recorded, please see the guidelines on pages 36-38 in the GCSC Student Handbook: <https://www.gulfcoast.edu/current-students/student-handbooks/2021-2022-student-handbook.pdf>

Email & Voicemail Response Time - Instructors will check and respond to messages sent to their gulfcoast.edu email within 48 hours during scheduled workdays, barring illness or emergencies. The instructor may not check email during holidays or weekends. This policy also applies to messages sent via Canvas, as well as voicemails left on a provided phone number.

Attendance - Regular class attendance and participation are significant factors that help to promote success in college. In face-to-face courses, students are required to be in class at the beginning of each class session, as

attendance will be taken at this time. If a student arrives late, it is his/her responsibility to inform the instructor after class of his/her presence. Failure to do so may result in the student being marked as "Absent." Attendance in an online/hybrid CANVAS class is defined as submission of complete written assignments prior to their posted deadline.

Withdrawals - Students may withdraw themselves from any course until the published withdrawal deadline for that term in the Gulf Coast State College catalog. Students wishing to withdraw from a course and receive a "W" must complete a withdrawal form and submit this to the Office of Enrollment Services prior to the scheduled withdrawal date as published on the college calendar. Social Sciences instructors do not withdraw students from their individual courses under any circumstances. If you feel you have a unique situation that warrants removal from all of your courses for a term after the withdrawal deadline has passed, you may contact the Vice President of Student Affairs to discuss your situation.

Consequences of Withdrawals - Two withdrawals are permitted per credit course. After that, a grade will be assigned. Please be concerned about withdrawals. When admitting students into certain programs, universities may calculate withdrawals as grades. It is your responsibility to verify the effects of enrollment and/or withdrawal upon your financial assistance (financial aid, scholarships, grants, etc.).

Incomplete Grades - Grades of Incomplete in any Social Sciences course can only be assigned to students who have an emergency arise during the last two weeks of the course.

To receive an Incomplete, students must:

- Submit a written request to the instructor prior to the last face-to-face class meeting. For online courses, a written Incomplete request must be received no later than the week before the Final Exam period begins.
- Have completed no less than 60 percent of the course requirements and be passing the course at the time the request for an Incomplete is submitted.

Important Note: The Incomplete option provides 30 days from the date grades are due to make up any missing work; if work is not submitted during this period, the grade will automatically change to an "F" in Lighthouse.

Turnitin

GCSC maintains a site license agreement for an online text matching service called Turnitin. Turnitin will be used to help determine the originality of students' papers, and to help detect plagiarism.

Netiquette

Netiquette is important when communicating with your instructor and your fellow students in an online course. Follow these guidelines:

1. Be clear.
 - a. Use Standard English and do not abbreviate.
 - b. Spell-check, revise and edit your messages before sending them.
 - c. Use appropriate subject lines that reflect the content of the message.
2. Be polite and careful.
 - a. Do not use ALL UPPERCASE LETTERS!!! or multiple exclamation marks, as this sometimes makes it difficult to understand the tone of the message.
 - b. Typing in all capital letters is analogous to yelling at someone.
 - c. Similarly, avoid sarcasm and irony, which can be easily misinterpreted by the reader.
3. Demonstrate respect for the opinions of others when responding to your classmates.
4. Disagree respectfully and with facts, not gossip.
5. Be inclusive. Send group messages to all members as well as to the instructor to ensure that all lines of communication stay open.
