Attendance and Make-Up Policies for this Course

Attendance Policy:

Regular class attendance and participation are significant factors that help to promote success in college. Students are expected to attend all class meetings of all courses for which they are registered.

You are expected to know the instructor's specific attendance policy, as stated in the syllabus for each course. In the event of absence, you should contact your instructor as soon as possible to indicate the reason and to inquire whether make-up work is possible. (Make-up work is offered solely at the discretion of your professor.)

If your absences in a class become excessive, as stated in the course syllabus, your professor may contact you, indicating that further absences may result in your withdrawal from the course. Your professor can withdraw you from a course for excessive absences without your permission.

Instructors will monitor attendance at the beginning of each semester. If you are not in attendance during this period, you may be withdrawn from the course. You will be financially responsible for the course, and a "W or NS" will appear on your transcript. Withdrawal from a course may also have implications for financial aid.

Make-Up Work Policy:

Missing any part of this schedule may prevent completion of the course. If you foresee difficulty of any type (i.e., an illness, employment change, etc.) which may prevent completion of this course, notify the instructor as soon as possible. Failure to do so will result in failure for an assignment and/or failure of the course. If I have not heard from you by the deadline dates for

assignments, exams, or forums, no make-up work will be allowed (unless extraordinary circumstances exist, such as hospitalization). Requests for extensions must be made in advance and accompanied by appropriate written documentation. "Computer problems" is not an acceptable excuse.

AI Policy for this Course

Prohibited Use of AI

The use of AI-generated content is strictly prohibited in all assignments, coursework, and throughout all stages of the work process, such as brainstorming, outlining, or drafting. This includes, but is not limited to, tools such as ChatGPT, Copilot, and Grammarly's AI function. Use of AI tools will be treated as a violation of academic integrity and may result in penalties, including a zero on the assignment and additional disciplinary actions as outlined in the college's academic integrity policy.

Student Expectations

Communication and feedback within the course will occur through various channels, including GCSC email, Canvas Inbox, Canvas Announcements, Canvas Discussions, Microsoft Teams or Zoom, assignment feedback, and/or instructor office hours.

- Listen to and take thorough notes on the digital lectures assigned with each Learning Module—I cannot overstate the importance of the digital lectures;

- Contact the instructor via email at once with any problems or issues. I cannot handle problems unless you make me aware of them.

Civic Literacy Competency

Civic Literacy, Course Competencies, and Outcomes: In 2020, the State of Florida added a new rule regarding Civics Literacy. The old Civics Literacy rule required all students to successfully complete AMH 2020 or POS 2041.

The new rule requires students to successfully pass AMH 2010, AMH 2020, or POS 2041 *and* achieve a passing score on a Department of Education-approved civics exam, including the Florida Civics Literacy Exam (FCLE).

The four competencies as required by the FCLE include:

- An understanding of the basic principles of American democracy and how they are applied in our republican form of government.
- An understanding of the U.S. Constitution.
- Knowledge of the founding documents and how they have shaped the nature and functions of our institutions of self-governance.
- An understanding of landmark Supreme Court cases and their impact on law and society.

The Division of Social Sciences has created a Preparation Module for students wishing to prepare for the FCLE. The module is housed within a designated Canvas page. You can self-register for the [Canvas Prep Module](#).

There is also a link within the module for you to register for the FCLE.

Assignments/Assessment Instruments

Exams

- The four exams will consist of 50 multiple-choice questions each.

- Each exam will require the use of Respondus Lockdown Browser and will be available for a specific time period. See the course Canvas for information regarding Respondus and the course schedule in this syllabus (and within Canvas) for the dates during which time the exams will be available.
- The exams will be delivered online via Canvas.
- The exams will be timed; each is strictly closed-book and closed-notes.
- See the exam instructions within the course Canvas page for the time limit.

Grading

Grading Scale

All grades will be posted in the student grade book in Canvas and will be assigned according to the following scale:

A	90%-100%
B	80%-89%
C	70%-79%
D	60%-69%
F	59% and below

Calculation of Grades* and Schedule

Exam # 1	10-12 September	=	100 points
Exam # 2	7-12 October	=	100 points
Exam # 3	5-7 November	=	100 points
Exam # 4	6-9 December	=	<u>100 points</u>
	Total		400 points

*The lowest grade on your first 3 Exams will automatically be dropped. The Final Exam is the only exam that will not be dropped. The Final Exam is NOT cumulative and will only cover the material in Unit 4. This will change the weight of each exam to 1/3 of your Final Letter grade.

Incomplete Grades

Grades of Incomplete in any course can only be assigned to students who have an emergency arise during the last two weeks of the course. To receive an Incomplete, students must:

- Submit a written request to the instructor prior to the last face-to-face class meeting. For online courses, a written Incomplete request must be received no later than the week before the Final Exam period begins.
- Have completed no less than sixty percent of the course requirements and be passing the course at the time the request for an Incomplete is submitted.

Important Note: The Incomplete option provides 30 days from the date grades are due to make up any missing work; if all remaining work is not submitted during this period, the grade will automatically change to an “F.”

You are expected to know the instructor's specific attendance policy as stated in the syllabus for each course. In the event of absence, you should contact your instructor as soon as possible to indicate the reason and to inquire whether make-up work is possible. If your absences in a class become excessive, as stated in the course syllabus, your professor can withdraw you from the course for excessive absences without your permission.

You will be financially responsible for the course, and a "W or NS" will appear on your transcript. Withdrawal from a course may also have implications for financial aid.

Withdrawal Policy

Two withdrawals are permitted per credit course. After that, a grade will be assigned. Please be concerned about withdrawals. When admitting students into certain programs, universities may calculate withdrawals as grades. It is your responsibility to verify the effects of enrollment and/or withdrawal upon your financial assistance (financial aid, scholarships, grants, etc.). There are two kinds of withdrawals: student and administrative.

- **Student Withdrawal (W1)** - Students wishing to withdraw must complete the online Student Withdrawal Form before the scheduled withdrawal deadline as published in the College catalog. Student withdrawals initiated prior to the scheduled withdrawal deadline will be recorded as a grade of "W." The withdrawal deadline for an off-term or condensed term is one week after midterm.
- **Administrative Withdrawal (W2)** – A faculty member may withdraw a student up to the published withdrawal deadline for violation of the class attendance policy, in which case the student will receive a grade of "W." The withdrawal deadline for an off-term or condensed term is one week after midterm.

Students cannot withdraw from developmental studies courses (college-preparatory classes) after the drop/add period without written permission from their instructor and/or their academic advisor.

Academic Integrity

Honest participation in academic endeavors fosters an environment in which optimal learning can take place and is consistent with the college's mission. Academic misconduct, including cheating or plagiarism, is destructive to the spirit of an educational environment. GCSC professors report every instance of student academic misconduct to the college for inclusion on the student's records.

Most course syllabi include an academic honesty policy and the consequences for violating this policy. Familiarize yourself with course policies regarding authorized or unauthorized use of AI to avoid the pitfalls of academic dishonesty.

The following definitions will apply:

"Cheating" includes but is not limited to the use of any unauthorized assistance in taking quizzes, tests, or examinations; dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments; the acquisition without permission of tests or other academic materials belonging to a member of the College's faculty.

"Plagiarism" includes, but is not limited to, the use by paraphrase or direct quotation of the published or unpublished work of another person without full and clear acknowledgment, as well as the purchase of papers or projects. It can also include overuse of an editing program like Grammarly or submitting work written by an Artificial Intelligence (AI) generator like ChatGPT. Make certain to consult your course syllabi for your instructor's guidelines on AI material.

"Self-plagiarism" occurs when a student submits the same or considerably similar document to fulfill requirements in different classes. For example, if a student submits a term paper in Religion that they originally wrote for an English class, this is self-plagiarism. Once a paper receives a grade in one class, it cannot be submitted again for another class.

"Generative Artificial Intelligence (AI)" is technology that uses machine learning to create new content, such as text, images, or code, based on user input. These systems are trained on vast amounts of data, including large language models and image or code generators. Common examples include ChatGPT, GitHub, Copilot, Google Gemini, Perplexity, and the Grammarly AI function.

Sanctions for incidents of academic misconduct, depending on the severity of the incident and/or its repetition, may range from receiving an F grade (or 0) for the test, assignment, or activity to failure of the course, to suspension or dismissal from the college.

Classroom Recording

In accordance with federal and state privacy laws, students may record class lectures for their own personal educational use, in connection with a complaint to the college, or as evidence in internal or external legal proceedings. Students may not publish or upload the recordings or any components thereof without the knowledge and written permission of the faculty member.

Failure to obtain permission to publish could lead to the students having to pay damages, attorney fees, and court costs. For more information about what can be recorded, please see the guidelines in the GCSC Student Handbook.

Generative Artificial Intelligence (AI) Policy

The use of generative AI tools in academic work requires clear guidelines to maintain academic integrity. Please review the policy selected for this course regarding the use of AI tools such as ChatGPT, Copilot, Grammarly's AI features, and similar platforms for assignments, research, and other coursework.

See the student handbook for further information. Students with questions about acceptable use should consult their instructor.

Anti-Discrimination Policy

Gulf Coast State College does not discriminate against any person in its programs, activities, policies, or procedures on the basis of race, ethnicity, color, national origin, marital status, religion, age, gender, sex, pregnancy, sexual orientation, gender identity, genetic information, disability, or veteran status.
